We would like to thank the mayor and the members of city Council for supporting the Reynoldsburg city schools For the Reynoldsburg schools campaign. It has been a long time since Reynoldsburg city schools have asked for a bond issue, over 10 years. They have been good stewards of the taxpayer dollars. Given the unconstitutional system of funding in the state of Ohio has had in place.

As you know, the bond levy will allow us to build a new early learning center and provide enough space for full day kindergarten. It will replace the 153 year old Hannah Ashton middle school and will set aside funds for ongoing maintenance of district facilities. All which will save taxpayers money in the long run. This levy is a necessity. It is vital not just to our youth but our community as we are only as strong when we are strong together. With your support, we can maintain excellent schools that the community can be proud of. Thank you for your time.

Councilmember Strickland

Thank you Mr. Jonathan and Aria for coming up and speaking about the levee. I wanted to say that I truly support this levy. I had the opportunity to go over to Hannah Ashton and visit this facility, the school. I tell you it's one of the worst schools that we have here in Reynoldsburg. So thank you for coming.

Councilmember Baker

Thank you for coming up and speaking in front of Council about the school bond issue. I hope that everyone in this audience and that are listening, support it. Investing in our kids is one of the best that you can take. I don't like paying more taxes any more than the next person, but when it comes to our kids, I'm willing to shell out some more money so they can have the best. Why shouldn't they? So thank you and please support the bond.

Councilmember Lawson-Rowe

Thank you to the friends of Reynoldsburg schools for coming out. I support the bond of those of you who have been here in Reynoldsburg, like us, in terms of being a casualty of a failed levy, that was a very turbulent time and I am looking forward to us supporting the bond and passing the bond. Although 20 years too late for my kids, I do support all day kindergarten and our future generations need all day kindergarten, thank you.

Councilmember Pyakurel

Thank you for coming out and speaking. I do believe that it is time and I have 100% support for this and definitely need this at Hannah Ashton. I think we are moving in the right direction and I hope our community in Reynoldsburg will support us and make that happen.

President Jenkins

I would also like to thank you for coming today to share support for the levy coming on Tuesday, November 2nd. I too have 3 sons who graduated from Reynoldsburg City Schools. 20 years ago, there was no all-day kindergarten and I had to send my son to Columbus for all day kindergarten so I could work all day. I toured Hannah Ashton and saw the damage that was done structurally inside and outside and it is not good conditions for students to learn in or teachers to be able to teach in so I do support the bond and thank you for coming.

Mayor Begeny

I would like to take a moment to recognize the buy veteran week earlier this evening. We had the presenting of colors by members that you saw earlier this evening. I would like to invite some of them to come up here with me as I read a proclamation. I would also like to thank the military recognition commission for helping to put this on.

Volunteer Energy

Thank you for having us here this evening. This is a great opportunity for us just to say thank you and to do something great for the residence here in Reynoldsburg. Annually, volunteer energy gives a civic grant back to the city of Reynoldsburg to let you guys do what you want with it. In the past I believe you guys have all done, spent that money in a way that benefits that residence in the best form. Even the customers that are in the gas aggregation program still can benefit from the civic grant. It's for painting, it's for playgrounds, it's for flowers along the street, whatever you folks feel the money is best spent. I'm here this evening to present last year's annual check in the amount of \$24,488.

Presentation by Kirstin Watts of the Center Ice Foundation

Kirstin Watts

President center Ice Foundation

Before I get started I wanted to show you all a video that represents who our organization is.

Video Plays.

It's an honor and a privilege to speak to you tonight on behalf of the center ice foundation. As I mentioned my name is Kristin Watts and I am the founder and president. I am joined tonight by Bill Lehman who is our executive vice president of strategy. After my comments I will be happy to answer any questions you may have. I am a proud hockey and lacrosse mom to two boys Ian and Connor who are 14 and 11. They are my inspiration. I am a nearly lifelong resident of the Eastside, graduate of Pick Central, don't hold that against me. I have my bachelors and master's degree from Ohio University. Like the rest of my board, I am a volunteer. I work full-time. I manage a large portfolio of hospitals for a pharmaceutical wholesaler. So there's been no shortage of things to do over the last 18 months. Four years ago, inspired by what the game of hockey has given our children, moms and dads set off on a journey to build an indoor ice facility in the southeast Corridor of Central Ohio. Today of the 13 nice surfaces in the Columbus metro, none are long or south of interstate 70. Despite double digit year over year growth in ice hockey every year for nearly 2 decades, no new facilities have been constructed in more than 20 years. Consequently there is not enough ice to support all those who want to play. More than 200 youth hockey players were waitlisted this season and every season since our inception four years ago due to a lack of ice availability. Hockey is a logistically prohibitive sport for families on the south and east side of Columbus as the closest rink at Easton. And it's just not feasible for working parents on this side of town to get home, pick up the kids and get to the rink by 530 twice a week for practice. It used to be that local governments built and maintained community centers and suburban Cleveland for example there are three times as many ice surfaces as there are in Columbus. Majority of them were built by municipalities decades ago and are owned and run by city parks and

rec but as you all can attest to successfully passing a tax levy to support what residents may feel is an unnecessary and amenity is difficult at best and a political liability. Communities take a different approach to leverage public private partnership where the government takes an active participatory role in leveraging other entities such as a 501c3 and development partners to avoid assuming all of the risk and operational burden. Through experiences instances with multiple government entities in formal delivery engagement of industry experts, we identified for critical success factors. The first and most important, is that in order for our project to be successful we must have the world government. We have learned through difficult experiences what the Willow government looks like. It is collaboration, transparency and alignment on a shared vision. It's an unwavering commitment to the good of the community above all else. Its honesty and integrity and authenticity and a willingness to forgo ego so that everyone in the boat is rowing in the same direction. Number two as much as it pains me to say this, ice by itself is a loser. It cost a fortune to build and maintain and it serves in this market. Truth be told when we started four years ago, our intention was to throw up a tin can wall building and flood it. We quickly learned that that wasn't a financially viable proposition and that instead a project like this should be a destination. One that serves multiple sports and is surrounded by ancillary and symbiotic uses, the performance of which supports one another it should be a regional sports entertainment, health and wellness hub that attracts visitors that support the local economy through the dollars they spend at local restaurants, hotels in retail establishments. Youth sports is a \$55 billion and growing industry. That's as close to recession proof as an industry can be. We have found ways to keep our kids engaged in sports despite of a pandemic. We have realized the important role that team sports play in mental health of our young people and as parents, there's nothing we wouldn't do as evidenced by my attendance at your meeting tonight, for our kids. Particularly if it means lessening the time that they spend on electronic devices. From the cities perspective, the benefits of sports facilities are significant and measurable. Sports and wellness complexes are a key driver of economic development through job creation, improvement in a community's quality of life and revenues generated through travel and tourism dollars. As an example, we spent last weekend in Cleveland for a hockey tournaments for my 14-year-old. In addition to our teams \$2000 tournaments entry fee, each of our 20 family spent at least two nights in a hotel, at least seven meals in

Middleburg Heights restaurants, by at least one tank of gas, and spent money on entertainment. Our family alone spent \$1400 on the trip times 20 families on our team times 40 teams in the tournament. Equals \$1.1 million spent in the Cleveland metro during one tournaments over one weekend. We have entered into a letter of intent with a tournament company to bring at least 12 hockey tournaments a year to our facility based on those estimates that a single letter of intent is worth \$13.5 million to your local economy. Finally there are a number of underserved communities that align well with what we're trying to accomplish, our success is very much dependent on being able to develop collaborative mutually beneficial strategically aligned partnerships with other like valued organizations. Our mission began, remains and will always be ensuring that any young person has the means access an opportunity to play any of the sports we serve. That means prioritizing meaningful outreach to schools sports organizations and organizations that serve at risk youth. It means successfully executing a robust diversity and inclusion strategy that fosters a welcoming environment for everyone, regardless of race, gender orientation or ability. Building a facility that is designed deliberately for adaptive sports and continuing our philanthropic work to become a fully endowed program. I would be remiss if I didn't speak to where we started. As a nearly lifelong Pickerington resident, for me this project was about leaving my community both of hockey and my hometown better than I found it. And while I was on a personal level, very disappointing that the leaders in Pickerington didn't share our vision or values, I'm a believer that life places the right people in the right circumstances on our path. Earlier this year after some difficult experiences with our then government partner we very nearly decided to pivot away from building a physical facility and instead focus our efforts on a smaller but still meaningful mission of financially supporting youth hockey in our community. Mayor Begeny and Andrew Bowsher contacted us at just the right time. They encouraged us to consider Reynoldsburg as our project location. Without their vision, their creativity, their collaboration and their faith in us, we would not be here today. So thank you to Joe and Andrew for revitalizing us and helping us believe in ourselves again and for being role models of what public service should be. Over the last four years we've become so much more than hockey moms with a pipe dream and the project has become so much more than ice. Our journey has afforded us the opportunity to collaborate and meet with so many kindred individuals and organizations. We've

learned more than we ever knew we didn't know. We've been lifted up by a passionate, excited grassroots hockey community and we've identified so many other unmet needs. Adaptive sports, real life internship opportunities for young people, the meaningful connection between youth sports, health and wellness and smart economic development. Today we are a strong high functioning 501c3 with an all-volunteer board of directors. We currently field one ice hockey team who earned some hardware to put in the Reynoldsburg trophy case this weekend and we will field for youth lacrosse teams for 2021 and 2022. We are building the first of its kind in our region, sports complex, envisioned and designed by sports moms and homage to sports moms. That will include two NHL size rinks which will be the first in the region to be specifically designed to accommodate sled hockey to serve young people and veterans with disabilities and will be convertible into event space so that we can host concerts, graduations, proms, hard floor sports tournaments like basketball and volleyball and wrestling. A turf field house and an incubation space for entrepreneurs in the sports and fitness industry. As a team of entrepreneurs we are very bullish about ensuring that the bridge we are building remains intact for others to cross behind us. Adjacent to our facility will be medical office space restaurants and retail and we envision a select service hotel. The rooms of which will likely be sold out every weekend for a year before the doors ever open. While we don't intend to be the developer of these ancillary uses, we do look forward to collaborating with partners in the space to create an experience for our users a place where families can play E and stay in a place to go if someone gets a concussion in the process because it is hockey after all. We can't do this alone, it's literally going to take a village or in this case a city for this project to be successful. So how can you help? First, you can join us tomorrow afternoon at 5 o'clock at our site on Main Street where we will celebrate the announcement and kick off a well-planned strategic capital campaign. We will share some renderings, you will have the opportunity to hear from other folks about the vision for the project and if you are blue jackets fan you might see a familiar face or two. Secondly, think about who you know? Who do you know that's passionate about hockey, lacrosse, youth sports? job creation, about giving young people real world experience that prepares them for post high school lives. About community revitalization, about making Reynoldsburg the best place in central Ohio to live, work and raise a family. Introduced those people to us. Tell them about this amazing thing that's happening and Reynoldsburg and invite them along for the journey. Fundamentally worrying about serving every athlete, every young person, every family. We are about creating experiences and opportunities. We are about helping families create memories. The \$50 and \$100 donations that we have received from families like yours and Families like mine are what's allowed us to build a brand and to bring together all the partner organizations like the city of Reynoldsburg, the Daimler corporation, OHM, Moody Nolan, EMH&T, all of those folks I needed to make this dream a reality. And we are going to continue to rely on that grassroots participation as a critical component for success. I would encourage you to find and follow us on social media. Tell everybody you know about us and get involved. We are a great team and I promise you will enjoy the ride. Thank you on behalf of the foundation and the half of Mom's everywhere for your support, your collaboration and your partnership. We look forward to making a meaningful impact on Reynoldsburg and to working together to change the world we live in. Thank you.

Councilmember Strickland

I'm excited! Miss Kristin, you gave us so much information but when you were up there speaking I got goosebumps because all of the things that we have hoped for, all the things we dreamed of, having something here in our community for our young people, for our seniors. I mean again, I am just overwhelmed with all the information but I'm excited.

Councilmember Lawson-Rowe

Miss whites, you had me at sports mom, you had me at hockey moms. I myself proclaimed football mom as well as a couple of my council colleagues. Sports is way more than wins and losses and it's about lessons in life lessons. Many of the character building lessons my kids learned or through sports. To bring that to Reynoldsburg instead of having to trek all the way to Dublin, all the way to Easton down south is, as Councilmember Strickland shared it's exciting, it's breathtaking, it's music to my ears because Reynoldsburg is such a hub of talent and now our talent can be showcased all

through the state because of what you're bringing to us I'm excited and I'm already indebted to you. I don't have any young children that play hockey but I sure will be out there ice skating or participating or coming to something, so thank you!

Councilmember Bryant

To borrow a phrase from my ward for counsel colleague, about 20 years too late but I'm happy you're here. At one point if I win the lottery I'll bring an ice sheet, I mean it's unbelievable that it's gone on the song that there's nothing on the south east side of this town. Having sat through some cold mornings out in Newark, I had many thoughts about just spraying over a basketball court but thank you thank you thank you.

Councilmember Baker

Welcome to the better option and I am going to say this for the public record, I'm not sorry that Pickerington didn't get you, I'm glad you're here and it's something that's a long time coming. The residents look forward to it and I agree with you when it comes to sports complexes, everything's up north, have it in Dublin and the chiller why not have it here. We are just as good if not better. So welcome and we are looking forward to the partnership. I don't ice skate, I will watch hockey. I mean football is my passion but I will watch any contact sport.

President Jenkins

I too am excited about the possibilities of Reynoldsburg and I would like to welcome you to Reynoldsburg. I grew up ice-skating in Cincinnati Gardens in Cincinnati and my son did ice skate up at the chiller at Easton but he chose football and you were going to be building on our football field but that's OK, it's sports so we are all about sports here, we are football moms up here and sports of all sorts, we like any sports so welcome to Reynoldsburg, thank you!

Mayor Begeny

We do plan on having a developer's agreement on your agenda and members of council at our November meeting to get into more details and specifics, but obviously it any time you are welcome to have those conversations with me or Director Bowsher, while he is still here in the next couple weeks. Otherwise I look forward to seeing everyone at the field tomorrow in the raider marching pride will be playing at 4:45pm rain or shine. We will have a great ceremony we have a lot of people coming in to speak, it's going to be a great time and we are looking forward to growing this partnership.

This is on for a first read at the last council meeting, this is on for a public hearing this evening. This is for multiple tax incentive districts over on the summit road for an expected single-family housing development. We still do not have the final major site plan that needs to be submitted to the planning commission but the map that is currently attached to the council packet does include the full breakdown of where those districts will be physically located. We will have a second public hearing on this TIF ordinance on November 8th. Thank you.

Motions

A MOTION TO APPROVE A RESOLUTION TO RECOGNIZE NATIONAL BULLYING PREVENTION MONTH

Councilmember Lawson-Rowe

This is very important and holds dear to me, anti-bullying is very important because we know if we don't address bullying when our littlest neighbors are growing up in school and at home we know that those young bullies become adult bullies in our places of business and in our world. After I read the resolution, Miss Tanya Kelly and her team wouldn't mind meeting me at the podium.

Councilmember Lawson-Rowe reads the motion into the minutes.

Tanya Kelly

Good evening, I am the CEO and founder of empower our youth foundation. We are a voice against bullying organization. We reach out to students age 5 to 17 and 18-year-olds, if they are still in high school, boys and girls. We say boys because a lot of things happen with bullying when these students go to middle school or high school and in sports what we do is that we are use empowerment program to stand to students, families and educators to learn about bullying prevention giving our youth a voice. When I say a voice that means just not for themselves but others. We are a national 501c3, nonprofit organization here in Columbus Ohio as well as our organization in Erie Pennsylvania. Empower our youth foundation provides initial family youth and community with helping them Report to the authorities when bullying is happening at school. I have a relationship, I am a fourth grade teacher at Horizon science academy, so we teach our students at our program how to have a relationship not just with teachers, with staff, with principles. I think kindness and respect goes along way and a lot of our students in our communities just don't know. So within power our youth we teach our students how to have respect, empathy and kindness and what that does is allow them to stand up not just for themselves but for others. We are passionate about our organization. We have a partnership with our Police Department that we called books and badges. We were here in July. It brought the families out, social justice having that engagement and impact is

having that relationship between our community. I was a part of that village with their dare program and that's what we call empowering you, being that voice reaching out and connecting our communities and our families with our police officers, with our teachers with our city council. I want them to know who they are. Because when they know who they are it allows them to have a self-worth for themselves. Thank you.

President Jenkins

Thank you for bringing books and badges to Reynoldsburg, I wasn't able to attend but I saw the pictures and videos of the event. I've never heard of anything like that.

Councilmember Lawson-Rowe

Some of you may have noticed that I have on a bright pink shirt and pink is not my color but I am wearing pink every day this month to highlight the people in my life who have been affected by this terrible disease. I have family members, friends, neighbors and colleagues who have survived or who have died of breast cancer and we know breast cancer does not know ZIP Codes and so we are not exempt from it here in Reynoldsburg. I am a Zumba fitness instructor, Zumba is a fitness organization that promotes raising funds for their at first foundation in over the last 10 years since I've been an instructor, the organization has raised over \$5.8 million for breast cancer research. As a Zumba instructor, Zumba fitness has encouraged us to continue to raise money for various organizations and individuals for breast cancer support and research this year the Reynoldsburg YMCA hosted a breast cancer event on October 9. We raised \$1040 which is being given to the Stefanie Spielman cancer research organization as a part of the James. Thank you.

Sandra Oliver

I am an almost 9 year cancer survivor. I've been a resident of Reynoldsburg for the last 34 years and I have enjoyed the time I've been there. You're going to bury me in my house because I am never leaving. I went to first just thank God that I had the opportunity to be here to have a chance to tell you my story. How many people actually know or are breast cancer survivors, show of hands. OK. My maternal grandmother had cancer and she had a mastectomy but she live to the ripe old age of mid 80s. My mother is a breast cancer survivor, she is still alive and kicking not as hard but she is still kicking. When she was diagnosed about 30 years ago I went to my doctor and said how do I start getting mammograms? He told me you may not want to because your insurance may not pay for it. I told him the peace of mind that I will get from either finding it early or not having breast cancer is worth what I pay and it turned out the insurance did pay for it. I was diagnosed just about nine years ago with stage zero breast cancer, I've never heard of that. Even with self-examines you could not of found that lump that was in my breast but because I've been getting mammograms for almost 20 years they found it, diagnosed it, given a lumpectomy. I actually only did radiation. I'm still vein enough that I didn't want chemo because your hair falls out but I was happy that I did the radiation and I took a pill. Tamoxifen is the drug and it took five years to help ensure that the cancer would not come back. And in one month I will be a nine year survivor. I just wanted to make a couple points. Women, if you are not getting mammograms please do it, it's uncomfortable but it doesn't hurt you and I think it's worth the effort you have to put in. The technicians that I've worked with over these decades know how to keep you

distracted and entertained so all of the sudden you're done. And hopefully you get that letter saying we didn't see anything, this was great. And if you are a breast cancer survivor talk to others around you. There are too many around you that don't want to do it, they think it's worthless or worth the time. Or painful. If you have an opportunity talk to your fellow sisters and tell them get it done, it's worth the effort. And Allstate to the gentleman here talk to those women in your lives make sure they know it is necessary because we don't want them leaving this earth sooner than they have to. Also remember breast cancer can affect men too. Do you see something or suspect something talk to your doctor. A bumper sticker that I Saul recently that I will close with, said protect the Tatas and that just makes me smile and say I think I'm doing a reasonable job, thank you.

Councilmember Baker

Thank you both for your testimony. My mother had breast cancer, she was not able to fight it and passed very young because of it. I do tell her sorry because it's, she was courageous for the whole process she went through chemo and radiation and took the pills and everything and I was right there every step of the way with her because nobody should go through that alone. I use it not as a sad story but to inform women and men, yes men can get breast cancer and so I use that as a teaching tool that even though you walk it off all days there's nothing it could be something. And something that could turn into that something is very deadly. I urge everyone listening to go to the doctor and get a check out if you suspect something or say something. I just want to put that out there and come to both of you. You are an example of what strong women are and you are an example of how to be something, this disease, I just want to commend you and thank you for coming.

Work Session with EMH&T and OHM regarding Civic Park

Director Bauman

This is a work session I have with me Aaron Domini with OHM who will go over a brief overview of what we are planning to do at Civic Park.

Aaron Domini

Thank you for having me here to present this project to you tonight, I am a principal and partner at OHM advisers. I know you've seen our logos floating around a number of things and this happens to be one of them. I come with a lot of information about this project and I wanted to quickly tell a story about how we got here. I think it's kind of important to go backwards to understand where we are at. This project came to light during the peak of Covid, one of the things that OHM did at that point was give back to some of our great clients and I approach the mayor and Andrew and Donna about what type of projects can we do here to give back and civic part came up. There is no vision for Civic Park there was no master plan so we donated our time in our staff time to create a concept plan which I know you've all seen floating around and to get the conversation going and start a vision and begin planning something for Civic Park. Without the plan or the blueprint we don't know where we're going and that's a bad place to be putting in infrastructure and improvements without understanding how old the things come together. That was really the intent of this document that you've all seen as a concept. That got us to where we are today. As part of that we had some involvement from the public, from staff, it was collaborative with staff and administration to create this vision and define a program for the park I think it's done what it needed to do, it got us here. Good opinions on cost and phasing and how we can approach the project, but there's a lot of work left

Minutes Acceptance: Minutes of Oct 25, 2021 6:30 PM (Approval of Minutes)

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
October 25, 2021**

to do. Now the real work begins. We have submitted a proposal to the city to begin that planning and design for the park, within this proposal where we are going to start is actually revisiting the master plan. So I indicated we had done that during Covid, we dealt with a pretty diverse group of people. But there is a lot of work left to do to calibrate some of the things that of come up is the cricket pitch and the size and location of a dog park the great lawn and how we're going to integrate the tomato festival. All of these things need a little bit more flushing out into this plant so this is kind of a flash in the pan concept. We're going to get a very detailed master plan as part of that first phase when we get into doing the scope of work. We are partnered with EMH&T on this, OHM is going to be the lead designer and EMH&T is going to handle the infrastructure part of the project. That's how we've been working in the city like on E. Main St. and Davidson and that's a great partnership and we want to continue that here with this project. So once we finish the master plan we're going to be looking at how we phase the park, so I'd be lying if I came and I said I knew exactly how we were going to phase this coming in and we don't have that information we need to actually put together that phasing plan and every detailed opinion of cost. In order for us to do that one of the other big work steps that's in here that's going to not be a small task is actually surveying the whole park. We need to create a base for what we are working for. So we are going to survey the whole park. That will happen in concept with us creating a detailed master plan that we are going to work from an agreed-upon moving forward. And then from that point will be able to identify what phase one looks like. When we approach a big project like this phase 1 is not always the glossy stuff. There will be a lot of time spent and dollar spent kind of building a foundation here. Sometimes and in this case that's probably going to be building from the bottom up so when we build a lot of heavier infrastructure projects all the fun stuff Has to happen underground before we get to the fun stuff above ground. My anticipation is phase 1 is going to carry a lot of that cost, so we know we have a lot of electrical work here to do and water work to do here and we have roadway extension work to do here. I can tell you with some degree of confidence that we're not leading with the playgrounds right, we're putting all the stuff that's going to make that successful moving forward and then the state doesn't have to go backwards later and put that stuff in. So that's a big part of what the focus is going to

Minutes Acceptance: Minutes of Oct 25, 2021 6:30 PM (Approval of Minutes)

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
October 25, 2021**

be as part of phase 1 and then we will define through the process what other elements are going in. We usually start from the bottom up and then the left side and work right or the right and Work left we are not going to start in the middle. It will be very methodical and kind of working backwards out a lot of the infrastructure improvements that we're doing and that will have the least disruption of any service moving forward. That's what we're doing as part of the scope of work, it will end with design development and detailed engineering for phase 1 and get you to a point where we are going to be able to bid phase 1 out in the hope is that we are doing that actually this spring. That is a tight time crunch. The reason that as a target for us is that we know there is a lot of interest and motivation to get moving and the improvements of Civic Park in spring is the best time to put bids out and get good bids back. We don't want to bed in the middle of the summer or even later when all the contractors are full and I've answered all the beds so we are trying to answer that sweet spot and get bids out in the spring for phase 1. I think it's important to continue to emphasize that what you guys have seen is energy builder. There are pieces of this that make a lot of sense and there are some things that are going to be massaged and taken out and things added in and that will happen all within the first three months of the scope of work that you had before you. I'm honored to be working on it with you all and I've been the main point of contact for this project and I will continue to be with my partner Ryan Andrews at EMH&T and we will continue to work together to make sure we deliver something first class here and I've also come here three times to play this year who plays with club Ohio. I do enjoy the park. Thank you for having me and hopefully that answers a lot of questions you may have and I'm here to answer any other questions you may have about the proposal.

Mayor Begeny

I just have two quick points that I know we're going to be worked on. Obviously I know we've kind of pivoted a little bit due to the flooding in the areas off of Briarcliff and white butterfly. Some of the engineering that's going to be looked at is ways to mitigate that with the Civic Park part. The only thing that he left out, the fun flashy stuff kind of does get lost into it but that is actually part of the first phase for

Minutes Acceptance: Minutes of Oct 25, 2021 6:30 PM (Approval of Minutes)

engineering to figure out what we can do with our infrastructure already at that point for improvements.

Councilmember Pyakurel

I am excited about seeing the cricket pitch being built there. Thank you for bringing that Mayor, it's a big deal. How many phases is it going to take to complete this project?

Aaron Domini

That's kind of like asking how many pieces of pizza are in a pizza. And how we are going to fund it and how much available funding you have so ultimately that's a puzzle that kind of unfolds as we go. Oftentimes we align that to grant funding, federal funding that you guys get together with what you have in your general fund and all of that goes into your CIP so once we have the plan, we're going to be able to put the pieces together that we think are good bite-size pieces here. My guess is that you were going to have 3 to 5 days going in here and all told this could be 10 years to get this all done. I think phase 1 would be about a two year process and then another big bite and then another bite. Every time we go through design and engineering and bidding in construction it kind of restarts that 24 to 30, 60 months cycle. I'm going to become an expert in cricket pitches.

Councilmember Baker

I'm going to say it for the record, amphitheater. I want my amphitheater there. I know we haven't even gotten there but I'm putting it in your ear right now, that's what I want.

Mayor Begeny

We were actually there on site as staff last weekend in the idea would be that it ultimately the tomato festival would be moved to this after the improvements were in, we actually were gauging out not only where the main performance stage would be but where a permanent amphitheater would be place within the park that would flow with everything else, that's why while this is not the most exciting things to look at as

far as electric and water, the reality is we are looking at this in the 5 to 10 year range if the tomato festival were to be here, what can we do with the infrastructure to save costs when it comes to having the tomato festival and parking for that. All those other events including Fourth of July and that secondary access onto Rose Hill, there's a lot of pieces that play into this but we are taking this very methodical and every step of the way counsel is going to be informed and the public will be made aware of what's going on and have plenty of input. One of the best ideas that we've had was not from anybody in this room, it was last summer at the farmers market and a resident suggested a turf field for those of limited mobility so they can play soccer without having to worry about the conditions of the field if it is too wet. That was not our idea but I tell you what we jumped on it and we're absolutely doing it. Those ideas that come from the community we want to hear them as much as possible, including councilmembers.

This is an annual contract hopefully everyone is familiar with it may be read the ordinance. This is the service we use the Franklin county health department. They actually have the jurisdiction. They can actually go into Franklin County and Fairfield as well as they do as you may recall all of our plumbing inspections so when we get a building permit, their entity comes out as a plumbing inspection. We also work with them on mosquito trapping and several other services such as septic. If someone has a private septic system they go out and do inspections on that and any other time we do it. They also help us out with flu vaccines and other things throughout the community. If you look at the ordinance and if you're familiar with it, our per capita rate last year was \$9.14 and this year were at \$9.13, a total increase of about \$15,900 over the fiscal year. Pretty standard increase for them.

Other Council Matters

Councilmember Baker

I just want to say good luck to the football team as they go on to the playoffs this week and play Hilliard Davidson. It's going to be rainy so hopefully we can move the ball and pull out a win. Thank you to the men and women of our services and doctors and nurses in those working logistic industry and retail for keeping us moving in the pandemic. The Mel Clemens community service award, if you know anybody who should be nominated please get those in because we will be making an announcement in December. The deadline is coming up soon, the information in form is on our website.

Councilmember Lawson-Rowe

I wanted to share this past Thursday there was about 20 of us, including myself, that graduated from the citizens police academy and I share it's just another transparent moment that fulfills the ingredients that we need in our partnership with the community and the police and so I just want to congratulate those men and women who went through the program and those of you in the audience and council colleagues, if you're interested in participating in the upcoming class, it's in January. You can contact the Reynoldsburg police, the Mayor or myself if you're interested in an application. Thank you.

Councilmember Pyakurel

I am diverting myself to speak a lot but I wanted to thank of Councilmember Cotner and auditor Cicak, Councilmember Lawson-Rowe, Councilmember Baker, Councilmember Bryant, Pastor Aaron and the Mayor for thinking of me. I lost my dad last Thursday and I think it's a part of life everybody has to go through but during the time of loss you feel that you're the only one experiencing that. My dad was 98. He had a very, very healthy life, until these last five or six months he didn't have to take any medication's. He had a little bit of health issues but age is a thing and I just wanted to appreciate the support that I received. During that time if anyone receives a call or text it's 1 million times the value than any other time. And I felt that from many members. I want to appreciate and think everyone. And we do things for 16 days that is our ritual and I came home yesterday from my brother's house and I found many cards and letters in my mailbox in opening that was fulfilling and very, very appreciate it thank you and councilmember Cotner I really truly appreciate you coming and visiting the house at a very difficult and emotional charged time. Thank you so much for what you do.

RE: Civic Park Architectural and Engineering Design and Bidding Services Request for Proposals (RFP)

Dear Ms. Bauman;

It is an honor to be able to provide the City of Reynoldsburg with this proposal. As a team we have grown a strong relationship with the City, and have collaboratively worked with the City leadership, staff, and the community to enhance and grow Reynoldsburg as a leading community in Central Ohio. It is lasting relationships like this that drives our team forward to create inviting and stable communities. Thank you for the opportunity to serve as community advisors, and we look forward to continuing a trusting, fundamental relationship.

OHM Advisors offers the following benefits:

- **A TRUE, LOCAL PARTNER TO REYNOLDSBURG** - For nearly 10 years, OHM has served as a consultant to the City of Reynoldsburg, providing a variety of planning, engineering, urban design, and architectural services to help further develop their identity and create a strong, thriving community. Our team is thoroughly familiar with the City's goals, having worked on the Comprehensive Plan and a complete update to their current Zoning Code (completed in 2020). Recently, OHM assisted in developing a master plan for Civic Park and worked with the City to carry out design improvements to Main Street, a major commercial corridor and critical link to elevating the revitalization of Olde Reynoldsburg. With our office only located 15 miles away from Reynoldsburg's main offices, we can quickly be on the project site or available for impromptu meetings as necessary.
- **VAST EXPERIENCE PERFORMING SIMILAR SERVICES** - OHM has completed over 65 parks projects including Hilliard's Station Park (Hilliard, OH), Green Central Park (Green, OH), Northam Park (Upper Arlington, OH), Veteran's Park (Delaware, OH) and McGill Park (Canal Winchester, OH). These projects incorporated architecture, multi-use trails, structural amenities, circulation and access studies, park amenities, and parks master plans. Our teaming partner, EMH&T, has provided site/civil, landscape architecture, environmental, and structural engineering services to parks throughout Ohio, including parks in Reynoldsburg (JFK Park, Pine Quarry, and Blacklick Creek).
- **DIVERSE SERVICES ALL UNDER ONE ROOF** - OHM Advisors offers a complete set of professional services in-house. The City of Reynoldsburg only needs to make one call for the OHM team to be able to address your concerns comprehensively. We are also regularly engaged with the finest engineering and technology consultants in Central Ohio and have a broad range of working relationships with policy and funding experts and authorities. Since our office is built to work cross-discipline and cross-geography, we are used to working with team members of many diverse disciplines and areas of expertise.

We look forward to continue being part of the Reynoldsburg team for this project. Should you have any questions regarding our qualifications and proposal, please feel free to contact me at (614) 474-1114.

Sincerely,
 OHM Advisors

SECTION A

PROPOSED PROJECT

Project Approach

The OHM and EMH&T team is committed to the development of a Master Plan for Civic Park. To date, OHM has invested time to create a draft master plan for the park. This plan has served as foundation for the development of many community and city leadership conversations, and in turn has driven the need for more robust planning and design services to implement the vision.

Our approach for this project will be to build on the draft plan, refine the vision, and prepare for implementation through a phased approach that will meet the community's needs, be fiscally responsible, ensure there is efficiency in the development of the park space, and respect the City's current parks and recreation operations at the park.

To achieve this, our team has developed five tasks that will take the project from the vision to construction. This is a process that is intended to be a guide, remain flexible, and respond to the needs of the City and greater community.

Task I – Revisit the Vision

During this task, the consultant team will work with City staff to revisit the draft master plan for Civic Park. Through a series of meetings and design iterations, the park program and master plan will be refined to reflect the recommendations of City staff and leadership, as well as stakeholders in the community that use the park (e.g. youth soccer, cricket, etc.). The outcome of the task will be a final master plan.

Task II – Develop Opinion of Cost and Phasing

Building off the final master plan developed in Task I, the consultant team will create a detailed opinion of cost and phasing plan for the park. This will build on the cost estimate and phasing approach previously developed by OHM, and reflect any new changes developed out of Task I. The opinion of cost and phasing plan will be presented to the client team and one round of changes will be made based on client input.

Task III – Prepare for Phase I – Survey

Task III will involve preparing a survey to support the development of the construction documents created in Task IV. The approach to the survey, depending on available funding, will incorporate the entire park or just for immediate phases. The final approach to the survey will be developed with input from the client team.

Task IV – Phase I Design Development and Construction Documentation

During this task, the consultant team will prepare a 30, 60, and 100 percent document set. The approach to creating the documents, like Task III, will be based on a preferred phasing plan. The consultant team will review each submittal with the client team to ensure it reflects all elements of the master plan. OHM and EMH&T will work collaboratively to develop a QA / QC process to review each others work to ensure accuracy within the documents. This is a unique value add these two firms bring to the process.

Task V – Bid Assistance and Construction Management

Once the final construction documents are complete, OHM and EMH&T will work with City staff to bid the project, and support the City through the review process. Once a preferred vendor is selected, the consultant team will work collaboratively with the City to serve in a CA role to ensure the project is constructed per the plans and the City specifications.

SECTION B

PRIOR EXPERIENCE

Hilliard Station Park

CITY OF HILLIARD

Hilliard's Station Park is located at the trailhead of the seven-mile Heritage Rail Trail that stretches between downtown Hilliard and Plain City, Ohio. The park was designed as both a recreational hub for people using the trail and a year-round event space for the community.

Nearest the trailhead, our team designed the park to include a zone with outdoor lockers and resting areas for those using the trail. At the core of the park, an amphitheater and a programmed fountain with seasonal lighting and music are the setting for a multi-functional community venue which will be used throughout the year. The interactive fountain features 47 colored LED ground jets that dance to music. The fountain can be turned off during community events to create a flexible plaza space that accommodates more visitors.

The architectural design is symbolic of the site's past use as a train depot. Architectural features include deep overhangs and brackets, as well as large glass garage doors that have a transparent feel. Through the use of recycled, natural and environmentally-conscious materials, the park represents a sustainable future.

The main building houses a large meeting room and small prep kitchen to be used for a wide array of activities. The second building provides a public restroom facility, an audio equipment storage room as well as an additional lower level storage and pump room for the water features. Both buildings are connected by an overhead natural cedar trellis unifying the design, and reinforcing the site's overall connectedness between its individual elements.

Tattan Park

CITY OF WESTLAND (MI)

OHM Advisors was selected to redevelop Tattan Park, the northern anchor of Westland's Central City Park. Extensive enhancements to Tattan Park were made that complement existing site components while introducing new features, including a Farmers Market Pavilion, seven shelters, concessions, restrooms, and a modified county drain.

The existing stormwater detention area was transformed into a wet pond with a fountain bound by pond walls on the east and south sides. This feature detains the park's excess stormwater during large rain events and releases it to the Morgan Drain at a manageable rate. Additionally, the quality of water entering the drain is greatly improved resulting from the addition of three bio-retention features and a manufactured water quality unit implemented into the site design.

The plan retains the splash pad as a major program element while expanding its size to accommodate a higher volume of users. Defined entry points and drop off locations were added to simplify circulation and increase safety while walking circuits were added to connect program elements throughout the park. A central seating space connects the playground to the splash pad allowing adult supervision and clear visibility to park features. Additional seating located throughout the park incorporates shade providing respite in

hot summer months. Picnic shelters of varying sizes border the east side of the park, creating a boundary between the road and park space.

Expansion and aesthetic enhancements were also made to the existing park including redirecting a portion of the existing waterway, framing the west side of the park, into a culvert. This allows the plaza space to connect to the concession stand and the hardscape area provides the City the opportunity to host community events within Tattan Park.

Green Central Park

CITY OF GREEN

The concept for Green Central Park developed from the Green Vision Plan (2010) and the Massillon Road Corridor Plan (2011-2012), both completed by OHM Advisors. The new community park, nestled between the Central Administration Building, the Green Intermediate School, and the Retirement Residence of Green, is designed to create a cultural hub for the community and to fulfill a need for quality public space within the City.

For nine months, our team worked with a steering committee to develop a program for the proposed park. The steering committee process was instrumental in not only creating the park's amenity package, but also in building consensus throughout the community.

To better promote the park to the public, a video was created by our team to provide visual representation of the built park. The video helped coalesce the group and bind the community into supporting this transformational project.

The new park is a signature community destination, offering abundant amenities for residents and visitors to enjoy including:

- Market Place Pavilion for the farmers' market, other gatherings, and nearby reception space

CITY OF DELAWARE

OHM Advisors led the design of a park that adds outdoor community gathering spaces, picnic shelters, a splash pad, all-inclusive playground equipment, a performance stage, restrooms, and concessions to an existing city soccer park in Delaware, Ohio.

Our team worked with City staff, and members of the community, to establish a dinosaur theme, which is evident in the playground, splash pad, and dinosaur footprints that are embedded throughout the central plaza and main circulation spaces.

These park additions, along with a recently opened YMCA facility, makes the existing park an exceptional amenity for the community.

McGill Park

CITY OF CANAL WINCHESTER

2017, the City of Canal Winchester initiated a process with OHM to prepare a system-wide parks master plan to create and define a vision for its park system, and to develop an implementation strategy to achieve this vision. OHM worked closely with the City and the community through a series of working group meetings, stakeholder interviews, public meetings, and a survey to ensure the Plan's recommendations were informed and supported by park users.

Following the recommendations within the Plan for additional recreational amenities and park space within the community, OHM designed a Master Plan for a new 83-acre community park which is currently in Phase I implementation. The design pays homage to the site's agricultural heritage through the preservation of a farmhouse on the property while adding amenities including soccer fields, a baseball complex kayak/canoe launch, overlooks along a multi-use trail, outdoor amphitheater, dog park, tennis/pickleball courts, playgrounds, a new three-season pavilion, and multiple shelters.

Northam Park

Phase II Improvements

CITY OF UPPER ARLINGTON

The City of Upper Arlington's aging Northam Park was in need of upgrades to its existing facilities including Tremont Pool, the promenade, walkways, playgrounds, picnic areas, and improvements to the stormwater management.

OHM Advisors led a team that included Ballard*King, POD, Water Technology Inc., and Aimpoint on Phase II Improvements to Northam Park, which included a new pool area featuring a zero entry/toddler pool, lap pool, diving boards, and a climbing wall with a concessions building and a pool building; park entryway enhancements and a Centennial History Walk; an all-inclusive nature play playground including a splash pad; and a reading garden with sculptures.

The main pool building accommodates office space, locker rooms, restrooms, and storage space. Major architectural features of the building include an entry patio with visibility to the promenade, hip roofs and a cupola, with a stone water table and board and batten siding covering the exterior facade.

The park entryway acknowledges the promenade and serves as a drop-off area for visitors. The site incorporates pedestrian amenities such as benches, low walls, and a centennial plaza for plaques and a potential gateway feature.

The nature-themed playground features meandering paths, a tree house play structure, and safety features. The reading garden

adjoins the existing library and features three white marble Alfred Tibor sculptures, as well as tables, benches, and a low wall for seating.

This project involved an extensive community outreach and engagement effort which included focus group sessions, meetings with local stakeholders, City Council updates/meetings, youth engagement, a telephonic survey of residents, and public open houses to build community buy in and support.

Community Engagement

Christmas Run Park Redesign

CITY OF WOOSTER

OHM Advisors assisted the City of Wooster with the redesign of Christmas Run, a large community park. The purpose of the project was to upgrade and re-imagine the aging park, and engage the community in the design and construction of the park in a grassroots community based approach. The 25 year old playground structure had deteriorated and did not meet current ADA and safety standards, prompting the City and the Wooster Kiwanis Club to upgrade the park.

Staying true to the spirit of the park, OHM Advisors led an engagement process to re-envision the park in a way that was driven by the ideas of the community, specifically the youth. Through a custom student workbook created by our team, students were engaged in sharing their ideas for the type of park, program elements, and theme of the new park. Over 1,000 student workbooks were completed by K-6 students.

The results of the workbooks created a road map for the design. The theme of the park is an active space with a variety of spaces and activities. The central organizing element is a large play structure surrounded by activity zones including rock walls, boulders, rope swings, zip lines, sensory play areas, and a tree house, all connected along a meandering path. Each of the park elements, as well as the overall theme, was based on the ideas of the more than 1,000 students who helped envision what this park space could be.

The project included specific elements to be constructed by the community. Citizens helped with the construction of the large tree house and completed landscaping in and around the park space.

By playing an active role in the design and construction, citizens became engaged in the project creating a sense of community pride and ownership in this important park that has served and created memories for generations of residents.

Big Walnut Trail Sections 4 & 8, and McKenna Creek Relocation

CITY OF GAHANNA

EMH&T provided an enhanced pedestrian connection in support of the Big Walnut Trail system, beginning at Knob Hill Drive, continuing along Cherry Bottom Road to US-62, and terminating at Lower McCorkle Park adjacent to Ridenour Road. During design, the path alignment was established to provide scenic views through existing City park property and align within a new conservation easement granted by Stony Brook United Methodist Church (UMC). The easement provided a critical link enabling the path to cross over the Big Walnut Creek, and connect to the Lower McCorkle Park system, and the City's municipal golf course. EMH&T met the project goals including 6,700 feet of shared-use path installation, construction of several multi-span structural solutions over McKenna Creek and the Big Walnut Creek, and a full wetland/stream restoration within the conservation easement at Stony Brook UMC.

Due to the proximity and crossing of waterways, EMH&T provided significant environmental services including a wetland delineation, mussel survey for the Big Walnut crossing, two Nationwide Permit applications, a Director's Authorization from the Ohio EPA, Categorical Exclusion documentation for the Clean Ohio Trails Fund, planting plan for the stream and wetland restoration, and assistance in public education and outreach efforts. The project also required a Conditional Letter of Map Revision (CLOMR) from FEMA for work occurring in the floodplain and floodway of Big Walnut Creek.

Downtown Connector Trail & South Main Street Trail Connection

CITY OF MOUNT VERNON

EMH&T provided engineering services to restore two, existing steel railroad bridge structures into pedestrian bridges and paths that were within an abandoned railroad corridor. We worked in partnership with the City of Mount Vernon and ODOT District 5 to deliver an extension of the Kokosing Gap shared-use trail for the community. This ODOT LPA project provided a key link connecting Memorial Park to the Heart of Ohio Trail. Due to the environmental limitations of the Kokosing River and Dry Run Creek, all of the work had to be completed “out of the water” to minimize impacts to the existing ecology. The design enabled the contractor to vertically “lift” the steel beams out of the river, provide the bolted splice modification, structurally repair the members, and re-install the steel beams. The project was completed ahead of schedule and enabled the City to pursue a second phase of the path improvements, South Main Street Trail Connection, which EMH&T designed in 2020.

For the South Main Street Trail Connection, EMH&T provided planning and engineering services to connect the Heart of Ohio Trail and the Kokosing Gap Trail through an underpass beneath the Kokosing Rail Bridge and the Main Street Bridge in downtown Mount Vernon. Based upon the initial feasibility study, the City selected a trail alternative and EMH&T provided survey, design, hydraulic analysis, and environmental services to complete the engineering plans. In conjunction with the design phase, EMH&T also to obtained ODOT environmental clearance, including a Level 1 Ecological Survey Report, mussel survey, floodplain coordination documentation, Section 4(f) temporary no use request, regulated materials review, public involvement, a Categorical Exclusion document, Nationwide Permit, and Ohio EPA Director’s Authorization.

Re: Civic Park – Phase 1

Dear Mayor Begeny,

Thank you for the opportunity to continue to work with you and the Reynoldsburg community. We are pleased to submit this proposal to provide professional design services for the referenced project. This proposal outlines our proposed scope of services, schedule, fees, and “Standard Terms and Conditions”. OHM will work closely with the City to perform the following scope of work.

PROJECT UNDERSTANDING & ASSUMPTIONS

The following assumptions have been made in preparing the proposed approach. These assumptions not only shape the approach, but also the timeline and proposed cost.

1. The OHM Team will be led by Mark Bockrath (Senior Project Manager / Landscape Architect) with oversight by Aaron Domini (Principal in Charge) and will include engineering input from EMH&T as needed to complete the documentation.
2. OHM will team with EMH&T for the site survey and the underground utilities. EMH&T will also perform utility master planning for stormwater, wastewater, water service, and electric.
3. The Client, The City of Reynoldsburg, will be led by Donna Bauman or an appointed staff member or representative.
4. Minor revisions to the masterplan are required. OHM will perform necessary community engagement with stakeholder group. The engagement will guide the masterplan revisions, thus the revised plan will serve as the ‘basis of design’ for the project, and the phase 1 improvements.
5. The project area is Civic Park as defined in the latest Master Plan dated 10/14/2020. The area includes the entry drive and traffic circle, multi-use path, dog park and associated parking lot. This Master Plan will serve as the starting point for this project.
6. A topographical survey will be performed by EMH&T to collect necessary utility information, topography and existing site features. This service is included in this proposal.
7. Since this is a Capital Improvement Project for a City park, we do not anticipate preparing a Development Plan for zoning approvals nor a Plot Grade Utility review.
8. OHM Advisors will be the prime design consultant and will provide the professional services of:
 - Landscape Architecture
 - Civil Engineering (roadway)

9. Professional services provided by sub-consultants of OHM. These services are included in the overall design fee:
 - Geotechnical Investigation
 - Site Electrical Engineering
 - Underground utility planning and utility engineering
10. Project delivery method: Design, Bid, Build. (General Contractor)
11. Design team meetings will be held at the Client's office or at OHM's office.

SCOPE OF WORK

OHM Advisors will work with the City to complete the following scope of work. The final deliverable will be construction documents for bidding and ultimately construction of the design.

Task 1 – Topographical Survey & Geotechnical Investigation

- ▼ A site survey is required to create a digital site base with correct utility information, existing structures, and topography. The survey work will include existing spot elevations, contours, pavements edges, utilities, structure locations, creek cross sections etc. The OHM team will develop a site base map from the EMH&T field survey.
- ▼ EMH&T will perform topographic survey for the entire Civic Park site with the exception of areas that are covered by dense vegetation or below the observed water elevation of the stream. Future survey efforts will be necessary to characterize the bridge improvement and other improvements near the banks of Blacklick Creek. It is more appropriate to gather that data closer to the time those improvements will occur.
- ▼ A geotechnical investigation will be completed to analyze existing soil conditions and provide a report with recommendations for roadway pavement buildup section. We anticipate 10 foot borings on average every 500 feet along proposed roadways and parking lots.

Task 1 Deliverables:

- Topographical Survey in AutoCAD format
- Geotechnical Investigation Report in PDF format
- Site Base Map with existing improvement

Task 2 – Community Engagement & Masterplan Revisions

OHM will conduct a series of community engagement activities as part of this scope. The goal of the engagement is to refine the existing park master plan, not redesign the park concept. Targeted engagement sessions will be conducted with the following groups. Note no larger community open house or meeting is planned as part of this scope.

- Frisbee golf (1 meeting, 1 field visit)
- Cricket (1 meeting, 1 field visit with city staff)

- Fields sports/youth sports (1 meeting).

If additional engagement is needed our team stands ready and is committed to integrating them into the process if needed. Assistance from Reynoldsburg is required to identify groups and contact information necessary for meetings.

Task 2 Deliverables:

- Virtual or in-person meetings as noted above
- Recommendations and needs report to address engagement results
- Revised masterplan to address engagement results
- Meeting with City of Reynoldsburg to present revised masterplan

Task 3 – Design Development for Entire Project

- The OHM team will utilize the revised Master Plan as the ‘basis of design’ and begin creating the Design Development package (30% drawings). The Design package shall illustrate and describe the refinement of the scope, relationships, forms, sizes, quantities, finishes, and appearance by means of plans including specifications that identify major materials and systems. To support the Design Development package, a cost estimate will also be produced for the phase 1 scope of work for the City to review to ensure that the phase 1 is on budget. A written approval of the Design Development package and phase 1 cost estimate must be secured prior to the start of the construction documentation and bid package. The 30% drawings shall show essential information which shall include but not be limited to such information as:
 - Demolition Plans
 - Layout and Material Plans to include all park amenities
 - Preliminary Utility Plans (Basic locations and distances)
 - Preliminary Grading/Drainage Plans (Stormwater Master Plan)
 - Preliminary Site Lighting/Electrical Plans
 - Planting/Seeding Plans
- Up to two (2) one-hour design meetings with the City for coordination purposes as a part of this task.
- Review roadway layouts, turning radius, turning movements, roadway speeds, etc.
- Conduct a preliminary floodplain and floodway review and make recommendations with respect to proposed structure locations and determine permitting needs for the project’s various phases of work
- The phase 1 improvement project will contain improvements that align with the anticipated project budget of 1 million dollars. If the budget increases, the professional fees will have to be evaluated to cover additional project scope
- Utility Planning (EMH&T):
 - Obtain existing plan information for Civic Park from the City of Reynoldsburg and conduct a thorough review of existing site conditions. We will also coordinate a site visit to review existing conditions.

- Coordinate a meeting with OHM and the City to verify all potential water, sewer, and power demands for the site. Items such as irrigation and festival power services create a significant load on the water and electric services, respectively. These and other similar items need to be understood in order to ensure that initial services are sized appropriately for the fully built condition of the park.
- Perform a water service sizing analysis using hydraulic modeling software. This will require us to obtain a hydrant flow test near the park entrance on Daugherty Drive. EMH&T will perform the flow test under the supervision of the City's Water / Wastewater Department.
- Evaluate the restroom locations proposed in the concept plan to determine the most feasible way to provide sanitary service to these facilities. We will evaluate both gravity and pump station options for the restroom facility sites and make a recommendation on the preferred approach towards servicing the site.
- Based on the power loads determined during the coordination meeting with the City, identify power conduit sizing and routing to serve the future facilities. Since there are several facilities on site that currently have electrical service, we will review those and determine whether the new facilities will require a separate / new service.
- Overlay existing and proposed utility alignments on the OHM overall project plan exhibit.

▼ Stormwater Master Planning (EMH&T)

- Delineate tributary areas based on the best available topographic data.
- Estimate the volume of stormwater runoff under existing and proposed conditions, and determine the critical storm event for the purpose of calculating the required stormwater detention storage volume associated with the various proposed park improvements.
- Estimate detention storage volume and use this information to evaluate where the detention storage should be placed within the park planning area.
- Estimate the post-construction water quality volume that needs to be accounted for in each of the proposed stormwater detention basins.
- Provide recommendations for the use of green infrastructure (e.g., permeable pavement, rain gardens) to provide the required water quality volume and possibly reduce the amount of detention storage volume otherwise required.
- Provide a preliminary layout of storm sewer improvements and stormwater management features based on the most current park planning exhibit.
- Provide a summary engineering report documenting the stormwater master plan and

providing exhibits showing locations of proposed stormwater management features.

- Overlay and delineate the 100-year floodplain and regulatory floodway shown on the published Flood Insurance Rate Map (FIRM), for Blacklick Creek adjacent to the park project area. We will also delineate the published 100-year flood elevations on the exhibit. We will delineate the same flood hazard information based on unpublished mapping associated with FEMA's Upper Scioto Watershed study. This mapping is available on-line, but is not yet considered published flood hazard information.
- Provide general guidance regarding compliance with the City's adopted Flood Damage Prevention ordinance, relative to proposed park improvements. EMH&T does not have the floodplain model for Blacklick Creek and cannot perform a detailed evaluation of proposed floodway and floodplain encroachments attributed to fill and structures, unless a new floodplain model is created or the City obtains the model associated with FEMA's aforementioned Upper Scioto River watershed study.
- Evaluate proposed park grading in the 100-year floodplain and regulatory floodway to determine a balance between excavation and fill, as a surrogate for determining a potential no-rise condition.
- Evaluate proposed buildings within the 100-year floodplain to determine required flood protection measures to be compliant with the City's ordinance.
- Include a summary of the preliminary flood hazard evaluation as part of the Stormwater Master Plan report.

Task 3 Deliverables:

- 2 Meetings with Client Team
- Design Development Package Drawings (30% Plans and Specifications)
- Project Scope and Cost Estimate for phase 1

Task 4: Final Engineering / Construction Documentation (Bid Set)

- ▼ The OHM Team shall utilize the final approved Design Development Package and then prepare working drawings and bid documents for Phase 1 that establish in detail the requirements for and quality level of materials and systems required for construction of the Project. The drawings shall show essential information which shall include but not be limited to such information as:
 - Cover Sheet
 - General Notes
 - Demolition Plans
 - Erosion Control Details and Notes
 - Layout and Material Plans

- Roadway plans and details
 - Stripping and signage plans
 - Dog Park Plans and Details
 - Utility Plans / conduits for future improvements
 - Detailed grading / drainage plans
 - swppp plans and details
 - Detailed site lighting / electrical plans / conduits for future improvements
 - Planting / seeding plans
 - Specifications
 - Sections, elevations, details, and any other documentation necessary to define the intended design.
- Detailed plans for the water service from the existing or proposed tap in Daugherty Drive to the dog park site.
 - Street and parking lot lighting plans will be developed for the Phase 1 roadway and lot
 - Final design calculations for storm sewer improvements within the Phase 1 area, and provide engineering plans showing the alignment and profile of storm sewers, and inlet locations, within this area. We understand the outlet for this storm sewer system will be to the existing drainage swale that runs through the site.
 - Layout and grading of required stormwater management features within the Phase 1 area; for the purpose of this proposal, we have assumed this will be a single detention basin for both peak flow rate reduction and post-construction water quality. We will provide a detailed stormwater management plan report to document compliance with the City's Stormwater Design Manual and related codified ordinance, specific to the Phase 1 project area.
 - If green infrastructure is chosen by the City to be a component of the stormwater management plan for Phase 1, then we will provide the layout, grading and provide construction details and specifications for these features. The nature and extent of any proposed green infrastructure is uncertain, so we may need to re-visit the scope of services and fee proposal to account for the required effort to design the green infrastructure selected by the City.
 - Erosion and sediment control plan with notes, details, and specifications pertaining to construction phase water quality best management practices.
 - Detailed evaluation of the proposed grading plan to determine there is no more volume of fill than excavation placed in the 100-year floodplain and regulatory floodway, as a surrogate for performing floodplain modeling to determine a no-rise condition. If the City requires the floodplain modeling, then we will need to provide a separate scope of services and determine whether this modeling will be based on FEMA's new unpublished study.
 - Document the flood hazard impact study in the stormwater management plan report and also complete a Special Flood Hazard Area Development permit application for the City's review and approval.
 - SWPPP Manual for use by the City and the selected contractor to perform and document construction phase stormwater management, including providing a document identifying the long-term inspection and maintenance of post- construction Stormwater Control Practices (SCP). The SWPPP manual will consist of information collected from the project's engineering plan, local governing approved erosion control plan, post-construction storm water management plan, inspection documentation, and Ohio EPA and Army Corps of Engineers permit applications. The SWPPP will

also include an appendix consisting of the post-construction SCP inspection and maintenance (I&M) plan providing guidance regarding proper inspection and maintenance of the post-construction SCPs and associated reporting requirements, meeting local and state criteria. The I&M manual shall be prepared for the permittee to provide to the post-construction operator prior to the completion of construction activities and prior to the submittal of the Ohio EPA Notice of Termination (NOT) application. The I&M Plan shall be comprised of the following components:

- Designate the entity responsible for the inspection and maintenance of the post- construction SCP's.
- Provide a schedule of inspection frequency.
- Identify maintenance action items.
- Identify any necessary legal binding maintenance easements and agreements.
- Include details of the post-construction SCP's.
- Include a site map identifying the location of the SCP's and access and maintenance easements.
- ▼ NPDES general permit Notice of Intent application (NOI) for the Ohio EPA for earth disturbing activities. The NOI will be prepared using the eBusiness Center website provided by the Ohio EPA. The City shall be responsible for accessing the eBusiness center website and completing the application process, including paying the required fee.

Task 3 Deliverables:

- 60% and 90% Construction Documents and Cost Estimate Review Meetings
- Plan submittals to the City of Reynoldsburg for approvals. Up to two (2) submittals are included in our base scope of services. Additional review cycles, if required, shall be billed on an hourly basis.
- 100% Construction Documents and Specifications
- Final Cost Estimate

This is what it cost the City of Reynoldsburg W/O Combination jet Vac equipment. There is a 2 to 3 hours wait for OUP other Utilities before we can dig. Please Keep in Mind that these numbers are conservative. None of this information includes overtime pay or overtime holiday pay. These totals are for the whole year.

MB=Main Breaks

	MB	Hrs	Minutes	Tot Gal	Cost/year	Staff hrs	Staff cost		Total Cos
2016	24	96	5760	432,000	\$226,973	384	\$ 8,448		\$235,421
2017	36	144	8640	648,000	\$344,791	576	\$12,960		\$357,751
2018	40	160	9600	720,000	\$387,914	640	\$14,720		\$402,634
2019	25	100	6000	450,000	\$245,455	400	\$ 9,400		\$254,855
Total of 4 yrs									\$1,250,661

*Its assumed that each leak has running water at 75 gpm

*each break is assumed 4 hrs. to fix with the water running at 60 psi and all pipe is 8" with an ¾ to 1 inch opening most breaks are worse than that and required 3 cubic yards of gravel aggregates with a 1 ton of top soil

* with the 3 cubic yards and top soil this gives us close to the amount needed to remove with a back hoe.

*Its assumed the average wage per hour is 22.00 to 23.50 and 4 staff members on the break

Since the Hydro Excavate / Vac Equipment is a non-destructive form of digging, OUPS is not required and work on the Break can start right away. Saving 2 to 3 hours of time. Time is Money lost. Also would only require 2 staff members to run the equipment.

This would have been the City of Reynoldsburg Cost if we'd had this piece of equipment. Less time to fix break, Half the Staff, less labor, less water loss, more efficient, This piece of equipment will reduce the amount of dirt required to dig to fix break.

This Piece of equipment has a 15-year life expectancy This Chart clearly shows that it would have paid for its self-over 3 years.

	MB	Hrs.	Minutes	Tot Gal	Cost/year	Staff hrs.	Staff cost		Total Cos

Total of 4 yrs									\$ 613,949
Difference								\$636,712.00	

This does not include the cost saving to the dig area, work that will be perform with it that was performed with backhoe and Mini excavator. Like Curb, box repair, adjustment, replacement 2 days waiting on OUPS 2 to 4 hours to fix old way. New Equipment 45 minutes to 1.5 hrs. Valve Boxes, Fire hydrants same way.

I am sure there is a lot more than these few areas that I listed that we will use this equipment! To save Money and Time.

ORDINANCE REQUEST

DATE: **November 8, 2021**

TO: **Public Service and Transportation Committee**

RE: City of Columbus is charging us a 5% increase in sewer rates for 2022. We will be increasing our sewer rate 1% higher than Columbus to allow for inflation and cost of living increases from 2021 for the City of Reynoldsburg and to maintain the City's costs and ability to complete maintenance projects.

I am requesting an ordinance authorizing to increase 2022 wastewater rate from (\$8.96) per 1,000 gallons, to nine dollars and fifty cent (\$9.50) per 1,000 gallons of usage. It is a 6% increase from 2021.

Amend Wastewater Rate Schedule 6%, which increase to all Wastewater users, this increase is 1 % over City of Columbus rate.

Dear Mayor Begeny:

The purpose of this letter of intent is to set forth the general terms and conditions under which The Daimler Group, Inc., an Ohio corporation, and/or its assignee (the "Buyer"), would be prepared to enter into a Purchase and Sale Agreement with The City of Reynoldsburg, Ohio (the "Seller") for the purpose of purchasing approximately 4 to 5-acres out of the above-referenced property—generally located along the north side of Main Street at the westerly-most portion of such property (herein, the "Property"). Such general terms and conditions are as follows:

- The Property:* Approximately 4 to 5-acres out of Franklin County parcel #060-003828-00, as depicted on Exhibit A attached hereto, with the metes and bounds description of the configuration of that portion, to be mutually agreed upon between Buyer and Seller.
- Purchase Price:* \$190,000 per acre (included within such final configuration), excluding (i) any acreage located within an existing public right of way (ii) any acreage located within a wetland or below the high water mark of any streams or creeks, (iii) any acreage used for any easements that would prevent the Buyer from developing the Property for its intended purpose. The purchase price will be payable at closing, in cash or by wire transfer in immediately available funds. The Buyer will purchase the 100% fee simple interest in the Property.
- Earnest Money:* Within three (3) business days of the execution of the Purchase and Sale Agreement, Buyer will post an Earnest Money Deposit in the amount of \$25,000 ("Earnest Money Deposit"), which will be held by Esquire Title Services, Inc. through Karen Lash, in an interest bearing escrow account which shall accrue to the benefit of Buyer. The Earnest Money Deposit will be fully refundable to Buyer until the end of the Due Diligence Period, as the same may be extended, upon which time the Earnest Money Deposit will be non-refundable in the event Buyer defaults and fails to close on the Property. The Earnest Money Deposit, along with any interest thereon, will be applied to the Purchase Price at closing.
- Due Diligence Period:* 180 days commencing upon the execution of the Purchase and Sale Agreement. Seller shall have the right to extend the Due Diligence Period for an additional 60 days by depositing \$10,000 as additional Earnest Money Deposit prior to the expiration of the initial 180 days. .

Seller shall cooperate in making the Property reasonably available for such inspection(s). Seller will deliver to Buyer all of the Property's documents in its possession, including but not limited to those items listed in Exhibit B within five (5) business days of execution of the Purchase and Sale Agreement.

Attachment: Daimler Letter of Intent (Daimler Letter of Intent)

Title: At closing, Seller would convey to Buyer good, record, marketable and insurable fee simple title to the Property free of all liens, encumbrances, survey defects and claims of any kind except title matters that Buyer would specifically accept. Any existing financing or other monetary liens currently encumbering the Property would be retired prior to closing. Any prepayment penalties or other charges in conjunction with the repayment of any existing financing would be the responsibility of the Seller. At closing an owner's title insurance policy (with endorsements satisfactory to Buyer) would be issued to Buyer showing only encumbrances approved during the title diligence process.

Each party shall indemnify the other against claims by any broker or agent arising out of the action of the indemnifying party.

Closing Date: 30 days after the expiration of the Due Diligence Period, as the same may be extended.

Purchase & Sale Agreement (PSA): Buyer will provide initial draft of the PSA within 7 business days of Seller accepting this offer. The PSA will contain the business terms as outlined in this Letter of Intent. The PSA shall also contain a provision that Buyer retains design review and use approval over the development and construction of any portion of the balance of the overall parcel—the intent of the foregoing is that Buyer (or more specifically Buyer's intended medical office building use) desires to ensure that it is locating the proposed medical building adjacent to a use that will not detrimentally impact its' use.

This letter is not intended to be, nor should it be construed as, a contract or an offer, the intention of the parties being that no contract shall arise unless and until such time as a formal and definitive Purchase and Sale Agreement acceptable to both parties has been completed, executed and delivered.

This letter supersedes all previous letters, documents or verbal communications delivered as expressions of intent with respect to the Property by either party to the other.

As part of the Affordable Care Act, health insurance issuers and group health plans are required to provide a Summary of Benefits and Coverage (SBC) to all participants (and their dependents if they reside at a different address).

The SBC(s) applicable to your current plan(s) will be available on EmployerLink or from your sales representative or broker. As the plan sponsor, you are responsible for distributing SBCs to your participants with other written application materials during open enrollment. An SBC must be provided for each benefit package in which a participant or dependent is eligible. Please review your applicable SBC(s) carefully. If you make a change that affects the information in your SBC, please contact your sales representative or broker to initiate the change and ensure new SBCs are available for your open enrollment period.

INTRODUCTION OF PERSONNEL PROCEDURE MANUAL

The provisions of this Personnel Procedure Manual (Manual) are applicable to all City employees, unless otherwise specified or governed by a collective bargaining agreement. The Manual is not a contract of employment or a guarantee of any rights or benefits, but is merely intended to be used to assist and guide employees in the day-to-day directions and performance of their duties.

The policies adopted in this Manual supersede all previous written and unwritten personnel policies or operational guidelines that directly conflict with this Manual, excluding Charter provisions and ordinances adopted by City Council, including Chapter 160, which may be amended from time to time. This Manual is also intended to be construed in such a manner as to comply with all applicable federal, state, and civil service laws and regulations. Employees are responsible, as a condition of their employment, to familiarize themselves with, and abide by, these policies and procedures.

The City may revise these policies with or without advance notice. The City will attempt to give employees advance notice of any Manual changes. Notice of revisions shall be provided to all employees.

If any article or section of this Manual is held to be invalid by operation of law, the remainder of this Manual and amendments thereto shall remain in force and effect. Should a conflict arise between the Ohio Revised Code (O.R.C.), applicable federal law, or applicable local law and this Manual, law shall prevail. Additionally, should a direct conflict exist between this Manual and a Collective Bargaining Agreement, the Bargaining Agreement shall prevail.

Questions regarding the interpretation and application of these policies and procedures contained herein shall be directed to the employee's Department Head/Supervisor with input from the Human Resources Director.

In addition to the policies and procedures contained herein, each department and/or division of the City may have operational rules and/or policies in writing or practice that are unique to that department or division which are not covered by this Manual. Employees are responsible for complying with those departmental or divisional rules and policies, in addition to the policies and procedures contained herein.

All supervisory personnel responsible for administering the policies and procedures contained in this Manual. Supervisory personnel shall administer all policies and procedures contained herein to ensure compliance by subordinate personnel.

EQUAL EMPLOYMENT OPPORTUNITY POLICY

The City is an equal opportunity employer and does not discriminate on the basis of race, color, religion, sex, age, national origin, disability, military status, genetic testing, or other unlawful bias except when such a factor constitutes a bona fide occupational qualification (“BFOQ”). All personnel decisions and practices including, but not limited to, hiring, suspensions, terminations, layoffs, demotions, promotions, transfers, and evaluations, shall be made without regard to the above listed categories.

The City does not tolerate any conduct that intimidates, harasses, or otherwise discriminates against any employee or applicant for employment on the grounds listed above. Anyone who feels that their rights have been violated under this policy should submit a written complaint of discrimination to the Human Resources Director, who shall have the authority and responsibility to investigate and take appropriate action concerning the complaint.

AMERICANS WITH DISABILITY ACT

The City prohibits discrimination in hiring, promotions, transfers, or any other benefit or privilege of employment, of any qualified individual with a permanent disability. To be considered a qualified individual, the employee must satisfy the requisite skills, experience, education and other job-related requirements of the position he holds or desires and must be able to perform the essential functions of his position, with or without a reasonable accommodation.

The City will provide reasonable accommodation to a qualified applicant or employee with a disability unless the accommodation would pose an undue hardship on or direct threat to the facility. Decisions as to whether an accommodation is necessary and/or reasonable shall be made on a case-by-case basis after engaging in an interactive process. An employee who wishes to request an accommodation shall direct such request to the HR Director, or EEO/ADA Coordinator, each of whom shall have the authority and responsibility to investigate and take appropriate action. Requests for accommodation should be in writing to avoid confusion; however, verbal requests will be considered. The employer and employee will meet and discuss whether an accommodation is appropriate and, if applicable, the type of accommodation to be given.

Any employee who feels that his rights have been violated under this policy should submit a written complaint as set forth in the Unlawful Discrimination and Harassment Policy.

Definitions

Sex-Based Discrimination

Sex discrimination involves treating someone unfavorably because of that person's sex. Discrimination against an individual because of gender identity, including transgender status, or because of sexual orientation is discrimination because of sex in violation of Title VII, which protect lesbian, gay, bisexual, and transgender (LGBT) applicants and employees against employment bias.

Unlawful discrimination occurs when individuals are treated less favorably in their employment because of their membership in a protected classification. An employer may not discriminate against an individual with respect to the terms and conditions of employment, such as promotions, raises, and other job opportunities, based upon that individual's membership in that protected class.

Harassment is a form of discrimination. Harassment may be generally defined as unwelcome conduct based upon a protected classification. However, harassment becomes unlawful where:

1. Enduring the offensive conduct becomes a condition of continued employment.
2. The conduct is severe or pervasive enough to create a work environment that a reasonable person would consider intimidating, hostile, or abusive.

Examples.

By way of example, sexual harassment is one type of unlawful harassment. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

1. Submission to the conduct is made either explicitly or implicitly a term or condition of an individual's employment.
2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual.
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive work environment. Harassment on the basis of an employee's membership in any protected classification (as set forth above) is unlawful, will not be tolerated, and must be reported.
4. Unlawful discrimination and harassment does not generally encompass conduct of a socially acceptable nature. However, some conduct that is appropriate in a social setting may be inappropriate in the work place. A victim's perceived acquiescence

in the behavior does not negate the existence of unlawful discrimination or harassment. Inappropriate conduct that an employee perceives as being “welcome” by another employee may form the basis of a legitimate complaint.

5. Additional examples of unlawful sexual harassment may include, but are not limited to: repeated unwanted and/or offensive sexual flirtations, advances or propositions; verbal abuse; graphic comments; display of objects, pictures or displays through other media; offensive, abuse and/or unwanted physical contact.

UNLAWFUL DISCRIMINATION AND HARASSMENT

The City is committed to providing an environment that is safe and free from unlawful discrimination and harassment. Unlawful discrimination or harassment is behavior directed toward an employee because of his membership in a protected class such as: race, color, religion, sex, age, national origin, disability, military status, genetic testing, or other unlawful bias. Discrimination and harassment is inappropriate and illegal and will not be tolerated. All forms of unlawful discrimination and harassment are governed by this policy and must be reported and addressed in accordance with this policy. Unlawful discrimination and/or harassment may be committed against employees by elected officials, department heads, supervisors, co-workers, or members of the public. Further, unlawful discrimination and/or harassment may occur on-duty or off-duty.

Off Duty Conduct

Unlawful discrimination or harassment that affects an individual’s employment may extend beyond the confines of the workplace. Conduct that occurs off duty and off premises may also be subject to this policy. Employees are also cautioned that conduct off-duty and online may be constitute unlawful discrimination or harassment.

REPORTING HARASSMENT OR DISCRIMINATION

It is the responsibility of the City to maintain an environment that is free from unlawful discrimination or harassment. Employees who feel they have been subject to unlawful discrimination or harassment by a fellow employee, supervisor, or other individual otherwise affiliated with the City shall immediately report the conduct, in writing, the Human Resources Director, who shall have the authority and responsibility to investigate and take appropriate action concerning the complaint. Similarly, employees who feel they have knowledge of discrimination or harassment, or who have questions or concerns regarding discrimination or harassment, shall immediately contact their supervisor. Late reporting of complaints and verbal reporting of

complaints will not preclude the City from taking action. However, so that a thorough and accurate investigation may be conducted, employees are encouraged to submit complaints in writing and in an expedient manner following the harassing or offensive incident. All supervisors are required to follow up on all claims or concerns, whether written or verbal, regarding unlawful discrimination and harassment.

Although employees may confront the alleged harasser at their discretion, they are also required to submit a written report of any incidents as set forth above. When the City is notified of the alleged harassment, it will timely investigate the complaint. The investigation may include private interviews of the employee allegedly harassed, the employee committing the alleged harassment and any and all witnesses. Information will be kept as confidential as practicable, although confidentiality is not guaranteed. All employees are required to cooperate in any investigation. Determinations of harassment shall be made on a case-by-case basis. If the investigation reveals the complaint is valid, prompt attention and disciplinary action designed to stop the harassment and prevent its recurrence will be taken.

Retaliation.

Anti-discrimination laws prohibit retaliatory conduct against individuals who file a discrimination charge, testify, or participate in any way in an investigation, proceeding, or lawsuit under these laws, or who oppose employment practices that they reasonably believe discriminate against protected individuals, in violation of these laws. The law also prevents retaliatory conduct against individuals who are close friends or family members with an individual who engaged in protected conduct. The City and its supervisors and employees shall not in any way retaliate against an individual for filing a complaint, reporting harassment, participating in an investigation, or engaging in any other protected activity. Any employee who feels he has been subjected to retaliatory conduct as a result of actions taken under this policy, or as a result of his relationship with someone who took action under this policy shall report the conduct to their supervisor immediately. Disciplinary action for filing a false complaint is not a retaliatory act.

False Complaints.

Legitimate complaints made in good faith are strongly encouraged; however, false complaints or complaints made in bad faith will not be tolerated. Failure to prove unlawful discrimination or harassment will not constitute a false complaint without further evidence of bad faith. False complaints are considered to be a violation of this policy.

Corrective Action.

If the City determines unlawful discrimination, harassment, or retaliation has taken place, appropriate corrective action will be taken, up to and including termination. The corrective action will be designed to stop the unlawful conduct and prevent its reoccurrence. If appropriate, law enforcement agencies or other licensing bodies will be notified. Any individual exhibiting retaliatory or harassing behavior towards an employee who exercised a right under this policy, or who is a close personal friend or family member of someone who exercised a right under this policy, will be subject to discipline, as will any employee who has knowledge of unlawful conduct and allows that conduct to go unaddressed.

Coverage.

This policy covers all employees, supervisors, department heads and elected officials. Additionally, this policy covers all suppliers, subcontractors, residents, visitors, clients, volunteers and any other individual who enters City property, conducts business on City property, or who is served by City personnel.

EMPLOYEE CONDUCT

A fair, inclusive and respectful workplace is vital to all individuals and is essential to the success of the staff of the City of Reynoldsburg. Therefore, the City of Reynoldsburg is committed to promoting an environment where employees respect each other regardless of their roles or responsibilities, or the nature of their contributions.

Every employee of the City of Reynoldsburg has the right to work in a respectful workplace. In order to promote and sustain a workplace where all employees are treated with respect and dignity, regardless of their status or position, each employee is expected to show respect in all interactions with coworkers of interpersonal behavior, communication and professionalism.

CLASSIFICATION STATUS

The classified service shall comprise all City employees not specifically included in the unclassified service. Following completion of the probationary period of one (1) year, no classified employees shall be reduced in pay or position, fined, suspended or removed, or have his or her longevity reduced or eliminated, except and for those reasons set forth in the civil service law, or local law. Such reasons include: incompetency, inefficiency, dishonesty, drunkenness, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, violation of any policy or work rule of the City, any other failure of good behavior, any other acts of misfeasance, malfeasance or nonfeasance in office, or conviction of a felony, except for just cause.

Unclassified employees serve at the pleasure of the City and may be terminated or otherwise separated from employment for any reason not inconsistent with law. An unclassified employee may not be rendered classified due to the provisions of this Manual.

PROBATIONARY PERIOD

Newly hired or newly promoted employees in the classified service shall be required to successfully complete a one (1) year probationary period. The probationary period allows the City to closely observe and evaluate the employee's fitness and suitability for the position. Only those employees who demonstrate an acceptable standard of conduct and performance shall be retained in their positions.

A newly hired probationary period may be removed at any time during their probationary period due to unsatisfactory work performance. If an employee is removed during their original appointment probationary period, the employee lacks any appeal rights. Time spent on inactive pay status or non-paid leave of absence shall not be counted toward the completion of the probationary period. An employee's probationary period may be extended due to time spent in inactive pay status or on a non-paid leave of absence.

Employees working irregular schedules and intermittent employees shall have a one (1) year probationary period.

The failure of a promoted employee to complete a probationary period due to unsatisfactory performance shall result in the employee being returned to the same or similar position he held at the time of his promotion.

Unclassified employees serve at the pleasure of the appropriate appointing authority and do not serve a probationary period. Nothing contained in this policy should be considered a waiver of the right to remove an unclassified employee consistent with law.

REDUCTION IN FORCE

If it becomes necessary to reduce staffing levels by layoff or job abolishment due to lack of work, lack of funds, reorganization or other justified business reason, the City shall lay off employees in accordance with law. The City shall determine the number of positions and the classifications in which layoffs will occur. Employees may have recall rights for up to one (1) year.

MEDICAL EXAMINATIONS AND DISABILITY SEPARATION

All City employees are required and expected to maintain the appropriate physical and mental capacities to perform the essential functions of their job. The City may require an employee to take an examination, conducted by a licensed medical practitioner, to determine the employee's physical or mental capacity to perform the essential functions of his job, with or without reasonable accommodation. This examination may include a fitness-for-duty examination following an

employee's absence from work due to their own illness or injury. This examination shall be at the City's expense. If the employee disagrees with the City's licensed medical practitioner's determination, he may request to be examined by a second licensed medical practitioner of his choice at his own expense. If the reports of the two practitioners conflict, a third opinion shall be rendered by a neutral party chosen by the City and paid for by the City. The third opinion shall be controlling.

If an employee, after examination, is found to be unable to perform the essential functions of his position with or without reasonable accommodation, he may request use of accumulated, unused, paid and unpaid leave benefits, if applicable.

If a classified employee remains unable to perform the essential functions of his position after exhausting available leaves, he may request a voluntary disability separation. The City may require an employee seeking a voluntary disability separation to undergo a physical or psychological examination by a licensed medical practitioner of its choosing. If the examination supports the request for a voluntary disability separation, it will be granted.

If, after exhausting available leave, an employee refuses to request a voluntary disability separation, the City may place the employee on an involuntary disability separation if the City has substantial credible medical evidence to indicate that the employee remains disabled and incapable of performing the essential job duties. If the City seeks to involuntarily disability separate an employee, it may request that an employee submit to a medical or psychological examination to determine the employee's physical and mental capacity to perform the essential functions of their job. The employee must cooperate in this process. A failure to participate in the process may result in a finding that the employee is insubordinate which may result in discipline, up to and including termination. The City will select the licensed medical practitioner. While an examination is pending, the employee may be placed on administrative leave with pay.

If, after the examination, the City determines that the employee is incapable of performing the essential functions of the position, it shall institute the involuntary disability separation process. The City shall schedule a hearing with at least seventy-two (72) hours advance notice regarding whether the employee is capable of performing the essential functions of the position. The employee may waive the right to a hearing. However, if the employee chooses to have a hearing, the employee has the right to examine the City's evidence regarding the employee's ability to perform the essential functions of the position, rebut the City's evidence and/or present their own medical evidence.

If it is determined after the hearing that the employee is incapable of performing the essential functions of the position, the City shall issue an involuntary disability separation, which may be appealed to the City's civil service commission. However, if, after a hearing, it is determined that the employee is capable of performing the essential functions of their position, the employee shall be deemed fit for duty and returned to their position.

Employees that are disability separated have a two (2) year right to reinstatement. Any requests for reinstatement must be made in writing and include appropriate medical documentation to support the request. The City may require the employee to be examined by a licensed medical practitioner of its choosing. The City shall pay for the cost of its licensed medical practitioner. If it is determined that the employee is capable of performing the essential functions of the position, the employee shall be reinstated.

WORKPLACE ROMANCES

To avoid concerns of sexual harassment, preferential treatment and other inappropriate behavior, employees are required to inform the Human Resources Director if they currently are, or if they intend to become, romantically involved with a co-worker. Such relationships are not necessarily prohibited, but must be appropriately addressed. Should the City determine that a conflict exists between an employee's employment and a personal relationship with a co-worker, the City will attempt to work with the employees to resolve the conflict. Should operational needs prevent resolution, the relationship must cease or one or both of the parties must separate from employment. Supervisors are expressly prohibited from engaging in romantic or sexual relationships with any employee they directly, or indirectly, supervise.

NEPOTISM

Hiring

Although the employment of close relatives is discouraged, the City will receive employment applications from relatives of current employees. However, the following five (5) situations shall prevent the City from hiring a relative of a current employee:

1. If one relative would have supervisory or disciplinary authority over another.
2. If one relative would audit the work of another.
3. If a conflict of interest exists between the relative and the employee or the relative and the City.
4. If the hiring of relatives could result in a conflict of interest.
5. If one of the family members would have access to confidential material.

Employment

An employee is not permitted to work in a position where his supervisor or anyone within his chain of command is a relative. If such a situation is created through promotion, transfer or marriage, one of the affected employees must be transferred or an accommodation acceptable to the City must be established. Termination of employment will be a last resort. If two employees marry, they will be subject to the same rules listed above as other relatives.

The provisions of O.R.C. §§ 102.03 and 2921.42 render it unlawful for a public official to use his influence to obtain a benefit, including a job for her relative. Any violation of these statutes may result in criminal prosecution and/or disciplinary action. For purposes of the Article, the term “relative” shall include spouse, children, grandchildren, parents, grandparents, siblings, brother-in-law, sister-in-law, daughter-in-law, son-in-law, father-in-law, mother-in-law, stepparents, stepchildren, stepsiblings, and a legal guardian or other person who stands in the place of a parent to the employee.

ETHICS/CONFLICTS OF INTEREST

The proper operation of a democratic government requires that actions of public officials and employees be impartial, that government decisions and policies be made through the proper channels of governmental structure, that public office not be used for personal gain, and that the public have confidence in the integrity of its government. Ohio Revised Code §§ 102.03 and 2921.42 prohibit public employees from using their influence to benefit themselves or their family members. In recognition of the above-listed requirements, the following Code of Ethics is established for all City officials and employees:

- A. No employee shall use his official position for personal gain, or shall engage in any business or shall have a financial or other interest, direct or indirect, which is in conflict with the proper discharge of his official duties.
- B. No employee shall, without proper legal authorization, disclose confidential information concerning the property, government or affairs of the City, nor shall he use such information to advance the financial or other private interest of himself or others.
- C. No employee shall accept any valuable gift, whether in the form of service, loan, item or promise from any person, firm or corporation that is interested directly or indirectly in any manner whatsoever in business dealings with the City; nor shall an employee accept any gift, favor or item of value that may tend to influence the employee in the discharge of his duties or grant, in the discharge of the employee’s duties any improper favor, service or item of value.
- D. No employee shall represent private interests in any action or proceeding against the interest of the City in any matter wherein the City is a party.

- E. No employee shall engage in or accept private employment or render services for private interests when such employment or service is incompatible with the proper discharge of his official duties or would tend to impair his independent judgment or action in the performance of his official duties. Neither shall other employment, private or public, interfere in any way with the employee's regular, punctual attendance and faithful performance of his assigned job duties.

Any employee having doubt as to the applicability of these provisions should consult the Human Resources Director. Any employee offered a gift or favor who is not sure whether acceptance is a violation of the Code of Ethics, should inform his supervisor of the gift offer. No employee will accept from any contractor or supplier doing business with the City, any material or service for the employee's private use.

State law prohibits City employees and officials from having a financial interest in companies that do business with the City, with minor exceptions. Employees who have any doubt concerning a possible violation of these statutes are advised to consult an attorney.

PERSONNEL FILES AND INFORMATION

The City shall maintain personnel files for all City employees. Such files may include individual employment data, payroll information, schedules, records of additions or deductions, application forms, and records pertaining to hiring, promotion, demotion, transfer, layoff and termination. Personnel files shall be available to members of the public in accordance with the law. An employee shall have a right of reasonable inspection of his official personnel file. No personnel records shall be removed from the official records unless in accordance with state or federal law or in accordance with the City's retention of records policy.

When a public records request is made for an employee's records, the City will endeavor to inform the employee of the request in advance of the release of records. The City will make reasonable efforts to redact personal information, and other non- public information, from the files before release. Notifying the employee of the release may not result in an unreasonable delay in releasing the records pursuant to an appropriate request. Employees are responsible for taking legal action in the event they wish to prohibit release of the requested documents to the requesting individual or entity.

Employees must timely advise the City of any change in name, address, marital status, telephone number, number of tax exemptions, citizenship, or association with any government military service organization.

OUTSIDE EMPLOYMENT

Employees are required to notify their supervisor of any outside employment. No employee shall have outside employment, which conflicts in any manner with the employee's ability to properly and efficiently perform his duties and responsibilities with the City. Employees are expected to be at work and fit for duty when scheduled.

Employees are prohibited from engaging in secondary employment while on sick leave, disability leave, or family medical leave. Employees are strictly prohibited from engaging in or conducting outside private business during scheduled working hours and are further prohibited from engaging in conduct which creates a potential or actual conflict of interest with their duties and responsibilities as a City employee.

RESIGNATION

Employees may voluntarily resign in good standing by submitting a written letter of resignation to their Appointing Authority at least two (2) weeks in advance of the effective date of resignation. Such resignation letter should be signed, dated and include the expected date of resignation. A failure to provide the appropriate notice may result in an individual being ineligible for re-employment with the City.

Employees voluntarily resigning from the City are expected to return all City equipment/property to their supervisor on, or before, the date of their voluntary resignation. A failure to timely return City equipment/property may result in a delayed delivery of their final paycheck.

An employee that is absent without leave for three (3) or more consecutive days may be considered to have constructively resigned their employment with the City.

POLITICAL ACTIVITY

Although the City encourages all employees to exercise their constitutional rights to vote, certain political activities are legally prohibited for classified employees of the City whether in active pay status or on leave of absence. The following activities are examples of conduct permitted by classified employees:

- a. Registration and voting.
- b. Expressing opinions, either orally or in writing.

- c. Voluntary financial contributions to political candidates or organizations.
- d. Circulating non-partisan petitions or petitions stating views on legislation.

A. The following activities are examples of conduct prohibited by classified employees.

12. Participation in political caucuses of a partisan nature.
13. Participation in a political action committee that supports partisan activity.

Any employee having a question pertaining to whether specific conduct of a political nature is permissible should contact their immediate supervisor, or City Attorney, prior to engaging in such conduct.

PERFORMANCE EVALUATIONS

A written Performance Evaluation provides supervisors with an effective mechanism to measure and communicate levels of job performance to their employees. The City may conduct annual performance evaluations of employees. Evaluations, if conducted, will be based upon defined and specific criteria and will generally be reviewed with the employee by their supervisor or department head. The results will be discussed with the employee and the employee will be asked to sign the evaluation. An employee's signature will reflect their receipt of the evaluation, not their agreement with its contents. Should the employee refuse to sign, a notation will be made reflecting the date and time of the review along with the employee's refusal to sign. Employees may offer a written response to their performance evaluation. Such response, if given, will be maintained with the evaluation. Performance evaluations will be retained in the employee's personnel file.

Additional performance evaluations may be performed by the City at the City's discretion.

SOLICITATION

Individuals not employed by the City are prohibited from soliciting funds or signatures, conducting membership drives, distributing literature or gifts, offering to sell merchandise or services (except by representatives of suppliers or vendors given prior authority), or engaging in any other solicitation, distribution, or similar activity on the premises or at a worksite.

The City may authorize a limited number of fund drives by employees on behalf of charitable organizations or for employee gifts. Employees are encouraged to volunteer to assist these drives; however, participation is entirely voluntary.

The following restrictions apply when employees engage in permitted solicitation or distribution of literature for any group or organization, including charitable organizations:

- A. Distribution of literature, solicitation and the sale of merchandise or services is prohibited in public areas.
- B. Soliciting and distributing literature during the working time of either the employee making the solicitation or distribution, or the targeted employee, is prohibited. The term “working time” does not include an employee’s authorized lunch or rest periods or other times when the employee is not required to be working.
- C. Distributing literature in a way that causes litter on City property is prohibited.

The City maintains various communications systems to communicate City-related information to employees and to disseminate or post notices required by law. The unauthorized use of the communications systems or the distribution or posting of notices, photographs, or other materials on any City property is prohibited.

Violations of this policy will be addressed on a case-by-case basis. Disciplinary measures will be determined by the severity of the violation, not the content of the solicitation or literature involved.

PAYCHECKS

The City requires that all payroll checks be issued by way of Direct Deposit. It is the employees responsibility to inform the City of any changes, pay will be issued on the Friday following the end of a pay period, except when a regular payday falls on a holiday. If payday falls on a holiday, paychecks will be distributed the day immediately preceding the holiday. Pay advances are not permitted.

REPORTING TO WORK AND TARDINESS

Employees are expected to report for and remain at work as scheduled and to be at their work stations at their starting time. Employees who call off work for personal reasons should call off in advance of their starting time in accordance with procedures established by their Supervisor.

Employees who call off must make contact with their supervisor or designee each day of their absence unless they have made alternate arrangements. Calling off work in accordance with this procedure will not necessarily result in an employee receiving approved leave for their absence.

Tardiness may result in a reduction in the corresponding amount of pay for which the employee is late and/or discipline.

HOURS OF WORK AND OVERTIME

The City will establish the hours of work for all employees. Generally, the normal business hours will be 8:00 a.m. to 5:00 p.m. Work hours may vary by Department. Staff may be required to work days, evenings, nights and/or weekends due to operational needs. Additionally, each City Department may alter the work schedules, days off and shifts of employees based upon operational needs.

Due to federal regulations, employees who are not exempt from the overtime provisions of the Fair Labor Standards Act ("FLSA") are prohibited from signing in or beginning work before their scheduled starting time, or signing out/stopping work past their scheduled quitting time except with supervisory approval or in emergency situations. Additionally, non-exempt employees who receive an unpaid lunch period are prohibited from working during their lunch period except with supervisory approval or in emergency situations. Non-exempt employees who work outside their regularly scheduled hours in contravention of this rule shall be paid for all hours actually worked, but may be disciplined accordingly.

Failure to properly sign-in or sign-out as required, misrepresenting time worked, altering any time record, or allowing a time record to be altered by others will result in disciplinary action. However, supervisors may make adjustments to an employee's time sheet, as necessary.

Generally, employees not exempt from the overtime provisions of the FLSA shall be compensated for overtime for all hours worked in excess of forty (40) in any one work week, regardless of the employee's regularly scheduled work day. Overtime shall be compensated at a rate of one and one-half times the employee's regular rate of pay for overtime worked, including time spent in paid status, unless otherwise noted.

The City may require overtime as a condition of continued employment. An employee who refuses to work a mandatory overtime assignment may be considered insubordinate and disciplined accordingly. Additionally, the City may authorize or require employees to work a flexible schedule in a work week. For overtime-eligible employees, a flexible schedule must occur within a single forty-hour workweek.

Employees who are exempt from the overtime provisions of the FLSA are not eligible for overtime payment. Such exemptions may include employees whose job duties are executive, administrative

or professional in nature. At the discretion of the appointing authority, exempt employees may be required to keep track of, and report, their hours without destroying their exempt status. However, generally, exempt employees will not have a reduction in pay for absences of less than an entire work period of five (5) days. Absences will first be deducted from the employee's accumulated sick leave (if appropriate), vacation leave or other paid leave. The following positions have been determined to be exempt from the overtime provisions of the FLSA:

Safety Director	Service Director
Development Director	Parks & Recreation Director
Computer Systems Director	Tax Administrator
Human Resources Director	Superintendent of Streets
Chief Building Official	Clerk of Courts
Superintendent of Water/Wastewater	Planning and Zoning Administrator
Chief of Police	Director of Senior Center
Deputy Chief of Police	Assistant City Attorney
Finance Manager	Assistant City Prosecutors

COMPENSATORY TIME

Employees may choose to take compensatory time for overtime worked in lieu of compensation if such choice is indicated during the pay period in which the overtime is worked and the request is approved by the Appointing Authority or designee.

- a. Compensatory time shall be credited to employees who are eligible for overtime pay at the rate of one and one-half (1½) hour for each overtime hour worked.
- b. Employee's compensatory time balance shall be limited to a maximum of 100 hours, therefore, they would have to use some of the compensatory time before they could accumulate more. Once an employee reaches 100 hours, they must take over-time pay until they drop below 100 hours.
- c. Employees shall have the option of receiving a cash payment for any or all hours accrued but unused compensatory time in that calendar year. Request for payout of comp time must be submitted by the 15th of October. The payment will be made at the employee's current

rate of pay and will be paid no later than mid-November of that year.

- d. Any hours which are not paid out will be carried over to the next calendar year and will be subject to a 100 hour maximum refillable bank for the following year.
2. Any overtime pay earned as a result of this section must be within the limits appropriated by City Council.
3. In case of death of an employee, any earned overtime hours worked credited to such employee shall be paid to the surviving spouse, or to the estate of the deceased, if there is no surviving spouse.
4. Upon separation from employment with the City for any reason, the employee (or spouse or estate upon employee's death) shall be entitled to payment for any accrued but unpaid overtime hours, including compensatory time hours accrued but not used. Such payment shall be at the overtime rate applicable to the employee's current rate of pay at the time of separation.

CALL-IN PAY

When an employee is called back to work by his supervisor for hours not abutting their regular work hours, the employee shall receive a minimum of ~~two (2)~~ three (3) hours pay at the employee's overtime rate. If the employee is called-in and works more than ~~two (2)~~ three (3) hours, the employee shall be paid their overtime rate for all hours worked.

EMERGENCY HOLIDAY CALL IN PAY

Employees that are called in due to an emergency on any of the City recognized holidays will be paid two (2) times their rate of pay plus the holiday pay.

INCLEMENT WEATHER

The City recognizes that on certain days it may not be possible to report to duty due to inclement weather caused by excessive snow, ice or other weather conditions.

When snow, ice, or other weather conditions make travel to and from work difficult, but it is not severe enough to close the City, employees are encouraged to make reasonable efforts to report to work as scheduled. Employees will be compensated in the following manner for these types of weather conditions:

- A. Employees reporting for work as scheduled will be paid at their regular rate of pay for all hours actually worked.
- B. Employees not scheduled to work, but who are called-in, shall be paid consistent with the Call-In Pay Policy for all hours worked.
- C. Employees who are scheduled to work and who make a reasonable attempt to report to work, but are unable to due to weather conditions, shall notify their immediate supervisor as soon as possible. Employees unable to report to work may:
 - a. Request to use accrued vacation or personal leave for the period of absence, subject to the approval of their supervisor, or Department Head;
 - b. Request a personal leave of absence without pay for the period of absence, subject to the approval of their supervisor, or Department Head;
 - c. Employees failing to report during inclement weather without notifying their supervisor, or Department Head, may be subject to discipline for being absent without leave.

In cases when weather conditions are severe enough to cause the Sheriff of the County of the employee's residence to issue a Level III emergency, or for the Mayor to officially close the City and/or non-continuous operating City facilities, the following apply:

- A. Employees who were scheduled to work, but are unable to do so due to the closure, shall suffer no loss of pay;
- B. If the office or facility is closed due to a Level III emergency and the employee is required to leave early, the employee shall suffer no loss of pay for the remainder of their regularly scheduled shift;
- C. If the Level III emergency is lifted during the shift, after the employee has already been notified not to report, the employee will suffer no loss of pay for the entire shift.

Employees working in facilities that operate 24-hours per day on a continuous basis shall make every reasonable effort to report to work, even during Level III emergencies, so long as the employee can report in a safe manner. The following procedures apply to employees employed in continuous operating facilities and to other employees that may be required to report, such as building and grounds personnel:

- A. An employee reporting to work shall be paid their regular hourly rate for all hours worked, plus receive, hour-for-hour, an additional hour of pay or compensatory time for each non-overtime hours worked on their regular shift (double-time);
- B. Employees scheduled to work, but unable to report for their regular shift, shall suffer no loss of pay for their regularly scheduled shift;

The City may offer to transport essential employees during a weather emergency to adequately staff continuous and essential operations facilities. Such employees shall be required to accept the

offer of transportation. An employee refusing transportation will be deemed to be absent without leave.

Employees attempting to arrive at work during inclement weather, or a weather emergency, will be given reasonable consideration in the event that they arrive late for work.

Employees already on approved leave during the day of inclement weather, or weather emergency, shall remain on leave and not be eligible for any benefits provided by this policy.

EDUCATIONAL ASSISTANCE INCENTIVE PROGRAM

All full-time employees are eligible to participate in the Educational Assistance Incentive Program of the City. Participation is voluntary and available to those who elect job-related self-development activities during non-working hours. All coursework must be taken in accordance with a Planned Program of Professional Improvement approved by the appointing authority in advance.

An employee who has received educational assistance must remain an employee for one (1) year following completion of the courses for which assistance was received. Should an employee separate from service with the City within the one (1) year period, except in the event of a disability retirement, that employee must repay any assistance received in the one (1) year period.

SICK LEAVE

Accumulation

Each employee shall be entitled for each completed eighty (80) hours of service to sick leave of four and six-tenths (4.6) hours of pay, and unused sick leave may be accumulated without limit. Previous accumulated sick leave of an employee who has separated from public service shall be re-credited if reemployment in public service takes place within ten (10) years of the last termination from public service and the employee provides proof of the prior leave balance. An employee who transfers from one public agency to another shall be credited with their balance of unused sick leave upon the showing of proof of sick leave from the employee's prior agency. Sick leave shall be at the employee's current rate of pay.

Use

Sick leave may be used by employees and upon approval of the City for absences due to the following:

1. Illness, injury, or pregnancy-related medical condition of the employee.

2. Exposure of an employee to a contagious disease which could be communicated to and jeopardize the health of other employees.
3. Examination of the employee, including medical, psychological, dental, or optical examination, by an appropriate licensed medical practitioner.
4. Death of a member of the employee's immediate family. Such usage shall be limited to reasonably necessary time, not to exceed three (3) days. The City may grant additional time off on a case-by-case basis.
5. Illness, injury, or pregnancy-related medical condition of a member of the employee's immediate family where the employee's presence is reasonably necessary for the health and welfare of the employee or affected family member.
6. Medical, dental or optical examinations or treatments of an employee or of a member of an employee's immediate family where the employee's care and attendance is reasonably required.

Elective cosmetic surgeries that are not medically necessary do not constitute an appropriate usage of sick leave. Other appropriate leaves of absence, such as vacation, may be requested for such purposes.

For purposes of sick leave, immediate family is defined as the following individuals that either live in your home or you are the primary person responsible for their care: grandparent; great-grandparents; brother; sister; brother-in-law; sister-in-law; daughter-in-law; son-in-law; father; mother; father-in-law; mother-in-law; spouse; child; step-child; step-parent; grandchild; legal guardian; or other person who stands in place of a parent.

Grandparent-in-law, aunts and uncles shall also be considered immediate family for bereavement leave purposes. Such usage shall be limited to reasonably required time, not to exceed one (1) day. The City may grant additional time off on a case-by-case basis not to exceed three (3) days.

Employee Notification

When an employee is unable to report to work due to illness or other acceptable sick leave reason, he shall notify his supervisor. An employee must continue such notification each succeeding day of absence except in cases of prolonged illness or absence where the employee has been granted a set period of leave. Failure of an employee to make proper notification may result in denial of sick

leave and/or appropriate disciplinary action. The City reserves the right to investigate any employee request for sick leave.

Written Statement

The City may require the employee to furnish a satisfactory signed statement to justify the use of sick leave. Proof of illness, such as a doctor's excuse, may be required when the City believes absence to be excessive, chronic, patterned, or abusive. A satisfactory licensed medical practitioner's certificate may be required at any time, but will generally be required in each case when an employee has been absent more than three (3) consecutive days. When a licensed medical practitioner's certificate is required, it must be submitted to the Human Resources Director before an employee will be permitted to return to work from leave. The licensed medical practitioner's certificate must be signed personally by the treating practitioner, and must verify that the employee was unable to work during the period in question, not simply that the employee was "under the doctor's care." For absences where a licensed medical practitioner's certificate is not required, the employee must submit a written statement to the Human Resources Director explaining the nature of the illness.

Sick Leave Abuse

Application by an employee for sick leave through fraud or dishonesty will result in denial of such leave together with disciplinary action up to and including dismissal. Patterns of sick leave usage immediately prior or subsequent to holidays, vacation, days off and/or weekends or excessive sick leave usage may result in sick leave denial and appropriate disciplinary action. The City reserves the right to investigate allegations of sick leave abuse. The City reserves the right to question employees concerning their sick leave use. Whenever an employee is on sick leave, he/she must be at home during his/her scheduled work hours or obtaining treatment or medication.

Uses of Other Leave

Other accumulated unused leaves may be used for sick leave purposes, at the discretion of the City. An employee who becomes sick while on vacation may apply to use sick leave time instead of vacation days for the illness.

Sick Leave Conversion

An employee with at least ten (10) years of service to the City, upon actual retirement or resignation from the City, with at least two (2) weeks prior notice to the City or upon death, shall be paid for his or her accumulated but unused sick leave as follows:

- a. Employees who have completed at least ten (10) years of service to the City shall be entitled to 25% of their accumulated but unused sick leave, not to exceed 320 hours.
- b. Employees who have completed at least 15 years of service to the City shall be entitled to 30% of their accumulated but unused sick leave, not to exceed 540 hours.
- c. Employees who have completed at least 20 or more years of service to the City shall be entitled to 40% of their accumulated but unused sick leave, not to exceed 760 hours.
- d. Employees who have completed at least 25 years of service to the City shall be entitled to 50% of their accumulated but unused sick leave, not to exceed 880 hours.

Employees hired after January 1, 1998, shall not have sick leave earned with another entity other than the City counted for purposes of sick leave conversion. Moreover, sick leave used by an employee of the City will be charged first against any sick leave earned as an employee of City, so that an employee may not first use up sick leave brought from another entity in order to save up the sick leave earned with City for cash-in.

In the case of an employee's death, the employee's spouse, or, secondarily, his or her estate, shall receive this payment.

If an employee is killed in the line of duty, the employee's spouse, or, secondarily, his or her estate, will be paid an amount equal to 100% of the deceased employee's accumulated but unused sick leave.

All payments under this section shall be based on the employee's rate of pay at the time of retirement or death, or other separation, and the documented hours of unused sick leave reflected in the records maintained by the City.

Payment under this policy shall be considered to eliminate all sick leave credit accrued by the employee at the time of payment.

Medical Information

The City will maintain employees' medical information in a separate medical file and will treat the information in a confidential manner. Employees who are concerned that their medical information is not being treated in a confidential manner should report such concerns to the Human Resources Director.

FAMILY MEDICAL LEAVE ACT ("FMLA")

Statement of Policy.

Eligible employees may request time off for family and/or medical leave of absence with job protection and no loss of accumulated service provided the employee meets the conditions outlined in this policy and returns to work in accordance with the Family and Medical Leave Act of 1993.

Definitions.

As used in this policy, the following terms and phrases shall be defined as follows:

1. "Family and/or medical leave of absence": An approved absence available to eligible employees for up to twelve (12) weeks of unpaid leave per year under particular circumstances. Such leave may be taken only for the following qualifying events:
 - a. Upon the birth of an employee's child and in order to care for the child.
 - b. Upon the placement of a child with an employee for adoption or foster care.
 - c. When an employee is needed to care for a family member who has a serious health condition.

2. Service Member Leave: The spouse, parent or child of a member of the U.S. military service is entitled to twelve (12) weeks of FMLA leave due to qualifying exigencies of the service member being on "covered active duty" or receiving a "call to covered active duty" In addition, a spouse, child, parent or next of kin (nearest blood relative) of a service member is entitled to up to twenty-six (26) weeks of leave

within a “single twelve (12)-month period” to care for a service member with a “serious injury or illness” sustained or aggravated while in the line of duty on active duty. The “single twelve (12)-month period” for leave to care for a covered service member with a serious injury or illness begins on the first day the employee takes leave for this reason and ends twelve (12) months later, regardless of the twelve (12) month period established for other types of FMLA leave.

3. “Per year”: A rolling twelve (12) month period measured backward from the date an employee uses any leave under this policy. Each time an employee takes leave, the employer will compute the amount of leave the employee has taken under this policy, and subtract it from the twelve (12) weeks of available leave. The balance remaining is the amount the employee is entitled to take at the time of the request. For example, if an employee used four (4) weeks of FMLA leave beginning February 4, 2009, four weeks beginning June 1, 2009, and four weeks beginning December 1, 2009, the employee would not be entitled to any additional leave until February 4, 2010.
4. “Serious health condition”: Any illness, injury, impairment, or physical or mental condition that involves:
 - a. Inpatient care.
 - b. Any period of incapacity of more than three consecutive calendar days that also involves:

 - ii. Treatment by a health care provider on one occasion that result in a regimen of continuing treatment under the supervision of a health care provider.
 - c. Any period of incapacity due to pregnancy or for prenatal care.
 - d. A chronic serious health condition which requires at least two “periodic” visits for treatment to a health care provider per year and continues over an extended period. The condition may be periodic rather than continuing.

- e. Any period of incapacity which is permanent or long term and for which treatment may not be effective (i.e. terminal stages of a disease, Alzheimer's disease, etc.).
 - f. Absence for restorative surgery after an accident/injury or for a condition that would likely result in an absence of more than three days absent medical intervention. (i.e. chemotherapy, dialysis for kidney disease, etc.).
5. "Licensed health care provider": A doctor of medicine, a doctor of osteopathy, podiatrists, dentists, optometrists, psychiatrists, clinical psychologists, and others as specified by law.
 6. "Family member": Spouse, child, parent or a person who stands "*in loco parentis*" to the employee.
 7. "Covered Service Member": Means either:
 - a. A current member of the Armed Forces, including a National Guard or Reserve Member, who is undergoing medical treatment, recuperation, or therapy, is in outpatient status, or is on the temporary disability retired list, for a serious injury or illness; or
 - b. A covered veteran who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness and who was a member of the Armed Forces, including a National Guard or Reserves Member, at any time during the five years preceding the date the eligible employee takes FMLA leave to care for the covered veteran.
 - i. Note: An individual who was a member of the Armed Forces (including National Guard or Reserves) and who was discharged or released under conditions other than dishonorable prior to March 8, 2013, the period of October 28, 2009 and March 8, 2013, shall not count toward the determination of the five-year period for covered veteran status.
 8. "Outpatient Status": The status of a member of the Armed Forces assigned to a military medical treatment facility as an outpatient or to a unit established for the purpose of providing command and control of members of the Armed Forces receiving outpatient medical care.

9. “Next Of Kin”: The term “next of kin” used with respect to a service member means the nearest blood relative of that individual.
10. A “serious injury or illness”, for purposes for the 26 week military caregiver leave means either:
 - a. A. Leave Entitlement.

To be eligible for leave under this policy, an employee must meet all of the following conditions:

1. Worked for the agency for at least twelve (12) non-consecutive months, or fifty-two (52) weeks.
2. Actually worked at least one thousand two hundred fifty (1,250) hours during the twelve (12) month period immediately prior to the date when the FMLA leave is scheduled to begin.
3. Work at a location where the Employer employs fifty (50) or more employees within a seventy-five (75) mile radius.
 - a. The entitlement to FMLA leave for the birth or placement for adoption or foster care expires at the end of the twelve (12) month period following such birth or placement.
 - b. Spouses who are both employed by the agency are jointly entitled to a combined leave total of twelve (12) weeks (rather than twelve (12) weeks each) for the birth of a child, upon the placement of a child with the employees for adoption or foster care, and for the care of certain family members with serious health conditions.

Use of Leave

The provisions of this policy shall apply to all family and medical leaves of absence as follows:

1. Generally: An employee is only entitled to take off a total of twelve (12) weeks of leave per year under the FMLA. As such, employees will be required to utilize their accumulated unused paid leave (sick, vacation, etc.) in conjunction with their accumulated unused unpaid Family Medical Leave. Employees will be required to use the type of accumulated paid leave that best fits the reason for taking leave and must comply with all procedures for requesting that type of leave as stated in the relevant policy. Any time off that may legally be counted against an employee's twelve (12) week FMLA entitlement will be counted against such time.

2. **Birth of An Employee's Child:** An employee who takes leave for the birth of his or her child must first use all available accrued paid vacation leave prior to using unpaid leave for the remainder of the twelve (12) week period. However, if the employee requests leave for the employee's own serious health condition as a result of the pregnancy or post-partum recovery period, the employee will be required to exhaust all of her sick leave prior to using unpaid leave for the remainder of the twelve (12) week period. *(Note: See section E below for information on disability leaves.)*
3. **Placement of a Child for Adoption or Foster Care:** An employee who takes leave for the placement of a child for adoption or foster care must first use all available accrued paid vacation leave prior to using unpaid leave for the remainder of the twelve (12) week period.
4. **Employee's Serious Health Condition or Family Member's Serious Health Condition:** An employee who takes leave because of his serious health condition or the serious health condition of his family member must use all available accrued paid sick and vacation leave prior to using unpaid leave for the remainder of the twelve (12) week period.

FMLA and Disability/Workers' Compensation

An employee who is eligible for FMLA leave because of his own serious health condition may also be eligible for workers' compensation if the condition is the result of workplace accident or injury. Regardless of whether the employee is using worker's compensation benefits, the Employer may designate the absence as FMLA leave, and count it against the employee's twelve (12) week FMLA entitlement if the injury or illness constitutes a serious health condition under the FMLA. In addition, as these may be compensated absences, if the employee participates in the worker's compensation program, the employee is not eligible to use paid leave of any type (except as supplemental benefits, if applicable and requested by the employee), nor can the employer require him to do so, while the employee is receiving compensation from such a program.

Procedures For Requesting FMLA Leave

Requests for FMLA leave must be submitted in writing at least thirty (30) days prior to taking leave or as soon as practicable prior to the commencement of the leave. If the employee fails to provide thirty (30) days notice for foreseeable leave with no reasonable excuse for the delay, the leave may be denied until at least thirty (30) days from the date the employer receives notice. The employee must follow the regular reporting procedures for each absence.

FMLA requests must be submitted on a standard leave form prescribed by the Employer. The Employer will determine whether the leave qualifies as FMLA leave, designate any leave that counts against the employee's twelve (12) week entitlement, and notify the employee that the leave has been so designated.

When an employee needs foreseeable FMLA leave, the employee shall make a reasonable effort to schedule the treatment so as not to unreasonably interfere with the Employer's operations.

Certification of Need for FMLA Leave for Serious Health Condition

An employee requesting FMLA leave due to his family member's serious health condition must provide a doctor's certification of the serious health condition, which must designate that the employee's presence is reasonably necessary. Such certification shall be submitted at the time FMLA leave is requested, or if the need for leave is not foreseeable, as soon as practicable. An employee requesting FMLA leave due to the birth or placement of a child must submit appropriate documentation at the time FMLA leave is requested.

The Employer, at its discretion, may require the employee to sign a release of information so that a representative other than the employee's immediate supervisor can contact the medical provider. If the medical certification is incomplete or insufficient, the employee will be notified of the deficiency and will have seven (7) calendar days to cure the deficiency.

The Employer may require a second medical opinion prior to granting FMLA leave. Such opinion shall be rendered by a health care provider designated or approved by the Employer. If a second medical opinion is requested, the cost of obtaining such opinion shall be paid for by the Employer. If the first and second opinions differ, the Employer, at its own expense, may require the binding opinion of a third health care provider approved jointly by the Employer and the employee. Failure or refusal of the employee to submit to or cooperate in obtaining either the second or third opinions, if requested, shall result in the denial of the FMLA leave request.

Employees who request and are granted FMLA leave due to serious health conditions may be required to provide the Employer periodic written reports assessing the continued qualification for FMLA leave. Further, the Employer may request additional reports if the circumstances described in the previous certification have changed significantly (duration or frequency of absences, the severity of the condition, complications, etc.), or if the employer receives information that casts doubt on the employee's stated reason for the absence. The employee must provide the requested additional reports to the Employer within fifteen (15) days.

Certification for leave taken because of a qualifying exigency

The Employer may request that an employee provide a copy of the military member's active duty orders to support the request for qualifying exigency leave. Such certification for qualifying exigency leave must be supported by a certification containing the following information: statement or description of appropriate facts regarding the qualifying exigency for which leave is needed; approximate date on which the qualifying exigency commenced or will commence; beginning and end dates for leave to be taken for a single continuous period of time; an estimate of the frequency and duration of the qualifying exigency if leave is needed on a reduced scheduled basis or intermittently; appropriate contact information for the third party if the qualifying exigency requires meeting with a third party and a description of the meeting; and, if the qualifying exigency involves Rest and Recuperation leave, a copy of the military member's Rest and Recuperation orders, or other documentation issued by the military which indicates the military member has been granted Rest and Recuperation leave, and the dates of the military member's Rest and Recuperation leave.

Intermittent/Reduced Schedule Leave

When medically necessary, an employee may take FMLA leave on an intermittent or reduced work schedule basis for a serious health condition. An employee may not take leave on an intermittent or reduced schedule basis for either the birth of the employee's child or upon the placement of a child for adoption or foster care with the employee unless specifically authorized in writing by the Appointing Authority. Requests for intermittent or reduced schedule FMLA leave must be submitted in writing at least thirty (30) days prior to taking leave, or, as soon as practicable.

To be entitled to intermittent leave, the employee must, at the time such leave is requested, submit additional certification as prescribed by the Employer establishing the medical necessity for such leave. This shall be in addition to the documentation certifying the condition as FMLA qualifying. The additional certification shall include the dates and the duration of treatment, if any, the expected duration of the intermittent or reduced schedule leave, and a statement from the health care provider describing the facts supporting the medical necessity for taking FMLA leave on an intermittent or reduced schedule basis. In addition, an employee requesting foreseeable intermittent or reduced schedule FMLA leave may be required to meet with the Appointing Authority or designee to discuss the intermittent or reduced schedule leave.

An employee who requests and is granted FMLA leave on an intermittent or reduced schedule basis may be temporarily transferred to an available alternative position with equivalent class, pay, and benefits if the alternative position would better accommodate the intermittent or reduced schedule. An employee who requests intermittent or reduced schedule leave due to foreseeable medical treatment shall make a reasonable effort to schedule the treatment so as not to unduly disrupt the Employer's operations.

Employee Benefits

Except as provided below, while an employee is on FMLA leave, the Employer will continue to pay its portion of premiums for any life, medical, and dental insurance benefits under the same terms and conditions as if the employee had continued to work throughout the leave. The employee continues to be responsible for the payment of any contribution amounts he would have been required to pay had he not taken the leave, regardless of whether the employee is using paid or unpaid FMLA leave. Employee contributions are subject to any change in rates that occurs while the employee is on leave.

The Employer will not continue to pay the Employer portion of premiums for any life, medical, and dental insurance benefits if, while the employee is on FMLA leave, the employee fails to pay the employee's portion of such premiums or if the employee's payment for his portion of the premium is late by more than thirty (30) days. If the employee chooses not to continue health care coverage during FMLA leave, the employee will be entitled to reinstatement into the benefit plan upon return to work.

If the employee chooses not to return to work for reasons other than a continued serious health condition or circumstances beyond the employee's control, the Employer may seek reimbursement from the employee for any amounts paid by the Employer for insurance benefits the employee received through the Employer during any period of unpaid FMLA leave. Leave balances accrued by an employee prior to taking FMLA leave and not used by the employee as outlined in the section entitled "Use of Leave" will be retained by the employee.

FMLA leave, whether paid or unpaid, will not constitute a break in service. Upon the completion of unpaid FMLA leave and return to service, the employee will return to the same level of service credit as the employee held immediately prior to the commencement of FMLA leave. In addition, FMLA leave will be treated as continuous service for the purpose of calculating benefits, which are based on length of service. However, specific leaves times (i.e. sick, vacation, and personal leave and holidays) will not accrue during any period of unpaid FMLA leave.

Reinstatement

An employee on FMLA leave must give the Employer at least two-business days notice of his intent to return to work, regardless of the employee's anticipated date of return. Employees who take leave under this policy will be reinstated to the same or a similar position upon return from leave except that if the position that the employee occupied prior to taking FMLA leave is not available, the employee will be placed in a position which entails substantially equivalent levels

of skill, effort, responsibility, and authority and which carries equivalent status, pay, benefits, and other terms and conditions of employment as the position the employee occupied prior to taking FMLA leave. The determination as to whether a position is an "equivalent position" will be made by the Employer.

An employee will not be laid off as a result of exercising her right to FMLA leave. However, the Employer will not reinstate an employee who has taken FMLA leave if, as a result of a layoff within the agency, the employee would not otherwise be employed at the time reinstatement is requested. An employee on FMLA leave has no greater or lesser right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during her FMLA leave.

Prior to reinstatement, employees who take FMLA leave based on their own serious health condition shall provide certification from the employee's health care provider that the employee is able to perform the essential functions of his position, with or without reasonable accommodation.

Records

All records relative to FMLA leave will be maintained by the Employer as required by law. Any medical records accompanying FMLA leave requests will be kept separate from an employee's regular personnel file. To the extent permitted by law, medical records related to FMLA leave shall be kept confidential. Records and documents created for purposes of FMLA containing family medical history or genetic information as defined by the Genetic Information Nondiscrimination Act of 2008 (GINA) shall be maintained in accordance with the confidentiality requirements of Title II of GINA, which permit such information to be disclosed consistent with the requirements of FMLA.

INJURY LEAVE

Injury leave shall be paid, if authorized by the Appointing Authority, or designee, to any full-time employee, who suffers an incapacitating injury while on-the-job in service to the City.

Such injury may include exposure of the employee to a contagious disease which could be communicated to and jeopardize the health of other employees, if such exposure and jeopardy is certified by a physician.

Injury leave shall be paid at the employee's current rate of pay, and be limited to a total of not more than 1040 hours per occurrence. Injury leave compensation paid to an employee from other

sources will be deducted from injury leave compensation paid by the City to the employee. Compensation from other sources includes, but is not limited to Workers' Compensation.

To qualify for injury leave, it must be established conclusively, that the injury was sustained in the line of duty, and did not result from misconduct on the part of the employee or self-infliction nor was proximately caused by the use of alcohol, a non-prescribed controlled substance, or a prescribed controlled substance that had not been approved by the City. It shall be the obligation of the employee to report said injury immediately to his/her supervisor and to receive necessary medical treatment.

The Employee shall present to the Appointing Authority, or designee, a certificate from the attending medical practitioner stating the nature of the injury and the prognosis and return to work status at the earliest time permitted by his/her attending physician.

After the employee has been given permission to return to work, any subsequent absence shall be considered sick leave consistent with this manual, unless it is established conclusively that the injury qualifies for injury leave.

The Appointing Authority, or designee, may obtain an additional opinion from a licensed physician in order to substantiate the nature of the injury, and/or to establish conclusively that the injury qualifies for injury leave. Should this additional opinion be necessary, it shall be paid for by the City.

Upon expiration of injury leave, an employee may use sick leave.

LEAVE DONATION

Full-Time Permanent, and Part-time Permanent non-union employees of the City may donate paid leave to a fellow Full-Time Permanent, or Part-time Permanent non-union City employee in order to assist the co-worker in critical need of leave due to the employee's serious illness or injury.

A serious illness or injury for the purposes of this policy is defined as a serious illness or injury that is expected to incapacitate the City employee for an extended period of time, exhaust the employee's leave balances, and that qualifies as a disability under the City's Disability Program or Workers' Compensation. Leave donation also requires that the employee will be taking an extended time off from work which will create a financial hardship for the employee because they have exhausted all leave balance.

To donate leave

Qualifying employees may donate leave if the donating employee:

- a. voluntarily elects to donate leave and does so with the understanding that donated leave will not be returned (leave donated but unused will be returned on a prorated basis to all employees who donated leave);
- b. donates a minimum of eight (8) hours;
- c. retains a combined leave balance of at least 120 hours for full-time permanent and 60 hours for part-time permanent employees (leave shall be donated in the same manner in which it would otherwise be used, except that compensatory time is not eligible for donation under Fair Labor Standards Act restrictions); and
- d. does not donate more than 200 hours in one (1) year.

Qualifying employees who wish to donate leave must agree to the above conditions and complete the Donor Application Form. The Donor Application Form can be obtained in the Human Resources Department and must be returned there.

The donation of leave shall occur on a strictly volunteer basis. The City shall respect an employee's right to privacy, however, with the permission of the employee who is in need of leave, the Human Resources Director may inform co-workers of the employee's critical need for leave.

To Receive Donated Leave

An employee may receive donated leave, up to the number of hours the employee is scheduled to work each pay period, if the employee who is to receive donated leave:

- a. has a serious illness or injury as previously defined, and provides written documentation from his or her physician certifying the serious illness or injury;
- b. has no accrued leave; and
- c. has applied for any paid leave, workers' compensation, or disability benefits program for which the employee is eligible (an employee who has applied for these programs may use donated leave to satisfy the waiting period for such benefits).
- d. After the waiting period, qualified employees may donate leave to supplement up to 40% of the employee's normal pay, if the employee is on disability. There would be no waiting period for qualified part-time permanent employees who do not receive disability. The employee may NOT receive more than he or she would have

earned in a normal pay period from disability and leave donation or based on the normal hours scheduled to work less applicable deductions.

- e. The Request for Leave Donation Form can be obtained in the Human Resources Department and must be returned there.
- f. The employee may only receive donated leave for a maximum of one year.

The leave donation program shall be administered on a pay-period-by-pay-period basis. Employees using donated leave shall be considered on active pay status, and shall accrue leave and be entitled to any benefits to which they would otherwise be entitled.

Leave accrued by an employee while using donated leave shall be used, if necessary, in the following pay period before additional donated leave may be received.

Donated leave shall not count toward the probationary period of an employee if received during his or her probationary period.

Donated leave shall be considered sick leave, but shall NEVER be converted into a cash benefit.

Eligibility to receive donated leave under this policy shall cease upon:

- a. certification from the employee's physician that he or she is capable of engaging in sustained regular employment; or
- b. an employee's application for retirement is approved;
- c. death of the employee, whichever should first occur; or
- d. exhaustion of available leave in the leave bank.

The City will compensate an employee who is called to, and reports for, panel and/or jury duty, at the employee's straight-time hourly rate for the hours he was scheduled on that day. The employee must give the City prior notice of jury duty.

Work-Related Proceedings

Employees who are required by the City to appear in court or other proceeding on behalf of the City, will be paid at their appropriate rate of pay for hours actually worked. Employees must obtain prior approval from their supervisor before appearing in court or administrative proceedings on behalf of the City. Employees who receive a subpoena for work-related matters and have a concern regarding that subpoena should seek assistance from their supervisor, who may then contact the Prosecuting Attorney's Office.

Emergency response or safety sensitive position employees are allowed to use cellular telephone devices. However, the use of the cellular phone shall be used with caution and constant observation of the road condition(s) or hazard(s) present at the time of driving.

The City prohibits any form of distracted driving which includes texting, emailing or reading emails while driving.

TOBACCO USE POLICY

In order to promote a healthy and comfortable work environment, City employees are prohibited from using tobacco while on City property, while performing duties related to City employment whether on or off site, while traveling for City business, and in any other circumstances or locations where an employee is representing the interests of the City, except as authorized by the Mayor. City property includes, but is not limited to: buildings, offices, restrooms, hallways, common work areas, parking lots, garages, City vehicles, conference rooms, sidewalks, green space, stairs, cafeterias/break rooms, and storage areas.

For the purpose of this policy, tobacco is defined as all tobacco, tobacco derived and/or substances mimicking tobacco containing products, including but not limited to: cigarettes, electronic cigarettes, vapor cigarettes, any artificial/faux cigarette, cigars, cigarillos, pipes, oral tobacco, or any other manner of using or consuming tobacco, tobacco derived substances and/or substances mimicking tobacco. The definition is intended to include all products that deliver nicotine for purposes other than cessation.

DRUG AND ALCOHOL POLICY

Drug-Free Workplace

Alcoholism and drug addiction are treatable diseases. Therefore, employees who believe that they may have an alcohol or drug addiction problem are encouraged to seek professional treatment and

assistance. No employee who seeks such treatment or assistance prior to detection will have his job security, promotional opportunities, or other job conditions jeopardized by a request for treatment. The individual's right to confidentiality and privacy will be recognized in such cases. The City may take disciplinary action for any violations of work rules, regardless of the effect of alcohol or drug abuse. Nothing in this policy shall be construed to condone or exonerate employees from their misconduct or poor performance resulting from a drug or alcohol problem.

The City maintains a drug and alcohol free workplace. Employees are hereby notified that the manufacture, distribution, dispensing, possession, use or being under the influence of alcohol, drugs or other controlled substance is strictly prohibited during working hours at any location where employees are conducting City business. Also prohibited is the illegal use of legal substances.

In order to further the City's objective of maintaining a safe, healthful, and drug-free workplace, the City may require an employee to submit to a urine and/or blood test if there is reasonable suspicion to believe that an employee is under the influence of a controlled substance or alcohol. Refusal to submit to a drug or alcohol test and/or to release the results of the same shall be considered insubordination and will be construed as a positive test result.

Employees are put on notice that an employee who is under the influence of drugs or alcohol may forfeit their right to obtain workers compensation benefits. The law establishes a rebuttable presumption that if an injured worker tests positive for the use of drugs or alcohol, the worker will have to prove the use of drugs or alcohol did not cause the accident. A refusal to test for the use of drugs or alcohol will also establish the presumption. Employees who are involved with a workplace accident may be required to undergo drug and/or alcohol testing in accordance with this policy.

Drug Policy

Controlled Substance: Means any controlled substance contained in Schedules 1 through V of Section 202 of the Controlled Substance Act (21 U.S.C. § 812; or as defined in § 3719.01 O.R.C.).

Conviction: Means any finding of guilt, including a plea of *nolo contendere* (no contest) or the imposition of a sentence, or both, by any judicial body charged with the responsibility to determine violations of the federal or state criminal drug statutes.

The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance by any employee which takes place in whole or in part in the employer's work place is strictly prohibited and will result in criminal prosecution and employee discipline

Any employee arrested or convicted of any Federal or State criminal drug statute must notify the employer of that fact immediately, but in no event longer than five (5) calendar days, of the arrest or conviction.

Any employee who reports for duty in an altered or impaired condition which is the result of the illegal use of controlled substances and/or alcohol will be subject to disciplinary action up to and including removal. Any decision to take disciplinary action may be held in abeyance pending the completion by the employee of a drug rehabilitation program.

Any employee arrested or convicted of a drug or alcohol offense, who fails to timely report the arrest or conviction, may be terminated from employment and/or held civilly liable for any damage caused, including a loss of state or federal funds, resulting from the misconduct.

The City has a zero tolerance policy for employees who are under the influence of drugs or alcohol while at work. Employees who are using medical marijuana as authorized by Ohio law are not exempt from this policy in any way. The use of marijuana in any form for any purpose, authorized for medicinal purposes or unauthorized, will be treated the same as the use of all other Schedule 1 controlled substances, illegal drugs, or the abuse of legal drugs. Employees using Schedule 1 controlled substances or illegal drugs, including medical marijuana authorized by and in accordance with Ohio law, are still subject to all provisions of this policy and may be subject to discipline including termination for such use.

Medical Marijuana

Medical Marijuana was legalized by the State of Ohio under House Bill 523 in 2016. However, medicinal use of marijuana has not been approved by the U.S. Food and Drug Administration (FDA). As such, the use of marijuana in any form for any purpose, authorized for medicinal purposes or unauthorized, is prohibited under the City's Drug Free Workplace Policy. Employees using Schedule 1 controlled substances or illegal drugs, including medical marijuana authorized by and in accordance with Ohio law, are still subject to all provisions of this policy and may be subject to discipline including termination for such use.

There is nothing within in House Bill 523 that requires the City of Reynoldsburg as an employer to permit or accommodate an employees' use, possession, or distribution of medical marijuana.

The use of medical marijuana will not be considered a reasonable accommodation for an alleged disability. In addition, the law does not prohibit an employer from taking any adverse employment action because of an employee's or prospective employee's use, possession or distribution of medical marijuana.

The City reserves the right to test any employee for reasonable suspicion and post-accident. Employees that have a Commercial Driver's License are subject to random drug testing.

While CBD oils and supplements are not unlawful under Ohio law, employees must recognize some use of CBD products can result in a positive drug test for marijuana depending on the THC content. An employee who tests positive as a result of using CBD products is still subject to the City's drug free workplace policy.

Drug and Alcohol Testing Policy

In order to maintain a safe and healthful work environment, the City reserves the right to set standards for employment and to require employees to submit to physical examinations including blood or urine tests for alcohol, illegal drugs, or the misuse of legal drugs where there is reasonable suspicion that an employee's work performance is, or could be, affected by the condition.

Where the City has a reasonable suspicion to believe that the employee is in violation of this policy, it may require the employee to go to a medical clinic, at the City's expense, to provide blood and/or urine specimens. Reasonable suspicion shall generally mean suspicion based on personal observation by a City representative, including descriptions of appearance, behavior, speech, breath, or inexplicable behavior.

If requested, the employee shall sign a consent form authorizing the clinic to withdraw a specimen of blood or urine and release the test results to the City. Refusal to sign a consent form or to provide a specimen will constitute insubordination and a presumption of impairment and may result in discharge.

Any employee who tests positive may request retesting of the original specimen at their own expense.

Employees who return to work after the successful rehabilitation will be subject to random drug tests for a period of two years from the date of their return.

Employees subject to random drug tests who refuse to participate in the drug/alcohol testing and/or rehabilitation program or who continue to test positive for substance abuse will face additional disciplinary actions, up to and including removal.

Any employee involved in an accident may be subject to post accident alcohol and drug/alcohol testing.

Employees who are required to hold a commercial driver's license (CDL) will be required to participate in the City's drug and alcohol testing program as required by federal law which includes pre-employment testing, post-accident testing, random testing, reasonable suspicion testing, and return-to-work testing. Policies and procedures for these programs will be consistent with federal law and will be made available to employees required to hold CDL's and their supervisors.

Employee that hold a Commercial Driver's License (CDL) or Commercial Learner's permit (CLP) will be required to register the Federal Motor Carriers S – A (FMCSA) Clearinghouse and enter their personal information and the City of Reynoldsburg or their designee will have the requirement that the following personal information collected and maintained under this part shall be reported to the Clearing House

The City may discipline an employee, for any violation of this policy. Nothing herein shall be construed as a guarantee that the City will offer an opportunity for rehabilitation. Failure to successfully complete or participate in a prescribed rehabilitation program, if offered, shall result in the employee's discharge [including a refusal to test or a positive test result on a return to duty or follow-up test].

Refusal to Test

Employees who refuse to submit to the required testing shall be subject to disciplinary action up to and including discharge. A refusal to test for purposes of this policy shall include:

- Failure to provide a sufficient sample provided there does not exist a valid medical explanation as to why the employee was unable to do so;
- Any conduct that attempts to obstruct the testing process such as unavailability, leaving the scene of an accident without proper authorization, delay in providing a sample, adulterating, substituting or attempting to adulterate or substitute a specimen during the testing process, regardless of whether such attempt results in a negative or positive diluted sample;
- Failure to execute or release forms required as part of the testing process.

Prescriptions/OTC Medications

Employees must inform the City if they are taking any medication that may impair their ability to perform their job. Employees on such medications must provide a written release from their treating licensed medical practitioner indicating that they are capable of performing their essential job functions, with or without reasonable accommodation. Employees are prohibited from performing any City function or duty while taking legal drugs that adversely affect their ability to safely perform any such function or duty.

WORKPLACE VIOLENCE

Zero Tolerance

The City is committed to providing a work environment that is safe, secure and free of harassment, threats, intimidation and violence. In furtherance of this commitment, the City enforces a zero tolerance policy for workplace violence. Consistent with this policy, threats or acts of physical violence, including intimidation, harassment, and/or coercion which involve or affect employees, or which occur on City property or at a worksite, will not be tolerated. Employees who are found to have committed acts of workplace violence will receive discipline and possible criminal prosecution, depending on the nature of the offense.

Warning Signs and Risk Factors

The following are examples of warning signs, symptoms and risk factors that may indicate an employee’s potential for violence. In all situations, if violence appears imminent, employees should take the precautions necessary to assure their own safety and the safety of others. An employee should immediately notify management if they witness any violent behavior, including, but not limited to, the following: (1) hinting or bragging about a knowledge of firearms; (2) making intimidating statements such as: “You know what happened in Oklahoma City,” “I’ll get even,” or “You haven’t heard the last from me.”; (3) keeping records of other employees the individual believes to have violated departmental policy; (4) physical signs of anger, such as hard breathing, reddening of complexion, menacing stares, loudness, and profane speech; (5) acting out violently either verbally or physically; (6) excessive bitterness by a disgruntled employee or an ex-employee; (7) being a “loner,” avoiding all social contact with co-workers; (8) having a romantic obsession with a co-worker who does not share that interest; (9) history of interpersonal conflict; (10) domestic problems, unstable/dysfunctional family; and (11) brooding, depressed, strange behavior.

PERSONAL APPEARANCE

The Appointing Authority reserves the right to prescribe appropriate attire and grooming and to set standards which are deemed to be in the best interest of the City and ensure an appropriate image for the City.

The Appointing Authority requires that an employee's clothing, grooming, and overall appearance be appropriate, in good taste, present a favorable public image, and be in conformity with regulations established by the City due to the specialized nature of service provided or the employment position maintained.

Clothing shall be conducive to the safe and effective performance of required job duties.

Certain employees may be required to wear regulation uniforms while on duty. The applicable departments may establish policies and procedures governing uniforms. When employees are required to wear a regulation uniform, the City shall provide the uniforms and/or provide a uniform allowance as prescribed by the City ordinance or applicable collective bargaining agreement.

Employees are required to keep uniforms neat, clean, and in good repair. City-issued uniforms may only be worn by employees while conducting official City business.

The City shall provide standard work clothing and safety equipment for all maintenance employees of the Parks and Recreation, Service, Street, Vehicle Maintenance, Water/Waste Water, Storm Water Utility and the Building Department employees. Each item of work clothing shall be suitably and permanently identified as belonging to the City. Any item unaccounted for shall be charged to the employee. Employees that are provided work wear will be required to wear it.

Non-Uniform Clothing

Employees not required to wear uniforms daily, may be provided shirts, sweaters, and jackets with the City of Reynoldsburg logo. The clothing may be worn for work at any time but are primarily to be worn for special events where it is desired the City of Reynoldsburg employees can be identified.

All clothing purchased must be approved colors and be branded with City of Reynoldsburg logo/name. Department directors are responsible approving clothing options with the City of Reynoldsburg logo.

While wearing city branded clothing, employees are to conduct themselves in a professional manner. This portion of the policy does negate the ability of the City of Reynoldsburg from providing protective clothing, boots, vests, gloves, aprons or other items deemed protective in nature and intended for specific purposes.

Uniforms or clothing purchased by the city and distributed to employees will be treated as a fringe benefit, included as wages to the employee and subject to withholding tax purposes unless not permit by law.

INVESTIGATIONS AND DISCIPLINE

The City has the right to investigate all alleged disciplinary violations. Employees are required to cooperate fully during investigations. Employees who are the subject of a formal investigation have the right to be accompanied, represented, and advised by an attorney. For all employees, the failure to respond, to respond truthfully, or to otherwise cooperate in an investigation, shall be considered insubordination and may result in termination. Employees involved in an investigation shall not discuss the facts of the investigation during the pendency of the investigation.

Classified employees may be placed on a paid “administrative” leave of absence with pay pending an investigation. A classified employee who has been charged with a violation of law that is punishable as a felony may be placed on unpaid “administrative” leave, for a period not to exceed two months, pending an investigation. However, a classified employee who is placed on unpaid leave and is later exonerated of a felony must be reimbursed for lost pay, plus interest, and lost benefits. Unclassified employees may be placed on paid or unpaid leave pending an investigation.

Employees who have completed their probationary period and who are in the classified civil services may only be disciplined for just cause. Disciplinary action will be commensurate with the offense. Discipline for minor infractions will normally be imposed in a progressive manner with consideration given to the nature of the offense, prior disciplinary action, length of service, the employee’s position, the employee’s record of performance and conduct along with all other relevant considerations. Nothing in the policy shall be construed to limit the City’s discretion to impose a higher level of discipline under appropriate circumstances.

The following forms of misconduct constitute grounds for disciplinary action: incompetency, inefficiency, dishonesty, drunkenness, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, policy or work rule violations, conviction of a crime, failure of good behavior including a violation of ethics of public employment, failure to maintain licensing requirements, and any other acts of misfeasance, malfeasance, nonfeasance or any other reason set forth in O.R.C. § 124.34.

The property and image of the City is to be respected at all times; as such, an employee’s off duty conduct that could reasonably negatively impact the City may form the basis for discipline. Any comments or questions concerning the standard of conduct expected should be directed toward the employee’s immediate supervisor.

Employees have an obligation to immediately inform the City of any on-duty or off-duty arrests or convictions. An arrest or conviction may, or may not, result in discipline depending on the nature of the incident, the job performed, and other relevant considerations. Employees will not be granted vacation leave in order to serve jail time.

The filing or prosecution of criminal charges or other civil administrative investigations against an employee for alleged misconduct or criminal activity shall not be determinative as to appropriate disciplinary action, if any, under this policy. The City may investigate the employee's alleged misconduct or activities and determine the appropriate discipline, if any, without regard to pending administrative or criminal charges. The disposition of such administrative or charge is independent of a disciplinary investigation. Although the City may utilize information obtained during other investigations, the City's decision to take appropriate disciplinary action may or may not correspond with the filing, or non-filing, of criminal charges or civil actions. A felony conviction while employed with the City is just cause for termination.

Staff is responsible for reporting any incident or conduct they believe is inappropriate and/or in violation of City Policies and Procedures. This duty includes incidents actually observed, reported by residents, reported by staff, or suspected due to other facts.

When the City believes that discipline of a classified employee in the form of a paid or unpaid suspension, reduction or elimination of longevity pay, demotion or termination is possible, a pre-disciplinary conference shall be scheduled. Prior to the pre-disciplinary meeting, the employee will be provided with written notice of the charges against him. At the pre-disciplinary conference, the employee may respond to the charges or have his chosen representative respond. Failure to attend the pre-disciplinary conference shall be deemed a waiver of the conference.

Unclassified employees are not entitled to a pre-disciplinary conference.

Classified employees may appeal suspensions of more than three (3) days, reductions in pay or position, or removals to the Civil Service Commission consistent with the City's civil service rules.

COMPLAINT PROCEDURE

Employees may have questions or concerns caused by misunderstandings in the application of policies, procedures and work rules. The City believes these questions and concerns heard promptly, and action taken to resolve or clarify a particular situation. Complaints regarding unlawful discrimination or harassment should be brought according to the unlawful discrimination and harassment policy contained in this manual.

All employees shall have the right to file a complaint without fear of retaliation. No employee shall be disciplined, harassed or treated unfairly in any manner as a result of filing a complaint. A complaint is defined as a disagreement between an employee and City as to the interpretation or application of official policies, departmental rules and regulations, or other disagreements perceived to be unfair or inequitable relating to treatment or other conditions of employment. The following is the procedure to be followed when an employee has a complaint as defined above:

Step 1: Immediate Supervisor

An employee having a complaint shall file it in writing with his Immediate Supervisor, as outlined in the procedure for his work unit. The employee's Immediate Supervisor will review the complaint and attempt to resolve the complaint within a reasonable time and will provide the employee with a written response. Step 1 may be bypassed by either the employee or Immediate Supervisor if the Immediate Supervisor lacks the authority to make a change and/or the Immediate Supervisor is the subject of the complaint.

Step 2: Department Head

Where the employee is not satisfied with Step 1 response of the Immediate Supervisor, the employee may submit the original complaint to the Department Head within seven (7) calendar days of the supervisor's written response. The Department Head will review all material provided and provide the employee with a written response in a timely manner.

Step 3: Mayor (or Designee)

Where the employee is not satisfied with the Step 2 response, the employee may submit the original complaint to the Mayor, or Designee, within seven (7) calendar days. The Mayor, or Designee, will review all material provided and will provide the employee with a written response in a timely manner.

Step 4: Civil Service Commission

1. If the complaint is not resolved, the aggrieved may file an appeal with the Appointing Authority within five (5) working days after receiving a reply from the Director as noted in Step 3. All decisions of the Appointing Authority are final, except those under the jurisdiction of the Reynoldsburg Civil Service Commission.
2. This grievance procedure will not apply to matters of reduction in pay, involuntary discharge, demotion, or suspension. There is a separate appeal process for classified employees under the Civil Service Commission to handle these problems.

Time limits as set forth in the procedure may be extended by mutual agreement of the parties in writing.

DURATION OF RECORDS

All actions of record will be maintained in each employee's personnel file throughout his period of employment, with the exception that any records of documented warnings will be removed from the file, upon the written request of the employee, one (1) year after such action was taken,

provided no further corrective action of the same or similar nature has occurred. Written reprimands will be removed from the file upon the request of the employee, two (2) years after such action was taken, provided no further corrective action of the same or similar nature has occurred. Suspensions shall be removed from the file, upon the employee's request, four (4) years after such action was taken, provided that no further corrective action of the same or similar nature has occurred and further provided that the City can show no compelling need to retain such records beyond this time limit. All actions of record including warnings, written reprimands, and suspensions removed from an employee's personnel file shall be maintained in a separate sealed file. Reductions in pay or position shall be removed from a personnel file and shall be maintained in a sealed file upon the employee's request, four (4) years after such action was taken provided that the City can show no compelling need to retain such records beyond this time limit. Removed records, maintained in a sealed file, may only be accessed by the City in response to and defense of allegations filed against the City or its officials by the employee or by a third party, but shall not be utilized for any other purpose including discipline, promotions, or assignments, or pursuant to applicable law.

Removed records shall be destroyed in accordance with the City Records Commission.

LACTATION BREAKS

Employees who have recently given birth will be allowed a reasonable break time in order to nurse or express breast milk, for up to one year after the child's birth. The employee will be provided appropriate space, other than a bathroom, that is shielded from view and free from intrusion from workers and members of the public. Lactation breaks under this policy should, to the extent possible, run concurrently with any other break time available to the employee.

CONCEALED CARRY

Consistent with the Ohio Revised Code, no employee, contractor, client or other individual may carry, possess, convey or attempt to convey a deadly weapon or ordnance onto the property of the City. A valid concealed carry license does not authorize an individual to carry such a weapon onto these premises. Law enforcement officers specifically authorized to carry a firearm are exempted from this provision and may be permitted to carry a concealed weapon.

City employees are prohibited from carrying firearms any time they are working for the City or acting within the course and scope of employment. These situations include, but are not limited to attending training sessions or seminars, wearing a City identification badge, uniform, or other

City issued paraphernalia that an employee is required to wear relative to their employment and working in resident's homes or other sites off City premises. Except for law enforcement officers, no employee or member of the public may carry, transport, or store a concealed weapon, firearm, or ammunition in a City owned vehicle.

This policy does not prohibit employees, possessing a valid license to carry a concealed handgun, from transporting and/or storing a firearm or ammunition in their personal vehicle at work locations where their personal vehicle is otherwise permitted to be (e.g. City Parking Lot). However, the employee must leave the firearm and ammunition in their personal vehicle. Employees are neither permitted to remove their firearm or ammunition from their personal vehicles while at work locations nor are they permitted to bring a concealed firearm or ammunition into a City owned building. The employee's firearm and ammunition must be stored in their personal vehicle in accordance with the storage provisions of the Concealed Carry statute. The firearm and ammunition must be in a locked vehicle either in the glove compartment, a lock box or the trunk.

Employees shall immediately contact a supervisor if they suspect an employee or member of the public is carrying a concealed weapon, firearm, or ammunition on City premises. Employees are required to immediately contact a supervisor if they suspect an employee to be carrying a concealed weapon or firearm in violation of this policy at any time while they are working for the City, acting within the course and scope of employment, or acting as a representative of the City.

However, this policy does prohibit employees from making unauthorized public statements during their working hours and from making public statements about matters of private concern that negatively impact the City.

EMPLOYEE INFORMATION AND RECORDS**Employee Information**

The appropriate Appointing Authority shall establish and maintain a personnel file for each employee. The employee is responsible for providing the employer with the following information: the employee's legal name, address, telephone number, social security number, tax exemptions, affiliation with any branch of the armed services, the name and phone number of a person to contact in case of an emergency, loss of licensure or insurability, if applicable, and, any other requested information. An employee will be considered to have constructive notice of any correspondence or documentation mailed to his last known address.

RELEASE OF RECORDS:

With the exception of certain law enforcement entities, the City, as well as, its employees is subject to the mandates of Chapter 1347 of the Ohio Revised Code regarding personal information systems. The City maintains records that are manually stored and records that are stored using electronic data processing equipment. Records maintained by the City include personal information (i.e. employee information required above).

The Human Resources Director is appointed to be directly responsible for the City's personal information systems. The City understands that it creates, receives, and maintains sensitive and private information, and will ensure that it collects, maintains, and uses only personal information that is necessary and relevant to the functions of the City. Personal information maintained by the City shall not be modified, destroyed, or disclosed without the approval of the Records Commission. The City will continually monitor the personal information system, and make necessary adjustments to ensure the system's accuracy. Employees will be trained on the use of personal information, including review of this policy. Employees who use personal information in an unauthorized manner shall be subject to the City's disciplinary policy.

Records maintained by the City that are not defined as "public records" in §149.43 of the Ohio Revised Code or other applicable provisions of law, shall not be released from an employee's personnel file unless specifically authorized by such employee in writing. Pursuant to applicable law, medical records are not public records and are maintained in a separate file. Records maintained by the City that are defined as public records shall be released in accordance with law. RE: Narrative for Planning Commission Submittal for Rezoning a portion of Parcel ID # 013-027540
Date: 10/21/2021

Planning Commission,

Skilken Gold Real Estate Development is in contract to purchase parcel ID# 013-027540 in Reynoldsburg, Ohio. The approximately 17-acre parcel is at the southeast corner of Main Street (State Route 40) and Taylor Road. Our plan is to develop and divide the property into 5 separate parcels. The parcels adjacent and south of Main Street are planned to be developed for uses that are as of right or will require a conditional use approval within the current Community Commercial zoning district. The south parcel, Parcel C will remain within the Innovation zoning district.

Our team is proposing a rezone from Innovation District to Community Commercial District for the front 4 parcels as indicated on the submitted site plan 1/1. Parcel A (Sheetz) will be submitted for Major Site Approval in 2021. Regarding Parcels B1, B2 and B3, the site plan submitted represents proposed uses.

Deed restrictions, covenants, cross access agreements, drainage agreements and maintenance will be formalized with all tenants. Sheetz has defined restrictive covenants in their lease.

Construction Schedule: Start May 2022 and Open November 2022 – Additional parcels B1, B2 and B3 Construction Start to be determined.

Impact Studies: Carpenter Marty Transportation has been contracted: 1. Develop a Memorandum of Understanding for the traffic impact study. 2. Perform Data Collection 3. Provide Analysis using HCS 7 software to perform capacity analysis. 3. Develop a report 4. Report Analysis and report revisions.

Utilities: Water and sanitary have been identified to service the area via a will serve letter provided by the city. Capacity analysis will be addressed as each site is developed, with the Facilities Demand Worksheet required at each Major Site Plan submittal. Storm water management will be addressed by each lot with detention and water quality to meet City requirements. Adequate outlet exists for the rezoning area in similar scenario as the current existing conditions reflect, with release to a 15" storm line in the Taylor Road right-of-way at the SW corner of the rezoning area. Individual lots may use a combination of underground and above ground detention basins. Sheetz Facility Demand Worksheet is provided with this submittal and will be included with the Major Site Plan application.

Thank you for your consideration.

Mr. Danny Vazquez
Civil Engineer Intern
The Mannik & Smith Group, Inc.
1600 Dublin Road, Suite 100
Columbus, Ohio 43215

Subject: Reynoldsburg Utility Availability for Southeast Corner of E. Main St. and Taylor Rd.

Dear Mr. Vazquez,

On behalf of the City of Reynoldsburg, I am providing a response to your request for a sewer and water availability letter for the parcel located on the southeast corner of the East Main Street and Taylor Road intersection. The City of Reynoldsburg owns and maintains 12-in diameter water main (record plan P00825) along the south side of East Main Street, a 16-in diameter water main (record plan P01038) along the west side of Taylor Road, and an 18-in diameter sanitary sewer (record plan P01822) located along the west side of Taylor Road.

Connections to either the public sewer or water main are subject to the review and approval of plans and capacity calculations by the City of Reynoldsburg. Additionally, sanitary sewer plans must be approved by City of Columbus because they are the wastewater treatment provider for the City of Reynoldsburg. All associated fees and permits must be acquired prior to tapping public utilities.

Should you have any questions or require additional information, please contact me at 614-775-4555.

Sincerely,

A handwritten signature in blue ink that reads "Ryan M. Andrews".

3. Facilities Demand Worksheet Sheetz

(To be completed for Major Site Plan, Zoning District Change, and Plot, Grade, & Utility Plan Applications.)

1. Water:

- a. What will the total demand for water be in gallons per day (gpd) for this proposed site improvement? 1,650 gpd
- b. How much pressure is required? 45 psi

Coordinate with the City Engineer to determine if a Water Usage/Flow Study is required (614.322.6810).

2. Sanitary Sewer:

- a. What will the total anticipated flow in gallons per day for this proposed site improvement?

2,500 gpd

Coordinate with the City Engineer to determine if a Utility Study is required (614.322.6810).

3. Traffic:

a. Definitions:

- i. Traffic Access Study: This type of study is to be used for small scale projects generating 50- 200 trip ends during the peak hour of the adjacent street or during the peak hour of the generator, whichever is higher. These studies are applicable to projects that do not have a significant impact on the overall transportation system, but will have impacts on site access points. Analysis is typically limited to review of access point location, type, and size. Analysis of turn lane requirements on the public road at the proposed access point may also be reviewed.
- ii. Traffic Impact Study: An impact study is to be completed for uses that generate more than 200 trip ends during the peak hour of the adjacent street or during the peak hour of the generator, whichever is higher. This type of evaluation usually includes all access points and nearby intersections. The scope of the Traffic Impact Study is to be determined by affected agencies and the Applicant.
- iii. Regional Traffic Analysis: This type of analysis is suited for large scale or groups of smaller projects that impact a large geographical area significant enough in the judgment of City to require an evaluation of impacts on a Comprehensive or Thoroughfare Plan Scale. Road segments, intersections, and perhaps alternative road networks shall be analyzed and long term needs identified. The scope is to be determined by affected agencies and the Applicant.

- b. What are the anticipated Average Daily Traffic (ADT), Generator Peak Traffic, Adjacent Street Peak Traffic volumes, generated by the site improvement and what are the Peak Hours of operation (using ITE Trip Generation Manual).

2,766 ADT

Generator Peak	Adjacent Street Peak	Peak Hour
<u>256</u> AM	<u>336</u> AM	7:00-8:00 AM
<u>244</u> PM	<u>276</u> PM	4:00-5:00 PM

- c. USE FOR ZONING DISTRICT CHANGES: Is a zoning district being requested for uses that can generate 200 or more peak hour trip ends that the current zoning does not anticipate?

_____ Yes, Traffic Impact Study or Regional Traffic analysis is required.

_____ No, Traffic Access Study Required.

- d. USE FOR MAJOR SITE PLANS: Check the following as applicable to the site development:

_____ There are 200 or more Peak Hour trips anticipated.
(Traffic Impact Study or Regional Traffic Study is required.)

_____ There are between 50-200 Peak Hour trips anticipated.
(Traffic Access Study is required.)

_____ There are less than 50 Peak Hour trips anticipated. (No additional requirements.)

- e. The information presented in this section is to assist the applicant with the requirements for traffic analysis within the City of Reynoldsburg. The City reserves the right to change these requirements if special conditions exist. If a Traffic Impact Statement or Regional Traffic Analysis is required, the applicant and the City Engineer must schedule a scope verification meeting with the City and any other local, state, or federal agencies affected by the proposed site improvements.

I certify that the information provided with this application is correct and accurate to the best of my knowledge, in filing this application with the City of Reynoldsburg.

Real Estate Development

RE: Narrative for Planning Commission Submittal for Rezoning a portion of Parcel ID # 013-027540
Date: 10/21/2021

Planning Commission,

Skilken Gold Real Estate Development is in contract to purchase parcel ID# 013-027540 in Reynoldsburg, Ohio. The approximately 17-acre parcel is at the southeast corner of Main Street (State Route 40) and Taylor Road. Our plan is to develop and divide the property into 5 separate parcels. The parcels adjacent and south of Main Street are planned to be developed for uses that are as of right or will require a conditional use approval within the current Community Commercial zoning district. The south parcel, Parcel C will remain within the Innovation zoning district.

Our team is proposing a rezone from Innovation District to Community Commercial District for the front 4 parcels as indicated on the submitted site plan 1/1. Parcel A (Sheetz) will be submitted for Major Site Approval in 2021. Regarding Parcels B1, B2 and B3, the site plan submitted represents proposed uses.

Deed restrictions, covenants, cross access agreements, drainage agreements and maintenance will be formalized with all tenants. Sheetz has defined restrictive covenants in their lease.

Construction Schedule: Start May 2022 and Open November 2022 – Additional parcels B1, B2 and B3 Construction Start to be determined.

Impact Studies: Carpenter Marty Transportation has been contracted: 1. Develop a Memorandum of Understanding for the traffic impact study. 2. Perform Data Collection 3. Provide Analysis using HCS 7 software to perform capacity analysis. 3. Develop a report 4. Report Analysis and report revisions.

Utilities: Water and sanitary have been identified to service the area via a will serve letter provided by the city. Capacity analysis will be addressed as each site is developed, with the Facilities Demand Worksheet required at each Major Site Plan submittal. Storm water management will be addressed by each lot with detention and water quality to meet City requirements. Adequate outlet exists for the rezoning area in similar scenario as the current existing conditions reflect, with release to a 15" storm line in the Taylor Road right-of-way at the SW corner of the rezoning area. Individual lots may use a combination of underground and above ground detention basins. Sheetz Facility Demand Worksheet is provided with this submittal and will be included with the Major Site Plan application.

Thank you for your consideration.

Subject: Reynoldsburg Utility Availability for Southeast Corner of E. Main St. and Taylor Rd.

Dear Mr. Vazquez,

On behalf of the City of Reynoldsburg, I am providing a response to your request for a sewer and water availability letter for the parcel located on the southeast corner of the East Main Street and Taylor Road intersection. The City of Reynoldsburg owns and maintains 12-in diameter water main (record plan P00825) along the south side of East Main Street, a 16-in diameter water main (record plan P01038) along the west side of Taylor Road, and an 18-in diameter sanitary sewer (record plan P01822) located along the west side of Taylor Road.

Connections to either the public sewer or water main are subject to the review and approval of plans and capacity calculations by the City of Reynoldsburg. Additionally, sanitary sewer plans must be approved by City of Columbus because they are the wastewater treatment provider for the City of Reynoldsburg. All associated fees and permits must be acquired prior to tapping public utilities.

Should you have any questions or require additional information, please contact me at 614-775-4555.

Sincerely,

The City reserves the right to change these requirements if special conditions exist. If a Traffic Impact Statement or Regional Traffic Analysis is required, the applicant and the City Engineer must schedule a scope verification meeting with the City and any other local, state, or federal agencies affected by the proposed site improvements.

I certify that the information provided with this application is correct and accurate to the best of my knowledge, in filing this application with the City of Reynoldsburg.

Minority and Women Owned Business (MWOB) Grant

Minority-Women Owned Business Grant (MWOB) is designed to assist new business or expanding businesses within Reynoldsburg. The hope is to diversify, and improve our commercial offerings for the betterment of Reynoldsburg as a whole. The program was created in 2021 in the spirit, and intent of the lifting our minority owned, or female led businesses.

Program Description: Grant money is provided as a reimbursement and matched at \$.50 per \$1.00 of private investment up to a maximum of \$10,000 for eligible businesses. The total reimbursement amount will be based on submitted quote(s) contained within and set as part of the approved grant application.

Eligible Geography: All Commercial Business areas, as outlined in the Reynoldsburg Zoning Code.

Eligible Participants: Owners of for-profit businesses, non-profit or not-for-profit activities within the City may apply for an MWOB grant. Ineligible businesses include national chains, check cashing, sexually oriented businesses, governmental or quasi-governmental agencies and other businesses determined by the City to be contrary to the goals and objectives of community plans. Eligibility of non-profit, not-for-profit organizations shall be determined by proof of 501(c) status. Portions of buildings occupied by ineligible businesses may make the building ineligible for program funds. Eligibility of participants is at the sole discretion of the City.

Applicants requesting funding through the program must be current in their real estate property taxes and must be in good standing with all local, regional, state and federal taxing authorities. All properties participating in the program shall be in compliance with all applicable zoning, building and property maintenance standards.

Eligible Projects: Eligible projects are generally categorized into three types based on the nature of the proposed improvements. The following categories list examples of eligible improvements but do not represent an all-inclusive list. The Development Department is responsible for determining the eligibility of proposed improvements and said eligibility will remain at the sole discretion of the City. The City retains the right to approve an entire request, to approve portions of a request, suggest and/or ask for changes/additions to a request before approving or to deny any request or portion thereof. Building permit fees and professional design fees may be eligible for funding if associated with a project listed in the categories below.

1. Greenfield Development:
 - New construction for a new business.
2. Redevelopment/Expansion:
 - Redevelopment, Renovations, or expansion of an existing structure within the City.
3. Infill Development:
 - New Construction within a defined area of development within the City boundaries.

Funding: Project funds are provided as a reimbursement and matched for qualifying projects at a rate of \$0.50 per \$1.00. The maximum award per business shall not exceed \$10,000. This is a one-time grant opportunity, and once awarded, may not be eligible for re-application. The City determines the total reimbursement award based on the submitted quote(s) contained within the approved grant eligibility application. Costs exceeding the originally estimated amount may not be eligible for reimbursement.

Dispersal of Funds: Dispersed funds are to reimburse applicants for incurred expenses associated with approved project costs. Funds may be dispersed up to a maximum of two times during the duration of an approved project. Reimbursement requests will be processed upon the submission of proof of payment, photographs, inspection results and other needed documentation (as determined by staff) to verify the completion of the improvement.

Grant recipients are required to maintain records of expended funds and are to provide copies of all paid final invoices, paid receipts, inspection results and additional documentation demonstrating proper use of grant funds. Recipients not able to provide the necessary documentation/records will not be issued grant reimbursement funds.

This grant may be treated as income subject to Federal Income Tax. The City of Reynoldsburg is not liable for any tax implications resulting from the extension of this grant through the Minority-Women Owned Business Grant. See your tax advisor for clarification. The distribution of funds will be made in accordance with the guidelines stipulated by the administration of the City of Reynoldsburg.

Conflict of Interest: No official, employee or agent of the City shall have any personal interest, either direct or indirect, in the MWOB program, nor shall any such official, employee or agent participate in any decision relating to the MWOB program which affects his personal interests or the interests of any corporation, partnership or association in which he is, either directly or indirectly, interested. Additionally, work completed by applicants and/or property owners that hold ownership in any firm performing that work, or other instances in which the Development Department determines a conflict of interest is or may be present, shall be ineligible for MWOB funding.

Project Monitoring: Grant recipients must agree to allow any duly authorized representatives of the City of Reynoldsburg, at reasonable times and with twenty-four (24) hours prior notice, to have access to any portion of the project in which the City is involved and the period of such right to this access shall be until the City closes out the project.

STEP 2 Eligibility Application: This application is to determine if proposed projects are eligible for reimbursement and sets the maximum amount the City can reimburse. Eligibility is determined through project quotes, photos of the site's current conditions, and plans, drawings, and/or photos of what is proposed. Submittal requirements are set forth on the application form. Information the applicant provides will be used as the basis for evaluating the project. Applications will not be considered complete and eligible for participation in the program unless all items on the application are answered and all required attachments are included.

STEP 3 Eligibility Approval Letter: This letter is sent to applicants when an Eligibility Application has been approved listing the eligible projects and maximum eligible reimbursement. A Reimbursement Application is sent to the applicant with the Eligibility Approval Letter.

STEP 4 Permits Obtained: Participants in the grant program agree to obtain all necessary permits prior to the commencement of work and comply with all Reynoldsburg Ordinances.

STEP 5 Work Completed: All projects shall be completed and have received approval of all required inspections prior to submittal of the Reimbursement Application. The Reimbursement Application determines the amount of possible reimbursement based on payments {i.e. paid invoices, copies of checks, credit card statements, etc.} and photos of the completed projects. Applications will not be considered complete and eligible for reimbursement unless all items on the application are answered and all required attachments are included.

MASTER AGREEMENT
TO PROVIDE ELECTRIC GENERATION SUPPLY AND RELATED SERVICES
BY AND BETWEEN
CITY OF REYNOLDSBURG
AND
VOLUNTEER ENERGY SERVICES, INC.

THIS AGREEMENT (“Agreement”) is made this ____ day of November 2021, by and between the **CITY OF REYNOLDSBURG** (the “Municipality”) and **VOLUNTEER ENERGY SERVICES, INC.** (“VE”), acting by and through properly authorized officials (hereinafter the “Municipality” and VE may from time to time be referred to as a “Party” and together, as the “Parties”).

WHEREAS

1. On November 6, 2001, the Municipality approved an ordinance to establish an “opt-out” electric aggregation program (the “Electric Aggregation Program” or the “Program”) pursuant to Ohio Revised Code (“ORC”) Section 4928.20, for the residents, businesses, and other electric consumers eligible to participate in the aggregation program (the “Program Participants”), and for that purpose, to take greater control over the electric purchasing decisions for the Municipality and its qualifying residents, with the desire to take advantage of the collective purchasing power of the Municipality for the benefit of the Program Participants.
2. On November 20, 2020 the Municipality was most recently re-certified by the Public Utilities Commission of Ohio (“PUCO”) as a governmental aggregator pursuant to Chapter 4901:1-24, Ohio Administrative Code (“OAC”) under Certificate #10-306E.
3. The Program will include members of the Program Participants who are currently supplied by American Electric Power (“AEP”), the local electric distribution utility (“Utility”).
4. The Municipality desires to select and use VE, during the term of this Agreement, as the exclusive provider of retail electric supply to the members of the Electric Aggregation Program at the pricing mutually agreed to by VE and the Municipality pursuant to the terms set forth in Section 2 of this Agreement.
5. The “Program Participants” shall consist of all retail electric loads, except mercantile customers, that are located within the Municipality and for which there is a choice of supplier of that service, and who are otherwise eligible to participate in the governmental aggregation program.

NOW, THEREFORE, in consideration of the mutual promises, covenants, conditions, and terms to be kept and performed and the aforementioned recitals, which are incorporated herein by reference, the Parties agree as follows:

SECTION 1 GENERAL PROVISIONS

1.1 Electric Governmental Aggregation Program

Municipality shall take all actions necessary to maintain its certification as a governmental aggregator with the PUCO at all times through the term of this Agreement and any extension(s) hereof. Municipality shall have no financial responsibility whatsoever with respect to the Customers' obligations under this Agreement, and Municipality does not assume the credit risk for any nonpayment on behalf of any Customer (as defined below) in its Electric Aggregation Program.

1.2 Volunteer Energy Services, Inc.

VE is duly certified by the PUCO as a competitive retail electric service provider and, as such, is authorized to provide such services to serve the Municipality's residential and small commercial customers who do not opt out of the Program.

1.3 Customers

The end users in the Municipality's Electric Aggregation Program will be the residential and small commercial customers within the Municipality's political boundaries that do not opt out of the Program ("Customers") and who are otherwise eligible to participate. On behalf of the Customers, the Municipality reserves the right to approve the supplier's terms and conditions for the supplier's contracts with the Customers.

1.4 Utility

For the purposes of this Agreement, American Electric Power (AEP) is the electric distribution utility and shall provide electric distribution services for all electricity supplied under this Agreement.

SECTION 2 SCOPE OF WORK

The Municipality shall use VE as the exclusive provider of retail electric supply to the members of the Electric Aggregation Program at the pricing mutually agreed to by VE and the Municipality pursuant to the terms set forth herein. The Parties hereby agree to undertake, perform and complete the services and/or actions described below:

2.1 VE and the Municipality hereby agree that the rate Customers will pay for electric generation service provided by VE under the Electric Aggregation Program shall be as set forth in Attachment A hereto ("Billing Rates") and shall be subject to Attachment B ("Terms and Conditions").

2.2 VE will be responsible for the costs of obtaining the eligible customer list from the Utility and/or from any other resource it deems useful in creation of an accurate list. The Municipality will share its resources to help mitigate the cost of assembling and verifying this list and will request the eligible customer list from the Utility. It will be the responsibility of VE to approve the list to be used. VE shall perform, and the Municipality will assist, to the best of their abilities, in the necessary list cleansing to ensure that only those Customers who are eligible to participate are included on the list. VE and the Municipality acknowledge that the list acquired from the Utility is represented by the Utility to be a list properly cleansed to include only those Customers that are eligible for the Government Aggregation, as detailed in ORC Section 4928.20. To the extent the Utility fails to provide such a list, the Parties hereto expressly waive any claim against each other resulting from such failure by the Utility.

2.3 Upon notification and request to VE by a Customer who was eligible at the time of the initial opt-out notification and who remains eligible in accordance with ORC Sections 4928.20 and 4928.21(C), and OAC Rule 4901:1-21-17(E), VE shall enroll any such Customer wishing to join the Program. If an ineligible customer receives an opt-out notice and is enrolled in the Program, upon knowledge of or notice to VE, VE shall take immediate steps to return that customer to the Utility's standard service. VE will also be responsible for reimbursing any switching fee and negative differential charges resulting from the improper switch, if notified by a customer with a legitimate grievance.

2.4 VE shall print and mail opt-out notice packets to Customers that appear on the cleansed list. The packet shall contain an opt-out notice scripted by the Municipality, a terms and conditions page outlining Customer contract provisions scripted by VE and approved by the Municipality and may also include other information as agreed upon by the Municipality and VE. VE shall bear the costs associated with preparing, printing, and mailing the opt-out notice packets.

2.5 VE shall receive and organize the opt-out responses and prepare a final listing of those Customers to be enrolled in the program. VE will also handle the information sharing/verification process with the Utility for the transfer of accounts.

2.6 VE will utilize its customer call center resources to handle customer calls and concerns about the Program in a timely manner and provide information about the Program to Customers. Consistent with the PUCO rules, VE shall maintain a toll-free telephone number that will be provided in all written correspondence with Customers, as well as the VE website that can be used by Customers to obtain answers to frequently asked questions. VE understands that the Municipality is not equipped to handle large volumes of customer calls and will be dependent on VE for this function. The Municipality will remain available to answer questions regarding customer inquiries as needed by VE.

2.7 Consistent with ORC Section 4928.20(D), once timing is finalized between the Municipality and VE, VE will conduct an initial opt-out opportunity (the "Initial Opt-out"). VE will provide the services set forth in Sections 2.2 through this 2.7 with respect to a subsequent opt-out ("Interim Opt-out,") as it did for the Initial Opt-out. The purpose of the Interim Opt-outs is to provide an opportunity for newly-eligible Customers (by way of example only and not by way of limitation, a resident new to the

Municipality since the time of the list compilation for the Initial Opt-out) to take advantage of the Program. All Interim Opt-outs will be conducted in the same manner as the Initial Opt-Out, except that any price notifications may be provided in an expedited fashion, as long as a full opt-out notice has been provided within the term of this Agreement.

2.8 Notwithstanding anything to the contrary herein, VE agrees that, upon notification by any former Customer of the Program Participants and once provided with appropriate documentation, VE shall re-enroll any Customer who is in the Program and who moves to a new location within the Municipality and within the Utility's service territory. This can be accomplished as an opt-in enrollment. Appropriate documentation shall include a signed agreement, telephone verification of enrollment, or internet enrollment into the Program. The price, terms, and conditions, once re-enrolled, shall continue for the remainder of the Customer's initial term at the Customer's prior address, although in no event shall the term exceed the term of this Agreement. In addition, VE shall permit any new resident of the Municipality, who is within the Utility's service territory and who moves into any facility existing at the time of execution of this Agreement, to opt into the Program at the then current terms and conditions for the Program, for the remaining term of the Program as specified in this Agreement. Residents of newly constructed facilities, if eligible, will be permitted to enroll in the Program during Interim Opt-out notifications and may, in VE's sole discretion, be permitted to enroll in the Program as opt-in Customers, from time to time.

2.9 If applicable, any person enrolled in the Program shall have the opportunity to opt out of the Program every three (3) years, without paying a switching fee.

2.10 Any person who opts out of the Program either before the commencement of the Program, pursuant to the stated procedure, or later shall default to the standard service provided under ORC Section 4928.14 or 4928.35(D) until the person chooses an alternative supplier.

2.11 If the Utility charges a switching fee for all Customers choosing a new supplier under the Choice Program, VE agrees to pay this fee.

2.12 VE shall use commercially reasonable efforts (consistent with current VE operational standards and industry practice) to not knowingly and intentionally actively solicit residents or small businesses who qualify for participation in, and have not otherwise opted out or become or been made ineligible for, the Program (the "Program Audience") for service or rates outside the Program; provided, however, that the Parties acknowledge and agree that (i) the foregoing shall exclude solicitations by websites, generally available print or electronic media, general postings, or promotions or advertisements to the general public (including by print, newspaper or electronic postings) and all other passive solicitations; (ii) VE shall at no time be expected or required to monitor, restrict, limit or modify in any way its current operational practices in effect as of the Effective Date with respect to any sales channels or methods other than those that would directly, knowingly, and intentionally engage in active solicitations of the Program Audience (which shall not include any of the types of solicitations in clause (i)); and (iii) the fact alone that a member of the Program Audience may enroll or otherwise contract for service or rates

outside the Program through other sales means, such as by website or in response to general public promotions or other broker or referral channels, shall not be sufficient to constitute a breach of VE's obligations under this paragraph.

2.13 If a Customer of the Program Audience is improperly removed from the Program as set forth in Section 2.12 above and switched to another price or electric product offered by VE, upon knowledge of or notice to VE of the improper switch, VE shall take immediate steps to re-enroll the Customer under the then-current price, terms, and conditions of the Program. VE will be responsible to reimburse any switching fee and negative differential charges resulting from the improper switch.

2.14 VE's arrangements regarding electric supply shall comply with the Choice Program. VE will supply and manage deliveries to meet the full requirements of the Program Participant's electric supply requirements. Pricing shall not include Utility charges, fees, or expenses, other than as set forth in Section 2.11 hereof.

2.15 If the PUCO requires information or documents regarding the Aggregation, VE agrees to assist in compiling such information in the possession and control of VE.

SECTION 3 TIME OF PERFORMANCE AND TERM OF CONTRACT

3.1 This Agreement and VE's obligations under this Agreement shall commence on the **March 2022 meter read date** (the "Effective Date") and shall terminate on the later of the _____ **meter read date** or the date of commencement of another agreement related to aggregation Administrative Services by and between the Municipality and another such administrator ("Initial Term"), unless the Agreement is extended for an additional term(s) by mutual written agreement of the Municipality and VE.

3.2 The Municipality shall have the right to begin negotiations with VE and other electric suppliers during the term of this Agreement in order to ensure a seamless transition and continuation of the Program. If the Municipality chooses a different supplier upon the termination of this Agreement, VE shall cooperate with the Municipality and the new supplier in a timely manner in order to ensure a seamless transition to the new supplier. This would include providing a list of Customers who, according to VE's records, are participating in the Program at the time such request is made.

3.3 Should this Agreement terminate at the end of the Initial Term and a new supplier is not chosen, and if the Municipality and VE have not entered into any written modification, amendment, or renewal of this Agreement, VE shall take all actions reasonably necessary to return any Program Customers to the Utility upon expiration of the Program term.

SECTION 4 DELIVERIES

4.1 On and after the Effective Date and throughout the term of this Agreement, VE shall provide firm, full requirements electric supply to the Utility's distribution system in accordance with the Utility's delivery guidelines.

SECTION 5 BILLING AND PAYMENT

5.1 VE shall delegate the billing obligations to the Utility, such that Customers will receive an invoice for the Utility's charges and VE's charges on the same monthly bill. Payment will be due according to the Utility's billing schedule. Customer will make payment to the Utility. As an option, VE will offer budget billing to residential Customers in good standing. The budget billing amount is based on a projection of the Participating Customer's energy usage for the remaining term of the Program calculated using twelve (12) months historical usage, where available, plus an adder determined by VE to minimize future true-up amounts. If Customer fails to make any payments under this Agreement or fails to meet any agreed-upon payment arrangements, VE may terminate this agreement by giving Customer written notice of at least fourteen (14) calendar days. Customer's failure to pay the Utility's charges may result in the account(s) being disconnected in accordance with the Utility's tariff. If an account is switched back to the Utility for service, it may not be served under the same rates, terms and conditions that apply to other customers served by the Utility.

SECTION 6 NON-PERFORMANCE/TERMINATION

6.1 If VE fails to meet its obligations to deliver electric supply under this Agreement and its failure is not excused by any provision under this Agreement, then VE shall reimburse the Customers for any difference between VE's price and the price that the Customers pay for any replacement electric supplies plus reasonable costs to procure replacement electric supplies, as necessary to meet the Customers' needs due to VE's failure to perform.

6.2 A Party may terminate this Agreement prior to its natural expiration for: (i) a material breach of any of the terms contained herein by the other Party hereto which has not been cured within fifteen (15) days after written notice by the non-defaulting Party or such other cure period set forth in this Agreement, or (ii) in accordance with the following contingencies:

A. **Illegality.** Due to the adoption of or change in any applicable law or any interpretation of any applicable law by any judicial or governmental authority, it becomes unlawful for either Party or both Parties to perform any obligation under this Agreement or its Attachments.

B. **Adverse Government Action.** A regulatory, legislative or judicial body having jurisdiction over this Agreement (A) requires a material change to the terms of this Agreement that materially and adversely affects a Party or (B) takes action that adversely and materially impacts a Party's ability to perform or otherwise provide the services herein, or requires a delay in the performance of this Agreement that either Party determines to be unreasonable or (C) orders a change or modification that affects the Program such that either Party's obligations hereunder are materially changed, and the change is not deemed a Force Majeure event.

C. **Failure of the Municipality to maintain its status as a PUCO-certified Governmental Aggregator.**

D. Failure of VE to maintain its status as a PUCO-certified competitive retail electric service provider.

6.4 Regulatory Event – Changes to laws, regulations, rules, decisions, entries, findings, or orders governing the generation, transmission, or sale of electricity may be made by different entities, including state agencies and regulatory bodies such as the Public Utilities Commission of Ohio (PUCO), federal agencies and regulatory bodies such as the Federal Energy Regulatory Commission (FERC), and Regional Transmission Organizations (RTO) that operate multi-state regional electric transmission systems such as PJM Interconnection LLC (PJM), the RTO that operates the regional electric transmission system in a multi-state region that includes Ohio. Such changes may include, without limitation, new, revised, altered, or amended laws, regulations, rules, decisions, entries, findings, or orders relating to (i) the generation of electricity, (ii) the availability and reliability of electricity supply resources (including, without limitation, capacity), (iii) the reliability of the electricity grid, (iv) the transmission or delivery of electricity, and (v) the sale or marketing of wholesale and retail electricity (collectively, Regulatory Events).

VE has no control over Regulatory Events. If any Regulatory Event materially increases VE's costs to perform under this Agreement, VE may promptly notify the Municipality that such a Regulatory Event has occurred and provide written notice to the Municipality of proposed new contract terms to Customer, including, without limitation, an increased price for the electricity delivered by VE under this Agreement. If VE proposes new contract terms in accordance with this clause, VE will provide written notice to the Municipality that identifies (1) the Regulatory Event(s) at issue, (2) the new contract terms proposed by VE, and (3) when the proposed date that the new contract terms will take effect. Upon the occurrence of a Regulatory Event, the Parties shall enter into good-faith negotiations to modify this Agreement so that VE will be restored to a similar economic position in its costs to perform under this Agreement that it would have been in but for the occurrence of the Regulatory Event. If the Parties are unable, within thirty (30) days of such notice, to modify this Agreement and agree on such restoration, VE may terminate this Agreement by 30-day written notice to the and will take all actions necessary to return all Customers in the Program to the Utility. VE shall pay any and all switching fees.

If any Regulatory Event materially decreases VE's costs to perform under this Agreement, VE using good faith and applying the same standard of review as when monitoring and interpreting potential Regulatory Events that materially affect VE by increasing its costs to perform, shall promptly notify the Municipality that such Regulatory Event has occurred and provide written notice of the proposed decrease in each Customer's then-current price, which decrease shall be based solely on VE's estimated decreased costs to perform as a result of the occurrence of such Regulatory Event, and the proposed date upon which such revised pricing shall be effective. The Parties acknowledge and agree that the Municipality, using good faith, also may promptly notify VE of a Regulatory Event and the resulting revised pricing if it has not been previously identified by VE. Upon the occurrence of a Regulatory Event, the Parties shall enter into good-faith negotiations to modify this Agreement so that Customers in the Program will receive the benefit of such Regulatory Event, which will reflect a decrease in the Customers' costs to obtain service under this Agreement resulting from the occurrence of the Regulatory

Event. If the Parties are unable, within thirty (30) days of such notice, to modify this Agreement and agree on such positive restoration, the Municipality may terminate this Agreement by 30-day written notice. If the Agreement is terminated, VE will work with the Municipality to take all actions necessary to return all Customers in the Program to the Utility.

Customer will have thirty (30) days from the date of the written notice to affirmatively accept or reject the new contract terms. If Customer does not affirmatively accept the new contract terms within thirty (30) days of the written notice, this Agreement will terminate without penalty on the next available meter read date after the expiration of the thirty-day notice period and processing by the electric utility and VE, after which Customer will return to Customer's electric utility or another Competitive Retail Electric Service (CRES) provider of Customer's choosing for electricity.

SECTION 7 FORCE MAJEURE

7.1 Force Majeure shall include, but not be limited to the following: (i) physical events such as Acts of God, landslides, lightning, earthquakes, fires, storms (including hurricanes), or storm warnings, which result in evacuation of the affected area, floods, washouts, explosions, breakage, accident, or necessity of repairs to machinery or equipment or transmission or distribution lines; (ii) weather-related events affecting an entire geographic region, such as low temperatures that cause failure of transmission or distribution lines; (iii) interruption and/or curtailment of primary transmission or distribution lines where such interruption directly affects electric supply deliveries under this Agreement; and (iv) acts of others such as strikes, lockouts, or other industrial disturbances, riots, sabotage, insurrections, terrorist acts, or wars. VE and the Municipality shall make reasonable efforts to avoid the adverse impacts of a Force Majeure and to resolve the event or occurrence once it has occurred in order to resume performance.

7.2 Neither Party shall be entitled to the benefit of the provisions of Force Majeure to the extent performance is affected by any or all of the following circumstances: (i) the curtailment of interruptible transmission or distribution lines; (ii) the Party claiming excuse failed to remedy the condition and to resume the performance of such covenants or obligations with reasonable dispatch; or (iii) economic hardship, to include, without limitation, VE's ability to sell electric supply at a higher or more advantageous price than the price under this Agreement or the Municipality's ability to purchase electric supply at a lower or more advantageous price than the price under this Agreement; or (iv) the loss or failure of VE's electric supply or depletion of supply, except, in either case, as provided in Section 7.1.

The Party whose performance is prevented by Force Majeure must provide notice to the other Party. Initial notice may be given orally; however, written notice with reasonably full particulars of the event or occurrence is required as soon as reasonably possible. The claiming Party shall exercise due diligence to remove the inability to perform as soon as reasonably possible, if possible. Upon providing written notice of Force Majeure to the other Party, the affected Party will be relieved of its obligation, other than the obligation to make payments then due or becoming due with respect to performance prior to the Force Majeure event, to make or accept delivery of electric supply, as applicable, to the extent and for

the duration of Force Majeure, and neither Party shall be deemed to have failed in such obligations to the other during such occurrence or event.

SECTION 8 INSURANCE

8.1 VE shall carry and maintain throughout the life of this Agreement such bodily injury and property damage liability insurance as will protect it and the parties against any and all claims for personal injury, including death, or property damage, which may arise out of or result from the performance of or operations under this Agreement or from the use of any vehicle(s) in connection therewith, and shall include coverage for indemnification as described above. VE shall name Municipality as an additional named insured on its policy.

Prior to commencement of this Agreement, VE shall present to the Municipality current certificates of insurance and shall maintain current such insurance during and throughout the entire term of this Agreement. Said insurance shall, at a minimum, be of a type which is customary in the industry and shall provide coverage in an amount that is both customary in the industry and equal to and covering all sums which VE may or shall become legally obligated to pay as damages. VE shall be responsible for any and all premiums for such policy(ies).

In addition to the rights and protections provided by the insurance policies as required above, the Municipality shall retain any and all such other and further rights and remedies as are available at law or in equity.

SECTION 9 INDEPENDENT CONTRACTOR

9.1 VE agrees that it shall act in performance of this Agreement as an independent contractor. No agency, employment, joint venture, or partnership has been or will be created between the parties hereto pursuant to the terms and conditions of this Agreement.

VE assumes all responsibility for any and all federal, state, municipal, or other tax liabilities, along with workers compensation, unemployment compensation, contributions to retirement plans, and/or insurance premiums which may accrue and/or become due as a result of compensation received for services and/or deliverables rendered and/or received under or pursuant to this Agreement.

VE and/or its officers, officials, employees, representatives, agents, and/or volunteers are not entitled to any benefits enjoyed by employees of the Municipality.

SECTION 10 INDEPENDENT CONTRACTOR ACKNOWLEDGEMENT/NO CONTRIBUTION TO OPERS

10.1 The Municipality is a public employer as defined in ORC Section 145.01(D). The Municipality has classified VE as an independent contractor or another classification other than public employee. As a result, no contributions will be made to the Ohio Public Employees Retirement System ("OPERS") for or on behalf of VE and/or its officers, officials, employees, representatives, agents, and/or volunteers for

services and/or deliverables rendered and/or received under or pursuant to this Agreement. VE acknowledges and agrees that the Municipality, in accordance with ORC Section 145.038(A) has informed it of such classification and that no contributions will be made to OPERS. If VE is an individual or has less than five (5) employees, VE, in support of being so informed and pursuant to ORC Section 145.038 agrees to and shall complete and shall have each of its employees complete an OPERS Independent Contractor Acknowledgement Form, which is attached hereto and incorporated herein as a part of this Agreement.

SECTION 11 CAMPAIGN FINANCE

11.1 Compliance with ORC Section 3517.13 and ORC Sections 3517.13 I and J require that no political subdivision shall award any contract for the purchase of goods with a cost aggregating more than five hundred dollars in a calendar year or services with a cost aggregating more than five hundred dollars in a calendar year to a corporation, business trust, individual, partnership or other unincorporated business, association, including, without limitation, a professional association organized under ORC Chapter 1785, estate, or trust unless the political subdivision has received for that calendar year, or the contract includes, a certification that the individuals named in said sections of the ORC are in compliance with the applicable provisions of ORC Section 3517.13. VE, therefore, is required to complete the certificate/affidavit titled "Certification/Affidavit in Compliance with O.R.C. Section 3517.13," which is attached hereto and incorporated herein as part of this Agreement.

SECTION 12 CIVIL RIGHTS

12.1 The Parties agree that as a condition of this Agreement, there shall be no discrimination against any Customer or any employee because of race, color, sex, religion, national origin, handicap, sexual orientation, or any other factor as specified in Title VII of the Civil Rights Act of 1964, Rehabilitation Act of 1973, and subsequent amendments. It is further agreed that the Parties will comply with any and all applicable federal and state laws regarding such discrimination and the right to and method of appeal will be made available to all persons under this Agreement. Any Party found to be out of compliance with this section may be subject to investigation by the Office of Civil Rights of the Department of Health and Human Services and termination of this Agreement.

The Parties agree as a condition of this Agreement to make all services provided pursuant to this Agreement accessible to the disabled/handicapped. The parties further agree as a condition of this Contract to comply with Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), all requirements imposed by the applicable HHS regulations (45 CFR part 84) and all guidelines and interpretations issued pursuant thereto. Any Party found to be out of compliance with this section may be subject to investigation by the Office of Civil Rights of the Department of Health and Human Services and termination of this Agreement.

SECTION 13 DRUG FREE ENVIRONMENT

13.1 VE agrees to comply with all applicable state and federal laws regarding drug-free environment and shall have established and have in place a drug free workplace policy. VE shall make a good faith effort to ensure that all of its employees will not purchase, use, or possess illegal drugs or abuse prescription drugs or alcohol in any way while on the premises of the Municipality.

SECTION 14 LICENSES

14.1 VE certifies and warrants that it has obtained and maintains current all approvals, licenses, including operator licenses, certifications, and/or other qualifications (collectively, "Licenses") necessary to provide all of the services required pursuant to this Agreement and to conduct business in the State of Ohio. VE further certifies and warrants that all such Licenses are operative and current and have not been revoked or are not currently suspended for any reason.

SECTION 15 CONFIDENTIAL INFORMATION

15.1 Confidentiality. VE and Municipality agree to keep all proprietary and trade secret terms and provisions of this Agreement confidential to the extent permitted by law and subject to the requirements of ORC Section 149.43. Municipality and VE agree to make best efforts to notify the other Party when any request for such information is made by a third party; provided, however, each Party shall have the right to make such disclosures, if any, to government agencies and to its own agents, attorneys, auditors, accountants, and shareholders as may be reasonably necessary, so long as each Party makes reasonable efforts to maintain the confidentiality of such information being so disclosed, whether by use of protective orders or otherwise, as is afforded by the process in which the disclosures are made. If disclosure is sought through process of a court, or a state or federal regulatory agency, the Party from whom the disclosure is sought shall promptly notify the other Party to allow it the opportunity to participate in such proceedings.

This Agreement may not be modified, amended, altered or supplemented, except by written agreement signed by all parties hereto. No waiver of any term, provision, or conditions of this Agreement, whether by conduct or otherwise, in any one or more instances, shall be deemed to be, or shall constitute a waiver of any other provision hereof, whether or not similar, nor shall such waiver constitute a continuing waiver, and no waiver shall be binding unless executed in writing by the Party making the waiver.

16.3 Waivers. Any request for a waiver of the requirements and provisions of this Agreement shall be in writing and must be approved in writing by the non-waiving Party. The failure of either Party to insist upon strict performance of such requirements or provisions or to exercise any right under this Agreement shall not be construed as a waiver or relinquishment of such requirements, provisions or rights.

16.4 Governing Law. This Agreement shall be governed by and interpreted in accordance with the laws of the State of Ohio without regard to any principles of conflicts of laws that would apply the law of another jurisdiction.

16.5 Controlling Provisions. In the event of any inconsistency between the terms herein and the terms of the attachments hereto, the provisions of this Agreement shall control.

16.6 Severability. Any provision in this Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions or affecting the validity or enforceability of such provision in any other jurisdiction. The non-enforcement of any provision by either Party shall not constitute a waiver of that provision nor shall it affect the enforceability of that provision or the remainder of this Agreement.

16.7 Assignment. This Agreement shall not be transferred or assigned by either Party without the express written authorization of the other Party, which authorization shall not be unreasonably withheld.

Notwithstanding the foregoing, VE may, without the consent of Municipality or Customers, (a) transfer, sell, pledge, encumber or assign this Agreement or the accounts, revenues or proceeds hereof in connection with any financing or other financial arrangement; (b) transfer or assign this Agreement to an affiliate of VE; or (c) transfer or assign this Agreement to any person or entity succeeding to all or a substantial portion of the assets of VE. Nonetheless, to the extent commercially reasonably practicable, VE shall provide Municipality with notice of said transfer or assignment pursuant to clause (b) or (c) of the immediately preceding sentence thirty (30) days prior to such transfer or assignment (but in any event shall provide prompt notice thereof). Upon an assignment pursuant to (b) or (c), Municipality and Customers agree that VE shall have no further obligations regarding future performance hereunder. Either Party's assignee shall agree in writing to be bound by the terms and conditions of this Agreement, including the attachments. Subject to the foregoing, this Agreement and its attachments shall be binding upon and inure to the benefit of any permitted successors and assigns, to the extent permitted by law.

16.8 Forward Contract. The Parties acknowledge and agree that (a) this Agreement constitutes a forward contract within the meaning of the United States Bankruptcy Code, and (b) VE is a forward contract merchant.

16.9 Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which shall together constitute one instrument. Any counterpart may be executed and evidenced by signature transmitted by facsimile, e-mail or other electronic means as though it were an original.

16.10 No Third-Party Beneficiaries. This Agreement confers no rights or remedies whatsoever upon any person or entity other than the Parties and shall not create, or be interpreted as creating, any standard of care, duty or liability to any person or entity not a Party hereto. Except as set forth in this Section 16.10 and Article 14, neither Party shall be liable to a third party not a Party to this Agreement for any unauthorized act or omission on the part of the other Party or for any unauthorized obligation or debt incurred by the other Party.

16.11 Authority. The Municipality and VE each represent and warrants that it has full and complete authority to enter into and perform this Agreement. Each person who executes this Agreement on behalf of either Party represents and warrants that he or she has full and complete authority to do so and that such Party will be bound thereby.

16.12 Community Reinvestment. VESI recognizes the difficult job facing elected and appointed officials in running and maintaining our local communities, therefore as part of VESI Community Reinvestment Program, VESI will contribute \$0.0005 per kWh of electricity supplied through the aggregation program to the Municipality. These funds are to be deposited into a special account established by the Municipality. It is agreed by the Municipality and VESI that these funds will be used as the Municipality's matching grant funds for programs such as, but not limited to programs like CDBG (Community Development Block Grants), Issue II, Transportation Enhancement, etc., or for any project which the Municipality approves by resolution or by ordinance. It shall be the Municipality's decision

on which grant programs these funds should be used for. It is the intent of VESI to allow as much flexibility as possible in the decision-making process. These funds can be combined from year to year. These funds will be paid to the Municipality as long as they remain in choice program with VESI. These funds will be paid to the Municipality on an annual basis.

SECTION 17 APPLICABLE LAW

This Agreement and all provisions herein will be governed by and interpreted under Ohio laws. Any and all litigation between VE and the Municipality related to this Agreement shall be brought in either a state or federal court located within the State of Ohio.
