As a resident of Reynoldsburg, I am highly disappointed in the water increasing in price. It has already done so and I have noticed a heavy decrease in quality. My hair feeling more brittle is probably the least of my concerns--though highly undesirable. The water smelling heavily chlorinated is a bigger concern. I should not be able to smell chlorine when I turn on the tap. I know 6 months ago I did not smell this. Yet, the chlorine smell has occurred and the bills have gone up. All of this, especially during a pandemic that has affected my family, and many families in the community heavily. This is just an awful thing to pass off to residents and I cannot stand for it. I cannot afford it, nor can many in the community.

Jeffrey Springer

I am a first time Homeowner, and Army Veteran in the area. I am strongly opposed to any increases during this time. We do not know what's to come with the effects of the virus. To increase our water bill by any percent at this time is inhumane. The neighborhood looks nice

but you can't assume that this increase wouldn't hurt ones household. City Council should not be taking advantage of people due to an increase of people being home more because of Covid.

Ra’Nesha Springer **Reynoldsburg, Ohio**

I believe the timing for this increase is hitting most at a bad time. Many people are out of work and who knows what the immediate future my hold. I believe the decision should be delayed until this time next year. We've all had enough change for one year. Allow people to hold their coins especially with knowing we will all owe more taxes next you with the President's plan. Please hold off on the decision to increase our water bill.

Deborah Lawson **Crestview Street, Reynoldsburg, Ohio**

I'm contacting you in regards to the vote that is supposed to take place on December 7th for an increase in water. I'm currently furloughed because of the pandemic and cannot afford another increase in my bill. My bill has increased between \$80-\$100 each billing cycle since there was an increase last year. This is a struggle at this point and I'm sure there are many more citizens of Reynoldsburg that feel the same. This should not be happening when so many people are out of work. Besides the bills are outrageous already and they want to increase them more? Unacceptable!!

Mayor Begeny

Yes, just a few quick comments. I wanted to remind everybody that Truro Township is having a toy drive and some of those boxes are located here at City Hall. We also have an opportunity to drop toys off from 9 to 11:30AM to the Truro Township Fire house on Main Street. You can also make your donations online as well as in person. Just want to make sure all are aware of that and thanks to all of you who were able to attend the virtual tree lighting, it was a great success.

President Jenkins

Do you have any time frame for the boxes and how long they will be there?

Mayor Begeny

I believe online has to be by the 16th and then the last drop off again is December 20th and I think that not long after that they are going to be getting the gifts out to the kids.

Mel Clemens Community Service Award

Presentation by Councilmember Baker

Councilmember Baker

Mel was special to a lot of people and his dedication to the City of Reynoldsburg. This award is to show the kind of spirit Mel had toward the City. He gave a lot of his years servicing the City of Reynoldsburg. I thought that with respect, creating this award helps keep his spirit alive in the City of Reynoldsburg. Mel Clemens Community Service Award was created to honor the service of Mel Clemens. This award is presented to an individual who has displayed outstanding volunteer services to the community of Reynoldsburg for 2020. Our 2020 recipient was nominated by Bill Reeper of the Reynoldsburg Lions Club for hours of community service by spear heading many events to benefit the community. Please join me in congratulation April Darling as our 2020 Mel Clemens Community Service recipient. For a small token, here is this nice award that says Mel Clemens Community Service Award April Darling 2020.

April Darling

I am so honored, thank you. That is so cool. I am very honored to receive this award. Mel was a very awesome type of guy. I appreciate being honored. A lot of you know I do a lot of work behind the scenes. I am very honored and I thank you very much.

Councilmember Baker

Thank you for coming in this evening. You are the embodiment of what Mel stood for. Serving the community. Never asking for anything but always willing to jump forward and serve others and not just yourself. That is what the award is all about. Once again, thank you and please continue your work. As an added bonus I am going to get you a 12 pack of Dr. Pepper.

April Darling

Absolutely, I wouldn't have it any other way. Woohoo, thank you! Once again, I am very honored.

President Jenkins

Thank you April for your many contributions, there is a long list. I want to thank you because it has been an honor and privilege to know you and see you around town with the many events and the work you put in all year. Congratulations and well done.

Public Hearing

An Ordinance to Amend Chapter Eleven - Planning and Zoning Code for the City of Reynoldsburg,

Director Bowsher

Since this was first before you we have had a couple of changes recommended by the Planning Commission for approval last Thursday. I am just going to go over a few of those that are different. One of them being the RV parking, instead of 10 feet from the public right of way. It would be 3 feet from the front street. That allows individuals that have alley access or a secondary road, to park RV's a little closer. We just felt that was necessary. Our code was a little too stringent and it was hard to enforce certain aspects, so we really needed to take a look at what we really wanted to allow and what we did not want to allow inside the City. All residential will be a CC use in the district, which also is a pseudo mixed use district in its own right. We didn't want anybody coming in with a residential plan without there being checks and balances. Additionally, we added in gross vehicle limits. We said dual tires were not allowed into the residential areas. That would have prevented people from having dually trucks like a Ford F350 but we need to prevent is the box trucks and the larger trucks like an F450. We changed a little bit of that. Instead of the regular site plan we have changed it to call it out as a minor site plan. We have removed that to only be commercial instead of commercial and residential. The major site plan is for commercial and residential. Those are the minor changes we had made that are not inside your packet. By next Monday we will have a clean version for everyone to see. As you see before you this is unanimously recommended by Planning Commission for approval by City Council.

President Jenkins

I had someone approach me yesterday as I was walking through Taylor Woods, she has a food truck. Would a food truck fall under the guidelines of RV parking?

Director Bowsher

It would not. Depending on how large the food truck would be in the commercial area. Granted, food trucks within the City are regulated by the fire department and not us, by the City. It's based on the size and if they are parking it there in the residential area for

overnight or just having it in the City. They can have it in the commercial areas of the city but it would depend on what it is if they are going to park it in the residential area.

President Jenkins

Should I have her contact your department for some answers?

Director Bowsher

Absolutely, please have her contact me.

An Ordinance to Amend Chapter Eleven - Planning and Zoning Code for the City of Reynoldsburg, Ohio

Councilmember Baker

What about residents who have a boat who want to park it on their driveway or side of their house? Like a fishing boat.

Director Bowsher

What we recognize as a recreation vehicle is not just in the common nature of an RV. This is any recreational vehicle, whether it's a boat or travel trailer, it's all under the definition of a travel trailer. That's just the common terminology.

Councilmember Baker

I talked to Attorney Shook via email about this question, about bank and financial portion. I know it's in the innovative district and that it's a permitted use. My question is about the check cashing loan and auto and title loan places. Is there any

**MINUTES SPECIAL MEETING
REYNOLDSBURG CITY COUNCIL

way that we can separate them or is it part of that. I would like those types of businesses to be a permitted use because of the nature of those types of businesses. I have heard personal stories, it is a free country and you're allowed to have them, certain types though like that I would rather have some type of boundary rather than just letting them open up.

Director Bowsher

I would have to confer with certainly a predatory lending practices. I don't know how to differentiate them.

Attorney Shook

There are a couple things we could do. It would have to take place between now and third read. Of course because it's different from the recommendation of Planning Commission then approval from Council, the zoning changes would require at least 6 votes. So the at the procedural part of it. What we could do with the code is one we could of course make these financial services and baking all together in conditional use in the innovation district, that's certainly possible. We could carve out a narrower definition for the kinds of businesses that you are talking about. And create that as a different kind of use and then list that use as a conditional use. Those are two possibilities. Obviously being a week away from third read and potential vote, it's not ideal to be making the change this late but it's potentially possible.

Councilmember Baker

Whichever would be the best course of action? We can discuss it more, we have a week before we get to the third read to discuss what would be the best course of action.

Attorney Shook

I could get some language to you and then if you want to bring it up at the next meeting for potential amendment then we could obviously discuss it then as well.

Councilmember Baker

I appreciate it. It is well known that these type of businesses take advantage of those who are desperate and in need to the point where the state of Ohio has to create a law to help protect people but we will discuss it more down the road and I appreciate it.

Robert Barga

Reynoldsburg School District

My name is Robert M. Barga. I'm a resident of 1589 Stouder Drive. I'm writing in my capacity as school district liaison to the city. I would like to thank Mayor Begeny and City Attorney Shook for taking an extended period of time in March to discuss with me the planning and zoning code and how it impacts the schools. Based on the proposed changes, the majority of our concerns were addressed, thank you. I'd also like to thank the Mayor for the open door policy he has created for these discussions, and for those that have occurred as such.

Director Bowsher

There is actually zero of those types of lending services in the innovation district and Brice Corridor. I just want to mention something that I did to the Mayor earlier, maybe a small win. The Cash Max place that sits in front of our food pantry is going to be completed gutted and split into other smaller businesses. We're moving toward getting away from some of those other predatory lending practices. It may not even become an issue that we need to address into the future as we continue to evolve and create better development along Main Street and Brice Road.

Councilmember Baker

Ok, that's good to hear. I move we amend this ordinance to include the proposed recommendation changes from the Planning Commission.

Members in attendance are Councilmember Baker, Councilmember Bryant, Councilmember Strickland, Chair Salvati and President Jenkins.

An Ordinance Authorizing the City Auditor to Fund the Health Savings Accounts for 2021, and Declaring an Emergency

Auditor Cicak

It administrative in nature. I need your permission to fund our personnel health savings accounts. The amounts are still the same as they were last year. \$2,000.00 for a single person and \$4,000.00 for a family. It's different for our police contract. Since there is only 2 meetings left in this year, I need your permission for an emergency at the second reading.

Councilmember Salvati makes a motion to move the ordinance to Council for a first reading. Second by Councilmember Strickland. Motion carries.

An Ordinance Authorizing the Mayor to Enter into a Contract for City Cyber Insurance for 2021, Waive Competitive Bidding, and Declaring an Emergency

Director Boller

This legislation is exactly that. This coverage is going to increase from \$12,586.00 to the renewal amount of \$15,822.00. This is due to an increase, the City has a 5.7% increase in revenue. This is the first significant increase we have seen with this coverage. Also to note the deductible is going to go from \$15,000 to \$25,000.00. That is strictly due to market conditions and losses. This is related to ransom ware. We have been very fortunate to have any claims it's just market conditions. There are a lot of other subsequent cost involved whenever a business is attacked with ransom ware.

Councilmember Strickland

Have we ever had any issues with cyber security at City Hall?

Minutes Acceptance: Minutes of Dec 7, 2020 6:30 PM (Approval of Minutes)

**MINUTES SPECIAL MEETING
REYNOLDSBURG CITY COUNCIL
December 7, 2020**

Director Boller

No, we have been very fortunate that we have not had any issues with that. Most of our network is pretty locked down which is very important and probably why we have not had issues. We constantly we have people trying to get in. Occasionally we will have an email from the Mayor saying to take the City credit card and go buy a bunch of gift cards. Coupled with our IT team, we need this insurance to protect the City in case something came up.

Councilmember Strickland

With the cost increase do we have any extra benefit?

Director Boller

There are no extra benefits added for this policy. We do have more revenue coming into the City and anytime they are having to cover more software, it's going to increase. As any policy, the more they cover the more they want.

President Jenkins

When does the contract that we currently have expire?

Director Boller

December 31st. That is the reason for the emergency. It takes a while to get responses back and to try to market these things.

Mayor Begeny

Those emails are not coming from me, they have my name but usually an email that has nothing to do with us. They are able to penetrate the system to send an email as the mayor or other staff members but yes indeed, I would say once every 3 to 5 weeks. The Clerk of Courts came up one time asking where they Mayor wanted the gift cards purchased from. It's really important, the things we have all seen, don't click on things that are unfamiliar. Don't download anything from an outside source. The downside is if you have seen ransom ware all of the sudden locking a City from is software and holding it for ransom for bit coin or whatever else is out there. It's one of those things that we have to deal with now in this new world. But again those were not my emails.

Auditor Cicak

One of the action plans that we received from the past from the state auditor was to have back up discs for our community system in the event of an emergency. Every week, they our brought down from the administration to the auditors safe. We do keep back up, no matter what we will be ok.

Councilmember Salvati makes a motion to move the ordinance to Council for first read. Second by Councilmember Baker. Motion carries.

An Ordinance to Encumber the Unencumbered Balance of the CARES Act Fund to be Used for Payroll Expenses for Public Safety Employees Whose Services Were Substantially Dedicated to Mitigation or Responding to the Covid-19 Public Health Emergency, and Declaring an Emergency

Auditor Cicak

I did bring some good news. During their Thanksgiving Holiday, the City of Reynoldsburg received additional CARES Act funds from redistributions from cities that were not able to encumber and allocate their CARES Act funds. We received from Franklin County \$122,050.10, from Licking County we received \$38,795.35, and from Fairfield County \$3,842.80, for a total of an additional \$164,688.25. I am asking for an emergency because there are only 2 meetings for the rest of the year and this money does need to be allocated and encumbered.

Councilmember Salvati makes a motion to forward the ordinance to Council for a first reading. Second by Councilmember Bryant. Motion carries.

An Ordinance to Amend Chapter 160 Employee Compensation, Section 160.01 Definitions, Section 160.02 Authorized Positions, Personnel, Classifications and Pay Grades, Section 160.03 Salary Schedule, Section 160.04 Other Compensation, Section 160.05 Overtime Eligibility, and Section 160.08 Administration of Pay Plan of the Code of Ordinances for the City of Reynoldsburg, Ohio, and Declaring an Emergency

Director Boller

We are asking that you would put emergency language on this for us to me able to implement these changes on January 1. In Chapter 160 there are notations that says effective January 1, 2021. However, I failed to ask for the emergency language on the third read. This has really been a team effort with different directors. We worked with

the Auditor's office so we can implement this in a way that it works with their computer systems. There has been changes up until last week, we tried to cover everything so that we are not back here midyear asking for changes.

Councilmember Salvati makes a motion to amend the ordinance to add the emergency language and amend the additions and changes to various pay grades as outlined in chapter 160 as presented in Council's Packet. Second by Councilmember Baker. Motion carries.

Councilmember Salvati makes a motion to move the amended ordinance to Council for third read and emergency approval. Second by Councilmember Strickland. Motion carries.

MINUTES SPECIAL MEETING REYNOLDSBURG CITY COUNCIL December 7, 2020

Councilmember Cotner

I see water superintendent Hellman on here. We got a lot of information from him today as far as fund balances. Some plans. I wonder if he has got anything he would like to share. I know we have to pass along the Columbus charges, it's not our choice, and this is what the City of Columbus is doing. They have to maintain their requirements, I think it would be irresponsible not to meet those. I think we need to strongly look at what we do and perhaps not add an additional portion on our end. We have done it before, it's not what we want to do long term but given the scenario we are in and how challenging water rates are, I think we need to consider all possibilities. Reduce some things. We have been a lot great projects that are going on and projects that are still planned to go on, they all take dollars I know. But I think it's something that we need to consider our residents who have been speaking loudly about great concerns on water bills.

Mr. Hellman - Water Superintendent

I don't have any comments. The information I sent you is what I wanted you to have.

Councilmember Bryant

President, we are looking at what a 2% increase from Columbus and 1% for Reynoldsburg?

Mr. Hellman

Yes, that's correct. 2% for the water and 3% for the sewer from Columbus and we will be charging an additional 1% above Columbus for both water and sewer.

Councilmember Bryant

I would like to make a motion to amend the water and sewer to a half of a percent instead of the full percent. I am with Councilmember Cotner. We have to do something to make it a little easier on our residents. I know half a percent isn't much. Is the kingdom going to fall if we let it go to a half percent instead of a full percent?

Councilmember Cotner

With that being said, then why just not do any additional amount right now? I know it's not huge either way but it does matter. Budgets are important to families. We've got money that we investing into the CIP. I'm sure it's not maybe what we would like to see. Auditor Cicak would always love to see more money in the account balances. But there has been progress. To at least find a way to hit the pause button, it's not unheard of. If that means next year we need to look at 1.5 or 2% to make up for it I think we can. It

might be something to at least make sure we are aware that residents are struggling to make every dollar count right now.

Councilmember Strickland

Mr. Dorman is there any other information you can provide to Council regarding if we did not move forward with the 1% increase. How would that impact us moving into 2021?

Director Dorman

I appreciate Mr. Cotner's comments. We come to you with a recommendation on what we feel we need to pass based on the current infrastructure we have and the funding available. Ultimately it's your decision. We keep close tabs on that. We have not seen a huge increase on people requesting assistance with water bills. With a population of 40 some thousand people, we are not getting a lot who are reaching out for help regarding this. I agree, the Columbus rate we cannot control. It's something that we have to pass through. Obviously the 1% or half percent, the fund balance is just not going to, it's like having your savings account and you want to save \$1000.00, this year you're only able to save \$500.00. That's basically what's going to happen. Our fund balance won't have the money in it to do some projects and we will have to defer for another year or 2 and that's just the decision we have to make in times like this, we understand whatever decision Council makes.

Councilmember Cotner

I think that's a great way to put it. We have to relate the way families and businesses would think about it. Businesses are another large consumer of water and sewer rates. I definitely think it is responsible to make sure our water department is giving the best service and we are employee people to take care of our residents. I think that's certainly part of what that increase can help with. The long term growth of the community with projects and infrastructure that is vital. I really think with our timing, it's the small step. Considering what that looks like, how drastically it hits fund balances. We have help and so much will rely on what grants we are able to secure in the future too. So it's not all on the City and the Residents anyway. I don't think by hitting a temporary pause I don't think we will see the breaks hits on the development and the growth happening in the community.

**MINUTES SPECIAL MEETING
REYNOLDSBURG CITY COUNCIL
December 7, 2020**

Director Dorman

Yes, I agree I wouldn't go 0 but I think 1/2 percent we can make things work, we always find ways. We can look at other alternative sources if need be but I think getting by this year and next year we will see some recovery and things will bounce back and we will get a big development projects we can talk about and move forward with that. Like I said we will support whatever Council feels is best.

Councilmember Baker

I was going to say since we do have one more meeting next Monday, would it be beneficial to let director see what a 0 or 1/2 increase from the City, so we have a better understanding of what our best option would be. There is a motion on the floor from Councilmember Bryant, so that has to be taken care of first. If she wants to continue that's fine or rescind to give Director Dorman some time since we do have one more meeting that's fine too. Either or.

Clerk Prasher

Councilmember Baker, we have not yet received a second so the motion is just lying there. She wouldn't need to do anything if she didn't want it to move forward or there wasn't a second. It just kind of dies.

Councilmember Cotner

I am fully in support of a 0 increase and maybe another week to find out other strategies.

Councilmember Pyakurel

Looking at the number and a lot of calls and emails from residents. I think we should consider something here. I would like to see what Director Dorman would come up with next meeting. I am leaning more towards half a percent but I think we can make a better choice once we see that number.

Director Dorman

Yes, that would be fine. We did do some take off scenarios, taking off a half percent and a percent. Again, any of those we can make work. Luckily, the auditor and Paul have done a great job making sure we are maintaining an adequate balance. Whatever Council decides we will be fine. If you want to take a week that's fine and we can talk about it again next week.

**MINUTES SPECIAL MEETING
REYNOLDSBURG CITY COUNCIL
December 7, 2020**

Councilmember Strickland

Is there anyone that is going to second the motion by Councilmember Bryant?

Councilmember Baker

It sounds like Director Dorman has already looked at the different areas of what would make it work and not work. He said if we do 0 or 1/2 he will make it work. I don't want to leave it dry, winter is upon us and pipes burst left and right. I will go ahead and second the motion because it is just 0.5%.

Councilmember Salvati

In my opinion, I have learned far more about water and sewer rates than I ever thought I would know. A lot of research. One of course is everyone thinks their bill is too high and probably is but it is what it is. That's going to be a battle we will fight year after year. We have to put money in the CIP. But the other thing this year of course is 2020, Covid. I have a feeling we are just going to pay the price double in the next couple years and we will have people screaming at us because we will have to double the year after that. But with that said, Covid is real and its hurting people and I think this would be a great year to reduce to the minimum. I agree, we have to add something for cost of living and to get some projects done. I am in favor of Councilmember Bryant's reduction to a half percent at least this year for sure.

Councilmember Cotner

We have a CIP fund in our water bills and CIP for our sewer. Reducing water rate is something we can do. If there is ever a year like you said, we know we could, I think a 0% additional, pass along the bare the minimum and Covid is in the review mirror and businesses can get back and function normally. I strongly feel that's our best course of action.

Director Dorman

I think everyone saw what the rates have been over the years. The one unforeseeable thing is Columbus. They have a lot of projects they are trying to fund. I wouldn't say they are passing a long because without them we wouldn't be having the water we get and sewage treatment we get and that's something we don't want to consider building. But they could pass a 4 and 5% increase too. I think if any year, this is the most sensible to take a step back. I would say next year it's safe to say we will be at a 1 to 2 increase and whatever Columbus passes through. I am glad you brought that up, Columbus rate are had to say, one point years ago they were 7 and 8%. It's one thing we can't say much

about, but I appreciate you looking at it from our end. Half percent or 1 percent, we can work with either one.

Councilmember Baker

Those who are watching and watching later, please contact the Water Department if you are unable to pay your water bill and get on a payment plan. If you call and talk to them, it's better than not calling or saying anything. Please contact them, they are willing to work with you. We all know this is trying times. Everybody can see that. The City wants to work with you the best as possible.

Clerk Prasher

There is a motion to amend the ordinance to a half percent to a 1 percent. So we just need to vote on the amendment, Councilmember Baker seconded it.

Councilmember Pyakurel

Councilmember Strickland

There is an amendment on the table that Councilmember Bryant put out there and I seconded. The amendment is to reduce the sewer charges for the Reynoldsburg portion from 1% to 0.5%.

Councilmember Pyakurel

I understand that part. What about Columbus's 3%?

President Jenkins

That's the percent of what Columbus charges to Reynoldsburg.

Councilmember Baker

Yes, that's the percent we have no control over.

Councilmember Pyakurel

Ok.

Councilmember Cotner

I think we should be doing nothing in addition to the Columbus percent. We can get by.

Councilmember Lawson-Rowe

I would like to share recognition to our Street Department. Our snow warriors were out clearing our streets and I see they were out this morning cleaning our streets. One silver lining during this pandemic is we can see our taxpayer dollars out at work in our community. So thank you to Director Dorman and his team.

Director Dorman

Thank you I will pass this along to our team, they will appreciate that.

Councilmember Strickland

I received a call from one of my constituents in Ward 1 regarding their water bill being extremely high. I believe Ms. Emily provided a list to this individuals regarding way to check to see if you had running water. Your toilet or the water heater. So thank you so much for giving individuals a checklist if they are experiencing high water bills for some reason. So thank you Director Dorman and your team. Again, this is one of the things that we hear from our constituents on some of the things that the City is doing. Thank you so much.

Councilmember Baker

There is two things. Keep with tradition and thank our military, nurses, doctors and those working logistics and retail. Our teachers, Police Force and Firefighters. They are the ones helping and keeping us moving along. There is a light at the end of the tunnel. Two, this is going to anger some people. Go Bucks, beat that team up north, go Browns.

President Jenkins

Who Dey! I may have to switch to the Browns. Good luck Ohio State this weekend.

Councilmember Salvati

I will congratulate the second place Browns as well.

This motion is a required and standard statement by the City as to what services the City offers when requesting annexation. The Messiah Lutheran Church is requesting annexation into the City of Reynoldsburg for their church at 1160 and 1180 Waggoner Road. This legislation does not force the City to approve the final annexation.

**A RESOLUTION STATING WHAT SERVICES THE CITY OF REYNOLDSBURG

1180 WAGGONER ROAD**

WHEREAS, Messiah Lutheran Church is the owner of approximately 6,206+/- acres of land located at 1160 and 1180 Waggoner Road, Parcels #263-000984, #263-000264, and #263-002416 and is requesting annexation into the City of Reynoldsburg; and

A liquor permit was received last minute that needs a response prior to Council's next Council meeting on Janaury 11, 2021. This motion will allow the Clerk of Council to forward a response to the state liquor board without bringing authorization to Council. The police department will investigate the request and provide Council with a recommendation. The City Attorney will be consulted should Chief Baker recommend a hearing be requested.

YOU SHOULD KNOW THAT WHERE COVERAGE IS PROVIDED BY THIS POLICY FOR LOSSES RESULTING FROM CERTIFIED ACTS OF TERRORISM, SUCH LOSSES MAY BE PARTIALLY REIMBURSED BY THE UNITED STATES GOVERNMENT UNDER A FORMULA ESTABLISHED BY FEDERAL LAW. HOWEVER, YOUR POLICY MAY CONTAIN OTHER EXCLUSIONS WHICH MIGHT AFFECT YOUR COVERAGE, SUCH AS AN EXCLUSION FOR NUCLEAR EVENTS. UNDER THE FORMULA, THE UNITED STATES GOVERNMENT GENERALLY REIMBURSES 85% THROUGH 2015; 84% BEGINNING ON JANUARY 1, 2016; 83% BEGINNING ON JANUARY 1, 2017; 82% BEGINNING JANUARY 1, 2018; 81% BEGINNING JANUARY 1, 2019 and 80% BEGINNING ON JANUARY 1, 2020 OF COVERED TERRORISM LOSSES EXCEEDING THE STATUTORILY ESTABLISHED DEDUCTIBLE PAID BY THE INSURANCE COMPANY PROVIDING THE COVERAGE. THE PREMIUM CHARGED FOR THIS COVERAGE IS PROVIDED BELOW AND DOES NOT INCLUDE ANY CHARGES FOR THE PORTION OF LOSS THAT MAY BE COVERED BY THE FEDERAL GOVERNMENT UNDER THE ACT.

YOU SHOULD ALSO KNOW THAT THE TERRORISM RISK INSURANCE ACT, AS AMENDED, CONTAINS A \$100 BILLION CAP THAT LIMITS U.S. GOVERNMENT REIMBURSEMENT AS WELL AS INSURERS' LIABILITY FOR LOSSES RESULTING FROM CERTIFIED ACTS OF TERRORISM WHEN THE AMOUNT OF SUCH LOSSES IN ANY ONE CALENDAR YEAR EXCEEDS \$100 BILLION. IF THE AGGREGATE INSURED LOSSES FOR ALL INSURERS EXCEED \$100 BILLION, YOUR COVERAGE MAY BE REDUCED.

Acceptance or Rejection of Terrorism Insurance Coverage

	I hereby elect to purchase terrorism coverage for the prospective premium as set forth in the quote letter.
	I hereby decline to purchase terrorism coverage for certified acts of terrorism. I understand that I will have no coverage for losses resulting from certified acts of terrorism.

DISCLOSURE

You should know that where coverage is provided by this Policy for losses resulting from "Certified Acts of Terrorism" (as defined by Section 102 (1) of United States Terrorism Risk Insurance Act), such losses may be partially reimbursed by the United States Government under a formula established by federal law. However, your Policy may contain other exclusions which might affect your coverage such as, an exclusion for nuclear events. Under the formula, the United States Government generally reimburses 85% through 2015; 84% beginning on January 1, 2016; 83% beginning on January 1, 2017; 82% beginning January 1, 2018; 81% beginning January 1, 2019 and 80% beginning on January 1, 2020, of covered terrorism losses exceeding the statutorily established deductible paid by the insurance company providing the coverage.

You should also know that the Terrorism Risk Insurance Act, as amended, contains a \$100 billion cap that limits United States Government reimbursement as well as insurers' liability for losses resulting from "Certified Acts of Terrorism" when the amount of such losses in any one calendar year exceeds \$100 billion. If the aggregate insured losses for all insurers exceed \$100 billion in a calendar year and if we have met our insurer deductible, we are not liable for the payment of any portion of the amount of such losses that exceeds \$100 billion; and for aggregate insured losses up to \$100 billion, we will only pay a pro rata share of such insured losses as determined by the Secretary of the Treasury.

ALL OTHER TERMS, CONDITIONS AND EXCLUSIONS REMAIN UNCHANGED.

D. NEW BUSINESS

1. Application # 2020-5514; 704 Waggoner Road; Applicant Matt Kirk (EMH&T); Final Plat (Spring Hill Farm)

Mr. Zollars: So let's go to new business application. 2020-5514. Can you set this up for us, please?

Ms. Wheeler: Yeah, this is just the final plot for the Spring Hill Farm subdivision that planning commission had already approved the preliminary plat. This is specifically for Section one. What I have up on the screen now visualizes how they're dividing the different sections. As I said, section one is up here in the top corner here and then I'll pull up the specific subdivision plat here.

Mr. Bowsher: It should be no, there is no change from the preliminary plat that was before you guys to the final plan. No, no changes.

Mr. Zollars: OK, so there's really nothing to discuss?

Mr. Hicks: I just had Mr. Chairman. Just one quick comment. I think when this came before us for major sight plan, my biggest concern was traffic. I think that after talking about it and the unfortunate circumstances of how this project ties into Waggoner Road and sort of the limited available options of being able to get that curb cut and the Waggoner road, my biggest concern was that we were creating another intersection there that didn't create a true four way intersection, which would be ideal, and Waggoner, which has all kinds of traffic problems. So I think it's unfortunate that there wasn't a way, I think with a condition that we put forth in the meeting was that the location of the curb cut had to be approved by the city's engineer in regards to traffic and picking the safest location. After talking with staff, it appears the city has achieved that. I know it's not an ideal situation, but we are dealing here with an infill property with a lot of decisions that have been made in the past on where curb cuts and other communities have tied in and where they step out. I think there's a lot of positives to this development. And even in regards to traffic. This community ties into three or four other locations and other communities that will help hopefully relieve some traffic congestion at some of the other intersections along Waggoner Road and provide better connectivity for some of those neighbors that have always been sort of waiting for the next phase of development where those road connections will come in. So I just I hope everybody here on Planning Commission is cognizant that proper planning and new communities is really important, that these intersections and the public improvement aspect of it is what we really, really have to focus on. And unfortunately, Reynoldsburg, we just have a lot of areas that don't connect well. We've got a lot of dead end streets, things like that. Which we'd like to avoid but understanding all that, I mean, I don't see any reason why the staff and the applicant haven't achieved those conditions that we set in our last time we reviewed this proposal.

Mr. Zollars: Emily, staff, I should say, so we are currently unable to tie this into Rodebaugh, so it's going to be jagged, there's going to be a stop sign at Rodebaugh, a red light at Rodebaugh and then another entrance, what, a couple hundred yards away, correct? That's what we're approving?

Mr. Bowsher: Yes. That's what you approved when we did the Planning Commission. You're not really approving that. We've already approved that. And then the goal was to allow the city engineer to make sure that it was safe. All the approval is tonight is based off of an ORC code that states that you are agreeing that these plats meet what you have intended and you're accepting these plats into the city of Reynoldsburg, as stated here, and then this will go on to city council for a final plat. It's just something we have to do, but it really has nothing to do with the specifics of the development. It's more so you're talking about these parcels, these fifty six parcels right here. We'll have this probably come up six more times as they start to develop it through. And they may try to do and combine sections together on how fast this gets developed and build out. And with the second hottest real estate market in the country right now, we'll probably have another one here come maybe even two next year as well as we go through this development.

Mr. Zollars: So with that information, if there's no questions or no further comments, I'd entertain a motion.

Mr. Hicks: I'd like to move that we approve the plat application as submitted.

Mr. Furst: I'll Second.

Mr. Zollars: Can we get the roll call on it, please?

Ms. Wheeler: Mr. Benner. Yes. Mr. Cullinan.

Mr. Bowsher: Tyler says, yes. He can't get on the microphone, he put it in the chat for the record.

Ms. Wheeler: Mr. Furst. Yes. Mr. Hicks. Yes. Mr. Zollars. Yes.

2. Zoning Code Text Amendments

Mr. Zollars: OK, very good. The second item on the agenda is the zoning code, text amendments. Mr. Bowsher, you mentioned a couple of things before the call started. Is there something specific we want to address? Or. Mr. Hicks, you wanted to have something reviewed as well, or have those been done, Mr. Hicks?

Mr. Hicks: Yeah, I had emailed staff before the meeting. I appreciate the hard work that's been put into the zoning code. We have a new zoning code. And for everyone you know that's just watching at Facebook, I'm sorry, we can't have an actual in-person meeting tonight. But as we were developing the comprehensive plan and the zoning code, there was always an intention that we were going to have to at some point once you started living with the new code to make adjustments in order to make everything work. I appreciate the hard work the staff has put into making these changes and the red lines. And I appreciate the way that it was presented to us. I had a few minor critiques and changes. One was some of the permitted uses within the community commercial area, which, from what I understand, those changes have been made. I had some comments in regards to commercial vehicle parking, parking on the street, recreational vehicle parking, and where those are permitted to be located on someone's lot and also some comments and questions in regards to design guidelines on window trims and things like that. So it's my understanding and reviewed language that those first three changes have been adopted. I don't think that we've been able to adopt my last request for some reasons, I think we just need some more time to be able to work through something like that. I think I just want to stress that as we've adopted the new code, we've made these changes and sort of calibrations to things to be able to fix some stuff that were just unforeseen

complications with it. I think it's a great step forward again for Reynoldsburg. And then as we make that next step, I think we always need to be thinking about how we're going to make this better. I think implementing some common sense, additional design guidelines for some of the development will be necessary at some point. I think we'll have to have more conversations about how we handle issues like that. There's there some issues that we've talked about and ask as we're developing this whole thing. An issue that was brought to my attention today, again, was, you know, there's communities like Huber that are primarily all single story that have some rebuild houses, houses that have burned down and be rebuilt, that we've been challenged in trying to figure out how to actually regulate, to make sure that they conform with the rest of the community. And how we handle situations like that, I think maybe isn't quite as addressed as we could be in the code at this point. So I think that's it for my comments. I think those bigger issues were addressed and the changes and red lines that were sent, which is good. But one thing I think that next step we need to be thinking about is maintaining a minimum level of quality for any new development, whether it's a redevelopment of an old parcel or a new community, to ensure that it is an adequate and good quality product in those locations going forward.

Mr. Zollars: Very good. OK, I agree. Thanks, Hicks. Anyone else from the commission or from staff want to add to or elaborate on any of the activities to this point?

Ms. Wheeler: Yeah, I mean, I was going to propose going through each section, just putting up the red line text and then just doing a quick overview of what was changed. If we want to do that.

Mr. Zollars: I don't really feel like going through one hundred pages, quite frankly, if we can keep it at a higher level.

Mr. Bowsher: Maybe let us go through the overall and if there's something that we want to talk about, we can dove into that Id that fair? I think it's important to something overall and then let us read through real quick.

Mr. Zollars: OK.

Mr. Bowsher: So kind of starting from the top, obviously, we had some Brice and East Maine district and also the east main street also, basically our insight districts, the majority of this was removing the maximum side yard and the maximum rear, amending maximum density, and then obviously adding and changing some of the uses. We made some of those changes to correspond with; to better suit the uses that we expect to be there and the ones that we are happy with. Then also, I think it was interesting because clearly this zoning is the Brice and Main is the Kmart center. And clearly, we had a Walgreens, the one that came in there, needed to get some variances. I think those variances were already there, but I think we needed to limit some of them. And so that was a good test case as we were sort of moving

through that. So that's kind of what we have pretty cut and dry on that one. Suburban residential obviously changing some of the permitted and conditional uses, mainly the school, amending the accessory building location and then removing garage design standards, the specific one. And I think a lot of this kind of came up when we discussed it at BZBA last time about the one covered and one uncovered parking spaces to change to just two off street parking spaces. Granted, we see this the majority of the time and the Huber neighborhoods. Additionally, talking about where that garage location would be. We did have it needed to be six feet behind the front building facade. That didn't seem realistic. So we had to change that. Then we move that to the garage requirements later on in the common regulations where it stands at. Moving on, residential medium, we amended the maximum building height that was the main change for this one, and then the community commercial obviously not put here is the changes that Steven had requested. But the majority of these were the permitted and conditional uses and making sure they're in line with what we expect to have in this community commercial zone. We see this as a current CC district, very suburban, but also moving into more of a mixed use district and allowing a various office park food service, big box retail, small medical and overnight lodging hotel, and motel. Moving on, we went to the innovation, we made some changes to this. This is obviously down on the Brice area as well as L brands and the Ohio Agricultural Department out on Main Street. This was just better aligning the uses and what we desire to have in those areas, adding in some ones that got missed, like medical office, things of that nature, and then bringing some of the conditional uses that we do want permitted. We don't want to make people have to jump through uses for things such as like a visual art center or something like that. So just changing some of those and then changing some of the permitted uses for ones that maybe are less desirable, like the vehicular sales, a shooting range and things of that nature to more of a conditional. So we have a little bit more teeth as we're starting to review applications. We don't want to allow just a slew of bad uses in the city without us having an extra layer of protection. Signs, there was a lot of redundancies, these changes were to better align what we're seeing out there, we were putting on secondary uses which weren't in line with what we actually wanted. And so we got rid of those and we went into a little bit more detail. We can allow Emily to do this, but this was sort of her brainchild. She deals with this every single day. So this was better aligning to what was the intended purpose of the sign portion of the code. Obviously, the accessory structures, we talked about the garage design standards, so those changes and then they got added into this section. Landscaping a buffering the submittal of the landscaping plant and a tree survey and then zoning certificate now required for additional pervious surface, just better aligning to what we're seeing. Supplementary use conditions, traffic study for drive thru establishments at the discretion of Planning Commission or BZBA, and then zoning permit not required for a roof mounted solar panels. Nonconformity's, discontinuation timeline to three months, so this basically means that if there is a use that is a non-conforming use inside of the district instead of the two years that they did have, it will be changed to three months. So it can only sit vacant for tops of three months before a use could go in there or it reverts and they lose the non-conforming clause and they do have to then

conform for any future use there. It's a good protection, especially as we start to change some of these uses that does not meet the context of the comprehensive plan and where the city is moving forward. So it's really to get those uses phased out in a much more aggressive fashion.

Mr. Zollars: Andrew, could you please give us an example of what this might be?

Mr. Bowsher: Yeah, so I think where we're going to see this the majority of the time is in the innovation area along Brice Road. So as we're trying to bring different businesses there, we need to get rid of some of the smaller retail type establishments that no longer belong there and fit that needs of what that corridor and what we envision as the corridor. So instead of allowing a user to come in time and time again and continue to sign new leases and not getting really what we want, we're limiting the opportunity of vacancies inside that building to sit there and then a new user to come in and still be a non-conforming use. At this stage, it means it can only sit there vacant without that use being activated for three months before it gets reverted to the new portion of the code.

Mr. Zollars: Thank you.

Mr. Bowsher: Zoning certificate, this was something that city attorney Shook wanted added in there, utilizing our property maintenance code and violations and making sure that better aligns to how we function as the city and giving us a bit more teeth and making sure that it's not just Emily reviewing all that, but our code enforcement team that's reviewing zoning violations and property maintenance violations. Then the site plan and design review, we wanted to better align what we were taking a look at, when somebody submit something, we've actually changed it. It was just too close when we were talking about just a standard site plan and a major site plan. So we went back to the minor site plan and a major site plan. And then that minor site plan is basically anything that's less than five thousand square feet. Some of those and we've outlined to better align to what Emily and myself actually need to review and to check mark boxes before it gets put on the planning commission. And we're not asking for site civil type drawings just yet. So we need to do better, align with what we were asking for. So landscape concept plan, transportation and parking plan, current zoning of the parcels, location of buildings and structures, location of existing water, body streams, drainage ditches, the dimensions of the property line parcels and adjoining right away and then a standard site. So all these things we look for, it's always what we've had. We just don't want to overdo it. And then of course, once we get into the major site plan, we can ask for additional things if Emily finds it necessary, as well as planning commission. Then the major site plan. The biggest difference is minor site plan can be reviewed in house being less than five thousand square feet in size. Major site plan is anything over five thousand square feet, whether it's residential or commercial. Minor site plan is only commercial property. But what we don't want is somebody that wants to build a single family home that has to submit twenty thousand dollars in design when really we're just trying to review the architectural details of the home as well as the

site plan, so wanted to make sure that we weren't overstepping on something of that nature. Certificate of appropriateness, we had it on 30 days that didn't align to actually what we needed. So it's a 14 days prior to the Planning Commission meeting and the certificate of appropriateness, as everyone knows now, is mainly just in the old Reynoldsburg districts, the two districts there, both neighborhood and commercial.

Mr. Hicks: Do you guys have the updated language for the commercial vehicle and RV thing, might just be good to touch on that? Thank you.

Mr. Bowsher: Chris, since you wrote that, you want to touch on this one?

Mr. Shook: Yes, so at the request of Commissioner Hicks, we took a look at the commercial vehicle parking restrictions in residential districts. We went ahead and decided that we would permit dual axle trucks in that district that are less than fourteen thousand pounds as long as they are parked on the lot. So the way that I structured it was to change the language so that trucks having dual tires on one or more axles or having more than two axles will still be prohibited on residential streets, but will be permitted if they are parked in the driveway in a residential district as long as they are under 14 thousand pounds. In addition, we looked at the RV language, if you want to scroll down a little bit to that. We changed up the RV language to make it easier for residents to be able to have an RV on their lot in the City of Reynoldsburg. Quite frankly, it would have been impossible for the city to effectively enforce the code as it was constructed before. So what we've done is we do allow a residential vehicle to be parked in a residential district as long as it's in an enclosed structure and we allow at least one or a maximum of one recreational vehicle located outside an enclosed structure in a residential district as long as it's parked in the driveway, as long as it's three feet from the front right of way, and as long as it's three feet from an adjacent property. We have some other restrictions in there as well that were already included in there. But what we wanted to do was we wanted to make it easier for residents in the City of Reynoldsburg to be able to own and possess on their lot a recreational vehicle. It would have been impossible for us to enforce it the way that it was previously written.

Mr. Bowsher: Thanks, Chris. There was a question that came through just as related, not to this specific one, but Mrs. Sarah Reed brought up. The question was she said, Stephen Hicks, that's a great point, drove through Retton today and my husband and I noted the two story house cited in the midst of the one to one and a half story brick homes that did stick out a bit. How would the new zoning code help us in the future? In fact, that was one thing that was correct when it was in there. Unfortunately, the old zoning code a long time ago for that whole area allowed for two and a half story buildings. Yes. Not in line with what that area is. And that's how they have that basement and makes it look like its two and a half stories. So we limited the building height. That's something that we're not changing and we're keeping it in there. So it's only a maximum of two stories, not necessarily next to that house, but in the Huber neighborhood as you get closer to Main Street, there are

two story homes in the Huber area and that is where it conforms to. So we have a height standard. So that home, if they were to come back and try to rebuild that as of today, it couldn't happen again.

Mr. Hicks: If they ever finish it?

Mr. Bowsher: Correct.

Mr. Furst: Mr. Chairman, if you will, I am kind of sympathetic to Mr. Hicks comments regarding the minimum quality standards. I know with modern building construction, one of the nightmare type scenarios that we're ideally looking to avoid when we've talked about things like minimum trim requirements and things like that, is that wall of vinyl sort of look where if there's very minimal trim and just something to cover the cuts in the vinyl or virtually no trim at all? I personally think that's a very unattractive look and that's not doing anything to sell the property. I think you're increasing the risk for maintenance issues further on down the line. And, you know, certainly we don't want to set ourselves up for a scenario where you might put in a product today and 10, 20, 30 years from now, if it falls into disrepair, I think if you have a much more esthetically pleasing product, something that seems more complete, not just that's had some corners cut for the sake of keeping it to a bare minimum price point, then you avoid some of that scenario. So I know that someone has brought up that Mr. Benner wanted to have a discussion about the architectural design standards. I think Mr. Hicks concern kind of corner stone's nicely with that discussion. I'd like to talk about that now if we could.

Mr. Zollars: Yeah, go ahead.

Mr. Benner: Yes. Mr. Hicks and I were able to talk a little bit this afternoon. I'm assuming everyone received his email with the changes that he wanted to have included in this amendment. And I'm sure you all have your various opinions. I guess what Mr. Hicks and I were able to agree to today is that design standards are probably going forward, a very important part of what we're doing here as planning commission, especially with the increase in development that's happening here in Reynoldsburg. I'm not sure it's such that we can discuss it this evening and that it makes this particular change. You know, in the weeks that we've been meeting to make these amendments, the one thing that's come up constantly is that this is a huge living document that is going to require that it be looked after and possibly changed over time. We could be back in six months. We could be back in a year. I think architectural standards like we're discussing will require more time than we have this evening to come up with. A three inch trim, I drove the city today just to look at some of what's out there. And, you know, you have you have brick structure with absolutely no trim around any window. You have stone and stucco, sometimes without trims around the windows. On the other hand, all vinyl with just J channel running right up to the edge of the windows in the hole there certainly is unattractive. I think my reply in the email to Mr. Hicks was that that's absolutely the most unattractive two story home with no trim whatsoever. Just a wall of vinyl is not

something that we probably want. But just saying three inch trim on all windows and doors, I think is a little arbitrary, not something that we could really do quickly. I think it does merit more discussion, more thought, maybe another committee. I don't know. I just don't think that we can make that this evening.

Mr. Bowsher: I think that makes a lot of sense. It's something interesting. I was talking to an ex council member today and kind of brought this up. And I talked with Emily about it as well. You know this document. Yes, we have to have it. A living document. There's a lot to it and things like that. I think that we've done some great work and kudos to the individuals that helped us. It wasn't just staff, but there was members of council. There was two planning commissioners that are here tonight, both Alex and Keith, and input from everyone, the mayor included. And obviously Attorney Shook. I want to note that the next phase of this is updating our development handbook, and I think that's where I'm trying to get to, is maybe the architectural designs as we get into real tough specifics, probably need to change to called the developers handbook because it's more of a document that's based in details; architecture, engineering. Talks about specific ready mixes for streetscape, things of that nature. You know, potentially maybe that's something where that could live in that we then give to a developer after it's done and saying if it we're going to say across the board, we're looking for these things. Maybe it's something that we can get back together on as we start to update that, because we do mention that here in the zoning code that that's the next phase as it gets in the site civil drawing that those are things that they need to have included. It's just something to discuss. But it's a thought.

Mr. Zollars: Very good, good discussion. I have a question on particularly on the, I can't zoom down. Whatever section we're currently looking on the parking on the streets and the part with two vehicles, what is the enforcement procedure and what are those timelines? Is that in here somewhere?

Mr. Shook: So the enforcement mechanism is going to be in Section 1109 and we did change significantly the enforcement section to provide a little bit more detail about what that process would be and who would have the power to enforce the code. Previously, it was just the planning and zoning administrators so it put all of that responsibility on Emily. So we rephrase that so it would be the planning and zoning administrator or the designee in this case. And in these kinds of cases, that designee would be one of our code officials. What they do is that they observe a violation out on the street. And we've had several of these kinds of violations this year. They issue a notice of violation to the property owner with a recommended corrective action to take and a time line for the owner to take that corrective action. If they don't take that corrective action within that timeline, then we cite them in the mayor's court. Unfortunately, our previous code wasn't all that specific about what penalties we could necessarily enforce. It was before the changes that we put in here today. All we had was a maximum fine of two hundred fifty dollars for any zoning code violation. So we wanted to put a little bit more teeth into that. Now with the changes that are being proposed to the commission tonight, it would give us the

ability to be able to impose daily fines, fines of up to a thousand dollars, the ability of the city to seek penalties of civil forfeiture for zoning code violations. Not that we would necessarily ever intend to go that deep with it, but the intent of those penalty provisions is to be coercive, to motivate people to comply with the code. So we have we have some significant enforcement mechanisms in place with these changes.

Mr. Zollars: Thanks for sharing that. What else you have, Mr. Bowsher?

Mr. Bowsher: I believe that was it for the changes. Emily, was there anything on another page that I missed? As you were scrolling through, I can't remember where we left off. I apologize.

Ms. Wheeler: Nope, that was the end of the summary documents.

Mr. Bowsher: OK, thank you.

Mr. Hicks: On the technical question would be the action of this party tonight would be to recommend approval to council of the updated zoning changes. Is that correct?

Mr. Shook: That is correct. So if we have changes that need to be reflected here on the record that are different than what's been presented to the commission in the packet, we'll need a motion to amend so that those changes can be reflected. So that would include the changes in the community commercial district that take multi-family housing and make that a conditional use of the changes in the parking restrictions for commercial vehicles and for recreational vehicles. Then there's one other change that I noted that we had discussed that wasn't included in the package. I would ask for a motion to amend to reflect this changes that adult oriented businesses. We're going to be removed as a use in the innovation district and placed as a use in the community commercial district. Just to go into some detail in the minutes about that, as several members of this commission may be aware on the Columbus side of Brice Road, we have had adult oriented businesses that have created several problems in that corridor, including drug trafficking, prostitution, violent crime. The City of Columbus has had to shut down two of those facilities in that area. The one thing we don't want is for those kinds of businesses to be a permitted use on our side of that street to make that problem even worse.

Mr. Zollars: Very good. Perfect. So did any of you commissioners get those amendments? I would care to put that into a motion.

Mr. Hicks: All right, I'll try. Mr. Chairman, I'd like to make a motion to amend the proposed changes to the zoning code and include the following amendments. First, I'd like to include the amendment of the community commercial code, removing the multifamily uses from permitted to conditional. Secondly, I would like to amend the code in regards to On-street parking and parking for commercial vehicles with the proposed language. Thirdly, I would like to amend the recreational vehicle parking

and storage requirements in the code. And fourth, I would like to amend the removal of adult oriented businesses from the innovation zone to the community commercial zone as a use.

Mr. Zollars: Does that cover everything, Mr. Shook?

Mr. Shook: Thank you.

Mr. Zollars: Very good. Thank you, Mr. Hicks. There's a first. How about a second?

Mr. Benner: Second.

Mr. Zollars: Thank you very much. OK, we get roll call on those?

Mr. Hicks: And we're voting on just those amendments and then we'll vote on the entire code, correct?

Unknown: Yes.

Mr. Zollars: All right, Emily, we have a first and second, so if you could call the vote on those amendments, please.

Ms. Wheeler: Yes. Mr. Benner. Yes. Mr. Cullinan. Yes. Mr. Furst. Yes. Mr. Hicks. Yes. Mr. Zollars. Yes.

Mr. Zollars: Very good. Thank you very much on that and for staff and Chris and everybody explaining and detailing that out for us.

Mr. Furst: Mr. Chairman. If you don't mind, I move that we recommend the changes for approval by City Council.

Mr. Benner: Second.

Mr. Zollars: Can we get the roll call on that, please?

Mr. Benner. Yes. Mr. Cullinan. Yes. Mr. Furst. Yes. Mr. Hicks. Yes. Mr. Zollars. Yes.

REYNOLDSBURG ZONING CODE

SECTION 1103.15 BRICE & EAST MAIN STREET AND EAST MAIN STREET INSIGHT DISTRICTS

Example Development Pattern in Brice & East Main Street District

Example Development Pattern in East Main Street District

I. Purpose and Intent

Brice and East Main Street and the East Main Street Insight Districts are intended to create compact, mixed-use, walkable environments, remove regulatory barriers, and encourage the establishment of local enterprises (e.g. Main Street businesses, start-up makers and other platforms such as shared work spaces, community hubs, and markets). By creating this type of physical environment and reducing regulatory barriers in these two Insight Districts, investors and start-up businesses will be more likely to deploy capital. This will, in turn, enhance community character and

allow existing businesses and residents to remain along with newer uses.

The Brice and Main Street Insight District is intended to be more of an urban, mixed-use zone or Transit oriented Development (TOD) that centers around a transportation hub or multi-modal transportation and leverages the area's proximity to major public transportation routes.

The East Main Street Insight District is intended to serve as a transportation corridor lined with compact, mixed-use, development and with standards to address the transition area where each corridor abuts adjoining neighborhoods.

DISTRICTS AND ZONES

Regulations found in the Insight Districts that are unique to both zones include:

- Transit supportive development standards: Walkways connecting streets to buildings and locating buildings or pedestrian plazas close to transit stops can set up development to accommodate future transit.
- On-site facilities for pedestrian, bike, and vehicular travel: Standards for bike parking and pedestrian access, particularly within 1/4 mile or not more than 1/2 mile of a transit stop.
- Adjusted regulations for nonconforming buildings and uses: Leaves the nonconforming section of the zoning code intact on nuisances but more lenient on improvements and adaptive re-use.
- Right-sized application fees: Fees are adjusted to reflect the policies of the community. Infill and suburban retrofit is a priority, fees in those environments should be less.
- Adjust front setback regulations: Amend front setback regulations to specify setback ranges instead of just minimums.
- Reduced parking requirements for affordable housing: The reduction depends upon the urban/ suburban context and public transportation access.
- Reduced minimum parking requirements: Requiring more parking than is necessary is a financial barrier to development, wastes site area for parking, and increases impervious surface.

 - i. Buildings located within 20 feet or provide pedestrian plaza;
 - ii. Reasonably direct connection to buildings;
 - iii. Accessibility for disabled persons;
 - iv. Easement or dedication for shelter if transit provider requests;
 - v. Lighting;
 - vi. Accommodations for seating or leaning;
 - vii. Bicycle facilities, including bike racks and areas for storing scooters.

VI. Exceptions and Reductions in Parking Standards

- A. There is no minimum number of required automobile parking spaces for uses within Brice and Main Street and East Main Street Insight Zones. The applicant may propose a parking standard that is different than the standard under 1105.01 Off-Street Parking and Loading for review and action by the Planning and Zoning Administrator.
 - (1) Site has a bus stop with frequent transit service located adjacent to it, and the site's frontage is improved with a bus stop waiting shelter, consistent with the standards of the applicable transit service provider: Allow up to a 20 percent reduction to the standard number of automobile parking spaces;
 - (2) Site has dedicated parking spaces for carpool or vanpool vehicles: Allow up to a 10 percent reduction to the standard number of automobile parking spaces;
 - (3) Site has dedicated parking spaces for motorcycles, scooters, or electric carts;
 - (4) Site has more than the minimum number of required bicycle parking spaces: Allow up to a 5 percent reduction to the number of automobile parking spaces.

VII. Lot Coverage Bonus

- A. The Planning and Zoning Administrator, subject to review, may approve increases to the lot coverage standards as follows:
 - (1) Lot coverage may increase by up to one-half square foot for every one square foot of proposed automobile parking area to be contained in a parking structure, either above or below leasable ground floor space (e.g., residential, commercial, or civic use),

REYNOLDSBURG ZONING CODE

not to exceed a 20 percent increase in allowable coverage.

- (2) Lot coverage may increase by up to one-half a square foot for every one square foot of proposed parking area paving that uses a City-approved porous or permeable paving material (i.e., allowing stormwater infiltration).
- (3) Lot coverage may increase by up to one-half a square foot for every one square foot of City-approved water quality treatment area (e.g., vegetative swale or bio-filtration) to be provided on the subject site.
- (4) In approving increases in lot coverage under subsections i-iii of this section, the City may require additional landscape buffering or screening, above that which is required by other provisions of this code, and may impose reasonable conditions of approval to ensure the ongoing maintenance of parking areas and surface water management facilities.
- (5) Notwithstanding the lot coverage increases authorized by this section, all other development standards of this chapter, and other applicable provisions of this Code, must be met.

VIII. Building Height Transition

To provide for compatible scale and height relationships between new multi-story buildings and existing single-story dwellings, new buildings shall maintain a building height transition to adjacent single-story building(s), as follows:

- A. This standard applies to new and vertically expanded buildings and structures (in any zone) within 40 feet (as measured horizontally) of an existing single-story building with a height of 20 feet or less; and
- B. The building height transition standard is met

where the new or vertically expanded building or structure meets the following criteria:

- (1) The existing single-story dwelling is located within 40 feet of, and on the same side of the street as, the proposed structure.
 - (2) The height of the proposed structure is not more than 120 percent of the height of the subject single-story dwelling.
 - (3) Where the proposed structure is to be located between two existing single-story dwellings, the height of the proposed structure shall not exceed 120 percent of the average maximum height of both adjacent dwellings. For example, where the two adjacent dwellings have an average maximum height of 24 feet, the new or vertically expanded structure shall not exceed 28.8 feet in height.
- C. **Exception:** The building height transition standard does not apply when the approval body finds that the subject single-story buildings located within 40 of the subject site are redevelopable. "Redevelopable," for the purposes of this section, means a lot either has an assessed market value that exceeds the assessed market value of all improvements on the lot, based on the most recent data from the [name] County Assessor's Office; or the front yard of the subject lot is large enough that it could be subdivided based on the minimum lot size standards of the applicable zone.

SECTION 1103.17 SUBURBAN RESIDENTIAL ZONE (SR)

I. Purpose and Intent

A. The Suburban Residential (SR) Zone is intended to regulate all land in the city platted for medium-scale suburban single-unit residential development. The existing development pattern in the SR Zone is traditional single-family residential subdivisions with single-unit residential structures. The desired development pattern in the SR Zone is to accommodate multiple forms of single-family development, including attached single-family dwellings. New development in the SR Zone should also promote pedestrian connectivity and the retention of open space as an amenity. Where possible, new residential development should be connected to trail systems and within a half-mile walk from parks or significant open space.

II. Uses

A. The following uses are either permitted or conditional uses as indicated in the following chart:

SECTION 11039.21 COMMUNITY COMMERCIAL ZONE (CC)

I. Purpose and Intent

A. The Community Commercial (CC) Zone is intended to promote development patterns and businesses that are consistent with larger retail and office-users, including companies with a workforce residing throughout the region that is seeking the convenience of access from heavily-traveled corridors. Existing development in the CC Zone is comprised of traditional large lot retail development with surface parking. Future development patterns in the CC Zone should accommodate changes in retail and transportation, including smaller lots and smaller format retail uses.

A. Innovation (I) Zone incorporates a mix of industrial and office uses that will facilitate the creation of economic centers that will serve Reynoldsburg and surrounding communities. The existing development pattern in the I Zone is traditional, auto-oriented retail and commercial development. The desired development pattern includes the construction of signature industrial/flex buildings to facilitate access to I-70 and I-270. New construction should be well-designed and site plans should incorporate attractive landscaping, streetscape elements and signage. Pedestrian crossing should be incorporated throughout the zone.

Re: Main Street and Kroger Drive #1 Intersection

Dear Mr. McCloud,

We have completed our analysis of the bids received on September 27, 2019 for the Main Street and Kroger Drive #1 Intersection. Based on our review of the public bid results, we recommend that the contract be awarded to Jess Howard Electric Company for the amount of \$223,585.09 for the work included under the Base Bid. They appear to be qualified for this type of work and their prices are competitive when compared to those of recent, similar projects.

Please review the enclosed information. Once City Council authorizes this project for construction, we will prepare conformed copies of the contract documents and forward them to the selected Contractor for execution. Please do not hesitate to contact me if you should have any additional questions.

Sincerely,

EVANS, MECHWART, HAMBLETON & TILTON, INC.
