You have an item on your consent agenda, number 13f, for a second reading. It has to do with the interconnect for Main Street, to help the fire department with response times. I would like to ask if you would consider adding the intersection of Brice and Livingston and also Livingston and SR256. I believe those two are arguably two of the most dangerous intersections in the City. MORPC crash records over the past few years, Brice and Livingston was probably in the top 20. I know we may not have the money at the current time, but if we can at least add it to the proposal and have the engineering done. If we come up with the money by the end of the year, the Township may have a few dollars they can kick in. Then the engineering is done and we wouldn't have to go back out for another proposal. It would be nice if we could add Taylor and Main, but I know it's in South West Licking, but it might be something we can approach them about. I know a lot of these traffic lights that are in there

end of town don't have a pre-amp system. It would help Truro with their response times and be a benefit to our residents.

Mayor Begeny

I would like to thank and recognize that it is National Parks and Recreation Month, this month.

WHEREAS, parks and natural recreation areas improve water quality, protect groundwater, prevent flooding, improve the quality of the air we breathe, provide vegetative buffers to development, and produce habitat for wildlife; and

I also wanted to take a moment and recognize the retirement of Brenda Browning, who had work for a number years for the City. I did a proclamation for her 37 years of service. She went from Reynoldsburg High School to Reynoldsburg City government. I think she was smiling when she left last week, a 37 year smile.

WHEREAS, it the privilege of the Mayor of the City of Reynoldsburg, Ohio to recognize people of importance; and

WHEREAS, this certificate is being awarded to Brenda Browning, upon the occasion of her retirement from the City of Reynoldsburg, as a testimonial of the loyal and dedicated service she has contributed for the past thirty seven years as Tax Administrator ; and

WHEREAS, the manner in which Brenda has carried out her responsibilities and duties, were characterized by a dedication to getting the job done; and

WHEREAS, Brenda has won the friendship and respect of not only her co-workers, but others with whom she has come into contact. She will be missed both professionally and as a friend.

NOW, THEREFORE, I, Joe Begeny, Mayor of the City of Reynoldsburg, Ohio, tender this Certificate of Recognition to Brenda Browning and extend my personal appreciation for these many years of service as a member of the city staff.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the Great City of Reynoldsburg, Ohio, to be hereto affixed on this the 9th day of July, in the year of Two Thousand and Twenty One.

On a personal note, there was an invitation extended to Brenda, but I think there was a smile when she left the building that said she was going to enjoy her retirement. I am sure she is going to.

A couple other of items. We have our invitations to our Reynoldsburg City Council, City Attorney and City Auditor about a potential fundraiser at our Tomato Festival. We are going

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
July 12, 2021**

to be doing a number of great things at our Tomato Festival, but this one is going to be a dunk tank for the Reynoldsburg Education Foundation. It's an odd tank. It's actually two tanks with a cross bar center in the middle. So two of Reynoldsburg's wonderful dignitaries will have the opportunity to get dunked at the same time. The challenge has been extended by Chief Baker and accepted by the Truro Township Fire Department, so we know that will be a popular location. Superintendent Melvin Brown and I have also agreed. I wanted to extend that invitation on record so everyone can see and we can raise money for the Reynoldsburg Education Foundation. I will be looking forward to enthusiastic volunteers in the coming days.

I also wanted to thank our parks and Recreation staff, the Street Department, the Reynoldsburg Community Association and everyone who was involved in the fourth of July fireworks and parade. They were amazing, the weather was perfect. Saturday, I don't think we will have better parade weather ever, for as long as we are all here in Reynoldsburg. It was absolutely wonderful. All of that, thanks to everyone out there.

I do have some good news that I wanted to share with everyone. We are at the point where we are little past the middle of the year and I wanted to share our revenue with everyone. Auditor Cicak is providing me with the City's paycheck that we get deposited twice a month, 1st and the 15th. The first payment in July has been accepted. We are waiting to see what later this week brings. So far to date the revenue for the City of Reynoldsburg is 18 million 818 thousand and some change. What that means to us is in 2020, during Covid, which is obviously a major impact, revenue to this point in time in 2020 was \$14,245,000.00. So that is an increase of about 4.5 million dollars in revenue. However, I thought let's take this a step further and look to 2019, the last pre Covid year we have on file. In 2019, revenue at this point in time was \$15,115,000.00. This is an increase of 3.7 million from 2019. So a couple of things have led into the factor of that. Over the last 18 months, Reynoldsburg has opened up a total of 52 businesses. In 2020, we opened 36 businesses in the Covid year including 9 medical, 5 restaurants, 8 retail, and 14 other. These were ones that I could not fit into a category, they included hair, event space, supplies. So far in 2021, we are already at 17 businesses with 2 medical, 7 restaurant, 3 retail and 5 other. Again, including hair studios, tutoring and photography. What this means is, we are doing good for right now. We will see what the next deposit brings, we will continue to keep you informed. We are doing better than, we will leave it at that, we are doing as well as we want to. Fingers crossed.

I will address Mr. Luzader's comment. I did speak with the Truro Township fire department about those particular incidences and we are looking into that. The only question that people

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
July 12, 2021**

have asked about is the SR256 corridor, including Mr. Luzader on the transportation and traffic committee. They were interested in a round-about at the 5 way location. I think we need to figure out what we're doing with that one first, I think we are organizing a town hall meeting at the end of August to provide some of that information so that community members also have the time to comment. I would hate to extend those funds for that if it's going to be made into a round-about in the future. Thank you everyone again for your participation in the 4th of July festivities.

Franklin County Auditor's Office

Thank you for having me. This is a new project that we just launched back in June. This is our first iteration of it so we will of course be adding pieces into it. I wanted to take a little bit of time what the hub looks like now and then we also have another announcement as well. I wanted to start with a little background, the Auditor serves as the statutory chair under state law for every municipalities Tax Incentive Review Council that has one. Not every municipality has one, I believe Reynoldsburg does. Either way, there are a lot in Franklin County. We have been working with a bunch of municipalities to compile this data. We launched our TIRC report, it's the first in the state of its kind. We are hoping other counties will follow suit, it sounds like that could happen. The TIRC report was launched in response to several inquiries that we got. We are the statutory chair of the TIRCs but the municipalities themselves are the ones that pass tax abatements, TIFs, many of the tax incentives that we would be dealing with. We loved the partnerships that we have had with the cities on these. We did launch the Hub online in June. It's on our website, franklincountyauditor.com if you would like to check it out. I will show you just a couple little pieces of what it looks like here. This is the broad over view. Abatements, without going too far into definition, they are tax incentives. The ones we have on our hub, the enterprise zone ones, which are mostly determined by the state, community reinvestment areas, which I will be referring to as CRA's. We have each of these kinds of abatements that we have put up on the TIRC hub. If you look on the left side of the hub, it will consolidate all of the tax dollars abated by the total number that you will see within all of the different color dots. The number on the left that you see, the total tax, accumulative total of all of those. You can see it's broken down by the departments as well. ADAMH, County, general, as well, this is where we would see those dollars going, as opposed to as in the abatement. This is not of course to say that these dollars are gone out the window, we don't make a value judgment either way. Our

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
July 12, 2021**

responsibility is to maintain these documents and make them as accessible to the public as possible and understandable. That can be complex. Zooming in, we can see it still the dots, the dots are an abatement, they are added up and totaled on the left. On the top, you can see you can filter by city, village, and school district. There are a lot of ways to play with the data. You can click on a dot for a specific abatement, the blue lettering will give you a number and that will take you to our property search page, The property search will give you a ton of data, previous owners, deeds back to the 1800's, it can be pretty cool. If you are looking for city finance data, you can find a lot of information there. We have gotten a lot of good feedback. The TIFs can be in more broad areas, you won't have the dots but it works the same. Each shaded area is added up in there and you can see it adjusting on the side as you get a little closer in. It can designate multiple parcels within a project. That funding would be redirected to a specific fund for a specific purpose. Easton's is the example here, those dollars could be going to ADAMH, Children's Services, and those are going to dedicated infrastructure projects. It's kind of the same thing, you can click on it and get more dedicated information and then of course you can filter by city, village, and township. That's the TIF dashboard. On our hub you can apply for CAUVs, that's a tax incentive. Or tax exemptions for churches, non-profits. We have kind of consolidated that all in one handy place. It's just another part of making public data understandable and accessible and is presented in a digestible way. We will be adding new pieces onto this. If you have suggestion on how we can improve, I am here to take them. If you would like to talk to someone more in depth, we are setting those meetings up as well. I did want to mention something we have been talking with the State House on, we have had a specific filing period open for the Board of Revisions, and last year we had done our big tri-annual review. Which is a data overlay of all our property values that we maintain in the county. We have seen that a lot of them really went up. It was about 20% increase for residential and for commercial it was a little over 15%. I don't have to tell Reynoldsburg this but we are looking at a lot of growth and development. A lot of demand for homes and properties. Now there were concerns over the course of the pandemic that it was going to make it more difficult for businesses to bring in revenues. For example, a business property, you would have a lower property value, we worked with the state to re-open a special window to file with the board of revisions to get your property value adjusted. It is open to everybody, making that case for a residential home owner may be a little tougher. This is largely in response to businesses who shared those concerns. We worked with the State House, we had a good working dialogue with them and now have this period open for anyone who would like to file a complaint. It will be August 3 through September 2. Thank you.

Motions

A MOTION TO APPROVE A RESOLUTION AUTHORIZING THE MAYOR TO ACCEPT THE FIFTH AMENDED JOINT CHAPTER 11 PLAN OF REORGANIZATION FOR PURDUE PHARMA, L.P. IN THE UNITED STATES BANKRUPTCY COURT FOR THE SOUTHERN DISTRICT OF NEW YORK, CASE NO. 19-23649

Attorney Shook

Purdue Pharma is the manufacturer of the drug Oxycontin, which is the trademark name for the drug oxycodone. The company was the subject of over 1000 lawsuits that have been filed both private and public over the last several years regarding misrepresentations that the company made in the 1990's regarding the addictive nature of their product, downplaying and dismissing in some cases, the danger of that product. As a result of those lawsuits, the company filed for bankruptcy. Several states and local governments are listed as creditors in the bankruptcy petition. Of the course of the year the bankruptcy has been mediated, and the mediator has recommended now an opportunity to settle that bankruptcy for 4.5 billion dollars. That settlement is subject to the approval of the over 3000 listed creditors, that includes the City of Reynoldsburg, who is listed as a community that has been negatively impacted by the opioid epidemic. That means that we get a vote on the settlement. At the communities that I have talked to on this, in the state of Ohio are voting yes on this settlement in order to move this process forward and avoid increased litigation that could negatively impact the settlement amount for the communities.

Councilmember Cotner

How did the City of Reynoldsburg end up in this? Did we initiate that or did they? There are over 3,000, so how did we end up part of this?

Attorney Shook

The city of Reynoldsburg, almost like every community in the state, was negatively impacted both by residents who have suffered from the disease and who have passed away, like other communities. We were notified of the law suit when it was filed last year, we went ahead and filed as a creditor last July, so that gives us the opportunity to

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
July 12, 2021**

participate in the settlement process. Now the process moving forward is that the money will be paid out to the individual states. Ohio is listed as the state that will receive the 6th highest percentage of payout and then the state of Ohio will payout through the settlement plan. Not just from this case but other cases involving opioid manufactures to local communities. I unfortunately cannot give you a timeline on when we will receive proceeds from this.

Councilmember Cotner

It's a very long process. To clarify then, this is something that has affected every community. Reynoldsburg is part of this because you filed to say yes we have a reason to be in the claim. Some other random city may not have filed even if they were effected. It was a proactive move that you said hey we need to be part of this? Am I understanding that?

Attorney Shook

Correct.

Councilmember Cotner

Yes, so thank you. Mayor's office, Attorney's office, whoever was involved, thank you for doing it, there is no question Reynoldsburg, among many others have been affected. Next question, could be quite a while until we see funds, are there stipulations on how they are used or even internal conversation on how they are used, hopefully in a proactive manner to help those residents.

Attorney Shook

Yes and yes. As part of the settlement, there will be strings attached as part of any public entity that receives funds. Those will need to be used, education, prevention and treatment. Internally, as Council is aware, we do have recovery court program that we have adopted, we do connect people with treatment serves. We could use additional resources for that program because we are seeing probably higher demand for that program than we ever previously anticipated.

President Jenkins

What was the deadline for this?

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
July 12, 2021**

Attorney Shook

All creditor have until July 14 to vote. That's why we are presenting as a one read resolution. Technically we don't need Councils approval, I thought keeping Council informed was the best way to handle the process and present in this matter.

President Jenkins

Thank you.

Councilmember Strickland

Thank you Attorney Shook for filing on behalf of Reynoldsburg. Addiction effects every suburb, so thank you, I appreciate that.

Councilmember Baker

I am also going to say thank you. Will this go into the general fund or will they go into a separate fund so we can keep track of what's in there and what its being used for.

Attorney Shook

We will operate with the guidance that is being giving to us by the Attorney General office and the State Auditor. We have a process for setting up a special fund but I do anticipate that is what we would do.

Councilmember Baker

I just want to make sure this money goes to particular services. Addiction has affected every community, urban and rural. I just want to make sure it's going to what it should. Thank you.

FI 7616 EAST LLC LIQUOR PERMIT

Chief Baker

We have two transfer request that came to us for investigation. The first one was completed for a transfer for a liquor permit held by Subu Petroleum Inc. That is doing business as Sunoco at 7616 East Main Street. The permit is being transferred to FI 7616 East LLC who will continue doing business as a gas station. It is owned by <NAME INAUDIBLE>. Liquor permit is a C1 C2 class, which is for beer, wine and mixed beverages in sealed containers for carry out only. There have not been any alcohol police calls at the location during the last two years and the Ohio Department of Liquor Control has advised us that they are not aware of anything that would prevent this permit from being transferred. I do not recommend we request a hearing for permit application from transferred.

An Ordinance to Amend Chapter Eleven - Planning and Zoning Code for the City of Reynoldsburg, Ohio

Director Bowsher

So this is your second reading, we had a work session for Planning Commission last Thursday. They discussed some items. Tonight I asked that we formally push this off to the Planning Commission to ask for a recommendation from them to see this back in two weeks for its final reading. Second by Councilmember Pyakurel. Motion carries.

Councilmember Baker makes a motion to forward the ordinance to Council for a second read. Second by Councilmember Pyakurel. Motion carries.

An Ordinance Declaring the Improvement of Certain Real Property Located in the City of Reynoldsburg, Ohio to be a Public Purpose; Declaring Such Property to be Exempt from Real Property Taxation; Designating Public Improvements to be Made that Will Benefit Such Property; Requiring Annual Service Payments in Lieu of Taxes; and Establishing a Municipal Public Improvement Tax Increment Equivalent Fund; and Authorizing the Execution of a Tax Increment Financing Agreement.

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
July 12, 2021**

Director Bowsher

This development has been known as the Eastwood project across from the Department of Agriculture. The applicant is here for additional questions as well this evening. This is a creating a tax increment financing district. Very similar to what we have with MI. This one is also about creating an agreement for said public improvement. Within that development there is a lot of infrastructure, roads, development. We want to off shell some of the public increase of traffic. We think there is going to be a lot off the boulevard that's through there. We want to ensure that we are giving the tools necessary to build infrastructure that meets the needs. We do not want a Priestly Road. It's very tight and hard to park vehicles. We adding various green spaces that are allotted into that development. Additionally, we want to have trail networks in there that are all according to that. 4.5 million dollars of public improvement in that area that's to be reimbursed via Tax Increment Financing. That is what this part of the development agreement is part of in Licking County.

Councilmember Cotner

School district issue, has that been settled, are they Reynoldsburg or Southwest?

Director Bowsher

This specific area is the commercial area of the development and this specific area will be Southwest Licking Schools.

Councilmember Cotner

With the TIF, then are they getting made whole in this?

Director Bowsher

Typically TIF agreements, outside of the MI one, it would be a 100% non-school, meaning we would pay pilot payments or payments in lieu of taxes to the said school districts to make them whole. This one is a 1075, very similar to what we did with the MI homes. 25% of the regular taxes would still go to the original break down, majority going to the school district. The remainder of the 75% will come directly to the City and be utilized for public purposes as stated in the ordinance.

Councilmember Cotner

I know some of this is discussed by other means but were putting a lot of this into the TIF, what is the developer bringing to this? You mentioned trails, roadways,

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
July 12, 2021**

sidewalks, were now asking the residents to put this in and the developer is not funding some of those issues.

Director Bowsher

So they are funding everything up front, they are also putting in a community center out there without door pools and a park space.

Councilmember Cotner

An outdoor pool for the public or those residents?

Director Bowsher

For the residents of that area, about 1400 units that are going to be out there. In addition, making sure we are holding everyone to a higher standard of roads and infrastructure. The developer is building all of that out themselves, they are asking for reimbursement for those additions. What it would typically be, if you look at some of the older sub-divisions, even the MI one that we went with, it's a different kind of development. This is wider boulevard type streets, all of them have a little bit higher quality to them. Curb and gutter is better, it exceeds the standards that we currently have, as well as the trails, the park. Because of this, we are trying to make an agreement, that's why it's before you, to emphasize those and pay back those investments into the community.

Councilmember Bryant

How much of the infrastructure is included in that 4.5 million?

Director Bowsher

It's the main boulevard. It's typically this horseshoe shape and then it will go to the north and then tie back into this traffic light that exist now in front of Summit campus. That main road they view that as major thorough fair that will take a lot of traffic and basically off set and almost create a new Summit Road. We have a lot of design work left to do and build that out and there is still the engineering phase left. There is still a lot left. Right now that's the main majority of that infrastructure. The residential roads are all paved by the developer, as they would any other element.

Councilmember Pyakurel

Have you done traffic studies and how those 1400 units would impact the traffic?

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
July 12, 2021**

Director Bowsher

Yes, it's not 1400 units that will pop up overnight, its organic. We have, we have taken a look at it. We have been working very diligently with their engineer, our engineering staff and Service Director. We are coming to an agreement on how we want to do that on Summit Road, do we want to make it a traffic light or round-about, that's all part of the development process as we go through the PGU, plot grade utility and working further. This is just phase 1 of several other ones as they continue through. This TIF also allows us to give the best infrastructure and maximize whatever other infrastructure needs we do have to minimize that as much as possible. The Main Street out in that area is not the same type of Main Street that's over here. This is not just houses, this is also a commercial area. 7 acres is dedicated to office complex as well as 3 to 4 other acres for restaurant and retail space. As people know, there is very little restaurant and retail space.

Councilmember Strickland

When is this work supposed to start happening for the Summit area, infrastructure?

Director Bowsher

So they have been approved, phase 1. The major site plan has been approved at this point. I know you would like to start moving as fast as possible, but it takes time.

Joe Simanello

567 Lazelle Road

Westerville, Ohio 43081

We have been working diligently over the past year with Andrew, your Development Director, Mayor and recently Attorney Shook. We are before you tonight and we are asking for an emergency so we can finalize engineering and break ground early next spring. As Andrew pointed out, there are 7 acres of commercial. We view this as the eastern gateway to Reynoldsburg. If you have seen plans and renderings, the commercial acres, the TIF enables us to development almost the 10 plus acres of commercial along Main Street as well as all of the streetscapes to set the presence for that gateway into Reynoldsburg from the east. Question on timing is we would like to get started as soon as possible. If we start final engineering after the passage of this legislation, we will be able to start construction next spring.

Councilmember Strickland

Is this an emergency for this particular ordinance?

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
July 12, 2021**

Councilmember Baker

It doesn't say that on here.

Director Bowsher

Yes, two read emergency. I would like to amend that then to add it.

Councilmember Baker

Sidewalks along Summit, there are schools and you are putting in houses, you have to make sure there are sidewalks for kids and parents to get to and from school. I just wanted to make sure there is going to be a connection to sidewalks.

Director Bowsher

Yes, as future phases continue to develop and you go up north, connectivity is very important. Especially as you go into some of the sub off streets, connectivity to that traffic light that is there in the middle. They certainly will take a look at that. There are multiple different gateways, the architecture is based off of the department of agriculture, all tying it together. If you have been to the pinnacle, Joe has worked over there and he has some projects in Westerville. I just want to say that were very used to doing TIF agreements, this is a little extra layer on top of it but it's not uncommon.

Councilmember Strickland

The 4.5 million, that's all going to the infrastructure, correct?

Director Bowsher

Yes, that is correct. It has to be a public purpose.

Councilmember Baker makes a motion to amend the ordinance to add emergency language to the ordinance. Second by Councilmember Lawson-Rowe.

Roll Call: Councilmember Cotner -Yes, Councilmember Lawson-Rowe - Yes, Councilmember Pyakurel -Yes, Chair Baker -Yes. Motion carries.

An Ordinance to Repeal and Replace Ordinance No. 01-2021 to Approve the Phase 1 Final Plat for the Spring Hill Farm Development (Phase 1), and Declaring an Emergency

Director Bowsher

So it's technically something you have kind of already corrected. During the Phase 1, development phase, there was Maryland Court that was written on there on accident and it should have been Maryland Road. In Phase 2 A and B, they fixed that, but they did not catch the one on the first one. It should have been road. You don't want it to be court and road on the same road, so what we have done is communicated with the County Recorder's office. We just need to repeal and replace this one, get it filed and fixed and taken care of. We are asking for a two read emergency to get it corrected.

Councilmember Baker makes a motion to forward the ordinance to Council for a first read. Second by Councilmember Pyakurel. Motion carries.

An Ordinance Authorizing the Mayor to Enter into a Contract with Local Waste Services Ltd. to be the Sole Provider of Solid Waste, Recyclable Materials, and Yard Waste Collection Services for Waste Generated by Residential Units, Municipal Facilities, and Various Special Events in the City of Reynoldsburg, Ohio

Director Dorman

As many of you know we are in a consortium with our trash collection, we are with several other communities. Dublin, Westerville, Gahanna and several other towns. The City of Reynoldsburg has been in this consortium for many years. I have had quite a bit of experience as well with this trash contract. One of the things the consortium has looked at as is finding ways, it's a very large group, 70,000 households that's in it. It's not something that an average smaller company can come in and bid on without several other resources. What we have done over the past year is develop some options to hopefully. Get some other bidders on this and get some competition you could say. One thing we did is broke the consortium into smaller groups based on geographic regions. We are in with Gahanna and New Albany. I think Plain Township was another group. In doing so we are fortunate enough to receive two bids on our trash contract this year, which hasn't happened for a long time. I must say that we and Gahanna were the only two communities to received two bids. Everyone else only received the one bid from Rumpke. As you can see, hopefully the white paper I attached that gave the break down on price. We received bids from Rumpke and Local Waste. Based on those bids, Local Waste alternate was the best and lowest bid that we had. We let each contractor design their own bid. Basically you tell us what works for you, you pick the date and price. With that we received a price from Local Waste for \$20.47 for the first 3 years. There are two one ear options on that, and they also agreed to hold that price. So for 5 years we have a \$20.47 price, which is a very insignificant increase from the \$19.13 we are paying. Rumpke's price was about \$3.00 difference when you get into the 5th year of that contract. Two other interesting things, is that local waste is going to provide everyone

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL

in the City with a red trash toter. The nice thing about that is it's easy to see and visible. So when people call and say they missed my trash, hopefully there isn't going to be a reason to miss the trash. Bulk pick up and yard waste are the same. Everything is collected in one day, the City will be broken down into two days. They will provide us with a map and show us what area will be picked up Wednesday and what area will be picked up Thursday but everything would get picked up the same day in that area. Another nice thing about Local Waste is they have cameras on all of their trucks. We can see exactly what interactions is out there, In case we do get some complaints, we don't typically challenge those over resident calls, they will typically go back and pick it up. The other thing nice about Local Waste is their fleet is all CNG. As the Mayor is looking to move more toward green initiatives in the City. Trash trucks are kind of the worst ones out there when they are idling and the emissions are going through the City. Their entire fleet is CNG, they actually have a CNG filling station at their location. The reason to put this in there now is because prices we need to adjust billing and put this in there prior to the first of the year.

Councilmember Pyakurel

How long has this company been in the business and what is there record looking at other communities.

Director Dorman

They have been around for a number of years, I think they service Pickerington or another larger community right around us. Part of our consortium is with SWACO, we have an attorney who reviews it and makes sure the company is sufficient and can handle this kind of contract.

Councilmember Salvati

They have been around since 1999.

Director Dorman

Another thing to mention, if you have a medical condition, or seniors, you can opt for smaller containers. Solid waste is heavier than recycling, so we will provide options when it comes to container size.

Councilmember Baker

That's good because I remember concerns about the recycling containers.

Director Dorman

Senior citizen discount is still available still and walk service if needed will still be honored.

Councilmember Baker

I know some services when it comes to leaf removal, they have the residents rake the leaves to the curb and they come by and suck them up. At the time, I was told it would be even more expensive, can you check into that.

Director Dorman

Both cities I worked in before provided that, it was a City provided service though, not trash. You would hire City employees and they would come around and do that. But I can look into it and get you some information on that for the budget next year.

Councilmember Cotner

You said Gahanna got a couple bids too, did they get awarded any other contracts?

Director Dorman

They bid on Gahanna and us, everyone else basically has to pick Rumpke because that's the only bid they received.

Councilmember Cotner

Just out of curiosity, outside of the consortium, were they awarded any other bids?

Director Dorman

I know they service out in Granville. I know we have had issues with Covid and every company has. We will continue to hold their feet to fire.

Councilmember Strickland makes a motion to forward the ordinance to Council for a first reading. Second by Councilmember Lawson-Rowe. Motion carries.

An Ordinance to Modify the Contract for Water Service between the City of Columbus and the City of Reynoldsburg, and Declaring an Emergency

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
July 12, 2021**

Director Dorman

This is basically to discuss our water and sewer boundaries. There is a large water and sewer line that comes across basically where the Department of Agriculture is. That line was designed to service a lot more high density than what is out there. That line has extra capacity. This ordinance is to adjust our boundary to allow us to service some additional area out there. Because the Department of Ag is out there and it's not an intense user. It's less than having 2000 house users out there. This gives us some room to grow.

Director Bowsher

This is part two. If you recall back in 2019 we did a boundary line adjustment with the City of Columbus where they picked up two parcels. They finally passed it last month. So we do now have the petrol station and the old steak house right there just to the north of Home Depot. We need to clean up the water and sewer boundary lines out there as well. Instead of doing it all the way out to the east we did it all across the City to make sure our boundary lines line up to where we are servicing our residents and extending the boundary to align better with the 208 plan with the City of Columbus and EPA, which allows us to extend our boundary as far east as we possibly can with different annexation technique. That's what this is for, it allows us to have more teeth to go after it. Back in the 70's, they did a study a long time ago to take a look at the Refugee area. We would even be able to service areas up into Pataskala if they wouldn't have merged with Lima Township. Just allows us to clean up our boundary.

Councilmember Strickland makes a motion to forward the ordinance to Council as a single read emergency. Second by Councilmember Pyakurel. Motion carries.

An Ordinance Authorizing the Mayor to Enter into a Contract with Colvin Gravel Company Inc. for the Demolition of the Property Located at 7332 East Main Street (Happy Dragon), Appropriating Funds, and Declaring an Emergency

Director Dorman

This is the site everyone knows as the Happy Dragon. The City recently closed on it a few weeks ago and the tenant recently vacated the property. As part of the Main Street improvement project we are improving that intersection. The traffic light hangs on a wire there. We are putting up the regular mast arms and poles that you see all along Main Street. They will be black, they will match the street lighting that we are putting in a long that section as well. This is just phase 1 of Main Street from Davidson to Jackson. The next section is Jackson to Waggoner and Graham. By removing the building, it allows us to do the improvements that we need to do. That means widening the radius, so when trucks turn they are not going over the curb. Making a wider sidewalk, put the traffic signals where we want to and clean up the intersection.

Councilmember Baker

You know the bells that are on the corner to make sure cars don't jump. Will those still be or are you planning on taking those up.

Director Dorman

I am not sure if they are in the plan for this historic district but typically they are in the plan for many of our key intersections.

Councilmember Pyakurel

Can you explain the myth of why we can't drive on Main Street and there being too much traffic, can you just clarify for the residents who have asked.

Director Dorman

Right now the gas company's line is where we are doing our sidewalks, so they have to move their gas line. That's the company out there now, Miller Pipe Line is doing the work on behalf of Columbia Gas. So everyone is getting a new service going into their properties. That's the first part of this, there is always the utility coordination. We have to get them to move around, AEP has been out there putting in poles for temporary utilities that need to be done as well. Once that gets done, we will move into our contractor coming to site permanently and start the curb lanes. The street is

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
July 12, 2021**

going to be narrowed, that median is going to be removed and become a drive lane if needed. It's going to be some driving lanes, it's going to be until late spring next year to be complete. As you know, the idea of this in the historic area is to widen the pedestrian pathway and narrow the street and detour some of the larger trucks we see coming through from the Etna facilities. We hope they will start taking Taylor and other roads that they should be using. We are going to put a median back in and we an island or pork chop right there at Lancaster, which will really restrict turning movements you see going around Vick's Pizza and the funeral home. Trucks won't be able to make that turn. It will be more pedestrian friendly, restaurants can have cafe seating, and stores can have sidewalk sales. We appreciate it, were all going through it now.

Councilmember Strickland

When is this project supposed to start?

Director Dorman

The demolition, I spoke to Colvin the other day, this was the best bid we received. They recently took down the building next to Vicks. They will start mid-August.

Councilmember Baker

If our thinking of re-routing trucks to Taylor, please get that turn lane fixed. It's getting a little ridiculous. I have set there through the light, and I have seen cars go through the light because they are tired of waiting.

Director Dorman

With the preamp system we will get a hard look at all of our controllers. We will get a look at traffic timing on Main Street and in the different corridors as well. The biggest thing is making sure they are functioning as they should. I agree with you, the ADTs I don't think have been studied in a while especially with Etna growing out there. That will improve with the preamp system, even the timing of these signals will improve when they fire department is not going through them.

An Ordinance to Authorize the Mayor to Enter into a Developer's Agreement with Trivium Development, LLC for the Purpose of Future Sale and Re-Development of Real Estate, and Declaring an Emergency

Director Bowsher

This should not be surprise, we did close on the Happy Dragon have keys. This is step 2 of a 3 step process. This the Developers agreement with Trivium, our developer. The agreement you have outlines our commitment to him as well as with the City to bring a mixed use development on the corner of Lancaster and Main with public parking to the rear. There will be a third piece that will come back later once we have approvals with a major site plan, we will commence the project with contracts and allocate what that exact would be to purchase. I just want to make it very clear that what the City receives back on that purchase contract is one piece on the return on investment. The amount of dollars that generated from tax dollars from this facility as well as the tax revenue that goes off to the schools and township. It's very much incrementally larger than what exist there now. Additionally, it's hard to put a number on quality of life and what this is going to do for the community. As one domino falls of a lot bigger projects. You had heard Director Dorman mention our improvements, just from Davidson all the way to Graham, that's an 8 million dollar investment into the community. If you couple that into the over a million dollar parking lot, we have a memorial plaza that is beautiful. You see what Vick's is trying to do, so there are a lot of dominos that are falling into place, we feel that this agreement is absolutely fair. It's a really great public, private partnership. We did utilize best practices. A short while ah I had the pleasure of reading a short letter that the Auditor put together. We actually knock off a lot of bullet points to pull together to make this equitable. You will see another one for PNC bank down the line. This is the first domino to fall, I think the sooner we get this done, the faster we can move and see a brand new building in our down town. Right now, as it stands we are courting Identipractice, a breakfast/brunch, coffee shop, ice cream shop, incubator

type space and if they go up to a third story, roof top type bar as well. I didn't get to say this on the last agenda item for the zoning code but the Mayor and I will have a very big announcement about Main Street in the next couple of months. Maybe even bigger than that, it will be very exciting. Our zoning code just got nominated for an American Planning Association Award. It's a national award. That is very tough to get, it's the accreditation body for my certification and my degrees in City Planning. It's a big honor and a very big deal. You get selected over thousands of communities. It's really great and just to be nominated is an honor. I thank all of City Council for amending and I think it's a team effort here in the City and we have a lot to be proud of.

Councilmember Baker

Congratulations, bring home the gold!

Councilmember Salvati

In the Developers Agreement, section 3g, it talks about using some of the TIF funding to reimburse Trivium for certain cost. I understand what it means, but it's a little vague on what we're reimbursing for.

Attorney Shook

We anticipate the plan submitted by Trivium will include a right of way with ingress and egress onto Lancaster with L shape. That will be dedicated back to the City for a right of way for the construction cost that incurs, we intend to reimburse them through revenue that we raise through TIF on the subject property.

Director Bowsher

In addition, currently we have about 16 parking spaces that we have as open parking spaces, when we shift the parking to the rear we are more than double that. We don't know the exact number yet. There is a range so I don't want to put a number out there if we fall short. It's definitely going to increase the parking and I think we have a really great developer who is really going to farm relationships with the local businesses. Going to include the new 1883 Locale. Check that out, the grand opening was over the weekend. Additionally, Derrick the owner of Prost and Tempe Taco, understanding that whatever we put in here we don't want to cannibalize the type of parking we need down there. So targeting coffee and brunch shops so the traffic is coming down there during the day instead of evening so that public parking can be utilized for other types of events. It's a collaborative effort that we are all trying to do.

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
July 12, 2021**

Councilmember Salvati

I did appreciate in the agreement that it called out all of those parking spaces so that whatever businesses we put in there, can't put in a sign to assign parking. The other thing, we have known for a long time how all of this was going to go but can you make a quick comment on how we arrived at working with Trivium specifically.

Director Bowsher

We worked with a variety of developers in the past, previous administration trying to make something happen. We had started speaking with Tim and because of his interest, investment in the community and his track record, he is very much an ideal candidate for us to work with. Additionally, if we got an asset, we don't want to hold onto too long if it's got money into it. That includes PNC bank. To get a fast return on investment it's always best to utilize the best available option we have and also it would be the quickest because we were already working in the area. The City had already taken a look at it and at doing a phase 1 early on but obviously we had to update that. It was just an easier if we fix, if we would have put this out there and out to bid it would have delayed the time lines a lot, especially when we were already communicating with this developer and he was given us the best use for this space within the zoning code and what we were trying to do in Old Reynoldsburg.

Councilmember Salvati

I know he has other interest in that area that aren't City owned, so he has some invested interest in that area.

Director Bowsher

Yes, roughly 2 million.

Councilmember Strickland

Can you expand on some of the development that Trivium has done?

Director Bowsher

Yes he has a few deals in the Polaris area as well as Worthington. A brand new 5 story building in Worthington is going up, a boutique hotel. If you have been up to Westerville in Cleveland Avenue and West Star, the majority of that development is brought to you by Trivium Development. That includes the Brew Burger and Local Cantina that's there. He has hand a lot in the land planning development on that

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL

corridor. Additionally, he has done a lot of work with Ohio Health building emergency care facilities recently, Ohio State and the VA Medical Center in Grove City.

Councilmember Cotner

In 4b, it says a certain percentage will be dedicated for parking. What point will we know that percentage for public parking?

Director Bowsher

The goal was, we did not want to hamstring the developer nor ourselves but pushing and then not getting the best product possible. We wanted to be stern but give some, understanding that we could always not follow through with the overall purchase contract if we were getting something we did not like. Additionally, we will know when it goes to major site plan approval when we are approving it, the majority of those parking spaces will be allocated to public, that was sort of the main goal and why were also putting in our parking space, to front a building to the frontage. I would say on this building we will certainly see a major site plan before the end of the year. And we will know how many of those spaces will be public spaces for parking permanently. The tenants don't get to dedicate the parking. Trivium typically owns their buildings, operate them and have a property management company and continue to update and maintenance the facility. His main goal is for them all to be public spaces and why he was picking specific tenants so they aren't competing with the existing businesses down there, he wouldn't be doing that if he didn't want them all to be public spaces.

Councilmember Cotner

I'm not questioning that he wants to succeed in that but things change, tenants change, developers change. I just want to make sure we have clearly defined what our community has.

Attorney Shook

We do intend when we negotiate a final purchase agreement, if we get to that with this developer, to include a reversionary clause into the deed that if the development is not constructed as specified in the site plan, if parking is not included for a public purpose that the property will revert back to the City in ownership. We want to include that clause in there to protect the public and the City.

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
July 12, 2021**

Councilmember Cotner

Thank you, that's a solid answer and changes a lot. The 70% that the City is going to recoup in cost on that, is that going to count the demolition?

Director Bowsher

It does. It's the overall project cost.

Councilmember Cotner

Does that include the parking lot? How are we coming up with total value there?

Director Bowsher

No, so that is incurred cost from what we have incurred from the project. It's been well documented from Director Dorman that the parking lot as it exist right now would need to be completely constructed. If you have driven over there you have seen the large divots, it needs repaved. The understanding is that we will get a brand new parking lot by gifting the said over as well as gaining more spaces. So we will be gaining more spaces instead of trying to build something for less.

An Ordinance Authorizing the Mayor to Enter into a Lease Agreement with Modern Office Methods for the Clerk of Court Copiers, Waive Competitive Bidding, and Declaring an Emergency

Attorney Shook

I'll speak for the Clerk of Court, who by the way does an excellent job for the city, I know you don't get to see her that often. This is for two copiers, one is for the Clerk of Court office and the other is for the Police Department but it used by the Clerk of Court office to print out LEADS reports. The total accumulative value is more than \$25,000.00 so it needs approval, they are on the state bid so we can waive bidding.

I am on the street where we had about 40 dogs and one of the owners passed away and now we have a condemned house on the street and it's bringing down the neighborhood. I know you will be talking about dog limits tonight. I want to express support for a limit on dogs. I don't want to hinder anyone from having pets and there are reasonable restriction on suburban residential homes. If your house is 20 feet away from someone else's house and they have dozens of dogs, you're going to hear a lot of barking. When there are feces being shoveled out into the garbage can, so full that the garbage man can't even lift it, and its left there because it smells so bad. Obviously, the smells are disturbing the comfort of other people. I don't want to infringe on freedom, but it is in infringing on freedom to enjoy your own property when the sounds and smells are that disturbing. The code has a limit of five dogs for a kennel, the problem is when you say you're not selling them, and you can say you are not a kennel even if you are. So I think 5 dogs bring it in line with the code. It's in line with other residential areas. If you're in an agricultural zone, then fine you have a lot more land. If you're on less than half an acre and close to other peoples house then it creates disturbances. Also, I think this is in line with current ordinances that we have, we have

barking ordinances, cruelty to animals. When there are dozens of animals in a home, that cruel to those animals that don't have the room to exercise. When it comes to nuisance and sanitary code, they were so unsanitary, they need to rip out the floors and the walls. The house is bringing down the neighborhood, it's kind of become a liability for the City and neighborhood. I support the limit on dogs, I want to hear other comments and consideration on the right limit but I hope we can find the right solution for the community.

I would to speak a little bit about the discussion that will take place later on the ordinance that will make Juneteenth a paid holiday. Before that, I want to publicly thank Councilmember Lawson-Rowe for her coordination of the Juneteenth celebration that took place on June 19, along with Mayor Begeny and all of those involved. That celebration was a wonderful event. The community was able to gather and celebrate, and I quite enjoyed myself. On June 19, 1865, enslaved black people in Galveston, Texas were informed that they were free. How significant and life changing. Juneteenth is a celebration of black independence. Just as we celebrate the day America became free on July 4th, we should honor the day black people became free in America. This day for this celebration is Juneteenth. Making it a paid holiday for employees in the City of Reynoldsburg makes the statement loud and clear. The City of Reynoldsburg and its leadership, acknowledge, honor and respect the day of Juneteenth and the significance of this day to the black community and the supporters thereof. Although our Reynoldsburg students will be well into their summer breaks on June the 19th, making Juneteenth a paid holiday, acknowledges their experiences and identified. 38% of our students in Reynoldsburg City Schools are black students. So honoring this day allows for family celebration and gathering during this time. Thank you for allowing me to speak tonight and taking my words into consideration.

I have a couple things tonight. Number one, I'm not sure when Council changed their rules that only allows residents to speak during the community comment section. I think if they want to address an item that is especially on the agenda, it would be more prudent to allow them to speak when that item comes up. It would also be more effective. On tonight's agenda you have a resolution to support women and minority businesses. I would like to ask if you would consider adding veterans businesses to that resolution also. Also, on tonight's agenda there are some proposed zoning code changes? I would ask that you consider changing the maximum capacity on the medium residential to 16 units per acre. I think with the proposed

changes and the height of the buildings that is going to be discussed, that would be more fitting. Lastly, since you're discussing changes to the zoning code. On page 189, section 1109.0 (f), under applications, there is a document referenced, the handbook. This list a number of items that are to be included with an application. However, this was not updated when the code was updated. As such, I have been informed by City Attorney Shook that this item is not enforceable as it was not updated. I would ask that you have the development director and his staff, with City Attorney Shook, update this handbook so that we can hold developers to the high standards that we expect in this City. Thank you.

I am a high school teacher at Reynoldsburg High School Summit Campus. I reside in Zanesville, however my work place is 8579 Summit Road, here in Reynoldsburg. I wanted to speak in favor of a paid holiday offered to City Employees for Juneteenth. Some of you may look at me and wonder why I would advocate for this action to take place. I am so grateful to stand here and share my why. I have the honor to teach and lead dynamic individuals here in your City. Many of which have been patiently waiting to be recognized in the worldly celebrations that we honor. The young people in our community have been waiting for an honor such as this. The honor of having their City employees having a paid holiday off to celebrate and encourage equity, inclusion and justice. To celebrate Juneteenth. It starts here and the celebration will grow so that we recognize and honor black history. There is no American history, without black history. Council men and woman, you have the opportunity to engage our young people by showing them that their history is important, valued, cherished and celebrated. Thank you.

I have been an educator in Reynoldsburg for almost 30 years. Most of that time I have lived in Reynoldsburg. I have seen this community change in demographics, wealth and all kinds of changes throughout my career. I would encourage you as well to move forward with the paid holiday for employees for Juneteenth. I really think it's important as a white male and member of this community, that this not just a black thing. I am embarrassed to say, as I'm sure many people here, that when they announced Juneteenth, they had to Google what that was. I think that is outrageous. During my doctoral studies, was the first time I had heard of Juneteenth. There are so many things that I have found out as an adult that are not accurate about history, that I was told because it was white washed. I really think that Juneteenth is a

minor thing we can do and we have a long way to go before we can pay back what our African American brothers and sisters have done for this nation.

**Mary Turner Stoots
1070 Waggoner Road**

To the City Council members; President of Council Ms. Jenkins; Clerk of Council, Ms. Prasher; and Mayor Begeny,

In regards to pages 307-309 of the June 28th Council Meeting agenda packet regarding the Hill Road Methodist (Methodist Hill) Cemetery on Waggoner Road. I respectfully urge you to seriously recommend or consider the Brick and aluminum design (only taller), as this request was made to keep vandals out of the cemetery versus the aesthetics of the design.

With all the townhouses going up on 'Wilson Ridge' soon, this cemetery needs protection. If I had my way, there would be an 8-foot chain-link fence around the graveyard with barbed wire on the top that includes a locked gate requiring permission to enter (similar to the practice at the Seceder Cemetery). If chain-link is cheaper than the designs presented, then I would strongly suggest you go with it. Whatever you plan to erect, it should NOT have an open gate for anyone to enter unless given permission and a key. The turn-style at the open entrance of the picket-fence design is inviting trouble and unacceptable.

This may be a historic cemetery, but there are people in this town with loved ones buried there. My great-great-grandparents are buried in the Seceder Cemetery. Their stones were vandalized before the fence was erected. My great-great grandmother's stone is missing.

In summary, please be practical. Don't pay for an expensive design that will allow vandals to desecrate the graves of our loved ones. We need to keep the vandals out.

I want to personally thank the Mayor for his consideration and the fact that this has been brought before City Council. Thank you Mayor Begeny!

I have attached a proposed design (also shown below) to consider if you elect to choose something fancier than a chain-link fence. Please excuse the irregularities, as I didn't have time to send a cleaner version, but you will all get the drift.

Now, you can delete the design fee off of the proposal from EMH&T and save some money on the front end.

Deanna Weed 64 Scenic Road

Dear City Council Members of Reynoldsburg,

Let me start by introducing myself. My name is Deanna Weed and I live at 64 Scenic Rd., Blacklick, OH. I am writing today to address the dog issues we have in our city. As the homeowner that was most impacted by the neighbors (the Crostons) at 54 Scenic Rd., the dog quantity issue is of great concern to me!

I have been fighting this issue with the Crostons and the city since 2019. I really do not want anyone else to have to go through the same nightmare. There were many court dates with Mr. Croston and Mr. Hood back in 2019. Mr. Hood informed me that the Crostons received many fines, were told they could not have more than five dogs and that they had to stop breeding. That is when the situation escalated. The Crostons moved the approximate 43

dogs, at the time, to inside their home; so that we could not see exactly how many dogs they had. As you know, the final outcome in December 2020 was not a good one. Mr. Croston passed away and that is when the city finally believed what I had been telling them all along.

When Chris Shook took over as City Attorney, I called him and he came out to the house to have a conversation about the situation. I gave him all the paperwork that I had, but, amazingly enough, all the paperwork concerning the Crostons, Mr. Hood and my complaints somehow just vanished. Mr. Shook told me he could find nothing concerning the Crostons or 54 Scenic Rd. So, I had to start all over again. Needless to say, it got me nowhere. It was like the city was just treating me like an old lady that just wanted to complain, while what I was complaining about were some serious issues.

After Mr. Hood left, it was a whole new crew, from City Attorney down to Code Enforcement Officers, and nobody wanted to listen, even though they were called numerous times.

When it comes to how many dogs a homeowner should be permitted to have - we live in the city and we all have close neighbors. No one should be permitted to have more than five dogs at their residence. Trust me, I am NOT anti-dog. I have a large amount of experience with dogs, having them all of my life and having three currently. I have groomed, trained, and loved many dogs over the years.

I have read in Ohio laws that to have more than five dogs, you must have a kennel license and a kennel cannot be in a residential area. I know there are people out there that rescue dogs to rehome them, and people that dog sit and things like that...that is fine. If they are doing so; however, the city needs to be aware of why there are more than five dogs at the residence at any given time and set limits to the time that a residence can have more than five dogs at once.

Regarding the people that own more than five dogs at the present time and want to be grandfathered in, there needs to be a procedure; such as an application process. Then someone should go to the home to inspect it and talk to the neighbors to make sure there is not already a dog issue going on.

In addition to the above limits,

*There should be an age of three months old set to count as a "dog" in the home, since this is the age when a license is required.

*No high volume breeders should be allowed within the city limits.

*Litters should be limited to one per year and required to be rehomed by three months old, if the home is at maximum occupancy of five dogs already.

Our city needs to take more responsibility over this issue. Trust me, it was not fun living next door to approximately 40-50 dogs and the city doing nothing about it! This is the very first year, in the six years we have lived here, that we have been able to enjoy our backyard,

without the noise and horrible odor coming from next door. If you want a person to be in charge of this dog issue, it would be my pleasure to help and to work with those that are requesting to be grand fathered in.

Thank you for your time and consideration!

Councilmember Lawson-Rowe

I would like to thank Dr. Timmons, Mr. Daniels, and Ms. Ross for coming to share about Juneteenth. I would be remised if I did not publicly thank The City of Reynoldsburg and all of our neighbors for coming out and participating in our grand event that we had June 19th. I would like to publicly thank Jennifer Clemens, she is the best events coordinator in Central Ohio, if you did not already know that. All of the advisement, care, concern and guidance that she shared with us putting the celebration together was immeasurable. I would like to also thank Mayor Begeny and his assistant Ms. Rosenthal for all of the hands on approach to Juneteenth. They were our early in the morning and our Mayor is a working mayor as you know. He raised up his sleeves and got down and dirty with the rest of us. Thank you again Council for all of your support and for being there and thank you to the City of Respect.

7333 Westlea Court

I apologize I didn't know the protocol. I just wanted to step up here briefly in support. I know the gentleman already spoke about the dog ordinance. I wanted to let you know it's not an isolated ordinance on the abandon property there. I live at 7333 Westlea Court and that's right off Lancaster in Brookside. I moved in, in November and behind me and one over, so catty-corner to my backyard, they have 22 German Shepherds. They are breeding them as well. Their backyard breeders. I would like to thank Attorney Shook for ridding the roosters, chickens and ducks. But the German Shepherds still remain and issue, not only a health issue. They have two kitty swimming pools that they drink from in the back, they have a clothes line and that's what they chain the dogs too. They run back and forth and get tangled up and that's when you hear them fighting. You can hear her saying one is out there bleeding. It's just an awful thing to hear. They get loose and jump the fence. Everyone around doesn't bring their dogs out because they are scared of that. Also, they smell and the odor. At this point, there is no grass there so they just hose the feces to the back of the fence that prohibits me from going to the back of my yard or anyone else around. We can't open our windows or be outside. It's really a health issue with the flies and the smell, health and safety and also the dogs, it's not fair to them as well. He went through the ordinance and the ins and out but I wanted to let you know it's not an isolated issue and I support it as well.

Motions

A MOTION TO APPROVE THE ECONOMIC DEVELOPMENT TRANSFER PERMIT (TREX) FOR LOS PINOS MEXICAN GRILL, LLC

Attorney Shook

This is an application that is presented to this Council because it currently has the maximum number of liquor permits in the city. The state does have a mechanism that the applicant could seek an additional license over and above that maximum for a quote unquote economic development opportunity. And that is what this applicant is being presented. The process with the State is that it does require the municipality in which the application is made, must support and identify the business venture as a quote unquote economic development opportunity. You have the information that was presented in front of you and the Deputy Chief has a statement as well.

Deputy Chief Grizzell

This application as Mr. Shook stated is for permit transfer for a business in Hillsboro, Ohio to the city of Reynoldsburg for Los Pinos Mexican Grill 1780 Brice Road. The establishment is owned by German Herrera. The transfer is being requested because currently there are no beer or liquor permits available because the area is at the max quota set by the state of Ohio. RPD does have legitimate concerns about adding an establishment above the quota to the area that is already high in OVI arrest and OVI crashes. We believe the quota is set in state statute to limit the number of permits in a geographic area to maintain roadway safety. This transfer is a way to get around the law. Having said that, there is not anything in the investigation that would require us to have a

hearing. Chief wanted to pass along our concerns so that you would be fully informed when you vote on the issue. The address is 1780 Brice Road. Just south of Century City, behind the beverage drive through.

Attorney Shook

It's a strip mall. Probably most recognized as the strip mall that contains the French bakery.

President Jenkins

Right, thank you.

Councilmember Cotner

Thank you for the information and I agree it is a concern to add another permit to the area. The information we have does state that it requires the buyers to demonstrate that it is an economic development project. So this is a question to our Development Director and Attorney Shook. This restaurant is already open and operating. This is not a new business that needs this permit in order to operate. The investment is already there and already done, correct? I see Director Bowsheer nodding his head. I'm not sure how it's been there but it's not brand new, opened last week. So as our Deputy Chief shared, this is a bit of a way around what the Ohio Revised Code shares. I think there is a reason for concern in that area, a lot of work continues to be made for a lot of safety reasons. I'm not sure it meets the need of a hardship for a transfer from another community to our community. Thank you.

President Jenkins

So the restaurant was already a Mexican restaurant before, are they the same owners, are they changing the name?

Councilmember Bryant

It's my understanding that this restaurant is newly opened. There used to be a Mexican restaurant beside the French bakery directly. This is not that same place. The woman that owned the Mexican restaurant previously had made numerous complaints to me that her business was struggling because she was unable to serve alcoholic beverages there. This is to the right of where that restaurant used to be. My understanding, I wasn't aware that it had opened yet because it's very new.

Attorney Shook

The area where the restaurant is located is in our innovation zone in our zoning code. Technically, a restaurant isn't a permitted use in that zone. However, since there was a restaurant in this particular location at the time that the zoning code was passed and a new restaurant is going in, in a very short amount of time, it's a grand fathered use location. I figured that was important to note.

Councilmember Baker

Just to make this clear, this restaurant was grand fathered in prior to us making the changes to the zoning code?

Attorney Shook

Yes, there was a Mexican restaurant operating there before the zoning code was passed in 2020. That restaurant continued to operate, then closed down. The new restaurant opened up under our new zoning code, that's going to be considered a non-conforming use but a legal non-conforming use. I thought it was important to note that it's not a use that was desired in that particular area. Its only there because it's a grand fathered use.

Councilmember Bryant

My understanding is that it's a completely location than the previous Mexican restaurant. When you look to the right of the bakery there are two store fronts. The Mexican restaurant that was there prior to the zoning code is no longer there and the new one is next door to it.

Attorney Shook

I'm not entirely sure but were talking about a non-conforming use in the same structure, it doesn't matter if it's in the space or in the same building.

Councilmember Pyakurel

In your investigation, you did not find any issues?

Deputy Chief Grizzell

He has a few liquor license. They are so new that there are no violations. There was nothing found in his background that would say that we need to oppose, it was merely just the quota and the particular area that we have a lot of problems with OVI and traffic crashed related to OVI.

Reynoldsburg

OHIO • 1839

MINUTES REGULAR MEETING REYNOLDSBURG CITY COUNCIL June 28, 2021

Councilmember Bryant

I don't do liquor law but is it true when there are no findings to oppose to permit it will pass through whether we object or not?

Attorney Shook

Not with this particular application because they have to meet the additional standard of economic development. I know that sounds vague. What you're looking at is revue, jobs that could be created, those kinds of things that would help guide you. In addition, the state still has another process after the City process. So if the City agrees that if it's an economic development project, the state still has a review process and make an independent determination.

A MOTION TO APPROVE A RESOLUTION AUTHORIZING THE MAYOR TO APPLY FOR A GRANT FROM THE OHIO PUBLIC WORKS COMMISSION (OPWC) FOR THE WAGGONER ROAD PHASE I (EAST BROAD STREET TO PRIESTLY DRIVE) IMPROVEMENT PROJECT

Director Dorman

This is a grant that we come to Council for basically every year. There is a minor modification we want to make to this. As opposed to Broad Street to Priestly, we are going to be doing Priestly to Main. The City has applied to this in the past multiple times in varying levels of completion and design. At this time it would include a leisure path on one side, sidewalk on the other. Pedestrian signal crossings at intersections. With the MI development that's occurring at the corning, the Spring Hill Development and any development in the future, were trying to find the best way to improve pedestrian facilities and improve the safety of the road. That's the biggest thing we are dealing with right now. We had a fairly significant accident last year on Waggoner Road with a motorcycle and a car. The curvature of the road has been an issue as well, so we will look at modifying that in some areas. We are looking at grades in the road and putting some curb in the road which would help tremendously with drainage. We are looking at lighting and some minor landscape improvements also.

Yes. I wasn't here previously for the others but the county engineer has agreed to support this and give monitory funds if we get this one. I know the township and school district are very for this as well.

Councilmember Cotner

And they all were last time too. Maybe now we have better financial effort on our part. I'm optimistic, I think before kept making progress each time. Almost to the point last time where we thought we got it. Double checking numbers, 9.6 million? The engineer estimate is 9.6 million, is that where we were before?

<INAUDIBLE ANSWER>

Councilmember Cotner

Ok, this is a 25% grant. The 75% which is 7.2 million is paid by the City? Auditor Cicak, if we get that loan are we good on our bond rating? You are comfortable with these numbers too?

Auditor Cicak

One of the things the Mayor, Attorney, Development Director and I talked about in the past is financing Waggoner Road with the TIF money from Spring Hill. It would make me feel better if we added language to that effect if we get the grant. I think this is just a motion to apply for the grant today.

Mayor Begeny

Just to add a couple details that are different than the last time. This time we are working well with EMH&T for their recommendations for approval. We did miss the first go around by 1 point and then the next time it was by an additional couple of points. By breaking this up into multiple phases the way we are is one of the benefits to it. We also have additional contributors on this project, MI Homes being one them. Director Dorman was nice enough to not spoil the amount that Franklin County is contributing to the project and left that for me. The amount is 1.7 million dollars that they will be contributing to the project. In addition to just under \$300,000.00 from MI as well as a contribution from Truro that I am going to be formally requesting later on this week. When you have multiple entities contributing to a process like this it will add multiple things that we did not have last time for that point value in there. In addition, the TIF that we developed last year for MI creates additional phases. For every phase that comes out, the money will We actually had it designed, if you recall last time that Waggoner Road project would not begin until we hit a certain benchmark, second phase, third phase and so on. With the MI development moving faster than expected with the housing boom, they are well into phase two, which covers majority of the cost for the second phase. The first phase is lower than the 9.9 million that was commented on, the first phase is actually 6.6 million in addition to the 9.9 on the back end. In addition, I'm sure that the cost will go a little higher than that with some of the improvements and materials cost. But the first thing with this is to get the surveying done, exactly how much right of way. Half way would be all the way across. There are a number of things in this that make a much more attractive application, specifically the commitment from County Engineer, monitorial and passionately. Usually we are calling them for things, this was one of those times where they kept calling us and saying when are getting on the list? I think this is a much better go around on this one.

A MOTION TO APPROVE A RESOLUTION TO ADOPT AN EXPANDED REYNOLDSBURG CITY POLICY SUPPORTING MINORITY AND WOMEN-OWNED BUSINESSES AND TO DIRECT ACTIONS BY THE CITY ADMINISTRATION TO INVESTIGATE, RECOMMEND, RESEARCH, AND DRAFT A PROPOSED EQUAL OPPORTUNITY ORDINANCE FOR THE CITY OF REYNOLDSBURG

Councilmember Strickland

Last year I started investigating how we can bring small mom and pop businesses here to Reynoldsburg for women and minority business owners. Two, I was wondering how well are we doing at a City attracting these business owners. Women and minority owned businesses are underrepresented in our economy. That's why I am doing everything I can to increase access to capital for women and minority business owners. Entrepreneurs take a vital role in economic growth and community development. Not only because they are productive members in the economy, but they help create the same opportunities by creating jobs. When minority entrepreneurs thrive, it trickles down as a positive impact on the country, state and City as a whole.

Councilmember Strickland reads the motion into the minutes.

Councilmember Baker

I support this legislation, I helped Councilmember Strickland with this legislation. The gentleman who brought up about making on for veterans, I do believe that's in the plans but it something separate, I could be wrong.

Attorney Shook

It is separate, we are working on a grant process where we can support and aid for women, minorities and veterans. That is something that the City is working on.

Councilmember Baker

This came about because women and minorities have a hard time finding support for businesses. Historically, they tend to get higher rates when it comes to trying to get loans for businesses. From the City of Respect we should stand up and help them do business here. It always been said that small businesses are the back bone of the community. The majority of mall businesses employ people too. This will help them get a leg up to open that small business. I couldn't fathom opening a business only to be told no because of your skin color or gender. It has happened, there are documented incidences of this

happening. Here in Reynoldsburg I am glad we are standing up and saying come here, we are going to help you.

Councilmember Cotner

To clarify, this does not involve allocation of funds. This resolution is trying to direct the City to work with women and minorities. Is that correct?

Attorney Shook

We are looking at two separate things here. A grant program to provide assistance to those businesses, similar to what we did last year with the small business grant from the CARES Act money. It's my understanding that the money would come from the stimulus money that is coming from the government. That is the grant program. This resolution is to focus on the use of women and minority owned businesses as vendors for the City. As companies that we work with for our particular needs. There are cities in Ohio and around the country but they are bigger budget cities. It's a little bit of new territory for a city our size. WE are making sure to look at whatever legislation we craft and present to Council is legislation that will fit our City.

Councilmember Cotner

This resolution is putting the onus on you all to craft something that will empower women and minorities to work directly for the City as contractors. This opens a door a little bit wider. This isn't funding or a grant.

Attorney Shook

This is more permanent than a grant program. A grant program won't happen every year. This is something where we contract with vendors every year from various departments.

Councilmember Cotner

I think the challenge will be to craft something over the next 90 days to be written, when we get bids, lowest and best, we aren't taking into account, lowest and best with taxpayers dollar, and gender and race. How are you seeing that? How does that fit with law and what our charter says?

Attorney Shook

Fortunately, our charter provides flexibility to awarding contracts to lowest bidders because we use the language "and best". It's that word best that gives us the flexibility to choose what's best for our City who is perhaps not the lowest but are the best. There is a

challenge there and we will work hard over the next 90 days. That's why I asked for the 90-period to make sure we have enough time to research and find the proper language for this legislation.

Councilmember Cotner

I think Mr. Luzader makes a good point to include veterans, we are talking women and minorities. We are still in Pride Month, LGBTQ community, is there consideration for that community as well.

Attorney Shook

There certainly could be, that is up to Council. I think with minority and women owned businesses, one of the things that makes that a little easier to get that off of the ground is that the state already has a certification process and standards by which they certify minority businesses. We have 9 certified women owned businesses in The City of Reynoldsburg. We have 11 state certified minority owned businesses in the City of Reynoldsburg.

Councilmember Cotner

Thank you, I would like to see how this evolves over the next 90 days.

Councilmember Strickland

To be clear, the reason why I brought this resolution to Council is number to keep us accountable. To make sure that we are doing our due diligence to minority, women and those that fall in that category. It has already been mentioned regarding veterans, something could come down later during the pipe. I really want this to be focused on what I presented. Secondly, I want to make sure that as new businesses come into Reynoldsburg, that we are assisting those individuals. That will come from the grant money when we get that allocated and then there will be a particular process that we go through, similar to what we did before.

Councilmember Lawson-Rowe

Thank you for offering the resolution and the robust conversation we are having. I would like to thank the City for these opportunities we are exploring an opening up. For instance is the City has bids for project x and often time as women and minorities, when there are opportunities available, we hear that there is no one from that community that is interested or available or that has access. I think having these conversations and work sessions for the legislation, celebrates that there are opportunities. Being considered

doesn't mean that women or minority owned company would get the job but at least they are at the table. I'm celebrating that, then perhaps there will be a women or minority owned business that can offer whatever services that the City needs at that opportune time.

Councilmember Strickland

When we talk about baby steps, let's be clear, we have continued to do these baby steps and so it's time for us to make leaps and bounds to make sure women and minorities are at the table. For so long we haven't been there, so I want to make sure we are giving the opportunity to be there.

Councilmember Baker

I agree. How many times here in the City of Reynoldsburg has a woman or minority owned business been at the table, I can't recall any, if anyone here knows? And even if you can count on one hand that's a shame in this 100 year old City. The time for baby steps is over and let's drive forward. I am interested in seeing what Attorney Shook comes up within 90 days.

An Ordinance to Amend Chapter Eleven - Planning and Zoning Code for the City of Reynoldsburg, Ohio

Director Bowsher

This is a living document and we need to continue to make minor changes to make it work better for the City. I am going to go over a quick time line of where we are at. Tonight's meeting would be the first reading, the second will be the first meeting in July. There is going to be a work session this Thursday at Planning Commission. Planning Commission won't take a vote on it until the 21st. All letters of requirement for public notice have been sent out and pushed into the mail well into the 30 day deadline. You will see it the final Council meeting of July before your recess. We talked about the Development handbook and we are in fact working on that. It's a little confusing because it shouldn't be called a development handbook but yet a developers handbook. It involves a lot of service and engineering. We are working with EMH&T. It's a 3 year old document but it does not have all of the code information in it from planning and zoning, so we are changing it to make sure that it is. That is a separate issue than what we are talking about tonight. We formulated a committee that was the Mayor, City Attorney, myself, staff, BZBA, Planning Commission and Councilmember Salvati. The goal of that was get everyone together to start discussing open topics that we would like to move forward, obviously this would also have to go to Planning Commission to get a vote on. First is medical marijuana. The definition of what we are seeing it as is pretty ambiguous. We always side with the applicant when we get to that point. The goal is to not allow it to be a general pharmacy but to understand it. We are defining it in the zoning code as it is a real thing that is out there as the state has defined it itself. We need to make sure we are doing the same here in the City. I know City Attorney Shook has an ordinance after this one so I will bypass any other information. We took a look at getting a credit for a green space. We had been getting credits for open detention ponds green spaces. The goal of that is being that we are ok with said credit for additional green space or allocation on a property. With that being said the green was going to include a few items. Either it was going to include fence, natural landscaping. It becomes an amenity to the development instead of just a hole in the space that is filled with water. The idea being mean that the Planning Commission will make that recommendation when the site plan comes in and whether or not to award the 10% credit. Next, you don't have it before because we are still working on it and getting feedback from Planning Commission on additional design requirements for residential districts. We're talking about doors, windows, different design aspects. We have a very

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL

thorough one is our Old Reynoldsburg District and our commercial districts. This one is to give a little more teeth in our residential areas. We have not had issues coming up but Planning Commission has done a nice job of asking for specific things from various developers and we set that across the board. Additionally we talked about commercial signage, window coverage. These were things brought up by our Planning and Zoning Administrator, Ms. Wheeler for some minor changes and tweaks within that. We are eliminating the zoning permit for roof mounted solar panels, the reason for that is we already have a building permit for that because they have to get an inspection for a roof. Basically, we were double dipping and we are not trying to make people pay twice. We are keeping the zoning permit if people would like to put their panels still into the ground. We also added a building height transition requirement. That is to protect single story, single family homes from multi story density type of uses like apartment complexes or town homes, anything that is over two stories. What we did was allow 40 feet with said height transition a credit of 150%. It's to balance that out a little better then what you may see in some other areas of the City. You may have seen that in some of our Insight Districts. We got rid of them insight district because it didn't make sense in the commercial districts. We took that same concept and added it to the residential areas. Additionally, we talked about this very early on about creating an overlay district for the Huber homes. We took a look at that and we didn't know how we would like to view it. We broke it down into a couple phases. One we are creating this overlay district, it's still going to be a suburban residential Huber Homes. It will be outlined one on the map and will have additional certificate of appropriateness. The home on Retton Road that comes up on Facebook quite often and in these chambers, we do not want that to come up again. The goal is to protect that character that is there in the Huber Homes and to ensure that home that does get built into that area basically coincides with the existing homes. They will have to get a certificate of appropriateness, they will have to get approval from Planning Commission, even if it is already an allowed use, single family home. We will definitely be taking a look at the height restrictions as well. The old code and building section allowed for two and a half stories. Which currently is why that house sits the way that it does. The problem has been exasperated because they have not completed the building. It is a problem that is just compounding, we want to make sure we are going to do something about it now. Additionally there are already some of the changes that we have made that the Mayor has implemented with staff and that is major site plan. So we are including a 21 day application. Typically it was 14 days, however we are giving an extra week for staff that includes the City Engineer staff report. It's a very important document because we want to take a look

Minutes Acceptance: Minutes of Jun 28, 2021 6:30 PM (Approval of Minutes)

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL

at storm water retention and look at different types of calculation. If we want to take a look at a traffic analysis. We want to make sure that our City engineer is looking at those and not someone else's engineer that is going to give us either misled information and make sure it's correct, we are giving ourselves an extra week for major site plans. We did not have small format grocery listed as a definition, so we have added that. There wasn't an office use for Old Reynoldsburg neighborhood district. Typically, where you're going to find that is Lancaster. There are a couple office plazas that over there, they would be a legal non-conforming use right now and wanted to make sure that those were legal conforming. We took a look at the Developer Handbook. We actually brought in the City Engineer and look at residential driveway width and materials used. What does it look like if someone is going to be dedicating back road, we definitely got into the weeds on some of those. Obviously that is going to lead to more changes in the development handbook. We also removed the glass requirement for inside, it was a 60% requirement. It probably makes sense on the front of a building but when you blatantly say 60%, its all sides of the building. Typically a back side of a community is where mechanicals are. So we just got rid of that as well. Commercial lot width, there was a typo error there. We also added back from the old code, it just did not get pulled over are portable storage units or pods. You're actually not allowed to have those in the City as it currently stand but we are allowing a time for those, especially as people move. Let's talk about the map real quick. That's the next biggest thing and maybe have some questions about. We are making three map amendments. The last time you guys saw this situation. There were no map amendments at all. I think this got attached to everyone packet this evening. Three major changes. One was toward the north Lancaster, the end of our City boundary up near Broad Street. There I currently a veterinarian hospital that is located there, it was zoned originally as community commercial we feel that it is in better alignment with the insight district and actually in that area that is an allowable use for a veterinarian hospital. I think it was an oversight when we did it. There is no other Community Commercial in the area, it's surrounded by residential. There is closer insight district closer to Dynalab. Based on those uses and other conditional uses that we have, it gives the City a bit more teeth on what could be there after the fact. This is just us preparing ourselves as if it were to happen. It allows us to be able to dictate a little easier. It aligns better with how we see uses being there. Additionally, we came and found that there is a parcel that was split a long time ago over on Oak Valley, that actually came up on our BZBA meeting. Where it was both insight and suburban residential. The gentleman wants to build a few homes out there. He will still probably need to go for some variances but

Minutes Acceptance: Minutes of Jun 28, 2021 6:30 PM (Approval of Minutes)

Reynoldsburg

OHIO • 1839

MINUTES REGULAR MEETING REYNOLDSBURG CITY COUNCIL June 28, 2021

we wanted to clean where that aligns because it's not two separate parcels anymore, its one. So we are rezoning all of that. Finally, there is a lady that would like to re-zone a parcel, this is also part of a BZBA, it happens to be on East Main Street, it's 8300 East Main Street. It used to be a very old home that was built and established in the 1800's. It was on septic and well. It caught fire a couple of years ago. She would like to build an A frame home that is out there. She did not get approval, she removed her application from BZBA. It's a \$1400.00 fee, and that is very large for someone that is looking at one parcel. So what we have decided to do is we included that into this packet allowing City Council and Planning Commission to make up that choice. We can always take it out if you decide to not approve that, but we are putting it in there. It would be surrounded solely by the insight district as well. Those are the three map changes, nothing huge. It's a totally of 4 to 5 acres that are in these map changes and really were just doing clean up.

Councilmember Baker

We knew there would be changes done down the road because it's a living document and we need to do clean up along the way.

Councilmember Cotner

It doesn't seem like major issues but it does seem like a time crunch on this. There has been a special meeting called, Planning Commission is meeting. Is there a clock ticking on this?

Director Bowsher

The Council meetings will go through the normal 3 readings. The problem is we want to make sure we are giving ample time, City law in our charter states that we only have to give 7 day notice, however the attorney and myself had numerous conversations and recent case laws of the supreme courts dictates you should be given 30 day notice. We are a home rule state that was over ruled by the Supreme Court case so we are just making sure that we are giving ourselves 30 day notice when we put those out. We missed this Thursdays meeting deadline, so what we did was set it up as a work session. An extra day that you typically wouldn't get for people to come out and speak on it and then we called a special meeting on the 22nd that we voted on. But it still follows the same timeline through City Council. There is no rush or emergency language. It's going through the same timeline, we just had to have that special meeting.

MINUTES REGULAR MEETING REYNOLDSBURG CITY COUNCIL June 28, 2021

Councilmember Cotner

That bring up another point, do we need to clean that up? To give 30 days, do we want to get that cleaned up somewhere along the way?

Attorney Shook

That's a little difficult because case law is changing consistently the state of Ohio, some of which are targeted at home law. Consequently we don't necessarily know where home rule begins and ends. With some recent case law from the Ohio Supreme Court suggesting that even some of our procedural rules will be subject to state law where it effects property rights. Out of an abundance of caution, followed the Ohio Revised Code time frame as compared to our charter time frame. Just to be safe.

Councilmember Cotner

You're comfortable generally speaking to keep it 7 days other than when were able to do 30?

Attorney Shook

No, we did this in the fall and even last year when we passed this whole new zoning code, we did 30 days just in case and we will continue to do 30 days to be safe.

Councilmember Cotner

The vet clinic, is it just the one parcel and will now be an insight district.

Director Bowsher

Yea, it's a two acre parcel just up to the edge, it's surrounded by residential, the comp plan called for residential medium, which would be apartments for town homes. Given its current use, we wanted to make sure it aligned better within the existing code. WE didn't feel community commercial would align with the surrounding potential but innovation would align with the current use and any future use potentially on that space.

Councilmember Cotner

Then if the vet clinic ever retires or says they are done, someone else would have to fit into the insight district?

Director Bowsher

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
June 28, 2021**

Correct.

Councilmember Cotner

The 8300, I watched that meeting, she pulled that?

Director Bowsher

Yes, she withdrew her application. What she was asking for was a use variance and based on the zoning code, you as City Council have regulated that's what you want a certain thing to be. We felt that was overstepping the bounds on that, City Attorney took a ruling on that. The Oak Valley one, it's really circumventing the entire process and needs to go through a zoning code change and since we were already in the process of doing that well before she submitted the application, we just felt it was easier to take both of those applications and put them on and if those were things that we did want to see changed, then we would at least let it go through that process and not charge someone additional money to go do that.

Councilmember Cotner

Yes, it makes sense for that to be residential back there. When talking about height of buildings, Seems like this one is a little too late for example, the apartments next to the church that are going to be significantly higher than residential that comes right back behind it. Will this help prevent some of those things in the future?

Director Bowsher

Great question. So if it was the existing application, that was 3 stories next to the one story, then yes of course this would help counteract some of that. When they changed their application to two stories and they pushed their set back off of the single family properties, they would then conform to that and it gave a little more breath to them to be able to do so. But it is to prevent future incidences like that of them getting approved, especially a standard single family. We have no other residential medium zones that can be developed on. The ones that were really taking a look at are the ones that are potentially even further out east than the Eastwood Development project and other areas like that. And ensuring that we are not going to cease something, if for whatever reason somebody came in and bulldozed some land and they built next to say Huber, they wanted to do three stories and push it all the way up. The goal of that would be that they need to make sure they are stepping it and they need to show proper height delineation between the buildings and bringing it further off of the set back. It's more than just the regular code.

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
June 28, 2021**

Councilmember Pyakurel

The 14 to 21 days, is that permits as well?

Director Bowsher

Just the major site plans. The rest of the applications will still do the 14 days. Anything subsequent after that major site plan will get 14 days if they need to resubmit for whatever reason. The 21 days is not necessarily for the staff here at City Hall but also the contractors, our City Engineer. To give them an extra week of time to be able to review. It also allows us to get the information out to planning commission much earlier than 7 days. If they have any questions, comments or concerns, thing that are egregious, they can get back to us a lot earlier. We're making the process a lot more user friendly because were allowed to put a lot more sets of eyes on a certain document, then just quickly trying to go through something. So, though our processes can be business friendly, we want to also make sure that we are being good stewards and that we are checking applications very thoroughly.

Councilmember Salvati

As far as those two map changes, since were in the Facebook Live time because of Covid, the last BZBA meeting, if you didn't get the chance to watch it, those two items were discussed in very minute detail. It would be a great primer for when we may get to the point that we have to vote on that. If you haven't had a chance to watch that meeting, it was a good one.

Director Bowsher

The few residents that did come out for the Oak Valley one were very much in favor of it being only residential. It was a win for the residents surrounding as well.

Councilmember Baker makes a motion to forward the ordinance to Council for a first reading. Second by Councilmember Pyakurel. Motion carries.

An Ordinance Establishing Chapter 785 Medical Marijuana Facilities of the Codified Ordinances for the City of Reynoldsburg

Attorney Shook

This goes hand in hand with the zoning changes that were presented. Obviously, a couple years ago the general assembly in the State of Ohio legalized, with significant conditions, the use, production and dispensing of medical marijuana in Ohio.

Minutes Acceptance: Minutes of Jun 28, 2021 6:30 PM (Approval of Minutes)

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
June 28, 2021**

Consequently, it's anticipated that the City will be presented with potential commercial activity that will be designated as medical marijuana. Activity as a processor, dispenser or cultivator and code didn't address that. We have defined as pharmacy. Our obligation when we are enforcing or interpreting that code, is to interpret it in favor of the applicant or property owner. So if it's vague, the tie goes to the property owner. The medical marijuana dispensary would have fallen under the broad term of pharmacy presented by our zoning code. We wanted to make sure that we were taking some control over the situation. Similar to what other communities have done in Ohio since that law was passed. We are proposing and presenting chapter 785, which would license and regulate medical marijuana facilities. In addition with some of the zoning code changes, we have identified some commercial districts where medical marijuana facilities might be allowed. They are all listed as conditional uses, which means that they need BZBA approval, even in those districts where we have decided that they might be allowed. We have put on conditions in the zoning code under section 1105.13, factors that would need to be applied by the BZBA in determining whether to approve those. Those factors include location limitations, a facility cannot be located within 500 feet of another medical marijuana facility. It cannot be located within 500 feet of a park, residential district, school or park. In addition, this is a significant provision that the exterior of any medical marijuana facility would need to be properly screened so that its activities, with exception of any administrative tasks, occurring inside the facility, could not be seen by the public within the right of way. We wanted to make sure they couldn't tell exactly what was going on in there. It is also for security and public safety reasons. We presented what I think is a pretty comprehensive approach, both in our zoning code and in our business regulations to how we would approach these potential businesses coming in to our City.

Councilmember Baker

Ok, sounds like we are just trying to get ahead of it before it happens, which is a good thing.

Councilmember Cotner

I am glad to see a lot of work put in it and restrictions to make sure and I think its great plan but I have one concern. You obviously know the law but the last item of implied consent to search. That seems a bit governmental. If they are a legally operating business, state of Ohio are saying they are legally allowed to operate, are we over reaching by saying our Police can go in at will at any time?

Minutes Acceptance: Minutes of Jun 28, 2021 6:30 PM (Approval of Minutes)

**MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL
June 28, 2021**

Attorney Shook

That is an excellent question and that was a question also raised by one of the members of our working group. This is what we can quote unquote pervasively regulated business. The United States Supreme court allows for administrative searches of those kind of these types of businesses, even without a warrant. In fact, the state of Ohio under chapter 3796, code where they legalized medical marijuana, also has a similar provision by where the Department of Commerce is able to inspect these premises. The reason why we put one in for the City of Reynoldsburg, even though there is one for the state is that we have found at times the state can get a little backed up. We found that for example with some gambling operations in the City, so we had to engage in some municipal self-help efforts, without being able to rely necessarily on the state.

Councilmember Cotner

I get that. I know any regulated business, mine for example, I have an annual inspection and I don't know when they are going to come and show up and I get that but it just still worries me a bit. I think we are pushing in that a little more when we are saying the Police Department has a right to show up at their business and search. I think there is still has to be a reason that we are going in. I think we are pushing a little on that last point of it.

Attorney Shook

I totally understand and appreciate that concern and if Council wanted to scale that back, I don't think that would be an unreasonable request.

Councilmember Cotner

Even if there was a way to modify, not as much scale back. It just seems to me, the way it's written, if they are a legally operating a business dispensing medical, whether we like it or not, it's a legitimate business dispensing a medical product. That worries me that we can go in at will. That's a slippery slope there.

Attorney Shook

I understand. I think it probably sounds a little but worse when we're talking about the Police Department administering this particular chapter. In researching what other cities have done, they usually put that responsibility on their Safety Director. We don't have a public safety director here mainly because there is no fire department, so

there is no need to have an additional administrative staff. It looks different when you say police department as opposed to administrative search.

Mayor Begeny

Deputy Chief clarified that this provision is also allowable for liquor permits as well. It's not anything that isn't already happening at establishments that sell alcohol.

Attorney Shook

Yes, they are a pervasively regulated business.

An Ordinance to Amend Section 505.17 Nuisance Conditions Prohibited Limiting the Number of Domesticated Animals Kept in a Residential District

Attorney Shook

This is why I presented a draft of section 505.17, subsections d and e. relatively consistent with some of the discussion we had at the last City Council meeting. I have also had the opportunity to have discussions with members of City Council generally and with committee specifically. What's presented is not proposed to be a final draft. It's presented to be furtherance of the discussion we had at the last meeting. At this time I would ask the committee to make a decision about whether they want to move this legislation forward or table it temporarily or permanently.

Councilmember Bryant

I have reflecting on this a lot since our last meeting. I think the intention is avoid another Scenic Drive and I think that's a wonderful intention to have. I was a little

Reynoldsburg

OHIO • 1839

MINUTES REGULAR MEETING REYNOLDSBURG CITY COUNCIL June 28, 2021

concerned that it would legislate to prevent something from happening that has already happened and have it happen again. I was a little disappointed to hear from one of our community members commenting at the beginning of the meeting that, that was not an isolated incident. Which is unfortunate and disturbing. As a pet owner myself, I don't know that I would anybody telling me how many I can have. With that said, we don't want our residents, neighbors, friends to be able to enjoy their backyard because anything I do on my property should not extend across the property line. Which includes smells and sounds. I don't know that I like a set number, given the wide variety of housing here. A house in Brookside probably can't house the same number of animals as a house out off of Taylor Road. I would be inclined to say if we are going to limit the number of pets we allow a resident to have, I feel like it should be on a square footage basis. If you have a house on Taylor you are more likely to have 2000-3000 square feet versus a house in Huber maybe where most of them have around or under 1200 square feet. Yes, so I have mixed emotions about doing this because we do have responsible pet owners in this town who are capable of caring for multiple animals. I don't know if we necessarily need to be in the business of regulating the animals in people's homes as long as what they are doing in their home is affecting their neighbors adversely.

Councilmember Pyakurel

After the last council meeting I went to 6 resident houses in my ward and none of them have any idea what we are talking about. 4 of them were saying 5 is the right number and the other 2 said it's none of our business, we know what to do. I did not give a number, they just gave their point of view. I still want to go back and talk to more people about what they want to say.

Councilmember Lawson-Rowe

I too am not an expert in terms of number of animals in a home. I have one dog. I asked neighbors and received their feedback. One young woman who is an animal lover, studying to be a veterinarian. Her first comment out of her gut was 5, as we further discussed, she shared that in terms of different animals, for instance cats, they are much more independent. They seek their own food. If they are out in the wild they travel in packs of 12 or 15. She was educating me. I have some notes here that I wanted to make sure I shared. She also talked about, in the case of having an animal that has a litter of puppies or kitten, would they have an opportunity to raise them to a certain point before they would be in violation. I know we discussed that. She also had another point she shared in terms of counseling. Would there be any sort of

counseling if someone is in violation. Would be able to refer that family to some sort of counseling if they were animal hoarding or not caring for animals. She also brought up the point we discussed of those being grand fathered in. How would we keep track of neighbor A having 1 dog and neighbor B having 6 dogs, would this be a self-reporting to the City and how would we keep up with that? These were just points she brought up for us to consider.

Councilmember Cotner

The woman who spoke earlier about the German shepherds, she specifically said it was a kennel. Selling those dogs was the implication, not that they were the pets. Where is the differentiation?

Attorney Shook

Yes, a boarding house or a kennel is going to be a person or company engaged in some fashion of commercial activity. Whether it's housing them for a price, babysitting, or breeding them on the premise and selling them. It can be difficult unless they are out in the open about their commercial activity. I don't want to speak specially to that situation because we are aware of it. I think as the speaker mentioned, we have taken some enforcement action. It's still in more of an investigation zone. It can be difficult unless they are open about holding commercial activity on their property. Getting back to Councilmember Lawson-Rowe's point, with the resident she talked to, this law would be very difficult to enforce. There are a lot of laws that are difficult to enforce but the ones taking place inside the home are exceptionally difficult. We don't catch every speeder, thief or solicitor who is out without a license. Those are offenses that occur out in the open. This would be a difficult law to enforce and it would only be enforced in those extreme situations.

Councilmember Cotner

Speaking of extreme situations, the situation at Scenic Drive, these were real people not just a house with a lot of animals. The pictures shown were not just a lot of animals but a clear picture of some hoarding challenges that they faced. Unless were willing to help them, it seems very difficult to say to an individual that's responsibly owning their pets, this is the number you are allowed to have by your government, I think we are stepping into an area that we shouldn't be. If they are hosing animal feces into the back of the yard then I think we can do something about that, but placing numbers is not what our government's role is. But making sure we enforce animal rights, and neighboring property owners' rights, there is a better way to go

about and press that way. The professionals I spoke to this last week, I didn't find one animal professional who viewed this as a positive step for pets or people. Questions came up of well how many people can live in a house, how many generations can live in a house, how many gerbils can they have? And again, the multiple professionals that I spoke to about what a number looks like, they were indignant that it was wrong that we try to place a number. That made me think a little stronger on that and people in these situation need help more than us telling them how many pets they can have in their family.

Councilmember Salvati

I too have given way too much thought to this issue, especially as a non-pet owner. One of the things that has been mentioned a number of times is the size of the house. A person in a mansion could not be responsible for one dog, person in a small house might be able to easily take care of 5. So my approach began to be I don't want to get into any of that. People counting their neighbors dogs to see if they have 5 or 6. At first, I went all the way to I just didn't want this at all, because I thought we have other statutes like nuisances laws. So if they have smells, I would think that would constitute a nuisance, if dogs are barking at all hours, if the dogs are fighting one another on a zip line, that would be animal cruelty, we are going to be able to enforce other things. I went back and forth. Is this going to be one extra helpful thing? If I am going to support anything, it's going to be a number above anything that is absolutely bad. No one should have more than x number of dogs, period. I didn't know what that number was. Or the number I came to and if we voted on this legislation, that I might vote yes, I said 10 to 15 dogs and cats. I struggle to see any home in Reynoldsburg being able to have more than 15 or so animals without that raising an alarm. That was a number I mentioned to Attorney Shook. No more than 10 dogs, 10 cats, no more than 15 of any kind of animal. That's where I ended up, if we end up tabling this or not doing it all, I wouldn't be that sad about it. If this does come to a vote and the number is the 10 to 15 or 20 range, I would probably be supportive of it but absolutely no lower. I just don't want people counting, I want to know it's a problem.

Councilmember Bryant

Thank you. You're actually pretty close to where I ended up in this as far as numbers. About Scenic Drive, I think we can all agree that 40 is too many. I think we can agree 22 German Shepherds on a rope is too many. 18 is probably too many too, and that's why this is a problem. That's why I reached out to Attorney Shook last week to say is this something we really need to do. I feel like putting a number on this would be

Minutes Acceptance: Minutes of Jun 28, 2021 6:30 PM (Approval of Minutes)

**MINUTES REGULAR MEETING

suggestive. I know what my house will hold, but I don't know what anyone else's will. I am inclined to say we should pass on this for now.

Councilmember Baker

Putting a number on this is a hard pill to swallow. It's like if a family wants to have 20 kids, why you would want to, I don't know. Child care is through the roof. They are allowed to have 20 kids, however by law you have to show that you are responsibly taking care of the children. Some people treat dogs and cats like members of the family, which technically they are. There should be something we can do where we are not limiting a person's right to have 10 cats or dogs without stepping on their rights but protecting the animal or neighbors from smells. Hopefully there is something we can do. This legislation needs some work, table it until we can come to a consensus. Something does need to be done.

Councilmember Bryant

Attorney Shook part of the conversation we had is that it's like trying to enforce a speed limit with no speed limit. I caught a little bit of the speaker when I was coming in but it sounds like they were pointing out a number of sections in the regular animal and fowl code that do address nuisance factors like noise. When we overhauled the chapter a couple of years ago, I think 15 minutes of sustained barking is sufficient to make a call to the non-emergency line.

Attorney Shook

Also a very difficult law to enforce. Even an offense like speeding where we have an objective number to use and our officers have tools and people commit the offense out in the open, those can even be difficult to enforce. Most have difficulties in one fashion or another.

Councilmember Bryant

The intention is good, we don't want to see another house like Scenic Drive but I struggle to put something like that in place when everybody knows their own financial abilities and space in their house. Do you have other ideas?

Attorney Shook

One thing we have talked about is whether we have a need for an animal control officer. Someone who is specially trained in these kind of situations. That's an ongoing conversation but one of the things we generally agree on is that there is not a

Minutes Acceptance: Minutes of Jun 28, 2021 6:30 PM (Approval of Minutes)

need for a fulltime officer. Maybe a way to combine those responsibilities with a code officer. I think we need one two more code officers anyway. So that is another route that we can take the increase our enforcement capabilities.

Councilmember Bryant

I think I like that idea a little bit better.

Mayor Begeny

I've had that conversation with the Mayor in Whitehall and that's the process they use. It's basically part time code enforcement, part time animal control. IF we were to add up the number of calls outside of Scenic Drive that we have had for animal complaints, it's probably less than 5 in the last 16-18 months. However, there was one today about foxes. The video that came across was cute but I don't think they want the foxes around anyone else. Then you have the challenge of finding someone who is qualified, it's just not common having that dual certification.

Councilmember Bryant

Thank you. My understanding is that we had a part time animal control office until about 10 years ago. When we redid the animals and fowl chapter under the old administration that we explore the return of an animal control officer, ideally on a part time basis.

Councilmember Lawson-Rowe

Some neighbors are rescue animal lovers and they rescue different types of animals. That would be something else we would have to consider in the number and timing and so forth, if at all.

Attorney Shook

Yes, that's something that was put in the latest draft, there are exemptions and so forth. One for dogs and cats under the age of 6 months, one for dogs and cats that are kept and harbored, pursuant to a rescue agreement with a shelter or a humane society. Another exemption for the dog or cat that is kept or harbored at the date of the ordinance. Those are the three exceptions that were built into the draft that was presented.

Councilmember Bryant

I am going to move that we table the ordinance to allow for time to inquire about an animal control officer. I do feel like we have a pretty comprehensive chapter on animals and fowl. Which is not to say it shouldn't be subject to change or amend. A lot of those matters in regards to nuisances can be dealt with, with what we already have.

Councilmember Bryant makes a motion to table the ordinance. Second by Councilmember Lawson-Rowe. Motion carries and the ordinance is tabled.

An Ordinance Authorizing the City Auditor to Remove Equipment from the City's Fixed Asset List of the Police Department

Deputy Chief Grizzell

Yes, this is the old paddy wagon that is out there, its 27 years old, over 75,000 miles. It's been used for various roles on the department. Surveillance at one time. Recently it's been used for prisoner transport. When we have a very resistant, combative, violent person. It's really not safe anymore at this point.

Councilmember Baker

Is this the paddy wagon with the 1970's light?

Deputy Chief Grizzell

Maybe, it has all of the old logos on it.

An Ordinance to Amend Section 1399.05 Exemptions to Vacant Property Registration of the Codified Ordinances of the City of Reynoldsburg

Attorney Shook

This is a minor change to our vacant property registration ordinance, which has worked very well over the past year since Council passed it. This is to give discretion to the Service Director who over sees the program. To grant exemptions where there are no observable exterior code violations. Then there are other circumstances that might warrant an exemptions so that people property aren't on the vacant property registration. We had a couple situations come up through the registration process that might have warranted an exemption. We felt it necessary to give that discretion to the Service Director. That is the only change we are proposing.

Minutes Acceptance: Minutes of Jun 28, 2021 6:30 PM (Approval of Minutes)

**MINUTES REGULAR MEETING

Director Dorman

This ordinance as you know, we are trying to move before Councils recess in August so we don't have to have any type of emergency reading. This is in hopes of the CARE funding being released fairly soon. The Auditor spoke a couple months ago of appropriating these funds into a separate account that we would use for this project as well as the following one. Councilmember Cotner may be familiar in the past, other cities I have worked for, and it's fairly odd to have an open parking lot for the police vehicles and their personal vehicles. Typically, as they are bringing equipment to the cruisers and coming and going, as well as a Sally Port that connects to the Police Department. What we're looking at is getting a design for a fence that would go around the parking lot with access gates that would be used by card readers that we already use for their building as well. No new software. There is also a need to expand the parking lot. Chief Baker and Deputy Chief Grizzell and I have talked about this as well. Now that they are almost at full staff, which is great but there is a need for additional space. We would also like to move some City vehicles over there as well that are not currently secured overnight. This again would be for the design on the perimeter fence as well as expanding the parking lot, which would be to the north toward that parks and rec space that is not utilized. Another major improvement it would include is a car port. I provided some photos as an example, not that we proposing but just as examples. It keeps the cruisers covered during the winter months, they don't have to go out shovel, de-ice, and warm-up the cars. We would also have some security lighting under there as well.

Councilmember Strickland makes a motion to forward the ordinance to Council for a first reading. Second by Councilmember Lawson-Rowe. Motion carries.

An Ordinance Authorizing EMH&T to Conduct Survey, Design, Engineering & Bidding Services for a Traffic Signal Interconnect and Preemption System Along the Main Street Corridor (Brice to Waggoner Roads) and Appropriating Funds Therefor

Mayor Begeny

This comes to you from a number of concerns that the community has expressed for a number of years. Apparently there is traffic in Reynoldsburg, I did not know if you were aware of this. Occasionally, it gets backed up and that doesn't include when we have actual construction on Main Street. In anticipation of the America's Recovery Act coming in, I engaged in some brief conversations with EMH&T, our City

Engineer to discuss the possibility of different ways we can improve traffic flow in the City. What they came up without getting too technical is wireless radio transmitters that will connect all of the traffic lights from Brice Road to Waggoner Road. It would allow for easier flow of traffic in and out of the City based on the time of day. So if your leaving Reynoldsburg in the morning, it's going to be a lot easier out toward 270, same coming in the other way. In addition, conversations with Chief Sharps with TTFD have come about with what is known as a preemption system. What you have seen is well all pull over to the side for emergency vehicles, the idea is the emergency vehicles could click something to turn all of the lights green as they approach an intersection which improves safety for all fire and EMS services. This could be the difference in life and death in all honesty with the timing and dealing with traffic. Reduces the risk with vehicles who may not be paying attention. Between those two things to improve everything on Main Street as well as the safety functions, this was the perfect use for the America Recovery Act funds. Given the amount of construction going on with the paving, we figure if we were messing everything up now, let's keep going with it and get all of this stuff done at the same time. IF passed by Council the traffic counts and study would begin after school starts so they can get accurate of a count as possible. From there is just depends on the process and the time it takes to get materials, we would hope to get it done this year.

Councilmember Strickland makes a motion to forward the ordinance to Council for a first reading. Second by Councilmember Pyakurel. Motion carries.

An Ordinance Authorizing EMH&T to Conduct Survey, Design, Engineering, & Bidding Services for the Graham Road Multi-Use Trail/Sidewalk Extension (Palmer Road to Livingston Avenue) Project and Appropriating Funds Therefor

Director Dorman

We talked about reusing our sidewalk funds and finding these missing links in the City where we have sidewalks that go to nowhere. This was a project that we have talked about in the past. This would be the sidewalk on the East side of Graham, right in front of Livingston House. It cross the creek and go up to the 5 corners. We had some great conversations with the Franklin County engineer office late last year as well. They control that bridge and they have been willing to do the design for the bridge and construction in house, they have their own crew. If you're lucky enough to get ahead of the schedule, they are willing to do some of that work occasionally. That

will save the City quite a bit of money, the crossing is the most challenging part of this project. This will authorize EMH&T to go out and start doing the design work and survey work. They have agreed to share that data with the County engineer and they can use it to develop their plans. With a goal of going into design sometime next year.

Councilmember Pyakurel

Thank you. That has been, the bridge has been very difficult for the people. I think this is an excellent thing, thank you.

Councilmember Baker

This has been a long time coming. We have been trying to get sidewalks for a long time up Palmer Road with the residential and businesses there, there has been increased traffic. And for the safety of it, walking up and down the side of the road in the dirt. I'm glad to see this is happening and kudos.

Director Dorman

I think its important too as we start to program that park more and the Livingston House, we had the Artist Makers Market over there which was great and the concerts. Eventually there will be a need where the parking lot is not big enough and they will want to park off site somewhere and walk and that provides them that ability to just go and park. The metro park is such a key aspect of that area as well, we want to provide that connectivity.

Councilmember Strickland

I would like to thank you for collaborating with the engineers and coming together and having those conversations.

Director Dorman

Yes, I know we had some correspondents from someone from the public about this earlier. We have done a few project with cemetery and historic ones as well. This is the cemetery that sits up around the VFW. There is no fence around, just a few small areas around some plots. AS the City looks at development that will occur to the north of this site, as well as improvements we want to do Quarry Park as well as Waggoner Road, we want to make this an attractive area. My background is in landscape architecture, when we were in college, we typically went and walked cemetery, because that's the only place trees grow in their natural state and never get touched. They plant them, they grow and maybe they get trimmed. A cemetery is a great place for people to go and walk their dogs. We go and study them. It's a nice place. You don't want it to feel like a fortress or prison yard, but we want to define the area and give it some security. We want it to fit with the history as well, whether that's a powder coated aluminum fence or wooden fence with columns and a gate. Once we get through this, we will share that with Council. There is the option of adding lights to the columns as well.

Councilmember Strickland

I know we did hear some information about maybe some vandalism happening, has anything happened at this location?

Mayor Begeny

I had conversation with the Deputy Chief and Chief Baker today. They cannot find anything within recent memory, however the resident who was very passionate about this, brought it to my attention earlier this year. Said that this past the hill can be used for sledding which is great but it may have caused damaged to the head stones as well as maybe some other things. Now whether that was reported in or evidence was found is not the case. The reality is a fence around it is something that would be needed for the historical value over time.

Councilmember Lawson-Rowe

Please tell me the difference between this historical cemetery and the other one there on behind the strip plaza. The reason I am asking is because that cemetery is fenced. I was walking the other day and resident can only access that cemetery during business hours and we must contact Parks and Rec.

I am familiar with it. I think there has been some confusion in the past on whose jurisdiction this cemetery belongs to. I was under the impression this is Truro Townships area, however we have found out that this is not the case. I would like to think this is just something that has slip through the cracks. In the past 30-40 years it was turned over to the City and then all of the sudden people forgot about, we thought it was Truro and they thought it was ours. Now we know it's ours. It would probably be under the same operation, if you wanted to access it, you would contact Parks and Rec. I don't believe we have had too many request for that specific cemetery but I will check with the Director tomorrow.

An Ordinance to Accept an Unrecorded Deed of Utility Easement (24 Square Feet) from Meyersco Builders, LLC, and Declaring an Emergency

Director Dorman

This is part of the Main Street phase 1 project. Which is from Davidson Drive down to Jackson, which we are going to be starting the week after the fourth. We have asked the contractor to wait until after the holiday. It's been enough of a headache right now with Columbia Gas out there and the demolition of the old Vick's pizza. We appreciate everyone being patient with us out there. ODOT is pretty much done with paving in the Licking County portion in our district. The Franklin County portion will start the end of July and it will be night time work. We will put that on our website. ODOT will be re-paving the Franklin County Main Street portion, Route 40 beginning I think July 27th. It will be night time work. Hopefully they will be off the road and cleared by the time you come to work. The next items, 6 through 11 are all relating to pieces of property that the City needed to do this project. The one we are talking about now is the Visiting Angels sight. There is an old traffic signal there suspended by a wire. Most traffic signals in the City are suspended by a mast arm. When we redo the street were going to put one of those signals in here so it will match the street scape that you see on Main Street. We are also widening that intersection to allow better turning movements onto Lancaster. This allows us to put that traffic signal back behind the sidewalk and onto the property.

This is the southeast corner of Jackson and Main. There is a Methodist church that recently sold to Trivium, I believe is the new owner. Once again this is for a traffic signal pole and as well as a signal cabinet. One thing I should mention too is were trying to get all of our traffic signals to have a batter back up system that they operate when we have a storm and lose power. They don't have to use unnecessary man power to traffic control at the intersection. So part of the upgrade would include the back-up system.

Councilmember Baker

The walk signal that's in front of Prost, is there any talk about switching it out and getting something more effective.

Director Dorman

Yes, I think when we redo this project, you have to understand that curb line is coming out and it's being narrowed, those signs will be out in traffic more and be more visible. I think that will help and when we re-stripe it too it will define the median a lot better. You are going to notice with the trees and the landscaping. The feel of that is going to make people just go slower. The signal will be pushed out further about 5 feet into the road.

Should any Owner fail to make any payment required hereunder, that Owner shall pay, in addition to the Service Payments it is required to pay hereunder, such amount as is required to reimburse City and Company for any and all reasonably and actually incurred costs, expenses and amounts (including reasonable attorneys' fees) required by the City or the Company to enforce the provisions of this Agreement against that Owner.

(d) Recordation. Promptly following the date when Company has obtained legal ownership of all or any portion of the Property, it shall, at its sole cost and expense, cause an instrument to be recorded in the Licking County, Ohio real property records for each Parcel in the TIF Area that provides evidence of the existence of this Agreement, it being understood and agreed that the lien of this Agreement shall, in accordance with O.R.C. Section 323.11 and O.R.C. Section 5709.91, be prior to any mortgage, assignment, lease or other conveyance by the Owners of any of their part of or interest in the Parcels within the TIF Area, and prior to any security instrument encumbering all or any part of or interest in the Parcels within the TIF Area; provided, however, that nothing contained in this Agreement shall be construed to permit acceleration of the Service Payments beyond the current year that such Service Payments are due. During the Term of this Agreement, the Owners shall cause all instruments of conveyance of any of their interest in all or any portion of the Parcels within the TIF Area, and of any Improvements thereto, to subsequent mortgagees, lessees, lienholders, successors, assigns or transferees, to be made expressly subordinate and subject to this Agreement unless such interest is subordinate to this Agreement by operation of O.R.C. Section 5709.91 or other law. It is intended and agreed, and it shall be so provided by each Owner in any future deed conveying a Parcel or any part thereof, that the covenants provided in this Agreement shall be covenants running with the land and that they shall, in any event and without regard to technical classification or designation, legal or otherwise, be binding to the fullest extent permitted by law and equity for the benefit and in favor of and enforceable by City and Company whether or not such provision is included by the Owner in any succeeding deed to subsequent Owners. It is further intended and agreed that these agreements and covenants shall remain in effect for the full periods of all of the TIF Exemptions enacted pursuant thereto. Each Owner shall only be responsible for making Service Payments that become due and payable during the period of that Owner's ownership of all or any portion of any Parcels within an applicable TIF Area and only with respect to the portion of a Parcel within the TIF Area which is owned by the Owner. Upon satisfaction of each Owner's obligations under this Agreement and termination of the obligations of the Owners to make the Service Payments, City shall, upon the request of an Owner, execute an instrument in recordable form evidencing such termination and releasing the covenants running with the land set forth in the deed.

Section 2. Establishment of TIF Fund by City. City agrees that it shall establish the TIF Fund as deposit funds to be held in the custody of City for the sole purpose of receiving the Service Payments made from the Owners to the County Treasurer and payable to City. Pursuant to the TIF Ordinance and in accordance with the TIF Statutes, the County Treasurer is required to make distribution of the Service Payments to City, and any Service Payments received by the City shall be deposited to the TIF Fund. Pursuant to the TIF Ordinance and in accordance with the TIF Statutes, amounts on deposit in the TIF Fund shall be used by the City to reimburse the Company

for costs of the Public Infrastructure Improvements or to pay obligations issued to finance the Public Infrastructure Improvements in the manner and amounts described and permitted herein.

Section 3. Exemption Applications, Withdrawal, Maintenance and Notice. Company, or the Owner if the Company no longer owns a Parcel for which a TIF Exemption is being applied, shall prepare, execute and request that the City file such applications, documents and other information with the appropriate officials of the State, City or other public bodies as may be required to consent to or claim the TIF Exemptions. City agrees to timely file any such applications prepared by the Company or any Owner. City, Company, and the Owners shall cooperate with one another in such preparation and filing, including, without limitation, by executing such applications and documents as may be appropriate in obtaining such exemption. City, Company, and the Owners agree to perform those acts as are reasonably necessary or appropriate to effect, claim, reserve and maintain the TIF Exemptions, and collect the Service Payments, including, without limitation, joining in the execution of all documentation and providing any necessary certificates required in connection with the TIF Exemptions or the Service Payments. Each Owner agrees to cooperate with the City and the Company as necessary for the purpose of filing any Ohio DTE Form 24 exemption application forms or successor forms or replacement forms necessary to claim the TIF Exemptions.

Section 4. Reimbursement for Costs of Public Infrastructure Improvements. The City shall pay to the Company or the Company's designee in accordance with the terms of this Agreement with respect to the Public Infrastructure Improvements, the actual costs of the Public Infrastructure Improvements (with the costs of all the Public Infrastructure Improvements collectively referred to herein as the "Costs"), plus interest on those Costs at the Interest Rate provided for below. The Company shall submit a written requisition to the City, substantially in the form attached hereto as Exhibit C and incorporated herein by this reference (each a "Written Requisition"), in order for the amounts in the TIF Fund to be used as provided in this Section 5. Except as otherwise agreed between the Company and the Mayor, the Company may submit up to four (4) Written Requisitions per calendar year.

The City shall pay all monies on deposit in the TIF Fund to or as directed by the Company on the first business day following each May 31 and November 30 (each, a "Payment Date") until all of the Costs and all interest thereon have been paid in full. In addition to submission of a Written Requisition for the Costs, the Company shall deliver to the City, at least fifteen (15) days prior to each Payment Date, a statement showing the total amount of interest then due to the Company under this Agreement, along with a brief description of the basis and calculations for the same; provided, however, that failure by the Company to deliver this statement shall not excuse the City from its payment obligation on each Payment Date if the City knows or reasonably should know that amounts are due the Company under this Agreement on that Payment Date, and provided further that in all other cases, that failure by the Company shall only delay payment to the same extent delivery of the statement was delayed. Any monies paid pursuant to this Agreement will be applied first to the payment of interest on those Costs at the applicable Interest Rate provided for below and second to the payment of the Costs, so that all interest due shall be paid before the payment of any Costs.

Interest on the portion of Costs of the Public Infrastructure Improvements shall accrue at the Interest Rate from the date on which the Company submits each Written Requisition and shall

continue until all Costs of the Public Infrastructure Improvements and all interest on those Costs have been paid in full. Any interest on any Costs that remain unpaid on the date following each Payment Date will itself accrue interest in the same manner as the Costs. As used in this Agreement, “Interest Rate” means the greater of (i) six percent (6%) per annum, or (ii) the interest paid by any governmental issuer of revenue bonds or revenue notes issued to finance or refinance the Costs of the Public Infrastructure Improvements.

For purposes of this Agreement, “costs” of the Public Infrastructure Improvements includable in “Costs” under this Agreement include, without limitation as to other costs properly allocable to Public Infrastructure Improvements, the costs of: acquiring, constructing, reconstructing, rehabilitating, installing, remodeling, renovating, enlarging, equipping, furnishing, or otherwise improving the Public Infrastructure Improvements; site clearance, improvement, and preparation; acquisition of real or personal property; indemnity and surety bonds and premiums on insurance; all related direct administrative expenses and allocable portions of direct costs of the Company, including but not limited to engineering, architectural, legal, management fees and other consulting and professional services; designs, plans, specifications, feasibility or rate studies, appraisals, surveys, and estimates of cost; interest or interest equivalent, whether capitalized or not; financing costs; title work and title commitment, insurance, and guaranties; audits; the reimbursement of moneys advanced or applied by or borrowed from any person, whether to or by the City, any other political subdivision or the Company or others, from whatever source provided, for the payment of any item or items of cost of Public Infrastructure Improvements, including interest or interest equivalent thereon; and all other expenses necessary or incidental to planning (including but not limited to traffic studies) or determining feasibility or practicability with respect to permanent improvements or necessary or incidental to the acquisition, construction, reconstruction, rehabilitation, installation, remodeling, enlargement, equipping, furnishing, or other improvement of the permanent improvements, including the close-out thereof, the financing of the permanent improvements, and the placing of the permanent improvements in condition for use and operation, and all like or related costs, including any one, part, or combination of, those costs and expenses. As used in this paragraph, “financing costs”, “interest” and “interest equivalent” have the meanings given in R.C. Section 133.01.

All payments to the Company or the Company’s designee hereunder on each Payment Date shall be made pursuant to written instructions provided to the City by the Company.

The Company and City intend that the interest payable by the City under this Agreement shall be exempt from federal income taxation and taxation by the State of Ohio to the extent permitted by law; provided, however, the Company may, by written notice delivered to the City prior to commencement of the City’s obligation to make payments for the Costs under this Agreement, elect to have the interest payable by the City not be exempt from taxation and have the Costs accrue taxable interest. With respect to any portion of that interest so intended to be exempt from federal and Ohio taxation, the City covenants that it will, to the extent possible, (i) comply with all applicable laws to obtain and maintain the Federal and State of Ohio tax exemptions for such interest, including any expenditure requirements, investment limitations, rebate requirements or use restrictions, and (ii) without limiting the generality of the foregoing, that it will restrict the use of any “proceeds” of this Agreement (as defined in the Code, as defined below) in such manner and to such extent, if any, as may be necessary after taking into account reasonable expectations at the time the City’s obligation is incurred, so that this

Agreement will not constitute an “arbitrage bond” under Sections 103(b)(2) and 148 of the Code, and will timely file an IRS Form 8038G when applicable. For purposes of this Agreement, “Code” means, collectively the Internal Revenue Code of 1986, as amended, applicable Treasury Regulations, whether temporary or final, under the Internal Revenue Code of 1986 or the statutory predecessor of the Internal Revenue Code of 1986, and any amendments of, or successor provisions to, the foregoing and any official rulings, announcements, notices, procedures and judicial determinations regarding the foregoing, all as and to the extent applicable.

Notwithstanding any other provision of this Agreement, the City’s payment obligations hereunder are limited to the monies in the TIF Fund and do not constitute an indebtedness of the City within the provisions and limitations of the laws and the Constitution of the State of Ohio, and the Company does not have the right to have taxes or excises levied by the City for the payment of the Costs and interest thereon.

Section 5. Construction of Project. The Company shall comply with all applicable laws in constructing and developing the Project.

Section 6. Certain Representations and Warranties of City. City represents and warrants as of the date of delivery of this Agreement that:

(a) It is a City and political subdivision duly organized and validly existing under the Constitution and laws of the State of Ohio.

(b) It has duly accomplished all conditions necessary to be accomplished by it prior to the execution and delivery of this Agreement and to constitute this Agreement as a valid and binding obligation of the City enforceable in accordance with its terms.

(c) It is not in violation of or in conflict with any provision of the laws of the State of Ohio or of the United States of America applicable to City that would impair its ability to observe and perform its covenants, agreements and obligations under this Agreement, nor will its execution, delivery and performance of this Agreement (i) result in such a violation or conflict or (ii) conflict with or result in any breach of any provisions of any other agreement or instrument to which City is a party or by which it may be bound.

(d) It has and will have full power and authority (a) to execute, deliver, observe and perform this Agreement and all other instruments and documents executed and delivered by it in connection herewith and (b) to enter into, observe and perform the transactions contemplated by this Agreement and those other instruments and documents.

(e) It has or will have duly authorized the execution, delivery, observance and performance of this Agreement.

(f) The TIF Ordinance has been duly passed by the City, has not been amended, modified, or repealed, and is in full force and effect.

(g) It will deposit into the TIF Fund all Service Payments and Property Tax Rollback Payments received by it.

(h) It will not amend, modify or repeal the TIF Ordinance in any way or pass any other legislation or take any action that would affect the amount of Service Payments and Property Tax Rollback Payments deposited into the TIF Fund except as approved by Company or required by law.

(i) It will not transfer, encumber, spend or use any monies on deposit in the TIF Fund other than as provided in this Agreement and in the assignment and acknowledgement associated with this Agreement.

(j) There is no litigation pending or to its knowledge threatened against or by City wherein an unfavorable ruling or decision would materially and adversely affect City's ability to carry out its obligations under this Agreement.

Section 7. Certain Representations and Warranties of the Company. Company hereby represents and warrants as of the date of delivery of this Agreement that:

(a) It is a limited liability company duly organized, validly existing and in full force and effect under the laws of the State of Ohio, and it has all requisite power and authority to carry on its business as now being conducted and as presently proposed to be conducted.

(c) It has the authority and power to execute and deliver this Agreement and perform its obligations hereunder, and it has duly executed and delivered this Agreement.

(d) The execution and delivery by it of this Agreement and the compliance by it with all of the provisions hereof (i) will not conflict with or result in any breach of any of the provisions of, or constitute a default under, any agreement, its articles of organization or operating agreement, or other instrument to which it is a party or by which it may be bound, or any license, judgment, decree, law, statute, order, rule or regulation of any court or governmental agency or body having jurisdiction over it or any of its activities or properties, and (ii) have been duly authorized by all necessary action on its part.

(e) There are no actions, suits, proceedings, inquiries or investigations pending, or to its knowledge threatened, against or affecting it in any court or before any governmental authority or arbitration board or tribunal that challenges the validity or enforceability of, or seeks to enjoin performance of, this Agreement, or if successful would materially impair its ability to perform its obligations under this Agreement.

(f) It is in compliance with State of Ohio campaign financing laws contained in O.R.C. Chapter 3517 and is not subject to an unresolved finding for recovery issued by the Auditor of State as described in O.R.C. Section 9.24.

Section 8. Provision of Information. Company agrees for itself and all Owners, to (i) cooperate in all reasonable ways with, and provide necessary and reasonable information to, the designated tax incentive review council to enable that tax incentive review council to review and

determine annually during the term of this Agreement the compliance of the Owners with the terms of this Agreement; and (ii) to cooperate in all reasonable ways with, and provide necessary and reasonable information to the City to enable the City to submit the status report required by O.R.C. Section 5709.40(I) to the Director of the Ohio Development Services Agency on or before March 31st of each year. The City and the Company agree that the Company shall not have any obligation to provide any reporting under this Agreement if the Company no longer owns any property within any of the TIF Area.

Section 9. Estoppel Certificate. Within thirty (30) calendar days after a request from Company or any Owner of a Parcel, City will execute and deliver to Company or Owner or any proposed purchaser, mortgagee or lessee of that Parcel, a certificate stating that, with respect to that Parcel, if the same is true: (i) this Agreement is in full force and effect; (ii) the requesting Company or Owner is not in default under any of the terms, covenants or conditions of this Agreement, or, if Company or Owner is in default, specifying such default; and (iii) such other matters as Company or Owner reasonably requests.

Section 10. Notices. Except as otherwise specifically set forth in this Agreement, all notices, demands, requests, consents or approvals given, required or permitted to be given hereunder must be in writing and will be deemed sufficiently given if actually received or if hand-delivered or sent by recognized, overnight delivery service or by certified mail, postage prepaid and return receipt requested, addressed to the other party at the address set forth in this Agreement or any addendum to or counterpart of this Agreement, or to such other address as the recipient has previously notified the sender of in writing, and will be deemed received upon actual receipt by the parties listed below or by any other person employed at the addresses listed below, unless sent by certified mail, in which event such notice will be deemed to have been received when the return receipt is signed or refused. Section 11. Successors; Amendments; City Consents; Assignments. This Agreement is binding upon the parties hereto and their successors and assigns, and this Agreement inures to the

benefit of the Company and its beneficiaries, successors, and assigns. This Agreement may only be amended by written instrument executed by all parties to this Agreement. Any consent of City to be given under this Agreement may be given by its Fiscal Officer and Mayor and must be given in writing.

City and Company may only assign this Agreement with the consent of the other, which consent shall not be unreasonably withheld; provided, however, that Company may, without the consent of the City, (i) assign its rights under this Agreement to an entity controlled by or under common control with the Company, (ii) assign its rights under this Agreement for the purpose of obtaining financing (including any refinancing) for the Public Infrastructure Improvements or the Improvements, (iii) designate an authorized designee to receive all or any portion of the Service Payments payable to the Company pursuant to this Agreement, upon which designation such designee shall receive the portion of Service Payments specified by the Company as if it was the Company under this Agreement, and (iv) assign its right, title, and interest in and to this Agreement as security for the payment of all or any portion of the Service Payments payable to the Company pursuant to this Agreement to a designee. Nothing in this Agreement prevents an Owner from transferring any or all of its interest in one or more Parcels to another person or entity.

City will cooperate with any reasonable assignment request made by the Company in connection with any financing (or refinancing) of the Public Infrastructure Improvements or the Improvements. City agrees upon request of the Company in connection with that financing (or refinancing) to consent to any third-party assignment by Company of its interest in the TIF Fund. In accordance with this Section 10, the City agrees to permit any assignment according to the Assignment of Reimbursement Payments and Other Rights to TIF Fund and TIF Agreement, a form of which is attached hereto as Exhibit D, to the investors identified therein.

Section 12. Extent of Covenants; No Personal Liability. All covenants, stipulations, obligations and agreements of the parties contained in this Agreement are effective and enforceable to the extent authorized and permitted by applicable law. The obligations of the City may be enforced to the extent permitted by law by mandamus or any suit or proceeding in law or equity. No such covenant, stipulation, obligation or agreement will be deemed a covenant, stipulation, obligation or agreement of any present or future member, officer, agent or employee of any of the parties hereto in their individual capacity. Neither the City, the members of the City's Council or Fiscal Officer, nor any City official executing or approving this Agreement, or any individual person executing this Agreement on behalf of the Company, will be liable personally by reason of the covenants, stipulations, obligations or agreements of the City or the Company contained in this Agreement. The obligation to perform and observe the agreements contained herein on the part of the Company shall be binding and enforceable by City against Company with respect to (and only to) the Company's interest in its portion of the Parcels and the Project, or any parts thereof or any interest therein.

Section 13. Events of Default and Remedies.

(a) Any one or more of the following constitutes an "Event of Default" under this Agreement:

(i) Company or City fails to perform or observe any material obligation punctually and as due under this Agreement;

(ii) Company or City makes a representation or warranty in this Agreement that is materially false or misleading at the time it is made.

For the avoidance of doubt, any failure by an Owner other than the Company to perform or observe any material obligation punctually and as due under this Agreement shall not constitute an Event of Default and shall not provide the Company or the City with any right to pursue remedies under law, including any remedies that may otherwise be available under this Agreement.

(b) General Right to Cure. In the event of any Event of Default in or breach of this Agreement, or any of its terms or conditions, by any party hereto, the defaulting party will, upon written notice from the other, proceed, as soon as reasonably possible, to cure or remedy such Event of Default or breach, and, in any event, within thirty (30) calendar days after receipt of such notice. In the event such Event of Default or breach is of such nature that it cannot be cured or remedied within said thirty (30) day period, then in such event the defaulting party will upon written notice from the other commence its actions to cure or remedy said breach within said thirty (30) day period, and proceed diligently thereafter to cure or remedy said breach.

(c) Remedies. If a defaulting party fails to cure any Event of Default pursuant to paragraph (b) of this Section 15, a party may institute such proceedings against the defaulting party as may be necessary or desirable in its opinion to cure and remedy such default or breach. Such remedies include, but are not limited to: (i) instituting proceedings to compel specific performance by the defaulting party, (ii) suspending or terminating the obligations of the non-defaulting party under this Agreement, provided the aggrieved party must provide thirty (30) calendar days' notice of any termination to the defaulting party and provided further that the aggrieved party must rescind the termination notice and not terminate the Agreement if the defaulting party cures all Events of Default within a reasonable time thereafter, and (iii) any other rights and remedies available at law, in equity or otherwise to collect all amounts then becoming due or to enforce the performance of any obligation under this Agreement. The obligations of the City may be enforced to the extent permitted by law by mandamus or any suit or proceeding in law or equity.

Section 14. Invalidity. This Agreement shall be construed as a whole and not for or against either party. Should any provision of this Agreement be declared or determined to be null, void, inoperative, illegal or invalid for any reason, the validity of the remaining parts, terms or provisions shall not be affected thereby and they shall retain their full force and effect, and said null, void, inoperative, illegal or invalid part, term or provision shall be deemed not to be a part of this Agreement.

Section 15. Separate Counterparts; Captions. This Agreement may be executed by the parties hereto in one or more counterparts or duplicate signature pages, each of which when so executed and delivered will be an original, with the same force and effect as if all required signatures were contained in a single original instrument. Any one or more of such counterparts or duplicate signature pages may be removed from any one or more original copies of this Agreement and annexed to other counterparts or duplicate signature pages to form a completely

executed original instrument. Captions have been provided herein for the convenience of the reader and shall not affect the construction of this Agreement.

Section 16. Entire Agreement. This Agreement constitutes the entire agreement among the parties with respect to the matters covered herein and supersedes prior agreements and understandings among the parties.

Section 17. Governing Law and Choice of Forum. This Agreement will be governed by and construed in accordance with the laws of the State of Ohio. All claims, counterclaims, disputes and other matters in question among the City, its employees, contractors, subcontractors and agents, and the Company, its employees, contractors, subcontractors and agents arising out of or relating to this Agreement or its breach will be decided in a court of competent jurisdiction within the County of Licking, State of Ohio.

Section 18. Additional Documents. City and Company and their respective successors, assigns and transferees, agree to execute any further agreements, documents, or instruments as may be reasonably necessary to fully effectuate the purpose and intent of this Agreement.

Section 19. Release. Upon satisfaction of the Company's obligations under this Agreement and the expiration of the TIF Exemption applicable to the Property under the TIF Ordinance, or the termination of the obligations of the Owners to make the Service Payments by operation of law or otherwise, the City shall, upon request of the Company or of any individual Owner, execute an instrument in recordable form evidencing such satisfaction or termination.

IN WITNESS WHEREOF, City and Company have caused this Agreement to be executed in their respective names by their duly authorized officers as of the date hereinabove written.

NOW, THEREFORE, in consideration of the matters described in the recitals set forth above and incorporated herein, and for other good and valuable consideration, Assignor and each of the Assignees agree as follows:

1. Provided that (i) Assignor is not in default of this Assignment, (ii) Assignee has received an executed copy of the TIF Agreement, and (iii) Assignee has received certified, executed copies of all City Ordinances necessary in connection with the establishment of the TIF Area, Assignee agrees to disburse funds, up to the full amount of the Investment, to Assignor in

accordance with the terms of this Assignment. In consideration for the payment of the Investment by Assignee, Assignor hereby assigns to Assignee all the right, title and interest of Assignor in and to the Reimbursement Payments, as provided for in the TIF Agreement. The Assignor remains liable for all of its obligations under the TIF Agreement and for the performance of all terms and conditions contained therein.

2. Reimbursement Payments shall be payable to the Assignee at the same times, and in the same manner, as the Reimbursement Payments are payable by the City to the Assignor under the TIF Agreement, and the Reimbursement Payments shall be deemed current and not delinquent if the City has performed its obligations under the TIF Agreement. Assignor agrees that all the Reimbursement Payments received from the City shall be transferred by the Assignor directly into the individual account of the Assignee, in accordance with the Investment Documents. The account information for all deposits to the Assignee under the Investment Documents is set forth on Exhibit A attached hereto and incorporated herein. Reimbursement Payments received from the City by the Assignor will be promptly (not later than seven (7) business days after receipt of such funds) transferred to the Assignee without demand. Assignor and Assignee hereby agree and acknowledge that (i) the City's obligation to make Reimbursement Payments to the Assignor is limited to the City's receipt of Service Payments that are deposited into the TIF Fund, and (ii) the City makes no representation to the Assignor or the Assignee that sufficient funds will exist in the TIF Fund to pay the amount of the Investment.

3. Assignor agrees to take such actions as may be reasonably necessary to ensure that this Assignment is and remains a valid assignment of the Assignor's right to receive Reimbursement Payments. Assignor and each of the Assignees, by execution of this Assignment, authorize Eastwood Development Partners LLC., as representative of the Assignee (the "Assignee Representative") to record a memorandum of this Assignment with the Licking County, Ohio Recorder's Office and to cause the filing or recording of any documents, including any UCC-1 Financing Statements, that the Assignee Representative deems reasonably necessary to evidence the assignment of the Reimbursement Payments to Assignees. Assignor agrees to pay or reimburse the Assignee Representative for all fees, costs, and expenses relating to such filing or recording.

4. Assignor further agrees that upon an Event of Default (as defined in the Investment Documents), Assignee shall be entitled to enforce, use and enjoy the benefits of the TIF Agreement, to perform any obligations of the Assignor and to do any and all acts in the name of Assignee with the same force and effect as Assignor could do if this Assignment had not been made, under the TIF Agreement which are necessary to protect Assignee's rights to the Reimbursement Payments under this Assignment. Assignor agrees not to modify or amend the terms of the TIF Agreement in a way that would impact or affect the Reimbursement Payments without the express written consent of Assignee, which consent shall not be unreasonably withheld (it being acknowledged that it will not be unreasonable for an Assignee to withhold its consent if Assignee reasonably expects that the modification or amendment may negatively impact or affect the Reimbursement Payments). Assignor irrevocably constitutes and appoints the Assignee Representative as its attorney-in-fact to demand, enforce and receive Assignor's rights to the Reimbursement Payments under the TIF Agreement. Assignor hereby ratifies all actions that such attorney shall lawfully do or cause to be done by virtue of the preceding sentence. This power of attorney is a power coupled with an interest, will be irrevocable and shall terminate only upon indefeasible payment in full of the Reimbursement Payments and the termination of this Assignment. The powers conferred upon

the Assignee and the Assignee Representative hereunder are solely to protect the Assignee's rights under this Assignment, and will not impose any duty upon it to exercise any such powers.

5. This Assignment is not effective until the City has executed and delivered to Assignee the attached acknowledgment and consent to this Assignment.

6. The duties and obligations of Assignor under this Assignment shall automatically terminate when all sums due Assignee under the Investment Documents and in connection with the Investment are paid in full. The Investment is an investment made by the Assignee in the Public Infrastructure Improvements identified in the TIF Agreement, and Assignor and Assignee agree that the Investment is not a loan from the Assignee to the Assignor. The Assignor has no obligation to pay the Investment and Interest to the Assignee, and the sole and exclusive recourse of the Assignee for payment of the Investment and Interest shall be Reimbursement Payments or any other amounts from the TIF Fund paid to the Assignor from the City, except that the Assignor has agreed in Section 2 to promptly pay to Assignee without demand any Reimbursement Payments paid by the City to Assignor. Notwithstanding anything to the contrary in this Assignment, Assignor may elect to terminate this Assignment by paying to Assignee an amount equal to the sum of (i) the difference between \$_____ and the portion of all Reimbursement Payments received to date by the Assignee that do not represent Interest, and (ii) any accrued Interest through the date of termination not yet received by Assignee; provided, that in such event Assignee shall provide to Assignor its accounting of all Reimbursement Payments and all portions thereof constituting Interest to enable Assignor to calculate the correct payment to the Assignee.

7. Notwithstanding anything to the contrary in this Assignment, Assignor agrees to indemnify and hold Assignee and the Assignee Representative harmless from and against all obligations, liabilities, losses, costs, expenses, fines, penalties or damages (including reasonable attorneys' fees) which Assignee or the Assignee Representative may incur by reason of Assignor's violation of any of the terms of this Assignment. Further, if Assignor defaults in the performance of any obligations under this Assignment or under the TIF Agreement or if any representation or covenant made by Assignor under this Assignment was untrue or incomplete on the date of this Assignment or thereafter becomes untrue or incomplete and Assignor fails to cure such default or such untrue or incomplete representation or covenant within thirty (30) days after notice of such default or such untrue or incomplete representation or covenant is given to Assignor by the Assignee, the Assignee may terminate this Assignment by providing written notice thereof to Assignor, at which point this Assignment shall be immediately terminated and the sole remedy of the Assignee shall be a payment by Assignor to Assignee of an amount equal to the sum of (i) the difference between \$_____ and the portion of all Reimbursement Payments received to date by the Assignor and transferred to the Assignee that do not represent Interest, and (ii) any accrued Interest through the date of such default not yet received by Assignee; provided, that in such event Assignee shall provide to Assignor its accounting of all Reimbursement Payments and all portions thereof constituting Interest to enable Assignor to calculate the correct payment to the respective Assignee.

This Section 7 shall survive the termination of this Assignment and the TIF Agreement, except that this Section 7 shall not survive any termination elected by Assignor under Section 6 of this Assignment.

8. This Assignment shall be governed by the laws of the State of Ohio.

9. **ASSIGNOR AND ASSIGNEE EACH HEREBY WAIVE ANY RIGHT TO HAVE A JURY PARTICIPATE IN RESOLVING ANY DISPUTE, WHETHER SOUNDING IN CONTRACT, TORT, OR OTHERWISE, ARISING OUT OF, IN CONNECTION WITH, RELATED TO, OR INCIDENTAL TO THE AGREEMENT OR THIS ACKNOWLEDGMENT, THE TRANSACTIONS RELATED THERETO OR THE RELATIONSHIP ESTABLISHED THEREBY. THIS PROVISION IS A MATERIAL INDUCEMENT TO ASSIGNOR AND ASSIGNEE TO ENTER INTO THIS TRANSACTION.**

10. This Assignment may be executed in one or more counterparts, each of which shall be deemed an original, and all of which when taken together shall constitute one and the same document.

11. All notices expressly provided hereunder to be given by Assignee to Assignor and all notices, demands and other communications of any kind or nature whatever which Assignor may be required or may desire to give to or serve on Assignees shall be in writing and shall be (1) hand-delivered, effective upon receipt, (2) sent by United States Express Mail or by private overnight courier, effective upon receipt, or (3) served by registered or certified mail, return receipt requested, to the appropriate address set forth below, or at such other place as the Assignor or Assignee, as the case may be, may from time to time designate in writing by ten (10) days' prior written notice thereof. Any such notice or demand served by registered or certified mail, return receipt requested, shall be deposited in the United States mail, with postage thereon fully prepaid and addressed to the party so to be served at its address below stated or at such other address of which said party shall have theretofore notified in writing, as provided above, the party giving such notice. Service of any such notice or demand so made shall be deemed effective on the day of actual delivery as shown by the addressee's return receipt or the expiration of three (3) business days after the date of mailing, whichever is the earlier in time. Rejection or other refusal to accept or inability to deliver because of changed address of which no notice has been received shall also constitute receipt.

The City agrees not to enter into any material modifications of the TIF Agreement which would impact or affect the Reimbursement Payments without the express written consent of each of the Assignees.

Spring Hill Farms Phase 1 Final Plat - Repeal and Replace

The phase 1 final plat, had one of the streets as a court, when in actuality it was meant to be labeled as a road. This was corrected on the recently ordained phase 2 plat, but we need to repeal and replace the phase one, with the updated plat. Outside of the name change, there is no difference. Requesting, a two read emergency, so this can be properly filed with the county, as infrastructure is already being constructed for phase 1.

D. NEW BUSINESS

1. Application # 2020-5514; 704 Waggoner Road; Applicant Matt Kirk (EMH&T); Final Plat (Spring Hill Farm)

Mr. Zollars: So let's go to new business application. 2020-5514. Can you set this up for us, please?

Ms. Wheeler: Yeah, this is just the final plot for the Spring Hill Farm subdivision that planning commission had already approved the preliminary plat. This is specifically for Section one. What I have up on the screen now visualizes how they're dividing the different sections. As I said, section one is up here in the top corner here and then I'll pull up the specific subdivision plat here.

Mr. Bowsher: It should be no, there is no change from the preliminary plat that was before you guys to the final plan. No, no changes.

Mr. Zollars: OK, so there's really nothing to discuss?

Mr. Hicks: I just had Mr. Chairman. Just one quick comment. I think when this came before us for major sight plan, my biggest concern was traffic. I think that after talking about it and the unfortunate circumstances of how this project ties into Waggoner Road and sort of the limited available options of being able to get that curb cut and the Waggoner road, my biggest concern was that we were creating another intersection there that didn't create a true four way intersection, which would be ideal, and Waggoner, which has all kinds of traffic problems. So I think it's unfortunate that there wasn't a way, I think with a condition that we put forth in the meeting was that the location of the curb cut had to be approved by the city's engineer in regards to traffic and picking the safest location. After talking with staff, it appears the city has achieved that. I know it's not an ideal situation, but we are dealing here with an infill property with a lot of decisions that have been made in the past on where curb cuts and other communities have tied in and where they step out. I think there's a lot of positives to this development. And even in regards to traffic. This community ties into three or four other locations and other communities that will help hopefully relieve some traffic congestion at some of the other intersections along Waggoner Road and provide better connectivity for some of those neighbors that have always been sort of waiting for the next phase of development where those road connections will come in. So I just I hope everybody here on Planning Commission is cognizant that proper planning and new communities is really important, that these intersections and the public improvement aspect of it is what we really, really have to focus on. And unfortunately, Reynoldsburg, we just have a lot of areas that don't connect well. We've got a lot of dead end streets, things like that. Which we'd like to avoid but understanding all that, I mean, I don't see any reason why the staff and the applicant haven't achieved those conditions that we set in our last time we reviewed this proposal.

Mr. Zollars: Emily, staff, I should say, so we are currently unable to tie this into Rodebaugh, so it's going to be jagged, there's going to be a stop sign at Rodebaugh, a red light at Rodebaugh and then another entrance, what, a couple hundred yards away, correct? That's what we're approving?

Mr. Bowsher: Yes. That's what you approved when we did the Planning Commission. You're not really approving that. We've already approved that. And then the goal was to allow the city engineer to make sure that it was safe. All the approval is tonight is based off of an ORC code that states that you are agreeing that these plats meet what you have intended and you're accepting these plats into the city of Reynoldsburg, as stated here, and then this will go on to city council for a final plat. It's just something we have to do, but it really has nothing to do with the specifics of the development. It's more so you're talking about these parcels, these fifty six parcels right here. We'll have this probably come up six more times as they start to develop it through. And they may try to do and combine sections together on how fast this gets developed and build out. And with the second hottest real estate market in the country right now, we'll probably have another one here come maybe even two next year as well as we go through this development.

Mr. Zollars: So with that information, if there's no questions or no further comments, I'd entertain a motion.

Mr. Hicks: I'd like to move that we approve the plat application as submitted.

Mr. Furst: I'll Second.

Mr. Zollars: Can we get the roll call on it, please?

Ms. Wheeler: Mr. Benner. Yes. Mr. Cullinan.

Mr. Bowsher: Tyler says, yes. He can't get on the microphone, he put it in the chat for the record.

Ms. Wheeler: Mr. Furst. Yes. Mr. Hicks. Yes. Mr. Zollars. Yes.

2. Zoning Code Text Amendments

Mr. Zollars: OK, very good. The second item on the agenda is the zoning code, text amendments. Mr. Bowsher, you mentioned a couple of things before the call started. Is there something specific we want to address? Or. Mr. Hicks, you wanted to have something reviewed as well, or have those been done, Mr. Hicks?

Mr. Hicks: Yeah, I had emailed staff before the meeting. I appreciate the hard work that's been put into the zoning code. We have a new zoning code. And for everyone you know that's just watching at Facebook, I'm sorry, we can't have an actual in-person meeting tonight. But as we were developing the comprehensive plan and the zoning code, there was always an intention that we were going to have to at some point once you started living with the new code to make adjustments in order to make everything work. I appreciate the hard work the staff has put into making these changes and the red lines. And I appreciate the way that it was presented to us. I had a few minor critiques and changes. One was some of the permitted uses within the community commercial area, which, from what I understand, those changes have been made. I had some comments in regards to commercial vehicle parking, parking on the street, recreational vehicle parking, and where those are permitted to be located on someone's lot and also some comments and questions in regards to design guidelines on window trims and things like that. So it's my understanding and reviewed language that those first three changes have been adopted. I don't think that we've been able to adopt my last request for some reasons, I think we just need some more time to be able to work through something like that. I think I just want to stress that as we've adopted the new code, we've made these changes and sort of calibrations to things to be able to fix some stuff that were just unforeseen

complications with it. I think it's a great step forward again for Reynoldsburg. And then as we make that next step, I think we always need to be thinking about how we're going to make this better. I think implementing some common sense, additional design guidelines for some of the development will be necessary at some point. I think we'll have to have more conversations about how we handle issues like that. There's there some issues that we've talked about and ask as we're developing this whole thing. An issue that was brought to my attention today, again, was, you know, there's communities like Huber that are primarily all single story that have some rebuild houses, houses that have burned down and be rebuilt, that we've been challenged in trying to figure out how to actually regulate, to make sure that they conform with the rest of the community. And how we handle situations like that, I think maybe isn't quite as addressed as we could be in the code at this point. So I think that's it for my comments. I think those bigger issues were addressed and the changes and red lines that were sent, which is good. But one thing I think that next step we need to be thinking about is maintaining a minimum level of quality for any new development, whether it's a redevelopment of an old parcel or a new community, to ensure that it is an adequate and good quality product in those locations going forward.

Mr. Zollars: Very good. OK, I agree. Thanks, Hicks. Anyone else from the commission or from staff want to add to or elaborate on any of the activities to this point?

Ms. Wheeler: Yeah, I mean, I was going to propose going through each section, just putting up the red line text and then just doing a quick overview of what was changed. If we want to do that.

Mr. Zollars: I don't really feel like going through one hundred pages, quite frankly, if we can keep it at a higher level.

Mr. Bowsher: Maybe let us go through the overall and if there's something that we want to talk about, we can dove into that Id that fair? I think it's important to something overall and then let us read through real quick.

Mr. Zollars: OK.

Mr. Bowsher: So kind of starting from the top, obviously, we had some Brice and East Maine district and also the east main street also, basically our insight districts, the majority of this was removing the maximum side yard and the maximum rear, amending maximum density, and then obviously adding and changing some of the uses. We made some of those changes to correspond with; to better suit the uses that we expect to be there and the ones that we are happy with. Then also, I think it was interesting because clearly this zoning is the Brice and Main is the Kmart center. And clearly, we had a Walgreens, the one that came in there, needed to get some variances. I think those variances were already there, but I think we needed to limit some of them. And so that was a good test case as we were sort of moving

through that. So that's kind of what we have pretty cut and dry on that one. Suburban residential obviously changing some of the permitted and conditional uses, mainly the school, amending the accessory building location and then removing garage design standards, the specific one. And I think a lot of this kind of came up when we discussed it at BZBA last time about the one covered and one uncovered parking spaces to change to just two off street parking spaces. Granted, we see this the majority of the time and the Huber neighborhoods. Additionally, talking about where that garage location would be. We did have it needed to be six feet behind the front building facade. That didn't seem realistic. So we had to change that. Then we move that to the garage requirements later on in the common regulations where it stands at. Moving on, residential medium, we amended the maximum building height that was the main change for this one, and then the community commercial obviously not put here is the changes that Steven had requested. But the majority of these were the permitted and conditional uses and making sure they're in line with what we expect to have in this community commercial zone. We see this as a current CC district, very suburban, but also moving into more of a mixed use district and allowing a various office park food service, big box retail, small medical and overnight lodging hotel, and motel. Moving on, we went to the innovation, we made some changes to this. This is obviously down on the Brice area as well as L brands and the Ohio Agricultural Department out on Main Street. This was just better aligning the uses and what we desire to have in those areas, adding in some ones that got missed, like medical office, things of that nature, and then bringing some of the conditional uses that we do want permitted. We don't want to make people have to jump through uses for things such as like a visual art center or something like that. So just changing some of those and then changing some of the permitted uses for ones that maybe are less desirable, like the vehicular sales, a shooting range and things of that nature to more of a conditional. So we have a little bit more teeth as we're starting to review applications. We don't want to allow just a slew of bad uses in the city without us having an extra layer of protection. Signs, there was a lot of redundancies, these changes were to better align what we're seeing out there, we were putting on secondary uses which weren't in line with what we actually wanted. And so we got rid of those and we went into a little bit more detail. We can allow Emily to do this, but this was sort of her brainchild. She deals with this every single day. So this was better aligning to what was the intended purpose of the sign portion of the code. Obviously, the accessory structures, we talked about the garage design standards, so those changes and then they got added into this section. Landscaping a buffering the submittal of the landscaping plant and a tree survey and then zoning certificate now required for additional pervious surface, just better aligning to what we're seeing. Supplementary use conditions, traffic study for drive thru establishments at the discretion of Planning Commission or BZBA, and then zoning permit not required for a roof mounted solar panels. Nonconformity's, discontinuation timeline to three months, so this basically means that if there is a use that is a non-conforming use inside of the district instead of the two years that they did have, it will be changed to three months. So it can only sit vacant for tops of three months before a use could go in there or it reverts and they lose the non-conforming clause and they do have to then

conform for any future use there. It's a good protection, especially as we start to change some of these uses that does not meet the context of the comprehensive plan and where the city is moving forward. So it's really to get those uses phased out in a much more aggressive fashion.

Mr. Zollars: Andrew, could you please give us an example of what this might be?

Mr. Bowsher: Yeah, so I think where we're going to see this the majority of the time is in the innovation area along Brice Road. So as we're trying to bring different businesses there, we need to get rid of some of the smaller retail type establishments that no longer belong there and fit that needs of what that corridor and what we envision as the corridor. So instead of allowing a user to come in time and time again and continue to sign new leases and not getting really what we want, we're limiting the opportunity of vacancies inside that building to sit there and then a new user to come in and still be a non-conforming use. At this stage, it means it can only sit there vacant without that use being activated for three months before it gets reverted to the new portion of the code.

Mr. Zollars: Thank you.

Mr. Bowsher: Zoning certificate, this was something that city attorney Shook wanted added in there, utilizing our property maintenance code and violations and making sure that better aligns to how we function as the city and giving us a bit more teeth and making sure that it's not just Emily reviewing all that, but our code enforcement team that's reviewing zoning violations and property maintenance violations. Then the site plan and design review, we wanted to better align what we were taking a look at, when somebody submit something, we've actually changed it. It was just too close when we were talking about just a standard site plan and a major site plan. So we went back to the minor site plan and a major site plan. And then that minor site plan is basically anything that's less than five thousand square feet. Some of those and we've outlined to better align to what Emily and myself actually need to review and to check mark boxes before it gets put on the planning commission. And we're not asking for site civil type drawings just yet. So we need to do better, align with what we were asking for. So landscape concept plan, transportation and parking plan, current zoning of the parcels, location of buildings and structures, location of existing water, body streams, drainage ditches, the dimensions of the property line parcels and adjoining right away and then a standard site. So all these things we look for, it's always what we've had. We just don't want to overdo it. And then of course, once we get into the major site plan, we can ask for additional things if Emily finds it necessary, as well as planning commission. Then the major site plan. The biggest difference is minor site plan can be reviewed in house being less than five thousand square feet in size. Major site plan is anything over five thousand square feet, whether it's residential or commercial. Minor site plan is only commercial property. But what we don't want is somebody that wants to build a single family home that has to submit twenty thousand dollars in design when really we're just trying to review the architectural details of the home as well as the

site plan, so wanted to make sure that we weren't overstepping on something of that nature. Certificate of appropriateness, we had it on 30 days that didn't align to actually what we needed. So it's a 14 days prior to the Planning Commission meeting and the certificate of appropriateness, as everyone knows now, is mainly just in the old Reynoldsburg districts, the two districts there, both neighborhood and commercial.

Mr. Hicks: Do you guys have the updated language for the commercial vehicle and RV thing, might just be good to touch on that? Thank you.

Mr. Bowsher: Chris, since you wrote that, you want to touch on this one?

Mr. Shook: Yes, so at the request of Commissioner Hicks, we took a look at the commercial vehicle parking restrictions in residential districts. We went ahead and decided that we would permit dual axle trucks in that district that are less than fourteen thousand pounds as long as they are parked on the lot. So the way that I structured it was to change the language so that trucks having dual tires on one or more axles or having more than two axles will still be prohibited on residential streets, but will be permitted if they are parked in the driveway in a residential district as long as they are under 14 thousand pounds. In addition, we looked at the RV language, if you want to scroll down a little bit to that. We changed up the RV language to make it easier for residents to be able to have an RV on their lot in the City of Reynoldsburg. Quite frankly, it would have been impossible for the city to effectively enforce the code as it was constructed before. So what we've done is we do allow a residential vehicle to be parked in a residential district as long as it's in an enclosed structure and we allow at least one or a maximum of one recreational vehicle located outside an enclosed structure in a residential district as long as it's parked in the driveway, as long as it's three feet from the front right of way, and as long as it's three feet from an adjacent property. We have some other restrictions in there as well that were already included in there. But what we wanted to do was we wanted to make it easier for residents in the City of Reynoldsburg to be able to own and possess on their lot a recreational vehicle. It would have been impossible for us to enforce it the way that it was previously written.

Mr. Bowsher: Thanks, Chris. There was a question that came through just as related, not to this specific one, but Mrs. Sarah Reed brought up. The question was she said, Stephen Hicks, that's a great point, drove through Retton today and my husband and I noted the two story house cited in the midst of the one to one and a half story brick homes that did stick out a bit. How would the new zoning code help us in the future? In fact, that was one thing that was correct when it was in there. Unfortunately, the old zoning code a long time ago for that whole area allowed for two and a half story buildings. Yes. Not in line with what that area is. And that's how they have that basement and makes it look like its two and a half stories. So we limited the building height. That's something that we're not changing and we're keeping it in there. So it's only a maximum of two stories, not necessarily next to that house, but in the Huber neighborhood as you get closer to Main Street, there are

two story homes in the Huber area and that is where it conforms to. So we have a height standard. So that home, if they were to come back and try to rebuild that as of today, it couldn't happen again.

Mr. Hicks: If they ever finish it?

Mr. Bowsher: Correct.

Mr. Furst: Mr. Chairman, if you will, I am kind of sympathetic to Mr. Hicks comments regarding the minimum quality standards. I know with modern building construction, one of the nightmare type scenarios that we're ideally looking to avoid when we've talked about things like minimum trim requirements and things like that, is that wall of vinyl sort of look where if there's very minimal trim and just something to cover the cuts in the vinyl or virtually no trim at all? I personally think that's a very unattractive look and that's not doing anything to sell the property. I think you're increasing the risk for maintenance issues further on down the line. And, you know, certainly we don't want to set ourselves up for a scenario where you might put in a product today and 10, 20, 30 years from now, if it falls into disrepair, I think if you have a much more esthetically pleasing product, something that seems more complete, not just that's had some corners cut for the sake of keeping it to a bare minimum price point, then you avoid some of that scenario. So I know that someone has brought up that Mr. Benner wanted to have a discussion about the architectural design standards. I think Mr. Hicks concern kind of corner stone's nicely with that discussion. I'd like to talk about that now if we could.

Mr. Zollars: Yeah, go ahead.

Mr. Benner: Yes. Mr. Hicks and I were able to talk a little bit this afternoon. I'm assuming everyone received his email with the changes that he wanted to have included in this amendment. And I'm sure you all have your various opinions. I guess what Mr. Hicks and I were able to agree to today is that design standards are probably going forward, a very important part of what we're doing here as planning commission, especially with the increase in development that's happening here in Reynoldsburg. I'm not sure it's such that we can discuss it this evening and that it makes this particular change. You know, in the weeks that we've been meeting to make these amendments, the one thing that's come up constantly is that this is a huge living document that is going to require that it be looked after and possibly changed over time. We could be back in six months. We could be back in a year. I think architectural standards like we're discussing will require more time than we have this evening to come up with. A three inch trim, I drove the city today just to look at some of what's out there. And, you know, you have you have brick structure with absolutely no trim around any window. You have stone and stucco, sometimes without trims around the windows. On the other hand, all vinyl with just J channel running right up to the edge of the windows in the hole there certainly is unattractive. I think my reply in the email to Mr. Hicks was that that's absolutely the most unattractive two story home with no trim whatsoever. Just a wall of vinyl is not

something that we probably want. But just saying three inch trim on all windows and doors, I think is a little arbitrary, not something that we could really do quickly. I think it does merit more discussion, more thought, maybe another committee. I don't know. I just don't think that we can make that this evening.

Mr. Bowsher: I think that makes a lot of sense. It's something interesting. I was talking to an ex council member today and kind of brought this up. And I talked with Emily about it as well. You know this document. Yes, we have to have it. A living document. There's a lot to it and things like that. I think that we've done some great work and kudos to the individuals that helped us. It wasn't just staff, but there was members of council. There was two planning commissioners that are here tonight, both Alex and Keith, and input from everyone, the mayor included. And obviously Attorney Shook. I want to note that the next phase of this is updating our development handbook, and I think that's where I'm trying to get to, is maybe the architectural designs as we get into real tough specifics, probably need to change to called the developers handbook because it's more of a document that's based in details; architecture, engineering. Talks about specific ready mixes for streetscape, things of that nature. You know, potentially maybe that's something where that could live in that we then give to a developer after it's done and saying if it we're going to say across the board, we're looking for these things. Maybe it's something that we can get back together on as we start to update that, because we do mention that here in the zoning code that that's the next phase as it gets in the site civil drawing that those are things that they need to have included. It's just something to discuss. But it's a thought.

Mr. Zollars: Very good, good discussion. I have a question on particularly on the, I can't zoom down. Whatever section we're currently looking on the parking on the streets and the part with two vehicles, what is the enforcement procedure and what are those timelines? Is that in here somewhere?

Mr. Shook: So the enforcement mechanism is going to be in Section 1109 and we did change significantly the enforcement section to provide a little bit more detail about what that process would be and who would have the power to enforce the code. Previously, it was just the planning and zoning administrators so it put all of that responsibility on Emily. So we rephrase that so it would be the planning and zoning administrator or the designee in this case. And in these kinds of cases, that designee would be one of our code officials. What they do is that they observe a violation out on the street. And we've had several of these kinds of violations this year. They issue a notice of violation to the property owner with a recommended corrective action to take and a time line for the owner to take that corrective action. If they don't take that corrective action within that timeline, then we cite them in the mayor's court. Unfortunately, our previous code wasn't all that specific about what penalties we could necessarily enforce. It was before the changes that we put in here today. All we had was a maximum fine of two hundred fifty dollars for any zoning code violation. So we wanted to put a little bit more teeth into that. Now with the changes that are being proposed to the commission tonight, it would give us the

ability to be able to impose daily fines, fines of up to a thousand dollars, the ability of the city to seek penalties of civil forfeiture for zoning code violations. Not that we would necessarily ever intend to go that deep with it, but the intent of those penalty provisions is to be coercive, to motivate people to comply with the code. So we have we have some significant enforcement mechanisms in place with these changes.

Mr. Zollars: Thanks for sharing that. What else you have, Mr. Bowsher?

Mr. Bowsher: I believe that was it for the changes. Emily, was there anything on another page that I missed? As you were scrolling through, I can't remember where we left off. I apologize.

Ms. Wheeler: Nope, that was the end of the summary documents.

Mr. Bowsher: OK, thank you.

Mr. Hicks: On the technical question would be the action of this party tonight would be to recommend approval to council of the updated zoning changes. Is that correct?

Mr. Shook: That is correct. So if we have changes that need to be reflected here on the record that are different than what's been presented to the commission in the packet, we'll need a motion to amend so that those changes can be reflected. So that would include the changes in the community commercial district that take multi-family housing and make that a conditional use of the changes in the parking restrictions for commercial vehicles and for recreational vehicles. Then there's one other change that I noted that we had discussed that wasn't included in the package. I would ask for a motion to amend to reflect this changes that adult oriented businesses. We're going to be removed as a use in the innovation district and placed as a use in the community commercial district. Just to go into some detail in the minutes about that, as several members of this commission may be aware on the Columbus side of Brice Road, we have had adult oriented businesses that have created several problems in that corridor, including drug trafficking, prostitution, violent crime. The City of Columbus has had to shut down two of those facilities in that area. The one thing we don't want is for those kinds of businesses to be a permitted use on our side of that street to make that problem even worse.

Mr. Zollars: Very good. Perfect. So did any of you commissioners get those amendments? I would care to put that into a motion.

Mr. Hicks: All right, I'll try. Mr. Chairman, I'd like to make a motion to amend the proposed changes to the zoning code and include the following amendments. First, I'd like to include the amendment of the community commercial code, removing the multifamily uses from permitted to conditional. Secondly, I would like to amend the code in regards to On-street parking and parking for commercial vehicles with the proposed language. Thirdly, I would like to amend the recreational vehicle parking

and storage requirements in the code. And fourth, I would like to amend the removal of adult oriented businesses from the innovation zone to the community commercial zone as a use.

Mr. Zollars: Does that cover everything, Mr. Shook?

Mr. Shook: Thank you.

Mr. Zollars: Very good. Thank you, Mr. Hicks. There's a first. How about a second?

Mr. Benner: Second.

Mr. Zollars: Thank you very much. OK, we get roll call on those?

Mr. Hicks: And we're voting on just those amendments and then we'll vote on the entire code, correct?

Unknown: Yes.

Mr. Zollars: All right, Emily, we have a first and second, so if you could call the vote on those amendments, please.

Ms. Wheeler: Yes. Mr. Benner. Yes. Mr. Cullinan. Yes. Mr. Furst. Yes. Mr. Hicks. Yes. Mr. Zollars. Yes.

Mr. Zollars: Very good. Thank you very much on that and for staff and Chris and everybody explaining and detailing that out for us.

Mr. Furst: Mr. Chairman. If you don't mind, I move that we recommend the changes for approval by City Council.

Mr. Benner: Second.

Mr. Zollars: Can we get the roll call on that, please?

Mr. Benner. Yes. Mr. Cullinan. Yes. Mr. Furst. Yes. Mr. Hicks. Yes. Mr. Zollars. Yes.

Subject: RE: Cruiser 250 Evaluation

Kevin, Parts cost from AutoZone is attached.

- 1) This does not include the cost of a Dash Cluster from Ford. There is no ETA on shipment for that part. Its cost is \$338.
- 2) The AM/FM stereo does not work in the car and there is not factory part available for it.
- 3) The car needs new rear pads, rotors and calipers.
- 4) The car needs the rear pinion seal replaced which entails tearing apart the rear axle housing.
- 5) Needs a right rear CV axle replaced.
- 6) Left front fog light assembly is busted and missing the lens
- 7) Fuel pump assembly needs replaced
- 8) Alternator charging is intermittent
- 9) Front driveshaft has a bad U-Joint

This car is 12 years old. Once a vehicle gets to a certain point, parts become tough to get. Especially when it comes to the factory electronic type parts. We just put \$1800 in engine/steering parts into cruiser 263 which is a 7 year old car. If we were to get the cars on a constant life cycle rotation these types of repairs and downtime can be avoided. If you have any more questions, feel free to reach out.

Thanks,

Justin H Jones

If a collection container has no lid, such collection container shall be placed upside down at the location from which it was removed. Notwithstanding the foregoing requirements, all re-usable collection containers shall be returned in a manner and to a location such that the container does not create a hazard to pedestrians or motor vehicles. The Collection Contractor shall immediately pick up or sweep up any materials that the Collection Contractor spills during collection. The Collection Contractor shall conduct the survey for all Residential Units and Residential Unit Equivalents in the Participating Community during the same collection week and shall report the total number of participants, and the total number of non-participants, which collective total shall equal the total number of Residential Units and Residential Unit Equivalents eligible for service under the Contract. The participation survey shall be conducted during a collection week with regularly scheduled collection days, and shall not be conducted on a holiday collection week or any other week where collection days are different from the normal collection schedule.

ARTICLE V – PERFORMANCE ASSURANCE, BOND, INSURANCE AND INDEMNIFICATION

- 5.1 Performance Assurance.** The Collection Contractor shall immediately report to the Participating Community any notice or order from any governmental agency or court or any event, circumstance or condition, including Force Majeure, which may adversely affect the ability of the Collection Contractor to fulfill any of its obligations hereunder. If, upon receipt of such report, or upon the Participating Community's own determination that any such notice, order, event, circumstance or condition adversely affects the ability of the Collection Contractor to fulfill its obligations, the Participating Community shall have the right to demand adequate assurances from the Collection Contractor that the Collection Contractor is able to fulfill its obligations. Upon receipt by the Collection Contractor of any such demand, the Collection Contractor, within fourteen (14) days of such demand, shall submit to the Participating Community its written response to any such demand. In the event that the Participating Community does not agree that the Collection Contractor's response will provide adequate assurance of future performance to the Participating Community and its Residents, the Participating Community may, in the exercise of its sole and reasonable discretion, seek substitute or additional sources for the delivery of all or a portion of the Collection Services, declare that the Collection Contractor is in default of its obligations under this Collection Agreement, or take such other action the Participating Community deems necessary to assure that the Collection Services will be provided including the right to terminate the Collection Agreement.
- 5.2 Performance Bond.** Within ten (10) days after receiving the Notice of Award, the Collection Contractor shall furnish and maintain for the duration of this Collection Agreement, including any renewal terms, a Performance Bond executed by a duly authorized surety, acceptable to the Participating Community in all respects, or such other security acceptable to the Participating Community, in the amount of two million four hundred seventy five thousand, seven hundred and ninety-two dollars (\$2,475,792.00). The Performance Bond is attached as Exhibit D and may be renewed by a substitute surety acceptable to the Participating Community, provided that the terms and conditions of this

Performance Bond obligate the surety to honor the Performance Bond until the Participating Community accepts, in writing, a substitute surety.

- 5.3 Liability Insurance.** The Collection Contractor, at the Collection Contractor's sole cost and expense, agrees that it shall at all times during the term and any renewal term of this Collection Agreement carry and maintain in full force and effect, for the mutual benefit of the Participating Community and the Collection Contractor, commercial general public liability insurance against claims for personal injury, death or property damage, occurring as a result of the performance of the Collection Services. The insurance coverage to be purchased and maintained by Collection Contractor as required by this paragraph shall be primary to any insurance, self-insurance, or self-funding arrangement maintained by the Participating Community. The coverage and limits of such insurance are listed on Exhibit F, which is attached and incorporated by reference. The Collection Contractor shall be responsible for payment of any and all deductible(s) or retention(s) under the policies of insurance purchased and maintained by it pursuant to this Contract.
- 5.4 Proof of Insurance.** All insurance required by this Collection Agreement shall be obtained from a responsible insurance company or companies reasonably satisfactory to the Participating Community and authorized to do business in the State of Ohio. The Participating Community shall be named as an additional insured in such insurance policies. Originals of the insurance policies or certificates shall be delivered to the Participating Community promptly upon commencement of the term of this Collection Agreement, and insurance policy renewals or certificates shall be delivered to the Participating Community not less than thirty (30) days prior to the expiration dates of any policy. - 5.5 Workers' Compensation Coverage.** Prior to commencing work under this Collection Agreement, the Collection Contractor shall furnish to the Participating Community satisfactory proof that the Collection Contractor has paid current premiums for workers' compensation coverage for all persons employed in carrying out the work covered by this Collection Agreement. Such proof must be included as Exhibit B, which is attached and incorporated by reference. The Collection Contractor is responsible for forwarding updated proof of payment for workers' compensation coverage on an on-going basis, as such proofs expire. The Collection Contractor shall hold the Participating Community free and harmless for any and all personal injuries of all persons performing work for the Collection Contractor under this Collection Agreement.
- 5.6 Indemnification.** The Collection Contractor shall save, indemnify and hold the Participating Community, its Council, its Board of Trustees, employees, agents, officers and consultants (each an indemnitee) harmless from and against any and all liabilities, claims, demands, causes of action, penalties, judgments, forfeitures, liens, suits, costs and expenses whatsoever (including those arising out of death, injury to persons, or damage to or destruction of property), and the cost and expenses incident thereto (including reasonable attorneys' fees), which any indemnitee may hereafter incur, become responsible

for, or pay out for or resulting from the performance of the Collection Services under this Collection Agreement, provided that any such claim, damage, loss, or expense:

- (a) is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property, including any resulting loss of use; and
- (b) is caused in whole or in part by any intentional, reckless or negligent act or omission of the Collection Contractor, anyone directly or indirectly employed by the Collection Contractor, or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist as to any party or person described in this Section.

- 5.7 Environmental Indemnification.** The Collection Contractor shall save, indemnify and hold the Participating Community, its Board of Trustees, employees, agents, officers and consultants (each an indemnitee) harmless from and against any and all liabilities, claims, demands, causes of action, penalties, judgments, forfeitures, liens, suits, costs and expenses whatsoever (including those arising out of death, injury to persons, or damage to or destruction of property), and the cost and expenses incident thereto (including reasonable attorneys' fees), which any indemnitee may hereafter incur, become responsible for, or pay out for or resulting from contamination of or adverse effects on the environment, or any violation of governmental laws, regulations, or orders, in each case, to the extent caused by the Collection Contractor's negligent, reckless, or willful misconduct relating to the Collection Services. Any indemnitee shall promptly notify the Collection Contractor of any assertion of any claim against it for which it is entitled to be indemnified, shall give the Collection Contractor the opportunity to defend such claim and shall not settle such claim without the approval of the Collection Contractor. This Section shall survive expiration or earlier termination of this Agreement.
- 5.8 Indemnity Not Limited.** In any and all claims against the Participating Community, its employees, agents, officers and consultants, by any employee of the Collection Contractor or anyone for whose acts any of them may be liable, the indemnification obligation under this Section shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for the Collection Contractor under workers' compensation acts, disability benefit acts, or other employees' benefit acts.
- 5.9 Personal Liability.** Nothing herein shall be construed as creating any personal liability on the part of any employee, agent, officer or consultant of the Participating Community.
- 5.10 Covenant Not to Sue.** During the term or any renewal term of the Collection Agreement, the Collection Contractor shall not challenge, directly or indirectly, the Participating Community or SWACO's designation of one or more facilities to provide processing and/or Disposal Services for Solid Waste, Recyclable Materials or Yard Waste generated within the Participating Community.

**ARTICLE VI – BILLING, PAYMENT, ADJUSTMENTS
OR REDUCTIONS TO PAYMENT**

- 6.1 Collection Contractor Billings to the Participating Community for Payment.** The Collection Contractor shall bill the Participating Community for the Collection Services within ten (10) days following the end of the month, and the Participating Community shall pay the Collection Contractor on or before the thirtieth (30th) day following the end of such month. Such billing and payment shall be based on the prices and charges stated in the Exhibit G, increased for additional services requested and approved by the Participating Community or reduced by the Participating Community as provided in this Collection Agreement. In the event the Participating Community reduces payment to the Collection Contractor, in good faith and at its sole discretion, the Participating Community will provide a written explanation and reference to the authorizing provision of the Collection Agreement, including paragraphs 4.3, 4.7, and 6.2. In the event that the Collection Contractor disputes the basis for the reduction in payment, the Participating shall consider the basis for the dispute and may refund any such deduction to the Collection Contractor. However, the Participating Community is under no obligation to accept the validity of any such dispute.

The Collection Contractor shall be paid for the number of Residential Units within the Participating Community based on the records maintained and provided by the Participating Community or by the Franklin County Auditor as those parcels are listed on the real property tax duplicate for Franklin County, subject to Section 6.3. As the number of Residential Units being serviced in the Participating Community increases or decreases, the Collection Contractor and the Participating Community may adjust the number of Residential Units accordingly. Any Optional Services Service Charges must be billed to the Owner directly, unless the Participating Community has otherwise agreed to be responsible for such charges in writing.

- 6.2 Deductions from Collection Contractor's Invoice for Non-performance.** If the Collection Contractor misses or fails to make a collection on the regularly scheduled day from any Residential Unit(s), even if corrected within twenty-four (24) hours, the Participating Community may withhold Twenty-Five Dollars (\$25.00) per Residential Unit from payment or the quarterly release of funds held by the Collection Contractor as provided in 6.1, or invoice the Collection Contractor. If the miss or failed collection is not corrected by the Collection Contractor within twenty-four (24) hours after receiving a report of such miss, by the Participating Community or the owner or occupant of the Residential Unit, the Participating Community may withhold Fifty Dollars (\$50.00) per Residential Unit from payment or the quarterly release of funds held by the Collection Contractor as provided in 6.1, or invoice the Collection Contractor. In the event that the Participating Community performs cleanup services pursuant to Section 4.7, or collects a missed pickup more than twenty-four (24) hours after reporting such miss to the Collection Contractor, the Participating Community may withhold from payment or the quarterly release of funds held by the Collection Contractor, or invoice the Collection Contractor, one hundred dollars (\$100.00) per service call plus fifty dollars (\$50.00) per hour for cleanup services performed by the Participating Community. If the Collection Contractor has violated the container handling requirements set forth in Section 4.7 three or more

times in any ninety (90) day period, the Participating Community may, at the Participating Community's discretion, withhold or invoice two hundred dollars (\$200.00) per occasion, including the first three occasions, from the quarterly payment due to Collection Contractor or from the quarterly release of funds held by the Collection Contractor. If the Collection Contractor commingles Source Separated Recyclable Materials or Yard Waste with Solid Waste for Disposal, the Participating Community may withhold from payment or the quarterly release of funds held by the Collection Contractor as provided in Section 6.1, or invoice the Collection Contractor the amount of one hundred dollars (\$100.00) per Residential Unit. In the event the Participating Community is charged by the Recyclable Materials processing designated facility for contaminated loads or excessive residuals, the Participating Community may withhold from payment or the quarterly release of funds held by the Collection Contractor as provided in Section 6.1, or invoice the Collection Contractor the amount of the charge.

The remedies available pursuant to this Section are in addition to any other remedies available to the Participating Community pursuant to this Collection Agreement, and the Participating Community's determination not to use any remedy in response to a failure to perform shall not constitute a waiver by the Participating Community of the right to exercise any remedy in response to subsequent failures to perform. In addition, the Participating Community may direct that any of the above deductions apply to the invoice for Service Charges for the Owner of a Residential Unit or Residential Unit Equivalent impacted by the Collection Contractor's non-performance.

- 6.3 Unoccupied or Vacant Residential Units.** Residents shall be permitted to discontinue Collection Services on a temporary basis while unoccupied because of extended vacations of three (3) months or more, or when the Residential Unit is vacant, upon notification provided to the Participating Community. Residential Units that are unoccupied or vacant shall not be charged for Collection Service. The owner of the unoccupied or vacant Residential Unit shall notify the Participating Community that Collection Services is not required at the unoccupied or vacant Residential Unit. The Participating Community shall notify the Collection Contractor of the addresses of unoccupied or vacant Residential Units. The Collection Contractor shall not invoice the Participating Community or the Residential Unit for Collection Services during the period of time when a Residential Unit is unoccupied or vacant, and the Collection Contractor has been duly notified.
- 6.4 Annual Review and Report.** The Collection Contractor shall prepare and report the following data on the Collection Services provided by the Collection Contractor on forms provided or approved by the Participating Community:
- (a) Records regarding Bulk Item as required by Section 3.8 herein;
 - (b) Records regarding appliances containing CFCs as required by Section 3.9 herein;

- (f) Records regarding addresses of all Residential Units and Residential Unit Equivalents which are delinquent in payment of Services Charges, as required by Section 6.1 herein;
- (g) Records regarding any charge assessed to the Collection Contractor for contaminated loads or excessive residuals by the Recyclable Materials processing designated facility or yard waste processing facility, as provided for by Section 6.6 herein;
- (h) A record of the number and addresses of Residential Units and Residential Unit Equivalents within the Participating Community collected by the Collection Contractor on each regular collection day, as required by Section 6.8 herein;
- (i) A record of the number of collection container types by volume and address within the Participating Community and collected by the Collection Contractor on each regular collection day, as required by Section 6.8 herein;
- (j) A record of the total amount of Solid Waste, Recyclable Materials and Yard Waste collected within the Participating Community pursuant to this Collection Agreement that the Collection Contractor delivers to the Participating Community-Designated Facilities specified in tons, for each day that such Solid Waste, Recyclable Material or Yard Waste is delivered to the Participating Community-Designated Facilities, as required by Section 6.8 herein; and
- (k) Copies of weight receipts and invoices that the Collection Contractor obtains from the Participating Community-Designated Facilities, as required by Section 6.8 herein.

The Collection Contractor shall prepare such records and provide them to the Participating Community and SWACO on an annual basis. Following the first year of the Term, the annual report containing data for the preceding calendar year shall be submitted no later than January 30th each remaining year of the Term.

Annually, the Collection Contractor and the Participating Community shall meet to establish, if needed, an updated number of Residential Units eligible under the Contract, including currently unoccupied and vacant Residential Units pursuant to Section 6.3 that could receive service in the future, an updated number of Residential Unit Equivalents, and an updated address list. The Collection Contractor and Participating Community shall also review the volumes of Solid Waste, Recyclable Materials and Yard Waste collected from the Participating Community and its Residents and delivered to the Participating Community-Designated Facilities. If based on a review of the volumes collected, and

based on the average per household generation figures available from the prior year, there is a decrease in the average per household generation of Solid Waste of more than ten percent (10%), the per Residential Unit base-line charge included in Exhibit G, not including any-fuel price adjustments, collection container rental charges, or other fees, shall be reduced as follows:

$$\text{Per Residential Unit base-line charge} - \frac{\text{Tonnage Decrease} \times \text{Tipping Fee}}{\text{\# of Households}}$$

- 6.5 Adjustment for Changes in Cost of Fuel.** Either the Collection Contractor or the Participating Community may request a quarterly per Residential Unit fuel price adjustment for Collection Services in a form approved by the Participating Community. For purposes of this provision, a request for fuel price adjustment, upon approval by the Participating Community or Collection Contractor, as applicable, will result in an adjustment to the Collection Contractor's invoice received by the Participating Community or Residential Units. All fuel price adjustment requests and approvals shall be in writing and a copy shall be provided to SWACO. The form of invoice shall include a fuel price adjustment as an increase or decrease in the quarterly price per Residential Unit for the collection of Solid Waste, Recyclable Materials or Yard Waste.

The invoice shall include the base bid price per Residential Unit, and a separate fuel price adjustment amount to be added or subtracted for each Residential Unit. The price may be adjusted when the price of fuel has changed during the preceding period in increments of at least twenty-five cents (\$.25) per gallon. (For example: an increase or decrease in the price per gallon of fuel between \$.25 and \$.49 shall be equal to \$.25 per gallon for purposes of the fuel price adjustment formula provided; an increase or decrease in the price per gallon of fuel between \$.50 and \$.74 shall be equal to \$.50 per gallon for purposes of the fuel price adjustment formula, etc.).

The base price for fuel to be utilized in determining whether a fuel price adjustment is appropriate shall be the average gasoline gallon equivalent of **CNG fuel** on June 9, 2021 (\$2.459) as determined by the IGS CNG fueling station located at 3909 Alum Creek Dr., Obetz, Ohio.

The per Residential Unit fuel price adjustment may first be adjusted, if necessary, on the Collection Services commencement date contained in the Notice to Proceed. Thereafter, the per Residential Unit fuel price adjustment may be made at the end of each quarter (quarters being January through March, April through June, July through September, and October through December) of the contract period, when the price per gallon of fuel, as reported by the Collection Contractor, has changed by an average amount during the preceding quarter of at least twenty-five cents more or less (\$0.25) per gallon from the base price. Each twenty-five cent incremental (\$0.25) change in the average price per gallon of fuel, when compared with the base price per gallon for fuel, shall adjust the per Residential Unit fee as follows:

M = total number of miles traveled by the Collection Contractor in one month for the Participating Community, (including miles traveled on the Collection Route, and average

number of round trips to: the Franklin County Sanitary Landfill, Participating Community-Designated Recyclable Materials Facility, and Participating Community-Designated Yard Waste Facility), divided by three (3) (the average number of miles per gallon for collection vehicles) multiplied by P, where P = fuel price adjustment in \$.25 per gallon increments, divided by RU plus RUE, where RU = the number of Residential Units and RUE = the number of Residential Unit Equivalents .

$$\text{Per Residential Unit base-line charge} + \frac{M/3 \times P}{RU+RUE}$$

The Collection Contractor shall notify owners and/or tenants of Residential Units or Residential Unit Equivalents of any fuel price adjustment made pursuant to this Section. Such notification shall be given no later than 30 days following approval of the fuel price adjustment and may be included in the notice required by Section 4.4 herein.

6.6 Permissible Pass-Through Charges. The following fees, rates, or charges shall be passed on by the Collection Contractor:

- (a) Any and all governmental fee increases or decreases for disposal or processing of Solid Waste at the Franklin County Sanitary Landfill or at the Participating Community-Designated Recycling Services and Yard Waste Services Facilities. A governmental fee is a fee applied to the disposal or processing of Solid Waste levied by the United States Federal Government, State of Ohio, Franklin County, or SWACO;
- (b) Any increase or decrease in a rate or charge for the disposal of Solid Waste at the Franklin County Sanitary Landfill; and
- (c) Any increase or decrease in a rate or charge incurred for disposal or processing of organics, Food Waste, or Yard Waste at a Designated Facility or SWACO-approved facility.

The Collection Contractor shall give the Participating Community and Residents as much notice as is practicable before adjusting for governmental fee, rate or charge modifications. In the event an adjustment is necessary, the Collection Contractor charge per Residential Unit shall be adjusted by an amount to be determined as follows:

For Solid Waste Disposal: per ton price difference ÷ 12

For Yard Waste Composting: (1/5) (per ton price difference) ÷ 12

Any charge for contaminated loads or excessive residuals by the Recyclable Materials processing designated facility or yard waste processing facility shall be the sole responsibility of the Collection Contractor. If any such charges are assessed to the Collection Contractor, the Collection Contractor shall notify the Participating Community within 48 hours of receiving the charge.

6.7 Data Collection and Monthly Reporting. The Collection Contractor shall prepare and report the following data on the Collection Services provided by the Collection Contractor on forms provided or approved by the Participating Community:

- (a) record of the number and addresses of Residential Units and Residential Unit Equivalents within the Participating Community collected by the Collection Contractor on each regular collection day;
- (b) A record of the number of collection container types by volume and address within the Participating Community collected by the Collection Contractor on each regular collection day;
- (c) A record of the total amount of Solid Waste, Recyclable Materials and Yard Waste collected within the Participating Community pursuant to this Collection Agreement that the Collection Contractor delivers to the Participating Community-Designated Facilities specified in tons, for each day that such Solid Waste, Recyclable Material or Yard Waste is delivered to the Participating Community-Designated Facilities;
- (d) Copies of weight receipts and invoices that the Collection Contractor obtains from the Participating Community-Designated Facilities;
- (e) Records regarding Bulk Item as required by Section 3.8 herein;
- (f) Records regarding appliances containing CFCs as required by Section 3.9 herein;
- (g) Records of all notifications of refusal to collect left at a Residential Unit or Residential Unit Equivalent pursuant to Section 4.9 herein;
- (h) Records regarding any Residential Units or Residential Unit Equivalents not placing out collection containers on the collection day as required by Section 4.11 herein; and
- (i) Records regarding any charge assessed to the Collection Contractor for contaminated loads or excessive residuals by the Recyclable Materials processing designated facility or yard waste processing facility, as provided for by Section 6.6 herein.
- (j) **The monthly average gasoline gallon equivalent price of CNG fuel as determined by the IGS CNG fueling station located at 3909 Alum Creek Dr., Obetz, Ohio.**

The Collection Contractor shall prepare such records and provide them to the Participating Community and SWACO on a monthly basis within thirty (30) days of the close of each month.

The Collection Contractor shall also utilize the data management system selected by the Participating Community and report volumes in tons collected of Solid Waste, Yard Waste

and Recyclable Materials for the Participating Community for as long as the Solid Waste Authority of Central Ohio pays any required dues or annual subscription fees for use of the system. The Collection Contractor shall input such data and provide such data to the Participating Community and to SWACO on a monthly basis within thirty (30) days of the close of each month.

- 6.8 Senior Citizen Discount.** The Collection Contractor shall provide Residents who are sixty (60) years of age or older and the head of household a discount of ten percent (10%) or one dollar and fifty cents (\$1.50), whichever is greater, off the per Residential Unit charge contained in attached Exhibit G. By agreement, either the Participating Community or the Collection Contractor will maintain a list of Residents entitled to this discount, which list shall be provided upon request to the other party.

ARTICLE VII – BREACH, CURE, AND TERMINATION

- 7.1 Breach of Contract; Termination.** Upon the material failure of the Collection Contractor to comply with the terms or conditions of this Collection Agreement, the Participating Community may terminate the Collection Agreement in the following manner: the Participating Community shall provide notice to the Collection Contractor, by certified mail, return receipt requested, of the alleged material failure of the Collection Contractor to comply with the Collection Agreement. The Collection Contractor shall have ten (10) days to provide the Participating Community with written assurance, which can be substantiated by reasonable proof, that the material failure(s) issues identified in the notice have been corrected. In the event that the Collection Contractor fails to provide such written assurance and substantiating proof within the ten (10) day period for corrective action, or there are ongoing or continuing failures to perform the Collection Services, the Participating Community may terminate this Collection Agreement. Any such termination shall not take effect until the Participating Community is able to secure alternate or substitute performance for the Collection Services. The Participating Community may commence the process to obtain an alternate or substitute service provider for the Collection Services following the failure of the Collection Contractor to cure the alleged material failure to the satisfaction of the Participating Community, in the exercise of the reasonable discretion of the Participating Community.
- 7.2 Surety or Participating Community Cover in the Event of a Material Failure.** In the event of termination, the Collection Contractor's surety shall have the right to take over and perform under the Collection Agreement. However, if the surety does not commence performance, the Participating Community shall take over performance by contract or otherwise at the expense of the surety. In the event there is no surety-provided cover, or the Participating Community is unable to provide or obtain cover, the effective termination date may be delayed by the Participating Community until the Participating Community completes the process of obtaining a substitute service provider of the Collection Services. In such event, the Collection Contractor shall continue to perform its responsibilities under this Collection Agreement until the effective date of termination. Material failure includes, but is not limited to, the Participating Community's receipt of more than twenty (20) bona fide complaints in any given month regarding the Collection Services. A bona fide complaint is a complaint that the Participating Community has investigated and determined

that the complaints represent failures of the Collection Contractor to provide the required Collection Services. Material failure also includes the failure of the Collection Contractor to provide the Performance Bond and proof of insurance as required, or payment of the Participating Community income taxes.

- 7.3 Termination for Change of Control of Collection Contractor.** The award of this Collection Agreement is based on the ownership and control of the Collection Contractor as of the time of the award. Such ownership and control is a material term in such award. If during the term of this Collection Agreement, the Collection Contractor shall be merged or sold, the Participating Community shall have the right, in its sole discretion, to terminate this Collection Agreement upon thirty (30) days written notice of termination to the Collection Contractor. In the event of such notice of termination, the Collection Contractor shall continue to perform under the terms of this Collection Agreement until such time as the Participating Community is able to obtain alternate or substitute service.
- 7.4 Termination for Excessive Fuel Price Adjustment.** In the event that the fuel price adjustment provision results in a twenty percent (20%) increase in the price per Residential Unit per month for the Collection Services from the initial price per Residential Unit per month accepted by the Participating Community, the Participating Community may, in the exercise of its sole discretion and without liability to the Collection Contractor, terminate this Agreement and issue a replacement Invitation to Bid. In the event of termination by the Participating Community as provided herein, the effective date of any such termination shall be the date of the Notice to Proceed in the replacement Invitation to Bid.
- 7.5 Expiration/Termination of Participating Community-Designated Facility Agreements.** The Collection Contractor is required to deliver materials collected pursuant to the Collection Services to certain Participating Community-Designated Facilities. In the event of expiration or termination of an agreement with a Participating Community-Designated Facility, and until notification by the Participating Community of an alternative facility selected by the Participating Community, the Collection Contractor shall be excused from delivering materials to the Participating Community-Designated Facility, and may deliver such materials to an alternate facility selected by the Collection Contractor. Upon the Participating Community's designation of an alternate facility, the Collection Contractor shall deliver all applicable materials to the alternate Participating Community-Designated Facility. Any increase or decrease in the cost of providing Collection Services as a result of utilizing an alternate facility due to the expiration or termination of a Participating Community-Designated Facility agreement shall be documented and provided to the Participating Community. Any additional reasonable costs as determined by the Participating Community incurred by the Collection Contractor may be invoiced as an authorized increase in the price for that service on a per Residential Unit basis. In the event that any such increase in price requires that the Participating Community obtain competitive bids for the Collection Services, the Collection Contractor shall continue to provide the Collection Services at the increased price as authorized until the Participating Community is able to issue a replacement Invitation to Bid. In the event of termination by the Participating Community as provided herein, the effective date of any such termination shall be the date of the Notice to Proceed in the replacement Invitation to Bid.

The Development Site (or portion thereof) is currently improved with a retail/restaurant building.

B. The City has determined that the development of the Development Site is in the best interest of the City and the health, safety and welfare of its residents, and is necessary for the purpose of the creation of jobs and employment opportunities in the City and to improve the economic welfare of City residents.

C. After extensive analysis, deliberation and review, the City formulated a strategy for development of the Development Site that embodies a compelling vision for the future of the City and its residents. This vision includes development with higher density, private commercial uses that benefit and enhance the community and spur economic development within a primary commercial corridor of the City.

D. The Council of the City of Reynoldsburg, by the Development Agreement Ordinance, has authorized the sale of the Development Site to Developer upon the terms and conditions provided herein, which Development Agreement Ordinance is attached hereto as Exhibit B and incorporated herein.

E. Trivium has demonstrated experience with planning, marketing, financing, developing and constructing commercial developments throughout the central Ohio metropolitan area, which includes the City.

F. As a condition to the sale of the Development Site to Developer, the parties have agreed that the Development Site shall be developed in accordance with a plan and schedule of development.

G. The City and Trivium desire to collaborate in the redevelopment of the Property pursuant to the terms set forth in this Agreement.

{00460425-11}

NOW, THEREFORE, for valuable consideration paid, the receipt and sufficiency of which is hereby acknowledged, the Parties hereby agree:

The City further covenants and agrees that (a) Trivium is designated as the preferred developer for redevelopment of the Development Site and (b) the City will promptly direct to Trivium all inquiries the City receives from potential users, tenants, developers or other parties interested in the Development Site. Trivium covenants and agrees to use its best efforts in undertaking the pre-development activities so as to facilitate successful redevelopment of the Development Site. Trivium further covenants and agrees to collaborate with and seek input from the City on design and uses for the redevelopment of the Development Site that are consistent with the City's zoning classification and master plan for the Development Site and surrounding area, and that will benefit and enhance the community and spur economic development within the City.

3. **Right and Option to Purchase.** If, during the course of its predevelopment activities, Trivium formulates a redevelopment plan for the Development Site consistent with the provisions of Section 2 that it deems feasible, Trivium shall have the first right and option to purchase the Development Site from the City. In such event, Trivium and the City will work in good faith to negotiate a customary real estate purchase contract for the Development Site (the "Purchase Contract"), which Purchase Contract at minimum will address or include, as applicable, the following:

From time to time, Supplier may extend to us payment terms for Equipment financed under this Agreement that are more favorable than what has been quoted to you or the general public, and we may provide Supplier information regarding this Agreement if Supplier has assigned or referred it to us. All notices shall be mailed or delivered by facsimile transmission or overnight courier to the respective parties at the addresses shown on Agreement or such other address as a party may provide in writing from time to time. By providing us with a telephone number for a cellular phone or other wireless device, including a number that you later convert to a cellular number, you are expressly consenting to receiving communications, including but not limited to prerecorded or artificial voice message calls, text messages, and calls made by an automatic telephone dialing system, from us and our affiliates and agents at that number. This express consent applies to each such telephone number that you provide to us now or in the future and permits such calls for non-marketing purposes. Calls and messages may incur access fees from your cell provider. You authorize us to make non-material amendments (including completing and conforming the description of the Equipment) on any document in connection with this Agreement. Unless stated otherwise herein, all modifications to this Agreement must be in writing and signed by each party or in a duly authenticated electronic record. This Agreement may not be modified by course of performance.

11. WARRANTY DISCLAIMERS: WE ARE LEASING THE EQUIPMENT TO YOU "AS-IS." YOU HAVE SELECTED SUPPLIER AND THE EQUIPMENT BASED UPON YOUR OWN JUDGMENT. IN THE EVENT WE ASSIGN THIS AGREEMENT, OUR ASSIGNEE DOES NOT TAKE RESPONSIBILITIES FOR THE INSTALLATION OR PERFORMANCE OF THE EQUIPMENT. SUPPLIER IS NOT AN AGENT OF OURS AND WE ARE NOT AN AGENT OF SUPPLIER. AND NOTHING SUPPLIER STATES OR DOES CAN AFFECT YOUR OBLIGATIONS HEREUNDER. YOU WILL MAKE ALL PAYMENTS UNDER THIS AGREEMENT REGARDLESS OF ANY CLAIM OR COMPLAINT AGAINST SUPPLIER, LICENSOR OR MANUFACTURER, AND ANY FAILURE OF A SERVICE PROVIDER TO PROVIDE SERVICES WILL NOT EXCUSE YOUR OBLIGATIONS TO US UNDER THIS AGREEMENT. WE MAKE NO WARRANTIES, EXPRESS OR IMPLIED, OF, AND TAKE ABSOLUTELY NO RESPONSIBILITY FOR, MERCHANTABILITY, FITNESS FOR ANY PARTICULAR PURPOSE, CONDITION, QUALITY, ADEQUACY, TITLE, OR ACCURACY, SYSTEM INTEGRATION, FUNCTION, DEFECTS, INFRINGEMENT OR ANY OTHER ISSUE IN REGARD TO THE EQUIPMENT, ANY ASSOCIATED SOFTWARE AND ANY FINANCED ITEMS. SO LONG AS YOU ARE NOT IN DEFAULT UNDER THIS AGREEMENT, WE ASSIGN TO YOU ANY WARRANTIES IN THE EQUIPMENT GIVEN TO US.

12. LAW; JURY WAIVER: This Agreement will be governed by and construed in accordance with the law of the principal place of business of Lessor or, if assigned, its assignee. You consent to jurisdiction and venue of any state or federal court in the state of Lessor or, if assigned, its assignee has its principal place of business and waive the defense of inconvenient forum. For any action arising out of or relating to this Agreement or the Equipment, **BOTH PARTIES WAIVE ALL RIGHTS TO A TRIAL BY JURY.**

13. MAINTENANCE AND SUPPLIES: Unless indicated otherwise on page 1, you have elected to enter into a separate arrangement with Supplier for maintenance, inspection, adjustment, parts replacement, drums, clearing mail required for proper operation and toner and developer ("Arrangement"). You agree to pay all amounts owing under this Agreement regardless of any claim you have against Supplier relating to the Arrangement. Supplier will be responsible for performing all services and providing all supplies under the Arrangement. You agree not to hold Lessor (if different from Supplier) or any assignee of this Agreement responsible for Supplier's obligations under Arrangement. As a convenience to you, we will provide you with one invoice covering amounts owing under this Agreement and the Arrangement. If necessary, Supplier's obligations to you under the Arrangement may be assigned by you. You agree to pay a monthly supply freight fee to cover the costs of shipping supplies to you. Each month, you are entitled to produce the minimum number of impressions shown on page 1 for each applicable impression type. Regardless of the number of impressions made, you will never pay less than the minimum Payment. All 11" x 17" impressions will count as two meter impressions per side. You agree to provide periodic meter readings on the Equipment. If you fail to provide meter readings in a timely manner, we, at our discretion, may assess you a meter administration fee for each meter affected. You agree to pay the applicable overage charge for each metered impression that exceeds the applicable minimum number of impressions. Impressions made on equipment marked as not financed under this Agreement will be included in determining your impression and overage charges. At the end of the first year of this Agreement, and at each successive 12-month period thereafter, the maintenance and supplies portion of the Payment and the overage charges may be increased by a maximum of 15% of the existing payment or charge. In order to facilitate an orderly transition, the start date of this Agreement will be the date the Equipment is delivered to you or a date designated by us, as shown on the first invoice. If a later start date is designated, in addition to all Payments and other amounts hereunder, you agree to pay us a transitional payment equal to 1/30th of the Payment, multiplied by the number of days between the date the Equipment is delivered to you and the designated start date. The first Payment is due 30 days after the start of this Agreement and each Payment thereafter shall be due on the same day of each month.

The parties wish to amend the above-referenced Agreement by adding the following language:

REPRESENTATIONS AND WARRANTIES OF CUSTOMER: You hereby represent and warrant to us that: (a) you have been duly authorized by the Constitution and laws of the applicable jurisdiction and by a resolution or other authority of your governing body to execute and deliver this Agreement and to carry out your obligations hereunder; (b) all legal requirements have been met, and procedures have been followed, including public bidding, in order to ensure the enforceability of this Agreement; (c) this Agreement is in compliance with all laws applicable to you, including any debt limitations or limitations on interest rates or finance charges; (d) the Equipment will be used by you only for essential governmental or proprietary functions of you consistent with the scope of your authority, will not be used in a trade or business of any person or entity, by the federal government or for any personal, family or household use and your need for the Equipment is not expected to diminish during the term of this Agreement; (e) you have funds available to pay contracted Payments until the end of your current appropriation period, and you intend to request funds to make contracted Payments in each appropriation period, from now until the end of the term of this Agreement; and (f) your exact legal name is as set forth on page one of this Agreement.

NON-APPROPRIATION OR RENEWAL: If either sufficient funds are not appropriated to make contracted Payments or any other amounts due under this Agreement or (to the extent required by applicable law) this Agreement is not renewed, this Agreement shall terminate and you shall not be obligated to make contracted Payments under the Agreement beyond the then-current fiscal year for which funds have been appropriated. Upon such an event, you shall, no later than the end of the fiscal year for which contracted Payments have been appropriated, deliver possession of the Equipment to us. If you fail to deliver possession of the Equipment to us, the termination shall nevertheless be effective but you shall be responsible, to the extent permitted by law and legally available funds, for the payment of damages in an amount equal to the portion of contracted Payments thereafter coming due that is attributable to the number of days after the termination during which you fail to deliver possession and for any other loss suffered by us as a result of your failure to deliver possession as required. You shall notify us in writing within seven days after your failure to appropriate funds sufficient for the payment of the contracted Payments or (to the extent required by applicable law) this Agreement is not renewed, but failure to provide such notice shall not operate to extend the Agreement term or result in any liability to you.

TITLE TO THE EQUIPMENT: If the selected purchase option for this Agreement is \$1.00 or \$101.00, unless otherwise required by law, upon your acceptance of the Equipment, title to the Equipment shall be in your name, subject to our interest under this Agreement.

Any provision in the Agreement stating that the Agreement shall automatically renew unless the Equipment is purchased, returned or a notice requirement is satisfied is hereby amended and restated as follows: "This Agreement will renew for month-to-month terms unless you purchase or return the Equipment (according to the conditions herein) or send us written notice at least 30 days (before the end of any term) that you do not want it renewed."

Any provision in the Agreement stating that you grant us a security interest in the Equipment to secure all amounts owed to us under any agreement is hereby amended and restated as follows: "To the extent permitted by law, you grant us a security interest in the Equipment to secure all amounts you owe us under this Agreement, and you authorize us to file a UCC-1 financing statement."

Any provision in the Agreement stating that you shall indemnify and hold us harmless is hereby amended and restated as follows: "You shall not be required to indemnify or hold us harmless against liabilities arising from the Agreement. However, as between you and us, and to the extent permitted by law and legally available funds, you shall bear the risk of loss for, shall pay directly, and shall defend against any and all claims, liabilities, proceedings, actions, expenses, damages or losses arising under or related to the Equipment, including, but not limited to, the possession, ownership, lease, use or operation thereof, except that you shall not bear the risk of loss of, nor pay for, any claims, liabilities, proceedings, actions, expenses, damages or losses that arise directly from events occurring after you have surrendered possession of the Equipment in accordance with the terms of the Agreement to us or that arise directly from our gross negligence or willful misconduct."

Any provision in the Agreement stating that a default by you under any agreement with our affiliates or other lenders shall be an event of default under the Agreement is hereby amended and restated as follows: "You will be in default if: (i) you do not pay any Payment or other sum due to us under the Agreement when due or if you fail to perform in accordance with the covenants, terms and conditions of this Agreement, (ii) you make or have made any false statement or misrepresentation to us, (iii) you dissolve, terminate your existence or file bankruptcy, or (iv) there has been a material adverse change in your financial, business or operating condition."

Any provision in the Agreement stating that you shall pay our attorneys' fees is hereby amended and restated as follows: "In the event of any dispute or enforcement of rights under this Agreement or any related agreement, you agree to pay, to the extent permitted by law and to the extent of legally available funds, our reasonable attorneys' fees (including any incurred before or at trial, on appeal or in any other proceeding), actual court costs and any other collection costs, including any collection agency fee."

TERMS AND CONDITIONS

1. **AGREEMENT:** You agree to lease from us the goods, together with all replacements, parts, repairs, additions, and accessions incorporated therein or attached thereto and any and all proceeds of the foregoing, including, but not limited to, insurance recoveries ("Equipment") and, if applicable, finance certain software, software license(s), software components and/or professional services in connection with software (collectively, the "Financed Items," which are included in the word "Equipment" unless separately stated) from software licensor(s) and/or supplier(s) (collectively, the "Supplier"), all as described in this Agreement and in any attached schedule, addendum or amendment to this Agreement. You represent and warrant that you will use the Equipment for business purposes only. You agree to all of the terms and conditions contained in this Agreement, which, with the acceptance certification, is the agreement between you and us regarding the Equipment and which supersedes all prior agreements, including any purchase order, invoice, request for proposal, response or other related document. This Agreement becomes valid upon execution by us. If maintenance and supplies are not included, the first Payment is due 30 days after the start of this Agreement and each Payment thereafter shall be due on the same day of each month (the "Scheduled Due Date") until a different due date is mutually agreed to by us and you. If any provision of this Agreement is declared unenforceable, the other provisions herein shall remain in full force and effect to the fullest extent permitted by law. (Continued on Page 2)

2. OWNERSHIP; PAYMENTS; TAXES AND FEES: We own the Equipment, excluding any Financed Items. Ownership of any Financed Items shall remain with Supplier thereof. You will pay all Payments, as adjusted, notice or demand and without abatement, set-off, counterclaim or deduction of any amount whatsoever. If any part of a Payment is more than 5 days late, you agree to pay a late charge equal to: a) the higher of 10% of the Payment which is late or \$26.00, or b) if less, the maximum charge allowed by law. The Payment may be adjusted proportionately upward or downward: (i) if the shipping charges or taxes differ from the estimate given to you; and/or (ii) to comply with the tax laws of the state in which the Equipment is located. You shall pay all applicable taxes, assessments and penalties related to this Agreement, whether levied or assessed on this Agreement, on us (except on our income) or you, or on Equipment, its lease, sale, ownership, possession, use or operation. If we pay any taxes or other expenses that are owed hereunder, you agree to reimburse us when we request. We may charge you a processing fee for administrative property tax filings. You agree to pay us an origination fee of up to \$125 for all closing costs. We may apply all sums received from you to any amounts due and owed to us under the terms of this Agreement. If for any reason your check returned for insufficient funds, you will pay us a service charge of \$30 or, if less, the maximum charge allowed by law. We may make a profit on any fees, estimated tax payments and other charges paid under this Agreement.

3. EQUIPMENT; SECURITY INTEREST: At your expense, you shall keep the Equipment: (i) in good repair, condition and working order, in compliance with applicable laws, ordinances and manufacturers' and regulatory standards; (ii) free and clear of all liens and claims; and (iii) at your address shown on page 1, and you agree not to move it unless we agree in writing. You grant us a security interest in the Equipment to secure all amounts you owe us under this Agreement and any other agreement with us ("Other Agreements"), except amounts under Other Agreements which are secured by land and/or buildings. You authorize and ratify our filing of any financing statement(s) to show our interest. You will change your name, state of organization, headquarters or residence without providing prior written notice to us. You will notify us within 30 days if your state of organization revokes or terminates your existence.

4. INSURANCE; COLLATERAL PROTECTION; INDEMNITY; LOSS OR DAMAGE: You agree to keep the Equipment fully insured against all risk, with us named as lender's loss payee, in an amount not less than the full replacement value of the Equipment until this Agreement is terminated. You also agree to maintain commercial general liability insurance with such coverage and from such insurance carrier as shall be satisfactory to us and to include us as an additional insured on the policy. You will provide written notice to us within 10 days of any modification or cancellation of your insurance policy(s). You agree to provide us certificates or other evidence of insurance acceptable to us. If you do provide us with acceptable evidence of properly insurance within 30 days after the start of this Agreement, we may, at our sole discretion, do as provided in either (A) or (B) below: (A) We may secure property loss insurance on Equipment from a carrier of our choosing in such forms and amounts as we deem reasonable to protect our interests. If we secure insurance on the Equipment, we will not name you as an insured party, your interests may not be protected, and you will reimburse us the premium which may be higher than the premium you would pay if you obtained insurance, and which may result in a profit to us through an investment in reinsurance. In addition, you agree to pay our standard fees in connection with obtaining such insurance. If you are current in all of your obligations under the Agreement at the time of loss, any insurance proceeds received will be applied, at our option, to repair or replace Equipment, or to pay us the remaining payments due or to become due under this Agreement, plus our booked residual, both discounted at 2% per annum. (B) We charge you a monthly property damage surcharge of up to .0035 of Equipment cost as a result of our credit risk and administrative and other costs, as would be further described on a letter from us to you. We may make a profit on this program. **NOTHING IN THIS PARAGRAPH WILL RELIEVE YOU RESPONSIBILITY FOR LIABILITY INSURANCE ON THE EQUIPMENT.** We are not responsible for, and you agree to hold us harmless and reimburse us for and to defend on our behalf against, any claim for any loss, expense, liability injury caused by or in any way related to delivery, installation, possession, ownership, renting, manufacture, use, condition, inspection, removal, return or storage of the Equipment. All indemnities will survive the expiration or termination of this Agreement. You are responsible for any loss, theft, destruction or damage to the Equipment ("Loss"), regardless of cause, whether or not insured. You agree to promptly notify us in writing of any Loss. If a Loss occurs and we have otherwise agreed in writing, you will promptly pay to us the unpaid balance of this Agreement, including any future Payments to the end of the term plus the anticipated residual value of the Equipment, both discounted to present value at 2%. Any proceeds of insurance will be paid to us and credited against the Loss. You authorize us to sign on your behalf and appoint us as your attorney-in-fact to endorse in your name any insurance drafts or checks issued due to a Loss.

5. ASSIGNMENT: YOU SHALL NOT SELL, TRANSFER, ASSIGN, ENCUMBER, PLEDGE OR SUBLEASE THE EQUIPMENT OR THIS AGREEMENT, WITHOUT OUR PRIOR WRITTEN CONSENT. You shall not consolidate or merge with or any other entity, distribute, sell or dispose of all or any substantial portion of your assets other than in the ordinary course of business, without our prior written consent, and the surviving, or successor entity or the transferee of such assets as the case may be, shall assume all of your obligations under this Agreement by a written instrument acceptable to us. No event shall occur which causes or results in a transfer of majority ownership of you while any obligations outstanding hereunder. We may sell, assign, or transfer this Agreement without notice to or consent from you. You agree that if we sell, assign or transfer this Agreement, our assignee will have the same rights and benefits that we have now and will not have to perform any of our obligations. **You agree that our assignee will not be subject to any claims, defenses, or offsets that you may have against us.** This Agreement shall be binding on and inure to the benefit of the parties hereto and their respective successors and assigns.

6. DEFAULT AND REMEDIES: You will be in default if: (i) you do not pay any Payment or other sum due to us or you fail to perform in accordance with the covenants, terms and conditions of this Agreement or any other agreement will or any of our affiliates or fail to perform or pay under any material agreement with any other entity; (ii) you make or have made any false statement or misrepresentation to us; (iii) you or any guarantor dies, dissolves, liquidates, terminates existence or is in bankruptcy; (iv) you or any guarantor suffers a material adverse change in its financial, business or operating condition; or (v) any guarantor defaults under any guaranty for this Agreement. If you are ever in default, at our option, we can cancel this Agreement and require that you pay the unpaid balance of this Agreement, including any future Payments to the end of term plus the anticipated residual value of the Equipment, both discounted to present value at 2%. We may recover default interest on any unpaid amount at the rate of 12% per year. Concurrently and cumulatively, we may also use any remedies available to us under the UCC and any other law and we may require that you immediately stop using any Financed Items. If we take possession of the Equipment, you agree to pay the costs of repossession, moving, storage, repair and sale. The net proceeds of the sale of any Equipment will be credited against any amounts you owe us under this Agreement and you will be responsible for any deficiency. In the event of any dispute or enforcement of our rights under this Agreement or any related agreement, you agree to pay our reasonable attorneys' fees (including any incurred before or at trial, on appeal or in any other proceeding), actual court costs and any other collection costs, including any collection agency fee. **WE SHALL NOT BE RESPONSIBLE TO PAY YOU ANY CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES FOR ANY DEFAULT, ACT OR OMISSION BY ANYONE.** Any delay or failure to enforce our rights under this Agreement will not prevent us from enforcing any rights at a later time. You agree that this Agreement is a "Finance Lease" as defined by Article 2A of the UCC and your rights and remedies are governed exclusively by this Agreement. You waive all rights under sections 2A-508 through 522 of the UCC. If interest is charged or collected in excess of the maximum lawful rate, we will refund such excess to you, which will be your sole remedy.

WE MAKE NO WARRANTIES, EXPRESS OR IMPLIED, OF, AND TAKE ABSOLUTELY NO RESPONSIBILITY FOR, MERCHANTABILITY, FITNESS FOR ANY PARTICULAR PURPOSE, CONDITION, QUALITY, ADEQUACY, TITLE, DURATION, ACCURACY, SYSTEM INTEGRATION, FUNCTION, DEFECTS, INFRINGEMENT OR ANY OTHER ISSUE IN REGARD TO THE EQUIPMENT, ANY ASSOCIATED SOFTWARE AND ANY FINANCED ITEMS. SO LONG AS YOU ARE NOT IN DEFAULT UNDER THIS AGREEMENT, WE ASSIGN TO YOU ANY WARRANTIES IN THE EQUIPMENT GIVEN TO US.

12. LAW; JURY WAIVER: This Agreement will be governed by and construed in accordance with the law of the principal place of business of Lessor or, if assigned, its assignee. Supplier will be responsible for performing all services and providing all supplies under the Arrangement. You agree not to hold Lessor (if different from Supplier) or any assignee of this Agreement responsible for Supplier's obligations under the Arrangement. As a convenience to you, we will provide you with one invoice covering amounts owing under this Agreement and the Arrangement. If necessary, Supplier's obligations to you under the Arrangement may be assigned by us. You agree to pay a monthly supply freight fee to cover the costs of shipping supplies to you. Each month, you are entitled to produce the minimum number of impressions shown on page 1 for each applicable impression type. You agree to provide periodic meter readings on the Equipment. If you provide meter readings in a timely manner, we, at our discretion, may assess you a meter administration fee for each meter affected. You agree to pay the applicable overage charge for each metered impression that exceeds the applicable minimum number of impressions. Impressions made on equipment marked as not financed under this Agreement will be included in determining your impression and overage charges. At the end of the first year of this Agreement, and each successive 12-month period thereafter, the maintenance and supplies portion of the Payment and the overage charges may be increased by a maximum of 15% of the existing payment or charge. In order to facilitate an orderly transition, the start date of this Agreement will be the date the Equipment is delivered to you or a date designated by us, as shown on the first invoice. If a later start date is designated, in addition to all Payments and other amounts hereunder, you agree to pay us a transitional payment equal to 1/30th of the Payment, multiplied by the number of days between the date the Equipment is delivered to you and the designated start date. The first Payment is due 30 days after the start of this Agreement and each Payment thereafter shall be due on the same day of each month.

VIII. Building Height Transition

To provide for compatible scale and height relationships between new multi-story buildings and existing single-story dwellings, new buildings shall maintain a building height transition to adjacent single-story building(s), as follows:

A. This standard applies to new and vertically expanded buildings and structures (in any zone) within 40 feet (as measured horizontally) of an existing single-story building with a height of 20 feet or less; and

B. The building height transition standard is met where the new or vertically expanded building or structure meets the following criteria:

(1) The existing single-story dwelling is located within 40 feet of, and on the same side of the street as, the proposed structure.

(2) The height of the proposed structure is not more than 150 percent of the height of the subject single-story dwelling.

(3) Where the proposed structure is to be located between two existing single-story dwellings, the height of the proposed structure shall not exceed 150 percent of the average maximum height of both adjacent dwellings. For example, where the two adjacent dwellings have an average maximum height of 24 feet, the new or vertically expanded structure shall not exceed 28.8 feet in height.

C. Exception: The building height transition standard does not apply when the approval body finds that the subject single-story buildings located within 40 of the subject site are redevelopable. "Redevelopable," for the purposes of this section, means a lot either has an assessed market value that exceeds the assessed market value of all improvements on the lot, based on the most recent data from the [name] County Assessor's Office; or the front yard of the subject lot is large enough that it could be subdivided based on the minimum lot size standards of the applicable zone.

SECTION 1103.17 SUBURBAN RESIDENTIAL ZONE (SR)

I. Purpose and Intent

A. The Suburban Residential (SR) Zone is intended to regulate all land in the city platted for medium-scale suburban single-unit residential development. The existing development pattern in the SR Zone is traditional single-family residential subdivisions with single-unit residential structures. The desired development pattern in the SR Zone is to accommodate multiple forms of single-family development, including attached single-family dwellings. New development in the SR Zone should also promote pedestrian connectivity and the retention of open space as an amenity. Where possible, new residential development should be connected to trail systems and within a half-mile walk from parks or significant open space.

II. Uses

A. The following uses are either permitted or conditional uses as indicated in the following chart:

Subject: Graham Road Multi-Use Trail
 Proposal for Survey, Design, and Bidding Services

Dear Mr. Dorman,

EMH&T is pleased to present a proposal for survey, detailed engineering, and bidding services for the Graham Road Multi-Use Trail, which is planned to extend from the Palmer Road intersection to the 5-way intersection. Our scope of services is based on the following:

PROJECT UNDERSTANDING

1. This project will be designed in coordination with the Franklin County Engineer's Office. Based on our recent meeting with FCEO, we understand that they have volunteered to design a pedestrian bridge at the creek crossing. Their proposed pedestrian bridge will be a slab design, which is anchored to and supported by the existing wingwalls on the bridge. EMH&T will provide survey data to FCEO for this effort and will leave a gap in the trail improvement project for the construction of the pedestrian bridge.
 - a. Additionally, FCEO stated that they would evaluate whether or not their in-house crews could construct the bridge improvement. This decision will be based on the availability of their bridge maintenance crews at the intended time of construction. If they cannot construct it in-house, EMH&T will include FCEO's construction drawings and specifications with the bid for the City's companion trail project.
2. It is our understanding that FCEO's work will not require equipment to be placed in the stream. Therefore, it is assumed that 401/404 permitting from the EPA or USACE will not be necessary and these services are not included in EMH&T's scope.
3. Based on previous meetings, we understand that it is the intent of the City for the Trail to be extended along the east side of Graham Road, fronting the Livingston House parcel. As such, EMH&T's survey work will only be performed along the eastern edge of Graham Road.
4. With respect to the grade drop-off in front of the Livingston House, EMH&T is assuming that a retaining wall will be necessary to accommodate the grade change between the Livingston House front yard and the roadside trail. The scope of services included in this proposal assumes that a modular, pre-engineered retaining wall will be used (Unilock, Redi-Rock, or Similar). If the City prefers a masonry wall with a stone or brick veneer, this can be added to the design at an additional cost.
5. It is anticipated that the multi-use trail improvements will require an easement from the Slate Ridge Business Park because the right-of-way is only approximately 9.5-ft behind the back of curb. This existing corridor is not wide enough to support an 8-ft wide trail per the City's Standard and allow for a minimum 3-ft tree lawn between the curb and trail.

6. In 2016, EMH&T obtained survey along Graham Road for a storm sewer project, which overlaps a portion of the Graham Road Multi-Use Trail project corridor. To our knowledge, no other improvements that would have changed surface features or grades have occurred in this area since the time of that prior survey work. Therefore, the City of Reynoldsburg and EMH&T agree that this data will be repurposed for this project, thereby reducing the amount of fieldwork needed for the Graham Road Multi-Use Trail project by approximately 60%.

SCOPE OF SERVICES

EMH&T will provide surveying, engineering, bidding services necessary to prepare construction plans and specifications for these improvements. The scope of services will include:

1. Survey

- a. Horizontal and vertical control will be established for a basis of design and construction. Topography necessary for the design will be acquired within or directly adjacent to the established right-of-way. Survey will be obtained on the State Plane Coordinate System and NAVD 88 vertical datum. It is anticipated that full survey of the right-of-way corridor will be necessary to fully characterize all of the underground utilities and surface features in the corridor.
- b. Boundary Work – We will conduct fieldwork and courthouse research necessary to determine the right-of-way limits along the east side of Graham Road along the Slate Ridge Office Park parcel.
- c. EMH&T will prepare a legal description for one trail easement that is anticipated from the office park. If additional survey documentation becomes necessary through the course of design, additional fees may be requested. EMH&T will provide the legal description to the City for coordination with the property owner.

2. Trail Design

- a. Develop base map using topographic survey, record plan and GIS information to serve as the backbone for detailed design efforts.
- b. EMH&T will prepare a horizontal alignment exhibit for the proposed trail improvements for coordination with the City and FCEO. Any comments received will be incorporated into the detailed construction drawings.
- c. We will prepare a site and grading plan for the proposed trail improvements to define the horizontal and vertical alignment of the trail. Proposed grading limits for the yard and roadside ditch area adjacent to the trail will be shown with spot elevations.
- d. EMH&T will prepare an intersection detail at the intersection with Palmer Road and driveway replacement details along the trail alignment. It is anticipated that the trail will connect to the existing sidewalk at the 5-way intersection and that curb ramp and crosswalk modifications will not be necessary in that area.
- e. It is anticipated that some minor storm sewer improvements may be necessary to adjust the current drainage pattern to accommodate the trail improvements. EMH&T will prepare storm sewer plans and details where structure adjustments or piping of existing ditches becomes necessary.
- f. We will provide options to the City for the pre-engineered retaining wall system that will be needed adjacent to the Livingston House property and include these details and specifications in the plan set.
- g. The 75% design plans and opinion of probable cost will be provided to the City and FCEO for review and comment and a web-meeting will be scheduled to discuss the plans. The intent of this coordination effort with FCEO will be to ensure that the City's trail project is graded appropriately to match the alignment and grade of the proposed pedestrian bridge improvement that is being designed by FCEO. Please note that the trail design will

be performed to City standards. In the event FCEO requests that Federal standards be used, these requests will be considered but may not be implemented.

- h. EMH&T will make one submittal of plans to private utility companies. The plans will be designed to minimize or eliminate interference with overhead utility poles. Additionally, the depth of excavation should not be deep enough to affect buried utilities. Therefore, minimal utility coordination is anticipated.
 - i. EMH&T will prepare a sedimentation and erosion control plan for this project. No Ohio EPA Notice of Intent is anticipated since the earth disturbed area will most likely be under one acre.
 - j. Maintenance of traffic plans will be prepared showing temporary lane closures with flagger control as needed to allow construction to occur adjacent to the eastern roadway berm.
 - k. Typical trail section(s), plan details, supplemental project notes and specifications will be prepared.
 - l. A final plan set consisting of the following will be provided to the City for final review and approval.
 - i. Title sheet, general notes, estimate of quantities
 - ii. Typical section and project details
 - iii. Proposed trail plan and grading details
 - iv. Intersection and driveway details
 - v. Storm sewer modification details
 - vi. Sedimentation and erosion control plan
 - vii. Maintenance of traffic details
3. Bidding Services
- a. We will prepare the bidding documents and plan sets necessary to conduct public bidding for the construction of the improvement. It is assumed that we will provide 15 copies of the bid documents to the City. Tasks to be completed in conjunction with the bidding phase will include:
 - i. Bid document preparation
 - ii. Advertisement preparation
 - iii. Issuance of addenda, if necessary
 - iv. Bid tabulation
 - v. Review of bids and formal recommendation of award

The Scope of Services does not include inspection services during the construction phase or any efforts subsequent to the awarding of the Construction Contract. Items specifically not included within the scope of this proposal include: construction inspection, construction administration, land appraisal, private utility relocation design, subsurface investigations, geotechnical reports, structural retaining wall design, or environmental permitting. A proposal for construction administration and inspection services will be provided to the City when plans are completed and the project is ready for bidding.

SCHEDULE

We are prepared to begin work identified in this proposal immediately upon receipt of Notice to Proceed. Upon receiving authorization, we will develop a detailed project schedule and conduct a kick-off meeting with the City.

INTRODUCTION OF PERSONNEL PROCEDURE MANUAL

The provisions of this Personnel Procedure Manual (Manual) are applicable to all City employees, unless otherwise specified or governed by a collective bargaining agreement. The Manual is not a contract of employment or a guarantee of any rights or benefits, but is merely intended to be used to assist and guide employees in the day-to-day directions and performance of their duties.

The policies adopted in this Manual supersede all previous written and unwritten personnel policies or operational guidelines that directly conflict with this Manual, excluding Charter provisions and ordinances adopted by City Council, including Chapter 160, which may be amended from time to time. This Manual is also intended to be construed in such a manner as to comply with all applicable federal, state, and civil service laws and regulations. Employees are responsible, as a condition of their employment, to familiarize themselves with, and abide by, these policies and procedures.

The City may revise these policies with or without advance notice. The City will attempt to give employees advance notice of any Manual changes. Notice of revisions shall be provided to all employees.

If any article or section of this Manual is held to be invalid by operation of law, the remainder of this Manual and amendments thereto shall remain in force and effect. Should a conflict arise between the Ohio Revised Code (O.R.C.), applicable federal law, or applicable local law and this Manual, law shall prevail. Additionally, should a direct conflict exist between this Manual and a Collective Bargaining Agreement, the Bargaining Agreement shall prevail.

Questions regarding the interpretation and application of these policies and procedures contained herein shall be directed to the employee's Department Head/Supervisor with input from the Human Resources Director.

In addition to the policies and procedures contained herein, each department and/or division of the City may have operational rules and/or policies in writing or practice that are unique to that department or division which are not covered by this Manual. Employees are responsible for complying with those departmental or divisional rules and policies, in addition to the policies and procedures contained herein.

All supervisory personnel responsible for administering the policies and procedures contained in this Manual. Supervisory personnel shall administer all policies and procedures contained herein to ensure compliance by subordinate personnel.

EQUAL EMPLOYMENT OPPORTUNITY POLICY

The City is an equal opportunity employer and does not discriminate on the basis of race, color, religion, sex, age, national origin, disability, military status, genetic testing, or other unlawful bias except when such a factor constitutes a bona fide occupational qualification (“BFOQ”). All personnel decisions and practices including, but not limited to, hiring, suspensions, terminations, layoffs, demotions, promotions, transfers, and evaluations, shall be made without regard to the above listed categories.

The City does not tolerate any conduct that intimidates, harasses, or otherwise discriminates against any employee or applicant for employment on the grounds listed above. Anyone who feels that their rights have been violated under this policy should submit a written complaint of discrimination to the Human Resources Director, who shall have the authority and responsibility to investigate and take appropriate action concerning the complaint.

AMERICANS WITH DISABILITY ACT

The City prohibits discrimination in hiring, promotions, transfers, or any other benefit or privilege of employment, of any qualified individual with a permanent disability. To be considered a qualified individual, the employee must satisfy the requisite skills, experience, education and other job-related requirements of the position he holds or desires and must be able to perform the essential functions of his position, with or without a reasonable accommodation.

The City will provide reasonable accommodation to a qualified applicant or employee with a disability unless the accommodation would pose an undue hardship on or direct threat to the facility. Decisions as to whether an accommodation is necessary and/or reasonable shall be made on a case-by-case basis after engaging in an interactive process. An employee who wishes to request an accommodation shall direct such request to the HR Director, or EEO/ADA Coordinator, each of whom shall have the authority and responsibility to investigate and take appropriate action. Requests for accommodation should be in writing to avoid confusion; however, verbal requests will be considered. The employer and employee will meet and discuss whether an accommodation is appropriate and, if applicable, the type of accommodation to be given.

Any employee who feels that his rights have been violated under this policy should submit a written complaint as set forth in the Unlawful Discrimination and Harassment Policy.

Definitions

Sex-Based Discrimination

Sex discrimination involves treating someone unfavorably because of that person's sex. Discrimination against an individual because of gender identity, including transgender status, or because of sexual orientation is discrimination because of sex in violation of Title VII, which protect lesbian, gay, bisexual, and transgender (LGBT) applicants and employees against employment bias.

Unlawful discrimination occurs when individuals are treated less favorably in their employment because of their membership in a protected classification. An employer may not discriminate against an individual with respect to the terms and conditions of employment, such as promotions, raises, and other job opportunities, based upon that individual's membership in that protected class.

Harassment is a form of discrimination. Harassment may be generally defined as unwelcome conduct based upon a protected classification. However, harassment becomes unlawful where:

1. Enduring the offensive conduct becomes a condition of continued employment.
2. The conduct is severe or pervasive enough to create a work environment that a reasonable person would consider intimidating, hostile, or abusive.

Examples.

By way of example, sexual harassment is one type of unlawful harassment. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

1. Submission to the conduct is made either explicitly or implicitly a term or condition of an individual's employment.
2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual.
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive work environment. Harassment on the basis of an employee's membership in any protected classification (as set forth above) is unlawful, will not be tolerated, and must be reported.
4. Unlawful discrimination and harassment does not generally encompass conduct of a socially acceptable nature. However, some conduct that is appropriate in a social

setting may be inappropriate in the work place. A victim's perceived acquiescence in the behavior does not negate the existence of unlawful discrimination or harassment. Inappropriate conduct that an employee perceives as being "welcome" by another employee may form the basis of a legitimate complaint.

5. Additional examples of unlawful sexual harassment may include, but are not limited to: repeated unwanted and/or offensive sexual flirtations, advances or propositions; verbal abuse; graphic comments; display of objects, pictures or displays through other media; offensive, abuse and/or unwanted physical contact.

UNLAWFUL DISCRIMINATION AND HARASSMENT

The City is committed to providing an environment that is safe and free from unlawful discrimination and harassment. Unlawful discrimination or harassment is behavior directed toward an employee because of his membership in a protected class such as: race, color, religion, sex, age, national origin, disability, military status, genetic testing, or other unlawful bias. Discrimination and harassment is inappropriate and illegal and will not be tolerated. All forms of unlawful discrimination and harassment are governed by this policy and must be reported and addressed in accordance with this policy. Unlawful discrimination and/or harassment may be committed against employees by elected officials, department heads, supervisors, co-workers, or members of the public. Further, unlawful discrimination and/or harassment may occur on-duty or off-duty.

Off Duty Conduct

Unlawful discrimination or harassment that affects an individual's employment may extend beyond the confines of the workplace. Conduct that occurs off duty and off premises may also be subject to this policy. Employees are also cautioned that conduct off-duty and online may be constitute unlawful discrimination or harassment.

REPORTING HARASSMENT OR DISCRIMINATION

It is the responsibility of the City to maintain an environment that is free from unlawful discrimination or harassment. Employees who feel they have been subject to unlawful discrimination or harassment by a fellow employee, supervisor, or other individual otherwise affiliated with the City shall immediately report the conduct, in writing, the Human Resources Director, who shall have the authority and responsibility to investigate and take appropriate action concerning the complaint. Similarly, employees who feel they have knowledge of discrimination or harassment, or who have questions or concerns regarding discrimination or harassment, shall

immediately contact their supervisor. Late reporting of complaints and verbal reporting of complaints will not preclude the City from taking action. However, so that a thorough and accurate investigation may be conducted, employees are encouraged to submit complaints in writing and in an expedient manner following the harassing or offensive incident. All supervisors are required to follow up on all claims or concerns, whether written or verbal, regarding unlawful discrimination and harassment.

Although employees may confront the alleged harasser at their discretion, they are also required to submit a written report of any incidents as set forth above. When the City is notified of the alleged harassment, it will timely investigate the complaint. The investigation may include private interviews of the employee allegedly harassed, the employee committing the alleged harassment and any and all witnesses. Information will be kept as confidential as practicable, although confidentiality is not guaranteed. All employees are required to cooperate in any investigation. Determinations of harassment shall be made on a case-by-case basis. If the investigation reveals the complaint is valid, prompt attention and disciplinary action designed to stop the harassment and prevent its recurrence will be taken.

Retaliation.

Anti-discrimination laws prohibit retaliatory conduct against individuals who file a discrimination charge, testify, or participate in any way in an investigation, proceeding, or lawsuit under these laws, or who oppose employment practices that they reasonably believe discriminate against protected individuals, in violation of these laws. The law also prevents retaliatory conduct against individuals who are close friends or family members with an individual who engaged in protected conduct. The City and its supervisors and employees shall not in any way retaliate against an individual for filing a complaint, reporting harassment, participating in an investigation, or engaging in any other protected activity. Any employee who feels he has been subjected to retaliatory conduct as a result of actions taken under this policy, or as a result of his relationship with someone who took action under this policy shall report the conduct to their supervisor immediately. Disciplinary action for filing a false complaint is not a retaliatory act.

False Complaints.

Legitimate complaints made in good faith are strongly encouraged; however, false complaints or complaints made in bad faith will not be tolerated. Failure to prove unlawful discrimination or harassment will not constitute a false complaint without further evidence of bad faith. False complaints are considered to be a violation of this policy.

Corrective Action.

If the City determines unlawful discrimination, harassment, or retaliation has taken place, appropriate corrective action will be taken, up to and including termination. The corrective action will be designed to stop the unlawful conduct and prevent its reoccurrence. If appropriate, law enforcement agencies or other licensing bodies will be notified. Any individual exhibiting retaliatory or harassing behavior towards an employee who exercised a right under this policy, or who is a close personal friend or family member of someone who exercised a right under this policy, will be subject to discipline, as will any employee who has knowledge of unlawful conduct and allows that conduct to go unaddressed.

Coverage.

This policy covers all employees, supervisors, department heads and elected officials. Additionally, this policy covers all suppliers, subcontractors, residents, visitors, clients, volunteers and any other individual who enters City property, conducts business on City property, or who is served by City personnel.

CLASSIFICATION STATUS

The classified service shall comprise all City employees not specifically included in the unclassified service. Following completion of the probationary period of one (1) year, no classified employees shall be reduced in pay or position, fined, suspended or removed, or have his or her longevity reduced or eliminated, except and for those reasons set forth in the civil service law, or local law. Such reasons include: incompetency, inefficiency, dishonesty, drunkenness, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, violation of any policy or work rule of the City, any other failure of good behavior, any other acts of misfeasance, malfeasance or nonfeasance in office, or conviction of a felony, except for just cause.

Unclassified employees serve at the pleasure of the City and may be terminated or otherwise separated from employment for any reason not inconsistent with law. An unclassified employee may not be rendered classified due to the provisions of this Manual.

PROBATIONARY PERIOD

Newly hired or newly promoted employees in the classified service shall be required to successfully complete a one (1) year probationary period. The probationary period allows the City to closely observe and evaluate the employee's fitness and suitability for the position. Only those employees who demonstrate an acceptable standard of conduct and performance shall be retained in their positions.

A newly hired probationary period may be removed at any time during their probationary period due to unsatisfactory work performance. If an employee is removed during their original appointment probationary period, the employee lacks any appeal rights. Time spent on inactive pay status or non-paid leave of absence shall not be counted toward the completion of the probationary period. An employee's probationary period may be extended due to time spent in inactive pay status or on a non-paid leave of absence.

Employees working irregular schedules and intermittent employees shall have a one (1) year probationary period.

The failure of a promoted employee to complete a probationary period due to unsatisfactory performance shall result in the employee being returned to the same or similar position he held at the time of his promotion.

Unclassified employees serve at the pleasure of the appropriate appointing authority and do not serve a probationary period. Nothing contained in this policy should be considered a waiver of the right to remove an unclassified employee consistent with law.

REDUCTION IN FORCE

If it becomes necessary to reduce staffing levels by layoff or job abolishment due to lack of work, lack of funds, reorganization or other justified business reason, the City shall lay off employees in accordance with law. The City shall determine the number of positions and the classifications in which layoffs will occur. Employees may have recall rights for up to one (1) year.

MEDICAL EXAMINATIONS AND DISABILITY SEPARATION

All City employees are required and expected to maintain the appropriate physical and mental capacities to perform the essential functions of their job. The City may require an employee to take an examination, conducted by a licensed medical practitioner, to determine the employee's physical or mental capacity to perform the essential functions of his job, with or without reasonable accommodation. This examination may include a fitness-for-duty examination following an employee's absence from work due to their own illness or injury. This examination shall be at the City's expense. If the employee disagrees with the City's licensed medical practitioner's determination, he may request to be examined by a second licensed medical practitioner of his choice at his own expense. If the reports of the two practitioners conflict, a third opinion shall be rendered by a neutral party chosen by the City and paid for by the City. The third opinion shall be controlling.

If an employee, after examination, is found to be unable to perform the essential functions of his position with or without reasonable accommodation, he may request use of accumulated, unused, paid and unpaid leave benefits, if applicable.

If a classified employee remains unable to perform the essential functions of his position after exhausting available leaves, he may request a voluntary disability separation. The City may require an employee seeking a voluntary disability separation to undergo a physical or

psychological examination by a licensed medical practitioner of its choosing. If the examination supports the request for a voluntary disability separation, it will be granted.

If, after exhausting available leave, an employee refuses to request a voluntary disability separation, the City may place the employee on an involuntary disability separation if the City has substantial credible medical evidence to indicate that the employee remains disabled and incapable of performing the essential job duties. If the City seeks to involuntarily disability separate an employee, it may request that an employee submit to a medical or psychological examination to determine the employee's physical and mental capacity to perform the essential functions of their job. The employee must cooperate in this process. A failure to participate in the process may result in a finding that the employee is insubordinate which may result in discipline, up to and including termination. The City will select the licensed medical practitioner. While an examination is pending, the employee may be placed on administrative leave with pay.

If, after the examination, the City determines that the employee is incapable of performing the essential functions of the position, it shall institute the involuntary disability separation process. The City shall schedule a hearing with at least seventy-two (72) hours advance notice regarding whether the employee is capable of performing the essential functions of the position. The employee may waive the right to a hearing. However, if the employee chooses to have a hearing, the employee has the right to examine the City's evidence regarding the employee's ability to perform the essential functions of the position, rebut the City's evidence and/or present their own medical evidence.

If it is determined after the hearing that the employee is incapable of performing the essential functions of the position, the City shall issue an involuntary disability separation, which may be appealed to the City's civil service commission. However, if, after a hearing, it is determined that the employee is capable of performing the essential functions of their position, the employee shall be deemed fit for duty and returned to their position.

Employees that are disability separated have a two (2) year right to reinstatement. Any requests for reinstatement must be made in writing and include appropriate medical documentation to support the request. The City may require the employee to be examined by a licensed medical practitioner of its choosing. The City shall pay for the cost of its licensed medical practitioner. If it is determined that the employee is capable of performing the essential functions of the position, the employee shall be reinstated.

WORKPLACE ROMANCES

To avoid concerns of sexual harassment, preferential treatment and other inappropriate behavior, employees are required to inform the Human Resources Director if they currently are, or if they intend to become, romantically involved with a co-worker. Such relationships are not necessarily

prohibited, but must be appropriately addressed. Should the City determine that a conflict exists between an employee's employment and a personal relationship with a co-worker, the City will attempt to work with the employees to resolve the conflict. Should operational needs prevent resolution, the relationship must cease or one or both of the parties must separate from employment. Supervisors are expressly prohibited from engaging in romantic or sexual relationships with any employee they directly, or indirectly, supervise.

NEPOTISM

Hiring

Although the employment of close relatives is discouraged, the City will receive employment applications from relatives of current employees. However, the following five (5) situations shall prevent the City from hiring a relative of a current employee:

1. If one relative would have supervisory or disciplinary authority over another.
2. If one relative would audit the work of another.
3. If a conflict of interest exists between the relative and the employee or the relative and the City.
4. If the hiring of relatives could result in a conflict of interest.
5. If one of the family members would have access to confidential material.

Employment

An employee is not permitted to work in a position where his supervisor or anyone within his chain of command is a relative. If such a situation is created through promotion, transfer or marriage, one of the affected employees must be transferred or an accommodation acceptable to the City must be established. Termination of employment will be a last resort. If two employees marry, they will be subject to the same rules listed above as other relatives.

The provisions of O.R.C. §§ 102.03 and 2921.42 render it unlawful for a public official to use his influence to obtain a benefit, including a job for her relative. Any violation of these statutes may result in criminal prosecution and/or disciplinary action. For purposes of the Article, the term "relative" shall include spouse, children, grandchildren, parents, grandparents, siblings, brother-in-law, sister-in-law, daughter-in-law, son-in-law, father-in-law, mother-in-law, stepparents, stepchildren, stepsiblings, and a legal guardian or other person who stands in the place of a parent to the employee.

ETHICS/CONFLICTS OF INTEREST

The proper operation of a democratic government requires that actions of public officials and employees be impartial, that government decisions and policies be made through the proper channels of governmental structure, that public office not be used for personal gain, and that the public have confidence in the integrity of its government. Ohio Revised Code §§ 102.03 and 2921.42 prohibit public employees from using their influence to benefit themselves or their family members. In recognition of the above-listed requirements, the following Code of Ethics is established for all City officials and employees:

- A.** No employee shall use his official position for personal gain, or shall engage in any business or shall have a financial or other interest, direct or indirect, which is in conflict with the proper discharge of his official duties.
- B.** No employee shall, without proper legal authorization, disclose confidential information concerning the property, government or affairs of the City, nor shall he use such information to advance the financial or other private interest of himself or others.
- C.** No employee shall accept any valuable gift, whether in the form of service, loan, item or promise from any person, firm or corporation that is interested directly or indirectly in any manner whatsoever in business dealings with the City; nor shall an employee accept any gift, favor or item of value that may tend to influence the employee in the discharge of his duties or grant, in the discharge of the employee's duties any improper favor, service or item of value.
- D.** No employee shall represent private interests in any action or proceeding against the interest of the City in any matter wherein the City is a party.
- E.** No employee shall engage in or accept private employment or render services for private interests when such employment or service is incompatible with the proper discharge of his official duties or would tend to impair his independent judgment or action in the performance of his official duties. Neither shall other employment, private or public, interfere in any way with the employee's regular, punctual attendance and faithful performance of his assigned job duties.

Any employee having doubt as to the applicability of these provisions should consult the Human Resources Director. Any employee offered a gift or favor who is not sure whether acceptance is a violation of the Code of Ethics, should inform his supervisor of the gift offer. No employee will accept from any contractor or supplier doing business with the City, any material or service for the employee's private use.

State law prohibits City employees and officials from having a financial interest in companies that do business with the City, with minor exceptions. Employees who have any doubt concerning a possible violation of these statutes are advised to consult an attorney.

PERSONNEL FILES AND INFORMATION

The City shall maintain personnel files for all City employees. Such files may include individual employment data, payroll information, schedules, records of additions or deductions, application forms, and records pertaining to hiring, promotion, demotion, transfer, layoff and termination. Personnel files shall be available to members of the public in accordance with the law. An employee shall have a right of reasonable inspection of his official personnel file. No personnel records shall be removed from the official records unless in accordance with state or federal law or in accordance with the City's retention of records policy.

When a public records request is made for an employee's records, the City will endeavor to inform the employee of the request in advance of the release of records. The City will make reasonable efforts to redact personal information, and other non- public information, from the files before release. Notifying the employee of the release may not result in an unreasonable delay in releasing the records pursuant to an appropriate request. Employees are responsible for taking legal action in the event they wish to prohibit release of the requested documents to the requesting individual or entity.

Employees must timely advise the City of any change in name, address, marital status, telephone number, number of tax exemptions, citizenship, or association with any government military service organization.

OUTSIDE EMPLOYMENT

Employees are required to notify their supervisor of any outside employment. No employee shall have outside employment, which conflicts in any manner with the employee's ability to properly and efficiently perform his duties and responsibilities with the City. Employees are expected to be at work and fit for duty when scheduled.

Employees are prohibited from engaging in secondary employment while on sick leave, disability leave, or family medical leave. Employees are strictly prohibited from engaging in or conducting outside private business during scheduled working hours and are further prohibited from engaging in conduct which creates a potential or actual conflict of interest with their duties and responsibilities as a City employee.

RESIGNATION

Employees may voluntarily resign in good standing by submitting a written letter of resignation to their Appointing Authority at least two (2) weeks in advance of the effective date of resignation. Such resignation letter should be signed, dated and include the expected date of resignation. A failure to provide the appropriate notice may result in an individual being ineligible for re-employment with the City.

Employees voluntarily resigning from the City are expected to return all City equipment/property to their supervisor on, or before, the date of their voluntary resignation. A failure to timely return City equipment/property may result in a delayed delivery of their final paycheck.

An employee that is absent without leave for three (3) or more consecutive days may be considered to have constructively resigned their employment with the City.

POLITICAL ACTIVITY

Although the City encourages all employees to exercise their constitutional rights to vote, certain political activities are legally prohibited for classified employees of the City whether in active pay status or on leave of absence. The following activities are examples of conduct permitted by classified employees:

 - 13. Participation in a political action committee that supports partisan activity.

Any employee having a question pertaining to whether specific conduct of a political nature is permissible should contact their immediate supervisor, or City Attorney, prior to engaging in such conduct.

PERFORMANCE EVALUATIONS

A written Performance Evaluation provides supervisors with an effective mechanism to measure and communicate levels of job performance to their employees. The City may conduct annual performance evaluations of employees. Evaluations, if conducted, will be based upon defined and specific criteria and will generally be reviewed with the employee by their supervisor or department head. The results will be discussed with the employee and the employee will be asked to sign the evaluation. An employee's signature will reflect their receipt of the evaluation, not their agreement with its contents. Should the employee refuse to sign, a notation will be made reflecting the date and time of the review along with the employee's refusal to sign. Employees may offer a written response to their performance evaluation. Such response, if given, will be maintained with the evaluation. Performance evaluations will be retained in the employee's personnel file.

Additional performance evaluations may be performed by the City at the City's discretion.

SOLICITATION

Individuals not employed by the City are prohibited from soliciting funds or signatures, conducting membership drives, distributing literature or gifts, offering to sell merchandise or services (except by representatives of suppliers or vendors given prior authority), or engaging in any other solicitation, distribution, or similar activity on the premises or at a worksite.

The City may authorize a limited number of fund drives by employees on behalf of charitable organizations or for employee gifts. Employees are encouraged to volunteer to assist these drives; however, participation is entirely voluntary.

The following restrictions apply when employees engage in permitted solicitation or distribution of literature for any group or organization, including charitable organizations:

- A. Distribution of literature, solicitation and the sale of merchandise or services is prohibited in public areas.
- B. Soliciting and distributing literature during the working time of either the employee making the solicitation or distribution, or the targeted employee, is prohibited. The term "working time" does not include an employee's authorized lunch or rest periods or other times when the employee is not required to be working.
- C. Distributing literature in a way that causes litter on City property is prohibited.

The City maintains various communications systems to communicate City-related information to employees and to disseminate or post notices required by law. The unauthorized use of the communications systems or the distribution or posting of notices, photographs, or other materials on any City property is prohibited.

Violations of this policy will be addressed on a case-by-case basis. Disciplinary measures will be determined by the severity of the violation, not the content of the solicitation or literature involved.

PAYCHECKS

The City requires that all payroll checks be issued by way of Direct Deposit. It is the employees responsibility to inform the City of any changes, pay will be issued on the Friday following the end of a pay period, except when a regular payday falls on a holiday. If payday falls on a holiday, paychecks will be distributed the day immediately preceding the holiday. Pay advances are not permitted.

REPORTING TO WORK AND TARDINESS

Employees are expected to report for and remain at work as scheduled and to be at their work stations at their starting time. Employees who call off work for personal reasons should call off in advance of their starting time in accordance with procedures established by their Supervisor. Employees who call off must make contact with their supervisor or designee each day of their absence unless they have made alternate arrangements. Calling off work in accordance with this procedure will not necessarily result in an employee receiving approved leave for their absence.

Tardiness may result in a reduction in the corresponding amount of pay for which the employee is late and/or discipline.

HOURS OF WORK AND OVERTIME

The City will establish the hours of work for all employees. Generally, the normal business hours will be 8:00 a.m. to 5:00 p.m. Work hours may vary by Department. Staff may be required to work days, evenings, nights and/or weekends due to operational needs. Additionally, each City Department may alter the work schedules, days off and shifts of employees based upon operational needs.

Due to federal regulations, employees who are not exempt from the overtime provisions of the Fair Labor Standards Act (“FLSA”) are prohibited from signing in or beginning work before their scheduled starting time, or signing out/stopping work past their scheduled quitting time except with supervisory approval or in emergency situations. Additionally, non-exempt employees who receive an unpaid lunch period are prohibited from working during their lunch period except with supervisory approval or in emergency situations. Non-exempt employees who work outside their regularly scheduled hours in contravention of this rule shall be paid for all hours actually worked, but may be disciplined accordingly.

Failure to properly sign-in or sign-out as required, misrepresenting time worked, altering any time record, or allowing a time record to be altered by others will result in disciplinary action. However, supervisors may make adjustments to an employee’s time sheet, as necessary.

Generally, employees not exempt from the overtime provisions of the FLSA shall be compensated for overtime for all hours worked in excess of forty (40) in any one work week, regardless of the employee’s regularly scheduled work day. Overtime shall be compensated at a rate of one and one-half times the employee’s regular rate of pay for overtime worked, including time spent in paid status, unless otherwise noted.

The City may require overtime as a condition of continued employment. An employee who refuses to work a mandatory overtime assignment may be considered insubordinate and disciplined accordingly. Additionally, the City may authorize or require employees to work a flexible schedule in a work week. For overtime-eligible employees, a flexible schedule must occur within a single forty-hour workweek.

Employees who are exempt from the overtime provisions of the FLSA are not eligible for overtime payment. Such exemptions may include employees whose job duties are executive, administrative or professional in nature. At the discretion of the appointing authority, exempt employees may be required to keep track of, and report, their hours without destroying their exempt status. However, generally, exempt employees will not have a reduction in pay for absences of less than an entire work period of five (5) days. Absences will first be deducted from the employee’s accumulated sick leave (if appropriate), vacation leave or other paid leave. The following positions have been determined to be exempt from the overtime provisions of the FLSA:

Safety Director	Service Director
Development Director	Parks & Recreation Director
Computer Systems Director	Tax Administrator
Human Resources Director	Superintendent of Streets
Chief Building Official	Clerk of Courts
Superintendent of Water/Wastewater	Planning and Zoning Administrator
Chief of Police	Director of Senior Center
Deputy Chief of Police	Assistant City Attorney

Finance Manager
Clerk of Council

Assistant City Prosecutors

COMPENSATORY TIME

Employees may choose to take compensatory time for overtime worked in lieu of compensation if such choice is indicated during the pay period in which the overtime is worked and the request is approved by the Appointing Authority or designee.

- a. Compensatory time shall be credited to employees who are eligible for overtime pay at the rate of one and one-half (1½) hour for each overtime hour worked.
 - b. Employee's compensatory time balance shall be limited to a maximum of 100 hours, therefore, they would have to use some of the compensatory time before they could accumulate more. Once an employee reaches 100 hours, they must take over-time pay until they drop below 100 hours.
 - c. Employees shall have the option of receiving a cash payment for any or all hours accrued but unused compensatory time in that calendar year. Request for payout of comp time must be submitted by the 15th of October. The payment will be made at the employee's current rate of pay and will be paid no later than mid-November of that year.
 - d. Any hours which are not paid out will be carried over to the next calendar year and will be subject to a 100 hour maximum refillable bank for the following year.
2. Any overtime pay earned as a result of this section must be within the limits appropriated by City Council.
 3. In case of death of an employee, any earned overtime hours worked credited to such employee shall be paid to the surviving spouse, or to the estate of the deceased, if there is no surviving spouse.
 4. Upon separation from employment with the City for any reason, the employee (or spouse or estate upon employee's death) shall be entitled to payment for any accrued but unpaid overtime hours, including compensatory time hours accrued but not used. Such payment shall be at the overtime rate applicable to the employee's current rate of pay at the time of separation.

CALL-IN PAY

When an employee is called back to work by his supervisor for hours not abutting their regular work hours, the employee shall receive a minimum of two (2) hours pay at the employee's overtime rate. If the employee is called-in and works more than two (2) hours, the employee shall be paid their overtime rate for all hours worked.

EMERGENCY HOLIDAY CALL IN PAY

Employees that are called in due to an emergency on any of the City recognized holidays will be paid two (2) times their rate of pay plus the holiday pay.

INCLEMENT WEATHER

The City recognizes that on certain days it may not be possible to report to duty due to inclement weather caused by excessive snow, ice or other weather conditions.

When snow, ice, or other weather conditions make travel to and from work difficult, but it is not severe enough to close the City, employees are encouraged to make reasonable efforts to report to work as scheduled. Employees will be compensated in the following manner for these types of weather conditions:

- A. Employees reporting for work as scheduled will be paid at their regular rate of pay for all hours actually worked.
- B. Employees not scheduled to work, but who are called-in, shall be paid consistent with the Call-In Pay Policy for all hours worked.
- C. Employees who are scheduled to work and who make a reasonable attempt to report to work, but are unable to due to weather conditions, shall notify their immediate supervisor as soon as possible. Employees unable to report to work may:
 - a. Request to use accrued vacation or personal leave for the period of absence, subject to the approval of their supervisor, or Department Head;
 - b. Request a personal leave of absence without pay for the period of absence, subject to the approval of their supervisor, or Department Head;
 - c. Employees failing to report during inclement weather without notifying their supervisor, or Department Head, may be subject to discipline for being absent without leave.

In cases when weather conditions are severe enough to cause the Sheriff of the County of the employee's residence to issue a Level III emergency, or for the Mayor to officially close the City and/or non-continuous operating City facilities, the following apply:

- A. Employees who were scheduled to work, but are unable to do so due to the closure, shall suffer no loss of pay;
- B. If the office or facility is closed due to a Level III emergency and the employee is required to leave early, the employee shall suffer no loss of pay for the remainder of their regularly scheduled shift;
- C. If the Level III emergency is lifted during the shift, after the employee has already been notified not to report, the employee will suffer no loss of pay for the entire shift.

Employees working in facilities that operate 24-hours per day on a continuous basis shall make every reasonable effort to report to work, even during Level III emergencies, so long as the employee can report in a safe manner. The following procedures apply to employees employed in continuous operating facilities and to other employees that may be required to report, such as building and grounds personnel:

- A. An employee reporting to work shall be paid their regular hourly rate for all hours worked, plus receive, hour-for-hour, an additional hour of pay or compensatory time for each non-overtime hours worked on their regular shift (double-time);
- B. Employees scheduled to work, but unable to report for their regular shift, shall suffer no loss of pay for their regularly scheduled shift;

The City may offer to transport essential employees during a weather emergency to adequately staff continuous and essential operations facilities. Such employees shall be required to accept the offer of transportation. An employee refusing transportation will be deemed to be absent without leave.

Employees attempting to arrive at work during inclement weather, or a weather emergency, will be given reasonable consideration in the event that they arrive late for work.

Employees already on approved leave during the day of inclement weather, or weather emergency, shall remain on leave and not be eligible for any benefits provided by this policy.

EDUCATIONAL ASSISTANCE INCENTIVE PROGRAM

All full-time employees are eligible to participate in the Educational Assistance Incentive Program of the City. Participation is voluntary and available to those who elect job-related self-development activities during non-working hours. All coursework must be taken in accordance with a Planned Program of Professional Improvement approved by the appointing authority in advance.

An employee who has received educational assistance must remain an employee for one (1) year following completion of the courses for which assistance was received. Should an employee separate from service with the City within the one (1) year period, except in the event of a disability retirement, that employee must repay any assistance received in the one (1) year period.

SICK LEAVE

Accumulation

Each employee shall be entitled for each completed eighty (80) hours of service to sick leave of four and six-tenths (4.6) hours of pay, and unused sick leave may be accumulated without limit. Previous accumulated sick leave of an employee who has separated from public service shall be re-credited if reemployment in public service takes place within ten (10) years of the last termination from public service and the employee provides proof of the prior leave balance. An employee who transfers from one public agency to another shall be credited with their balance of unused sick leave upon the showing of proof of sick leave from the employee's prior agency. Sick leave shall be at the employee's current rate of pay.

Use

Sick leave may be used by employees and upon approval of the City for absences due to the following:

1. Illness, injury, or pregnancy-related medical condition of the employee.
2. Exposure of an employee to a contagious disease which could be communicated to and jeopardize the health of other employees.
3. Examination of the employee, including medical, psychological, dental, or optical examination, by an appropriate licensed medical practitioner.
4. Death of a member of the employee's immediate family. Such usage shall be limited to reasonably necessary time, not to exceed three (3) days. The City may grant additional time off on a case-by-case basis.
5. Illness, injury, or pregnancy-related medical condition of a member of the employee's immediate family where the employee's presence is reasonably necessary for the health and welfare of the employee or affected family member.
6. Medical, dental or optical examinations or treatments of an employee or of a member of an employee's immediate family where the employee's care and attendance is reasonably required.

Elective cosmetic surgeries that are not medically necessary do not constitute an appropriate usage of sick leave. Other appropriate leaves of absence, such as vacation, may be requested for such purposes.

For purposes of sick leave, immediate family is defined as the following individuals that either live in your home or you are the primary person responsible for their care: grandparent; great-grandparents; brother; sister; brother-in-law; sister-in-law; daughter-in-law; son-in-law; father; mother; father-in-law; mother-in-law; spouse; child; step-child; step-parent; grandchild; legal guardian; or other person who stands in place of a parent.

Grandparent-in-law, aunts and uncles shall also be considered immediate family for bereavement leave purposes. Such usage shall be limited to reasonably required time, not to exceed one (1) day. The City may grant additional time off on a case-by-case basis not to exceed three (3) days.

Employee Notification

When an employee is unable to report to work due to illness or other acceptable sick leave reason, he shall notify his supervisor. An employee must continue such notification each succeeding day of absence except in cases of prolonged illness or absence where the employee has been granted a set period of leave. Failure of an employee to make proper notification may result in denial of sick leave and/or appropriate disciplinary action. The City reserves the right to investigate any employee request for sick leave.

Written Statement

The City may require the employee to furnish a satisfactory signed statement to justify the use of sick leave. Proof of illness, such as a doctor's excuse, may be required when the City believes absence to be excessive, chronic, patterned, or abusive. A satisfactory licensed medical practitioner's certificate may be required at any time, but will generally be required in each case when an employee has been absent more than three (3) consecutive days. When a licensed medical practitioner's certificate is required, it must be submitted to the Human Resources Director before an employee will be permitted to return to work from leave. The licensed medical practitioner's certificate must be signed personally by the treating practitioner, and must verify that the employee was unable to work during the period in question, not simply that the employee was "under the doctor's care." For absences where a licensed medical practitioner's certificate is not required, the employee must submit a written statement to the Human Resources Director explaining the nature of the illness.

Sick Leave Abuse

Application by an employee for sick leave through fraud or dishonesty will result in denial of such leave together with disciplinary action up to and including dismissal. Patterns of sick leave usage immediately prior or subsequent to holidays, vacation, days off and/or weekends or excessive sick leave usage may result in sick leave denial and appropriate disciplinary action. The City reserves the right to investigate allegations of sick leave abuse. The City reserves the right to question employees concerning their sick leave use. Whenever an employee is on sick leave, he/she must be at home during his/her scheduled work hours or obtaining treatment or medication.

Uses of Other Leave

Other accumulated unused leaves may be used for sick leave purposes, at the discretion of the City. An employee who becomes sick while on vacation may apply to use sick leave time instead of vacation days for the illness.

Sick Leave Conversion

An employee with at least ten (10) years of service to the City, upon actual retirement or resignation from the City, with at least two (2) weeks prior notice to the City or upon death, shall be paid for his or her accumulated but unused sick leave as follows:

- a. Employees who have completed at least ten (10) years of service to the City shall be entitled to 25% of their accumulated but unused sick leave, not to exceed 320 hours.
- b. Employees who have completed at least 15 years of service to the City shall be entitled to 30% of their accumulated but unused sick leave, not to exceed 540 hours.
- c. Employees who have completed at least 20 or more years of service to the City shall be entitled to 40% of their accumulated but unused sick leave, not to exceed 760 hours.
- d. Employees who have completed at least 25 years of service to the City shall be entitled to 50% of their accumulated but unused sick leave, not to exceed 880 hours.

Employees hired after January 1, 1998, shall not have sick leave earned with another entity other than the City counted for purposes of sick leave conversion. Moreover, sick leave used by an employee of the City will be charged first against any sick leave earned as an employee of City,

so that an employee may not first use up sick leave brought from another entity in order to save up the sick leave earned with City for cash-in.

In the case of an employee's death, the employee's spouse, or, secondarily, his or her estate, shall receive this payment.

If an employee is killed in the line of duty, the employee's spouse, or, secondarily, his or her estate, will be paid an amount equal to 100% of the deceased employee's accumulated but unused sick leave.

All payments under this section shall be based on the employee's rate of pay at the time of retirement or death, or other separation, and the documented hours of unused sick leave reflected in the records maintained by the City.

Payment under this policy shall be considered to eliminate all sick leave credit accrued by the employee at the time of payment.

Medical Information

The City will maintain employees' medical information in a separate medical file and will treat the information in a confidential manner. Employees who are concerned that their medical information is not being treated in a confidential manner should report such concerns to the Human Resources Director.

FAMILY MEDICAL LEAVE ACT ("FMLA")

Statement of Policy.

Eligible employees may request time off for family and/or medical leave of absence with job protection and no loss of accumulated service provided the employee meets the conditions outlined in this policy and returns to work in accordance with the Family and Medical Leave Act of 1993.

Definitions.

As used in this policy, the following terms and phrases shall be defined as follows:

1. "Family and/or medical leave of absence": An approved absence available to eligible employees for up to twelve (12) weeks of unpaid leave per year under particular circumstances. Such leave may be taken only for the following qualifying events:
 - a. Upon the birth of an employee's child and in order to care for the child.

- b. Upon the placement of a child with an employee for adoption or foster care.
 - c. When an employee is needed to care for a family member who has a serious health condition.

 - e. Qualifying service member leave.
2. Service Member Leave: The spouse, parent or child of a member of the U.S. military service is entitled to twelve (12) weeks of FMLA leave due to qualifying exigencies of the service member being on "covered active duty" or receiving a "call to covered active duty" In addition, a spouse, child, parent or next of kin (nearest blood relative) of a service member is entitled to up to twenty-six (26) weeks of leave within a "single twelve (12)-month period" to care for a service member with a "serious injury or illness" sustained or aggravated while in the line of duty on active duty. The "single twelve (12)-month period" for leave to care for a covered service member with a serious injury or illness begins on the first day the employee takes leave for this reason and ends twelve (12) months later, regardless of the twelve (12) month period established for other types of FMLA leave.
3. "Per year": A rolling twelve (12) month period measured backward from the date an employee uses any leave under this policy. Each time an employee takes leave, the employer will compute the amount of leave the employee has taken under this policy, and subtract it from the twelve (12) weeks of available leave. The balance remaining is the amount the employee is entitled to take at the time of the request. For example, if an employee used four (4) weeks of FMLA leave beginning February 4, 2009, four weeks beginning June 1, 2009, and four weeks beginning December 1, 2009, the employee would not be entitled to any additional leave until February 4, 2010.
4. "Serious health condition": Any illness, injury, impairment, or physical or mental condition that involves:
- a. Inpatient care.

- b. Any period of incapacity of more than three consecutive calendar days that also involves:

 - ii. Treatment by a health care provider on one occasion that result in a regimen of continuing treatment under the supervision of a health care provider.
 - c. Any period of incapacity due to pregnancy or for prenatal care.
 - d. A chronic serious health condition which requires at least two “periodic” visits for treatment to a health care provider per year and continues over an extended period. The condition may be periodic rather than continuing.
 - e. Any period of incapacity which is permanent or long term and for which treatment may not be effective (i.e. terminal stages of a disease, Alzheimer’s disease, etc.).
 - f. Absence for restorative surgery after an accident/injury or for a condition that would likely result in an absence of more than three days absent medical intervention. (i.e. chemotherapy, dialysis for kidney disease, etc.).
- 5. “Licensed health care provider”: A doctor of medicine, a doctor of osteopathy, podiatrists, dentists, optometrists, psychiatrists, clinical psychologists, and others as specified by law.

- 8. “Outpatient Status”: The status of a member of the Armed Forces assigned to a military medical treatment facility as an outpatient or to a unit established for the purpose of providing command and control of members of the Armed Forces receiving outpatient medical care.

- 10. A “serious injury or illness”, for purposes for the 26 week military caregiver leave means either:
 - a. In the case of a current member of the Armed Forces, including a member of the National Guard or Reserves, means an injury or illness that was incurred by the covered service member in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces, and that may render the member medically unfit to perform the duties of the member's office, grade, rank or rating; and,
 - b. In the case of a covered veteran, means an injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and manifested itself before or after the member became a veteran, and is:

- i. Any qualifying exigency which arose out of the covered military member's covered active duty or call to covered active duty status.

A. Leave Entitlement.

To be eligible for leave under this policy, an employee must meet all of the following conditions:

- 1. Worked for the agency for at least twelve (12) non-consecutive months, or fifty-two (52) weeks.
- 2. Actually worked at least one thousand two hundred fifty (1,250) hours during the twelve (12) month period immediately prior to the date when the FMLA leave is scheduled to begin.
- 3. Work at a location where the Employer employs fifty (50) or more employees within a seventy-five (75) mile radius.
 - a. The entitlement to FMLA leave for the birth or placement for adoption or foster care expires at the end of the twelve (12) month period following such birth or placement.
 - b. Spouses who are both employed by the agency are jointly entitled to a combined leave total of twelve (12) weeks (rather than twelve (12) weeks each) for the birth of a child, upon the placement of a child with the employees for adoption or foster care, and for the care of certain family members with serious health conditions.

Use of Leave

The provisions of this policy shall apply to all family and medical leaves of absence as follows:

1. Generally: An employee is only entitled to take off a total of twelve (12) weeks of leave per year under the FMLA. As such, employees will be required to utilize their accumulated unused paid leave (sick, vacation, etc.) in conjunction with their accumulated unused unpaid Family Medical Leave. Employees will be required to use the type of accumulated paid leave that best fits the reason for taking leave and must comply with all procedures for requesting that type of leave as stated in the relevant policy. Any time off that may legally be counted against an employee's twelve (12) week FMLA entitlement will be counted against such time.
2. Birth of An Employee's Child: An employee who takes leave for the birth of his or her child must first use all available accrued paid vacation leave prior to using unpaid leave for the remainder of the twelve (12) week period. However, if the employee requests leave for the employee's own serious health condition as a result of the pregnancy or post-partum recovery period, the employee will be required to exhaust all of her sick leave prior to using unpaid leave for the remainder of the twelve (12) week period. *(Note: See section E below for information on disability leaves.)*
3. Placement of a Child for Adoption or Foster Care: An employee who takes leave for the placement of a child for adoption or foster care must first use all available accrued paid vacation leave prior to using unpaid leave for the remainder of the twelve (12) week period.
4. Employee's Serious Health Condition or Family Member's Serious Health Condition: An employee who takes leave because of his serious health condition or the serious health condition of his family member must use all available accrued paid sick and vacation leave prior to using unpaid leave for the remainder of the twelve (12) week period.

FMLA and Disability/Workers' Compensation

An employee who is eligible for FMLA leave because of his own serious health condition may also be eligible for workers' compensation if the condition is the result of workplace accident or injury. Regardless of whether the employee is using worker's compensation benefits, the Employer may designate the absence as FMLA leave, and count it against the employee's twelve (12) week FMLA entitlement if the injury or illness constitutes a serious health condition under the FMLA. In addition, as these may be compensated absences, if the employee participates in

the worker's compensation program, the employee is not eligible to use paid leave of any type (except as supplemental benefits, if applicable and requested by the employee), nor can the employer require him to do so, while the employee is receiving compensation from such a program.

Procedures For Requesting FMLA Leave

Requests for FMLA leave must be submitted in writing at least thirty (30) days prior to taking leave or as soon as practicable prior to the commencement of the leave. If the employee fails to provide thirty (30) days notice for foreseeable leave with no reasonable excuse for the delay, the leave may be denied until at least thirty (30) days from the date the employer receives notice. The employee must follow the regular reporting procedures for each absence.

FMLA requests must be submitted on a standard leave form prescribed by the Employer. The Employer will determine whether the leave qualifies as FMLA leave, designate any leave that counts against the employee's twelve (12) week entitlement, and notify the employee that the leave has been so designated.

When an employee needs foreseeable FMLA leave, the employee shall make a reasonable effort to schedule the treatment so as not to unreasonably interfere with the Employer's operations.

Certification of Need for FMLA Leave for Serious Health Condition

An employee requesting FMLA leave due to his family member's serious health condition must provide a doctor's certification of the serious health condition, which must designate that the employee's presence is reasonably necessary. Such certification shall be submitted at the time FMLA leave is requested, or if the need for leave is not foreseeable, as soon as practicable. An employee requesting FMLA leave due to the birth or placement of a child must submit appropriate documentation at the time FMLA leave is requested.

The Employer, at its discretion, may require the employee to sign a release of information so that a representative other than the employee's immediate supervisor can contact the medical provider. If the medical certification is incomplete or insufficient, the employee will be notified of the deficiency and will have seven (7) calendar days to cure the deficiency.

The Employer may require a second medical opinion prior to granting FMLA leave. Such opinion shall be rendered by a health care provider designated or approved by the Employer. If a second medical opinion is requested, the cost of obtaining such opinion shall be paid for by the Employer. If the first and second opinions differ, the Employer, at its own expense, may require the binding opinion of a third health care provider approved jointly by the Employer and the employee. Failure

or refusal of the employee to submit to or cooperate in obtaining either the second or third opinions, if requested, shall result in the denial of the FMLA leave request.

Employees who request and are granted FMLA leave due to serious health conditions may be required to provide the Employer periodic written reports assessing the continued qualification for FMLA leave. Further, the Employer may request additional reports if the circumstances described in the previous certification have changed significantly (duration or frequency of absences, the severity of the condition, complications, etc.), or if the employer receives information that casts doubt on the employee's stated reason for the absence. The employee must provide the requested additional reports to the Employer within fifteen (15) days.

Certification for leave taken because of a qualifying exigency

The Employer may request that an employee provide a copy of the military member's active duty orders to support the request for qualifying exigency leave. Such certification for qualifying exigency leave must be supported by a certification containing the following information: statement or description of appropriate facts regarding the qualifying exigency for which leave is needed; approximate date on which the qualifying exigency commenced or will commence; beginning and end dates for leave to be taken for a single continuous period of time; an estimate of the frequency and duration of the qualifying exigency if leave is needed on a reduced scheduled basis or intermittently; appropriate contact information for the third party if the qualifying exigency requires meeting with a third party and a description of the meeting; and, if the qualifying exigency involves Rest and Recuperation leave, a copy of the military member's Rest and Recuperation orders, or other documentation issued by the military which indicates the military member has been granted Rest and Recuperation leave, and the dates of the military member's Rest and Recuperation leave.

Intermittent/Reduced Schedule Leave

When medically necessary, an employee may take FMLA leave on an intermittent or reduced work schedule basis for a serious health condition. An employee may not take leave on an intermittent or reduced schedule basis for either the birth of the employee's child or upon the placement of a child for adoption or foster care with the employee unless specifically authorized in writing by the Appointing Authority. Requests for intermittent or reduced schedule FMLA leave must be submitted in writing at least thirty (30) days prior to taking leave, or, as soon as practicable.

To be entitled to intermittent leave, the employee must, at the time such leave is requested, submit additional certification as prescribed by the Employer establishing the medical necessity for such leave. This shall be in addition to the documentation certifying the condition as FMLA qualifying. The additional certification shall include the dates and the duration of treatment, if any, the expected duration of the intermittent or reduced schedule leave, and a statement from the health care provider describing the facts supporting the medical necessity for taking FMLA leave on an

intermittent or reduced schedule basis. In addition, an employee requesting foreseeable intermittent or reduced schedule FMLA leave may be required to meet with the Appointing Authority or designee to discuss the intermittent or reduced schedule leave.

An employee who requests and is granted FMLA leave on an intermittent or reduced schedule basis may be temporarily transferred to an available alternative position with equivalent class, pay, and benefits if the alternative position would better accommodate the intermittent or reduced schedule. An employee who requests intermittent or reduced schedule leave due to foreseeable medical treatment shall make a reasonable effort to schedule the treatment so as not to unduly disrupt the Employer's operations.

Employee Benefits

Except as provided below, while an employee is on FMLA leave, the Employer will continue to pay its portion of premiums for any life, medical, and dental insurance benefits under the same terms and conditions as if the employee had continued to work throughout the leave. The employee continues to be responsible for the payment of any contribution amounts he would have been required to pay had he not taken the leave, regardless of whether the employee is using paid or unpaid FMLA leave. Employee contributions are subject to any change in rates that occurs while the employee is on leave.

The Employer will not continue to pay the Employer portion of premiums for any life, medical, and dental insurance benefits if, while the employee is on FMLA leave, the employee fails to pay the employee's portion of such premiums or if the employee's payment for his portion of the premium is late by more than thirty (30) days. If the employee chooses not to continue health care coverage during FMLA leave, the employee will be entitled to reinstatement into the benefit plan upon return to work.

If the employee chooses not to return to work for reasons other than a continued serious health condition or circumstances beyond the employee's control, the Employer may seek reimbursement from the employee for any amounts paid by the Employer for insurance benefits the employee received through the Employer during any period of unpaid FMLA leave. Leave balances accrued by an employee prior to taking FMLA leave and not used by the employee as outlined in the section entitled "Use of Leave" will be retained by the employee.

FMLA leave, whether paid or unpaid, will not constitute a break in service. Upon the completion of unpaid FMLA leave and return to service, the employee will return to the same level of service credit as the employee held immediately prior to the commencement of FMLA leave. In addition, FMLA leave will be treated as continuous service for the purpose of calculating benefits, which

are based on length of service. However, specific leaves times (i.e. sick, vacation, and personal leave and holidays) will not accrue during any period of unpaid FMLA leave.

Reinstatement

An employee on FMLA leave must give the Employer at least two-business days notice of his intent to return to work, regardless of the employee's anticipated date of return. Employees who take leave under this policy will be reinstated to the same or a similar position upon return from leave except that if the position that the employee occupied prior to taking FMLA leave is not available, the employee will be placed in a position which entails substantially equivalent levels of skill, effort, responsibility, and authority and which carries equivalent status, pay, benefits, and other terms and conditions of employment as the position the employee occupied prior to taking FMLA leave. The determination as to whether a position is an "equivalent position" will be made by the Employer.

An employee will not be laid off as a result of exercising her right to FMLA leave. However, the Employer will not reinstate an employee who has taken FMLA leave if, as a result of a layoff within the agency, the employee would not otherwise be employed at the time reinstatement is requested. An employee on FMLA leave has no greater or lesser right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during her FMLA leave.

Prior to reinstatement, employees who take FMLA leave based on their own serious health condition shall provide certification from the employee's health care provider that the employee is able to perform the essential functions of his position, with or without reasonable accommodation.

Records

All records relative to FMLA leave will be maintained by the Employer as required by law. Any medical records accompanying FMLA leave requests will be kept separate from an employee's regular personnel file. To the extent permitted by law, medical records related to FMLA leave shall be kept confidential. Records and documents created for purposes of FMLA containing family medical history or genetic information as defined by the Genetic Information Nondiscrimination Act of 2008 (GINA) shall be maintained in accordance with the confidentiality requirements of Title II of GINA, which permit such information to be disclosed consistent with the requirements of FMLA.

INJURY LEAVE

Injury leave shall be paid, if authorized by the Appointing Authority, or designee, to any full-time employee, who suffers an incapacitating injury while on-the-job in service to the City.

Such injury may include exposure of the employee to a contagious disease which could be communicated to and jeopardize the health of other employees, if such exposure and jeopardy is certified by a physician.

Injury leave shall be paid at the employee's current rate of pay, and be limited to a total of not more than 1040 hours per occurrence. Injury leave compensation paid to an employee from other sources will be deducted from injury leave compensation paid by the City to the employee. Compensation from other sources includes, but is not limited to Workers' Compensation.

To qualify for injury leave, it must be established conclusively, that the injury was sustained in the line of duty, and did not result from misconduct on the part of the employee or self-infliction nor was proximately caused by the use of alcohol, a non-prescribed controlled substance, or a prescribed controlled substance that had not been approved by the City. It shall be the obligation of the employee to report said injury immediately to his/her supervisor and to receive necessary medical treatment.

The Employee shall present to the Appointing Authority, or designee, a certificate from the attending medical practitioner stating the nature of the injury and the prognosis and return to work status at the earliest time permitted by his/her attending physician.

After the employee has been given permission to return to work, any subsequent absence shall be considered sick leave consistent with this manual, unless it is established conclusively that the injury qualifies for injury leave.

The Appointing Authority, or designee, may obtain an additional opinion from a licensed physician in order to substantiate the nature of the injury, and/or to establish conclusively that the injury qualifies for injury leave. Should this additional opinion be necessary, it shall be paid for by the City.

Upon expiration of injury leave, an employee may use sick leave.

LEAVE DONATION

Full-Time Permanent, and Part-time Permanent non-union employees of the City may donate paid leave to a fellow Full-Time Permanent, or Part-time Permanent non-union City employee in order to assist the co-worker in critical need of leave due to the employee's serious illness or injury.

A serious illness or injury for the purposes of this policy is defined as a serious illness or injury that is expected to incapacitate the City employee for an extended period of time, exhaust the employee's leave balances, and that qualifies as a disability under the City's Disability Program or Workers' Compensation. Leave donation also requires that the employee will be taking an extended time off from work which will create a financial hardship for the employee because they have exhausted all leave balance.

To donate leave

Qualifying employees may donate leave if the donating employee:

- a. voluntarily elects to donate leave and does so with the understanding that donated leave will not be returned (leave donated but unused will be returned on a prorated basis to all employees who donated leave);
- b. donates a minimum of eight (8) hours;
- c. retains a combined leave balance of at least 120 hours for full-time permanent and 60 hours for part-time permanent employees (leave shall be donated in the same manner in which it would otherwise be used, except that compensatory time is not eligible for donation under Fair Labor Standards Act restrictions); and
- d. does not donate more than 200 hours in one (1) year.

Qualifying employees who wish to donate leave must agree to the above conditions and complete the Donor Application Form. The Donor Application Form can be obtained in the Human Resources Department and must be returned there.

The donation of leave shall occur on a strictly volunteer basis. The City shall respect an employee's right to privacy, however, with the permission of the employee who is in need of leave, the Human Resources Director may inform co-workers of the employee's critical need for leave.

To Receive Donated Leave

An employee may receive donated leave, up to the number of hours the employee is scheduled to work each pay period, if the employee who is to receive donated leave:

- a. has a serious illness or injury as previously defined, and provides written documentation from his or her physician certifying the serious illness or injury;
- b. has no accrued leave; and
- c. has applied for any paid leave, workers' compensation, or disability benefits program for which the employee is eligible (an employee who has applied for these programs may use donated leave to satisfy the waiting period for such benefits).
- d. After the waiting period, qualified employees may donate leave to supplement up to 40% of the employee's normal pay, if the employee is on disability. There would be no waiting period for qualified part-time permanent employees who do not receive disability. The employee may NOT receive more than he or she would have earned in a normal pay period from disability and leave donation or based on the normal hours scheduled to work less applicable deductions.
- e. The Request for Leave Donation Form can be obtained in the Human Resources Department and must be returned there.
- f. The employee may only receive donated leave for a maximum of one year.

The leave donation program shall be administered on a pay-period-by-pay-period basis. Employees using donated leave shall be considered on active pay status, and shall accrue leave and be entitled to any benefits to which they would otherwise be entitled.

Leave accrued by an employee while using donated leave shall be used, if necessary, in the following pay period before additional donated leave may be received.

Donated leave shall not count toward the probationary period of an employee if received during his or her probationary period.

Donated leave shall be considered sick leave, but shall NEVER be converted into a cash benefit.

Eligibility to receive donated leave under this policy shall cease upon:

- a. certification from the employee's physician that he or she is capable of engaging in sustained regular employment; or
- b. an employee's application for retirement is approved;
- c. death of the employee, whichever should first occur; or

DRUG AND ALCOHOL POLICY

Drug-Free Workplace

Alcoholism and drug addiction are treatable diseases. Therefore, employees who believe that they may have an alcohol or drug addiction problem are encouraged to seek professional treatment and assistance. No employee who seeks such treatment or assistance prior to detection will have his job security, promotional opportunities, or other job conditions jeopardized by a request for treatment. The individual's right to confidentiality and privacy will be recognized in such cases. The City may take disciplinary action for any violations of work rules, regardless of the effect of alcohol or drug abuse. Nothing in this policy shall be construed to condone or exonerate employees from their misconduct or poor performance resulting from a drug or alcohol problem.

The City maintains a drug and alcohol free workplace. Employees are hereby notified that the manufacture, distribution, dispensing, possession, use or being under the influence of alcohol, drugs or other controlled substance is strictly prohibited during working hours at any location where employees are conducting City business. Also prohibited is the illegal use of legal substances.

In order to further the City's objective of maintaining a safe, healthful, and drug-free workplace, the City may require an employee to submit to a urine and/or blood test if there is reasonable suspicion to believe that an employee is under the influence of a controlled substance or alcohol. Refusal to submit to a drug or alcohol test and/or to release the results of the same shall be considered insubordination and will be construed as a positive test result.

Employees are put on notice that an employee who is under the influence of drugs or alcohol may forfeit their right to obtain workers compensation benefits. The law establishes a rebuttable presumption that if an injured worker tests positive for the use of drugs or alcohol, the worker will have to prove the use of drugs or alcohol did not cause the accident. A refusal to test for the use of drugs or alcohol will also establish the presumption. Employees who are involved with a workplace accident may be required to undergo drug and/or alcohol testing in accordance with this policy.

Drug Policy

Any employee who reports for duty in an altered or impaired condition which is the result of the illegal use of controlled substances and/or alcohol will be subject to disciplinary action up to and

including removal. Any decision to take disciplinary action may be held in abeyance pending the completion by the employee of a drug rehabilitation program.

Any employee arrested or convicted of a drug or alcohol offense, who fails to timely report the arrest or conviction, may be terminated from employment and/or held civilly liable for any damage caused, including a loss of state or federal funds, resulting from the misconduct.

The City has a zero tolerance policy for employees who are under the influence of drugs or alcohol while at work. Employees who are using medical marijuana as authorized by Ohio law are not exempt from this policy in any way. The use of marijuana in any form for any purpose, authorized for medicinal purposes or unauthorized, will be treated the same as the use of all other Schedule 1 controlled substances, illegal drugs, or the abuse of legal drugs. Employees using Schedule 1 controlled substances or illegal drugs, including medical marijuana authorized by and in accordance with Ohio law, are still subject to all provisions of this policy and may be subject to discipline including termination for such use.

Medical Marijuana

Medical Marijuana was legalized by the State of Ohio under House Bill 523 in 2016. However, medicinal use of marijuana has not been approved by the U.S. Food and Drug Administration (FDA). As such, the use of marijuana in any form for any purpose, authorized for medicinal purposes or unauthorized, is prohibited under the City's Drug Free Workplace Policy. Employees using Schedule 1 controlled substances or illegal drugs, including medical marijuana authorized by and in accordance with Ohio law, are still subject to all provisions of this policy and may be subject to discipline including termination for such use.

There is nothing within House Bill 523 that requires the City of Reynoldsburg as an employer to permit or accommodate an employee's use, possession, or distribution of medical marijuana. The use of medical marijuana will not be considered a reasonable accommodation for an alleged disability. In addition, the law does not prohibit an employer from taking any adverse employment action because of an employee's or prospective employee's use, possession or distribution of medical marijuana.

The City reserves the right to test any employee for reasonable suspicion and post-accident. Employees that have a Commercial Driver's License are subject to random drug testing.

While CBD oils and supplements are not unlawful under Ohio law, employees must recognize some use of CBD products can result in a positive drug test for marijuana depending on the THC content. An employee who tests positive as a result of using CBD products is still subject to the City's drug free workplace policy.

Drug and Alcohol Testing Policy

In order to maintain a safe and healthful work environment, the City reserves the right to set standards for employment and to require employees to submit to physical examinations including blood or urine tests for alcohol, illegal drugs, or the misuse of legal drugs where there is reasonable suspicion that an employee's work performance is, or could be, affected by the condition.

Where the City has a reasonable suspicion to believe that the employee is in violation of this policy, it may require the employee to go to a medical clinic, at the City's expense, to provide blood and/or urine specimens. Reasonable suspicion shall generally mean suspicion based on personal observation by a City representative, including descriptions of appearance, behavior, speech, breath, or inexplicable behavior.

If requested, the employee shall sign a consent form authorizing the clinic to withdraw a specimen of blood or urine and release the test results to the City. Refusal to sign a consent form or to provide a specimen will constitute insubordination and a presumption of impairment and may result in discharge.

Any employee who tests positive may request retesting of the original specimen at their own expense.

Employees who return to work after the successful rehabilitation will be subject to random drug tests for a period of two years from the date of their return.

Employees subject to random drug tests who refuse to participate in the drug/alcohol testing and/or rehabilitation program or who continue to test positive for substance abuse will face additional disciplinary actions, up to and including removal.

Any employee involved in an accident may be subject to post accident alcohol and drug/alcohol testing.

Employees who are required to hold a commercial driver's license (CDL) will be required to participate in the City's drug and alcohol testing program as required by federal law which includes pre-employment testing, post-accident testing, random testing, reasonable suspicion testing, and return-to-work testing. Policies and procedures for these programs will be consistent with federal law and will be made available to employees required to hold CDL's and their supervisors.

Employee that hold a Commercial Driver's License (CDL) or Commercial Learner's permit (CLP) will be required to register the Federal Motor Carriers S – A (FMCSA) Clearinghouse and enter their personal information and the City of Reynoldsburg or their designee will have the

requirement that the following personal information collected and maintained under this part shall be reported to the Clearing House

 - Controlled substance use pursuant to § 382.213;
- A substance abuse professional (SAP as defined in § 40.3 of this title) report of the successful completion of the return-to-duty process;
 - A negative return-to-duty test; and
 - An employer's report of completion of follow-up testing.

Discipline

The City may discipline an employee, for any violation of this policy. Nothing herein shall be construed as a guarantee that the City will offer an opportunity for rehabilitation. Failure to successfully complete or participate in a prescribed rehabilitation program, if offered, shall result in the employee's discharge [including a refusal to test or a positive test result on a return to duty or follow-up test].

Refusal to Test

Employees who refuse to submit to the required testing shall be subject to disciplinary action up to and including discharge. A refusal to test for purposes of this policy shall include:

- Failure to provide a sufficient sample provided there does not exist a valid medical explanation as to why the employee was unable to do so;
- Any conduct that attempts to obstruct the testing process such as unavailability, leaving the scene of an accident without proper authorization, delay in providing a sample, adulterating, substituting or attempting to adulterate or substitute a specimen during the testing process, regardless of whether such attempt results in a negative or positive diluted sample;
- Failure to execute or release forms required as part of the testing process.

Prescriptions/OTC Medications

Employees must inform the City if they are taking any medication that may impair their ability to perform their job. Employees on such medications must provide a written release from their treating licensed medical practitioner indicating that they are capable of performing their essential job functions, with or without reasonable accommodation. Employees are prohibited from performing any City function or duty while taking legal drugs that adversely affect their ability to safely perform any such function or duty.

WORKPLACE VIOLENCE

Zero Tolerance

The City is committed to providing a work environment that is safe, secure and free of harassment, threats, intimidation and violence. In furtherance of this commitment, the City enforces a zero tolerance policy for workplace violence. Consistent with this policy, threats or acts of physical violence, including intimidation, harassment, and/or coercion which involve or affect employees, or which occur on City property or at a worksite, will not be tolerated. Employees who are found to have committed acts of workplace violence will receive discipline and possible criminal prosecution, depending on the nature of the offense.

Prohibited Acts of Violence

Prohibited acts of workplace violence include, but are not limited to, the following: (1) hitting or shoving; (2) threatening harm to an employee or his family, friends, associates, or property; (3) intentional destruction of property; (4) harassing or threatening telephone calls, letters or other forms of written or electronic communications, including email and website postings; (5) intimidating or attempting to coerce an employee to do wrongful acts, as defined by applicable law, administrative rule, policy, or work rule; (6) willful, malicious and repeated following of another person, also known as “stalking” and/or making threats with the intent to place another person in reasonable fear for his safety (7) suggesting or otherwise intimating that an act to injure persons or property is “appropriate”, without regard to the location where the suggestion or intimation occurs; and (8) unauthorized possession or inappropriate use of firearms, weapons, or any other dangerous devices on City property.

Warning Signs and Risk Factors

The following are examples of warning signs, symptoms and risk factors that may indicate an employee’s potential for violence. In all situations, if violence appears imminent, employees should take the precautions necessary to assure their own safety and the safety of others. An

employee should immediately notify management if they witness any violent behavior, including, but not limited to, the following: (1) hinting or bragging about a knowledge of firearms; (2) making intimidating statements such as: “You know what happened in Oklahoma City,” “I’ll get even,” or “You haven’t heard the last from me.”; (3) keeping records of other employees the individual believes to have violated departmental policy; (4) physical signs of anger, such as hard breathing, reddening of complexion, menacing stares, loudness, and profane speech; (5) acting out violently either verbally or physically; (6) excessive bitterness by a disgruntled employee or an ex-employee; (7) being a “loner,” avoiding all social contact with co-workers; (8) having a romantic obsession with a co-worker who does not share that interest; (9) history of interpersonal conflict; (10) domestic problems, unstable/dysfunctional family; and (11) brooding, depressed, strange behavior.

PERSONAL APPEARANCE

The Appointing Authority reserves the right to prescribe appropriate attire and grooming and to set standards which are deemed to be in the best interest of the City and ensure an appropriate image for the City.

The Appointing Authority requires that an employee's clothing, grooming, and overall appearance be appropriate, in good taste, present a favorable public image, and be in conformity with regulations established by the City due to the specialized nature of service provided or the employment position maintained.

Clothing shall be conducive to the safe and effective performance of required job duties.

Certain employees may be required to wear regulation uniforms while on duty. The applicable departments may establish policies and procedures governing uniforms. When employees are required to wear a regulation uniform, the City shall provide the uniforms and/or provide a uniform allowance as prescribed by the City ordinance or applicable collective bargaining agreement.

Employees are required to keep uniforms neat, clean, and in good repair. City-issued uniforms may only be worn by employees while conducting official City business.

The City shall provide standard work clothing and safety equipment for all maintenance employees of the Parks and Recreation, Service, Street, Vehicle Maintenance, Water/Waste Water, Storm

Water Utility and the Building Department employees. Each item of work clothing shall be suitably and permanently identified as belonging to the City. Any item unaccounted for shall be charged to the employee. Employees that are provided work wear will be required to wear it.

Non-Uniform Clothing

Employees not required to wear uniforms daily, may be provided shirts, sweaters, and jackets with the City of Reynoldsburg logo. The clothing may be worn for work at any time but are primarily to be worn for special events where it is desired the City of Reynoldsburg employees can be identified.

All clothing purchased must be approved colors and be branded with City of Reynoldsburg logo/name. Department directors are responsible approving clothing options with the City of Reynoldsburg logo.

While wearing city branded clothing, employees are to conduct themselves in a professional manner. This portion of the policy does negate the ability of the City of Reynoldsburg from providing protective clothing, boots, vests, gloves, aprons or other items deemed protective in nature and intended for specific purposes.

Uniforms or clothing purchased by the city and distributed to employees will be treated as a fringe benefit, included as wages to the employee and subject to withholding tax purposes unless not permit by law.

INVESTIGATIONS AND DISCIPLINE

The City has the right to investigate all alleged disciplinary violations. Employees are required to cooperate fully during investigations. Employees who are the subject of a formal investigation have the right to be accompanied, represented, and advised by an attorney. For all employees, the failure to respond, to respond truthfully, or to otherwise cooperate in an investigation, shall be considered insubordination and may result in termination. Employees involved in an investigation shall not discuss the facts of the investigation during the pendency of the investigation.

Classified employees may be placed on a paid “administrative” leave of absence with pay pending an investigation. A classified employee who has been charged with a violation of law that is punishable as a felony may be placed on unpaid “administrative” leave, for a period not to exceed two months, pending an investigation. However, a classified employee who is placed on unpaid leave and is later exonerated of a felony must be reimbursed for lost pay, plus interest, and lost benefits. Unclassified employees may be placed on paid or unpaid leave pending an investigation.

Employees who have completed their probationary period and who are in the classified civil services may only be disciplined for just cause. Disciplinary action will be commensurate with the offense. Discipline for minor infractions will normally be imposed in a progressive manner with consideration given to the nature of the offense, prior disciplinary action, length of service, the employee's position, the employee's record of performance and conduct along with all other relevant considerations. Nothing in the policy shall be construed to limit the City's discretion to impose a higher level of discipline under appropriate circumstances.

The following forms of misconduct constitute grounds for disciplinary action: incompetency, inefficiency, dishonesty, drunkenness, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, policy or work rule violations, conviction of a crime, failure of good behavior including a violation of ethics of public employment, failure to maintain licensing requirements, and any other acts of misfeasance, malfeasance, nonfeasance or any other reason set forth in O.R.C. § 124.34.

The property and image of the City is to be respected at all times; as such, an employee's off duty conduct that could reasonably negatively impact the City may form the basis for discipline. Any comments or questions concerning the standard of conduct expected should be directed toward the employee's immediate supervisor.

Employees have an obligation to immediately inform the City of any on-duty or off-duty arrests or convictions. An arrest or conviction may, or may not, result in discipline depending on the nature of the incident, the job performed, and other relevant considerations. Employees will not be granted vacation leave in order to serve jail time.

The filing or prosecution of criminal charges or other civil administrative investigations against an employee for alleged misconduct or criminal activity shall not be determinative as to appropriate disciplinary action, if any, under this policy. The City may investigate the employee's alleged misconduct or activities and determine the appropriate discipline, if any, without regard to pending administrative or criminal charges. The disposition of such administrative or charge is independent of a disciplinary investigation. Although the City may utilize information obtained during other investigations, the City's decision to take appropriate disciplinary action may or may not correspond with the filing, or non-filing, of criminal charges or civil actions. A felony conviction while employed with the City is just cause for termination.

Staff is responsible for reporting any incident or conduct they believe is inappropriate and/or in violation of City Policies and Procedures. This duty includes incidents actually observed, reported by residents, reported by staff, or suspected due to other facts.

When the City believes that discipline of a classified employee in the form of a paid or unpaid suspension, reduction or elimination of longevity pay, demotion or termination is possible, a pre-disciplinary conference shall be scheduled. Prior to the pre-disciplinary meeting, the employee

will be provided with written notice of the charges against him. At the pre-disciplinary conference, the employee may respond to the charges or have his chosen representative respond. Failure to attend the pre-disciplinary conference shall be deemed a waiver of the conference.

Unclassified employees are not entitled to a pre-disciplinary conference.

Classified employees may appeal suspensions of more than three (3) days, reductions in pay or position, or removals to the Civil Service Commission consistent with the City's civil service rules.

COMPLAINT PROCEDURE

Employees may have questions or concerns caused by misunderstandings in the application of policies, procedures and work rules. The City believes these questions and concerns heard promptly, and action taken to resolve or clarify a particular situation. Complaints regarding unlawful discrimination or harassment should be brought according to the unlawful discrimination and harassment policy contained in this manual.

All employees shall have the right to file a complaint without fear of retaliation. No employee shall be disciplined, harassed or treated unfairly in any manner as a result of filing a complaint. A complaint is defined as a disagreement between an employee and City as to the interpretation or application of official policies, departmental rules and regulations, or other disagreements perceived to be unfair or inequitable relating to treatment or other conditions of employment. The following is the procedure to be followed when an employee has a complaint as defined above:

Step 1: Immediate Supervisor

An employee having a complaint shall file it in writing with his Immediate Supervisor, as outlined in the procedure for his work unit. The employee's Immediate Supervisor will review the complaint and attempt to resolve the complaint within a reasonable time and will provide the employee with a written response. Step 1 may be bypassed by either the employee or Immediate Supervisor if the Immediate Supervisor lacks the authority to make a change and/or the Immediate Supervisor is the subject of the complaint.

Step 2: Department Head

Where the employee is not satisfied with Step 1 response of the Immediate Supervisor, the employee may submit the original complaint to the Department Head within seven (7) calendar days of the supervisor's written response. The Department Head will review all material provided and provide the employee with a written response in a timely manner.

Step 3: Mayor (or Designee)

Where the employee is not satisfied with the Step 2 response, the employee may submit the original complaint to the Mayor, or Designee, within seven (7) calendar days. The Mayor, or Designee, will review all material provided and will provide the employee with a written response in a timely manner.

Step 4: Civil Service Commission

1. If the complaint is not resolved, the aggrieved may file an appeal with the Appointing Authority within five (5) working days after receiving a reply from the Director as noted in Step 3. All decisions of the Appointing Authority are final, except those under the jurisdiction of the Reynoldsburg Civil Service Commission.
2. This grievance procedure will not apply to matters of reduction in pay, involuntary discharge, demotion, or suspension. There is a separate appeal process for classified employees under the Civil Service Commission to handle these problems.

Time limits as set forth in the procedure may be extended by mutual agreement of the parties in writing.

DURATION OF RECORDS

All actions of record will be maintained in each employee's personnel file throughout his period of employment, with the exception that any records of documented warnings will be removed from the file, upon the written request of the employee, one (1) year after such action was taken, provided no further corrective action of the same or similar nature has occurred. Written reprimands will be removed from the file upon the request of the employee, two (2) years after such action was taken, provided no further corrective action of the same or similar nature has occurred. Suspensions shall be removed from the file, upon the employee's request, four (4) years after such action was taken, provided that no further corrective action of the same or similar nature has occurred and further provided that the City can show no compelling need to retain such records beyond this time limit. All actions of record including warnings, written reprimands, and suspensions removed from an employee's personnel file shall be maintained in a separate sealed file. Reductions in pay or position shall be removed from a personnel file and shall be maintained in a sealed file upon the employee's request, four (4) years after such action was taken provided that the City can show no compelling need to retain such records beyond this time limit. Removed records, maintained in a sealed file, may only be accessed by the City in response to and defense of allegations filed against the City or its officials by the employee or by a third party, but shall not be utilized for any other purpose including discipline, promotions, or assignments, or pursuant to applicable law.

Removed records shall be destroyed in accordance with the City Records Commission.

LACTATION BREAKS

Employees who have recently given birth will be allowed a reasonable break time in order to nurse or express breast milk, for up to one year after the child's birth. The employee will be provided appropriate space, other than a bathroom, that is shielded from view and free from intrusion from workers and members of the public. Lactation breaks under this policy should, to the extent possible, run concurrently with any other break time available to the employee.

CONCEALED CARRY

Consistent with the Ohio Revised Code, no employee, contractor, client or other individual may carry, possess, convey or attempt to convey a deadly weapon or ordnance onto the property of the City. A valid concealed carry license does not authorize an individual to carry such a weapon onto these premises. Law enforcement officers specifically authorized to carry a firearm are exempted from this provision and may be permitted to carry a concealed weapon.

City employees are prohibited from carrying firearms any time they are working for the City or acting within the course and scope of employment. These situations include, but are not limited to attending training sessions or seminars, wearing a City identification badge, uniform, or other City issued paraphernalia that an employee is required to wear relative to their employment and working in resident's homes or other sites off City premises. Except for law enforcement officers, no employee or member of the public may carry, transport, or store a concealed weapon, firearm, or ammunition in a City owned vehicle.

This policy does not prohibit employees, possessing a valid license to carry a concealed handgun, from transporting and/or storing a firearm or ammunition in their personal vehicle at work locations where their personal vehicle is otherwise permitted to be (e.g. City Parking Lot). However, the employee must leave the firearm and ammunition in their personal vehicle. Employees are neither permitted to remove their firearm or ammunition from their personal vehicles while at work locations nor are they permitted to bring a concealed firearm or ammunition into a City owned building. The employee's firearm and ammunition must be stored in their personal vehicle in accordance with the storage provisions of the Concealed Carry statute. The

firearm and ammunition must be in a locked vehicle either in the glove compartment, a lock box or the trunk.

Employees shall immediately contact a supervisor if they suspect an employee or member of the public is carrying a concealed weapon, firearm, or ammunition on City premises. Employees are required to immediately contact a supervisor if they suspect an employee to be carrying a concealed weapon or firearm in violation of this policy at any time while they are working for the City, acting within the course and scope of employment, or acting as a representative of the City.

CONTACT WITH NEWS MEDIA/RESIDENTS

Any employee contacted by the news media or a citizen on a matter related to City operations should direct the caller to contact the Appointing Authority or designee. This policy is designed to avoid duplication, assure accuracy, and protect employees and the City from the dissemination of misstatements and misinformation.

This policy does not prohibit employees from making a public statement, in their off duty hours, on matters of public concern. However, this policy does prohibit employees from making unauthorized public statements during their working hours and from making public statements about matters of private concern that negatively impact the City.

EMPLOYEE INFORMATION AND RECORDS

Employee Information

The appropriate Appointing Authority shall establish and maintain a personnel file for each employee. The employee is responsible for providing the employer with the following information: the employee's legal name, address, telephone number, social security number, tax exemptions, affiliation with any branch of the armed services, the name and phone number of a person to contact in case of an emergency, loss of licensure or insurability, if applicable, and, any other requested information. In addition to providing this information, the employee is also responsible for promptly reporting any change in the information.

In the event the employer must send correspondence or other documentation to an employee who is on leave, the employer will mail the document to the last known address listed in the employee's personnel file. An employee will be considered to have constructive notice of any correspondence or documentation mailed to his last known address.

RELEASE OF RECORDS:

With the exception of certain law enforcement entities, the City, as well as, its employees is subject to the mandates of Chapter 1347 of the Ohio Revised Code regarding personal information systems. The City maintains records that are manually stored and records that are stored using electronic data processing equipment. Records maintained by the City include personal information (i.e. employee information required above).

The Human Resources Director is appointed to be directly responsible for the City's personal information systems. The City understands that it creates, receives, and maintains sensitive and private information, and will ensure that it collects, maintains, and uses only personal information that is necessary and relevant to the functions of the City. Personal information maintained by the City shall not be modified, destroyed, or disclosed without the approval of the Records Commission. The City will continually monitor the personal information system, and make necessary adjustments to ensure the system's accuracy. Employees will be trained on the use of personal information, including review of this policy. Employees who use personal information in an unauthorized manner shall be subject to the City's disciplinary policy.

Records maintained by the City that are not defined as "public records" in §149.43 of the Ohio Revised Code or other applicable provisions of law, shall not be released from an employee's personnel file unless specifically authorized by such employee in writing. Pursuant to applicable law, medical records are not public records and are maintained in a separate file. Records maintained by the City that are defined as public records shall be released in accordance with

law. The City will attempt to give employees at least twenty-four hours notice before releasing their personal information in response to a public records request.

REVIEW OF FILE:

Each employee shall have the right, with reasonable notice, to examine his personnel file. Such examination shall be made on non-work time or at some other mutually agreeable time. If an employee disputes the accuracy, timeliness, relevance, or completeness of documents in her file, he may submit a written request that the appointing authority investigate the current status of the information. The appointing authority will make a reasonable investigation to determine the accuracy, timeliness, relevance, and completeness of the file, and will notify the employee of the results of the investigation and any plans the appointing authority has to take action with respect to the disputed information.

Employees are not permitted to alter, add or remove documents or other information contained in their personnel files absent express authorization from the appropriate appointing authority. An employee who alters, adds or removes documents or information from his personnel file without prior approval may be subject to discipline. Employees may submit a statement to be attached to any disputed document.

INTRODUCTION OF PERSONNEL PROCEDURE MANUAL

The provisions of this Personnel Procedure Manual (Manual) are applicable to all City employees, unless otherwise specified or governed by a collective bargaining agreement. The Manual is not a contract of employment or a guarantee of any rights or benefits, but is merely intended to be used to assist and guide employees in the day-to-day directions and performance of their duties.

The policies adopted in this Manual supersede all previous written and unwritten personnel policies or operational guidelines that directly conflict with this Manual, excluding Charter provisions and ordinances adopted by City Council, including Chapter 160, which may be amended from time to time. This Manual is also intended to be construed in such a manner as to comply with all applicable federal, state, and civil service laws and regulations. Employees are responsible, as a condition of their employment, to familiarize themselves with, and abide by, these policies and procedures.

The City may revise these policies with or without advance notice. The City will attempt to give employees advance notice of any Manual changes. Notice of revisions shall be provided to all employees.

If any article or section of this Manual is held to be invalid by operation of law, the remainder of this Manual and amendments thereto shall remain in force and effect. Should a conflict arise between the Ohio Revised Code (O.R.C.), applicable federal law, or applicable local law and this Manual, law shall prevail. Additionally, should a direct conflict exist between this Manual and a Collective Bargaining Agreement, the Bargaining Agreement shall prevail.

Questions regarding the interpretation and application of these policies and procedures contained herein shall be directed to the employee's Department Head/Supervisor with input from the Human Resources Director.

In addition to the policies and procedures contained herein, each department and/or division of the City may have operational rules and/or policies in writing or practice that are unique to that department or division which are not covered by this Manual. Employees are responsible for complying with those departmental or divisional rules and policies, in addition to the policies and procedures contained herein.

All supervisory personnel responsible for administering the policies and procedures contained in this Manual. Supervisory personnel shall administer all policies and procedures contained herein to ensure compliance by subordinate personnel.

EQUAL EMPLOYMENT OPPORTUNITY POLICY

The City is an equal opportunity employer and does not discriminate on the basis of race, color, religion, sex, age, national origin, disability, military status, genetic testing, or other unlawful bias except when such a factor constitutes a bona fide occupational qualification (“BFOQ”). All personnel decisions and practices including, but not limited to, hiring, suspensions, terminations, layoffs, demotions, promotions, transfers, and evaluations, shall be made without regard to the above listed categories.

The City does not tolerate any conduct that intimidates, harasses, or otherwise discriminates against any employee or applicant for employment on the grounds listed above. Anyone who feels that their rights have been violated under this policy should submit a written complaint of discrimination to the Human Resources Director, who shall have the authority and responsibility to investigate and take appropriate action concerning the complaint.

AMERICANS WITH DISABILITY ACT

The City prohibits discrimination in hiring, promotions, transfers, or any other benefit or privilege of employment, of any qualified individual with a permanent disability. To be considered a qualified individual, the employee must satisfy the requisite skills, experience, education and other job-related requirements of the position he holds or desires and must be able to perform the essential functions of his position, with or without a reasonable accommodation.

The City will provide reasonable accommodation to a qualified applicant or employee with a disability unless the accommodation would pose an undue hardship on or direct threat to the facility. Decisions as to whether an accommodation is necessary and/or reasonable shall be made on a case-by-case basis after engaging in an interactive process. An employee who wishes to request an accommodation shall direct such request to the HR Director, or EEO/ADA Coordinator, each of whom shall have the authority and responsibility to investigate and take appropriate action. Requests for accommodation should be in writing to avoid confusion; however, verbal requests will be considered. The employer and employee will meet and discuss whether an accommodation is appropriate and, if applicable, the type of accommodation to be given.

Any employee who feels that his rights have been violated under this policy should submit a written complaint as set forth in the Unlawful Discrimination and Harassment Policy.

Definitions

Sex-Based Discrimination

Sex discrimination involves treating someone unfavorably because of that person's sex. Discrimination against an individual because of gender identity, including transgender status, or because of sexual orientation is discrimination because of sex in violation of Title VII, which protect lesbian, gay, bisexual, and transgender (LGBT) applicants and employees against employment bias.

Unlawful discrimination occurs when individuals are treated less favorably in their employment because of their membership in a protected classification. An employer may not discriminate against an individual with respect to the terms and conditions of employment, such as promotions, raises, and other job opportunities, based upon that individual's membership in that protected class.

Harassment is a form of discrimination. Harassment may be generally defined as unwelcome conduct based upon a protected classification. However, harassment becomes unlawful where:

1. Enduring the offensive conduct becomes a condition of continued employment.
2. The conduct is severe or pervasive enough to create a work environment that a reasonable person would consider intimidating, hostile, or abusive.

Examples.

By way of example, sexual harassment is one type of unlawful harassment. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

1. Submission to the conduct is made either explicitly or implicitly a term or condition of an individual's employment.
2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual.
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive work environment. Harassment on the basis of an employee's membership in any protected classification (as set forth above) is unlawful, will not be tolerated, and must be reported.
4. Unlawful discrimination and harassment does not generally encompass conduct of a socially acceptable nature. However, some conduct that is appropriate in a social

setting may be inappropriate in the work place. A victim's perceived acquiescence in the behavior does not negate the existence of unlawful discrimination or harassment. Inappropriate conduct that an employee perceives as being "welcome" by another employee may form the basis of a legitimate complaint.

5. Additional examples of unlawful sexual harassment may include, but are not limited to: repeated unwanted and/or offensive sexual flirtations, advances or propositions; verbal abuse; graphic comments; display of objects, pictures or displays through other media; offensive, abuse and/or unwanted physical contact.

UNLAWFUL DISCRIMINATION AND HARASSMENT

The City is committed to providing an environment that is safe and free from unlawful discrimination and harassment. Unlawful discrimination or harassment is behavior directed toward an employee because of his membership in a protected class such as: race, color, religion, sex, age, national origin, disability, military status, genetic testing, or other unlawful bias. Discrimination and harassment is inappropriate and illegal and will not be tolerated. All forms of unlawful discrimination and harassment are governed by this policy and must be reported and addressed in accordance with this policy. Unlawful discrimination and/or harassment may be committed against employees by elected officials, department heads, supervisors, co-workers, or members of the public. Further, unlawful discrimination and/or harassment may occur on-duty or off-duty.

Off Duty Conduct

Unlawful discrimination or harassment that affects an individual's employment may extend beyond the confines of the workplace. Conduct that occurs off duty and off premises may also be subject to this policy. Employees are also cautioned that conduct off-duty and online may be constitute unlawful discrimination or harassment.

REPORTING HARASSMENT OR DISCRIMINATION

It is the responsibility of the City to maintain an environment that is free from unlawful discrimination or harassment. Employees who feel they have been subject to unlawful discrimination or harassment by a fellow employee, supervisor, or other individual otherwise affiliated with the City shall immediately report the conduct, in writing, the Human Resources Director, who shall have the authority and responsibility to investigate and take appropriate action concerning the complaint. Similarly, employees who feel they have knowledge of discrimination or harassment, or who have questions or concerns regarding discrimination or harassment, shall

immediately contact their supervisor. Late reporting of complaints and verbal reporting of complaints will not preclude the City from taking action. However, so that a thorough and accurate investigation may be conducted, employees are encouraged to submit complaints in writing and in an expedient manner following the harassing or offensive incident. All supervisors are required to follow up on all claims or concerns, whether written or verbal, regarding unlawful discrimination and harassment.

Although employees may confront the alleged harasser at their discretion, they are also required to submit a written report of any incidents as set forth above. When the City is notified of the alleged harassment, it will timely investigate the complaint. The investigation may include private interviews of the employee allegedly harassed, the employee committing the alleged harassment and any and all witnesses. Information will be kept as confidential as practicable, although confidentiality is not guaranteed. All employees are required to cooperate in any investigation. Determinations of harassment shall be made on a case-by-case basis. If the investigation reveals the complaint is valid, prompt attention and disciplinary action designed to stop the harassment and prevent its recurrence will be taken.

Retaliation.

Anti-discrimination laws prohibit retaliatory conduct against individuals who file a discrimination charge, testify, or participate in any way in an investigation, proceeding, or lawsuit under these laws, or who oppose employment practices that they reasonably believe discriminate against protected individuals, in violation of these laws. The law also prevents retaliatory conduct against individuals who are close friends or family members with an individual who engaged in protected conduct. The City and its supervisors and employees shall not in any way retaliate against an individual for filing a complaint, reporting harassment, participating in an investigation, or engaging in any other protected activity. Any employee who feels he has been subjected to retaliatory conduct as a result of actions taken under this policy, or as a result of his relationship with someone who took action under this policy shall report the conduct to their supervisor immediately. Disciplinary action for filing a false complaint is not a retaliatory act.

False Complaints.

Legitimate complaints made in good faith are strongly encouraged; however, false complaints or complaints made in bad faith will not be tolerated. Failure to prove unlawful discrimination or harassment will not constitute a false complaint without further evidence of bad faith. False complaints are considered to be a violation of this policy.

Corrective Action.

If the City determines unlawful discrimination, harassment, or retaliation has taken place, appropriate corrective action will be taken, up to and including termination. The corrective action will be designed to stop the unlawful conduct and prevent its reoccurrence. If appropriate, law enforcement agencies or other licensing bodies will be notified. Any individual exhibiting retaliatory or harassing behavior towards an employee who exercised a right under this policy, or who is a close personal friend or family member of someone who exercised a right under this policy, will be subject to discipline, as will any employee who has knowledge of unlawful conduct and allows that conduct to go unaddressed.

Coverage.

This policy covers all employees, supervisors, department heads and elected officials. Additionally, this policy covers all suppliers, subcontractors, residents, visitors, clients, volunteers and any other individual who enters City property, conducts business on City property, or who is served by City personnel.

CLASSIFICATION STATUS

The classified service shall comprise all City employees not specifically included in the unclassified service. Following completion of the probationary period of one (1) year, no classified employees shall be reduced in pay or position, fined, suspended or removed, or have his or her longevity reduced or eliminated, except and for those reasons set forth in the civil service law, or local law. Such reasons include: incompetency, inefficiency, dishonesty, drunkenness, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, violation of any policy or work rule of the City, any other failure of good behavior, any other acts of misfeasance, malfeasance or nonfeasance in office, or conviction of a felony, except for just cause.

Unclassified employees serve at the pleasure of the City and may be terminated or otherwise separated from employment for any reason not inconsistent with law. An unclassified employee may not be rendered classified due to the provisions of this Manual.

PROBATIONARY PERIOD

Newly hired or newly promoted employees in the classified service shall be required to successfully complete a one (1) year probationary period. The probationary period allows the City to closely observe and evaluate the employee's fitness and suitability for the position. Only those employees who demonstrate an acceptable standard of conduct and performance shall be retained in their positions.

A newly hired probationary period may be removed at any time during their probationary period due to unsatisfactory work performance. If an employee is removed during their original appointment probationary period, the employee lacks any appeal rights. Time spent on inactive pay status or non-paid leave of absence shall not be counted toward the completion of the probationary period. An employee's probationary period may be extended due to time spent in inactive pay status or on a non-paid leave of absence.

Employees working irregular schedules and intermittent employees shall have a one (1) year probationary period.

The failure of a promoted employee to complete a probationary period due to unsatisfactory performance shall result in the employee being returned to the same or similar position he held at the time of his promotion.

Unclassified employees serve at the pleasure of the appropriate appointing authority and do not serve a probationary period. Nothing contained in this policy should be considered a waiver of the right to remove an unclassified employee consistent with law.

REDUCTION IN FORCE

If it becomes necessary to reduce staffing levels by layoff or job abolishment due to lack of work, lack of funds, reorganization or other justified business reason, the City shall lay off employees in accordance with law. The City shall determine the number of positions and the classifications in which layoffs will occur. Employees may have recall rights for up to one (1) year.

MEDICAL EXAMINATIONS AND DISABILITY SEPARATION

All City employees are required and expected to maintain the appropriate physical and mental capacities to perform the essential functions of their job. The City may require an employee to take an examination, conducted by a licensed medical practitioner, to determine the employee's physical or mental capacity to perform the essential functions of his job, with or without reasonable accommodation. This examination may include a fitness-for-duty examination following an employee's absence from work due to their own illness or injury. This examination shall be at the City's expense. If the employee disagrees with the City's licensed medical practitioner's determination, he may request to be examined by a second licensed medical practitioner of his choice at his own expense. If the reports of the two practitioners conflict, a third opinion shall be rendered by a neutral party chosen by the City and paid for by the City. The third opinion shall be controlling.

If an employee, after examination, is found to be unable to perform the essential functions of his position with or without reasonable accommodation, he may request use of accumulated, unused, paid and unpaid leave benefits, if applicable.

If a classified employee remains unable to perform the essential functions of his position after exhausting available leaves, he may request a voluntary disability separation. The City may require an employee seeking a voluntary disability separation to undergo a physical or

psychological examination by a licensed medical practitioner of its choosing. If the examination supports the request for a voluntary disability separation, it will be granted.

If, after exhausting available leave, an employee refuses to request a voluntary disability separation, the City may place the employee on an involuntary disability separation if the City has substantial credible medical evidence to indicate that the employee remains disabled and incapable of performing the essential job duties. If the City seeks to involuntarily disability separate an employee, it may request that an employee submit to a medical or psychological examination to determine the employee's physical and mental capacity to perform the essential functions of their job. The employee must cooperate in this process. A failure to participate in the process may result in a finding that the employee is insubordinate which may result in discipline, up to and including termination. The City will select the licensed medical practitioner. While an examination is pending, the employee may be placed on administrative leave with pay.

If, after the examination, the City determines that the employee is incapable of performing the essential functions of the position, it shall institute the involuntary disability separation process. The City shall schedule a hearing with at least seventy-two (72) hours advance notice regarding whether the employee is capable of performing the essential functions of the position. The employee may waive the right to a hearing. However, if the employee chooses to have a hearing, the employee has the right to examine the City's evidence regarding the employee's ability to perform the essential functions of the position, rebut the City's evidence and/or present their own medical evidence.

If it is determined after the hearing that the employee is incapable of performing the essential functions of the position, the City shall issue an involuntary disability separation, which may be appealed to the City's civil service commission. However, if, after a hearing, it is determined that the employee is capable of performing the essential functions of their position, the employee shall be deemed fit for duty and returned to their position.

Employees that are disability separated have a two (2) year right to reinstatement. Any requests for reinstatement must be made in writing and include appropriate medical documentation to support the request. The City may require the employee to be examined by a licensed medical practitioner of its choosing. The City shall pay for the cost of its licensed medical practitioner. If it is determined that the employee is capable of performing the essential functions of the position, the employee shall be reinstated.

WORKPLACE ROMANCES

To avoid concerns of sexual harassment, preferential treatment and other inappropriate behavior, employees are required to inform the Human Resources Director if they currently are, or if they intend to become, romantically involved with a co-worker. Such relationships are not necessarily

prohibited, but must be appropriately addressed. Should the City determine that a conflict exists between an employee's employment and a personal relationship with a co-worker, the City will attempt to work with the employees to resolve the conflict. Should operational needs prevent resolution, the relationship must cease or one or both of the parties must separate from employment. Supervisors are expressly prohibited from engaging in romantic or sexual relationships with any employee they directly, or indirectly, supervise.

NEPOTISM

Hiring

Although the employment of close relatives is discouraged, the City will receive employment applications from relatives of current employees. However, the following five (5) situations shall prevent the City from hiring a relative of a current employee:

1. If one relative would have supervisory or disciplinary authority over another.
2. If one relative would audit the work of another.
3. If a conflict of interest exists between the relative and the employee or the relative and the City.
4. If the hiring of relatives could result in a conflict of interest.
5. If one of the family members would have access to confidential material.

Employment

An employee is not permitted to work in a position where his supervisor or anyone within his chain of command is a relative. If such a situation is created through promotion, transfer or marriage, one of the affected employees must be transferred or an accommodation acceptable to the City must be established. Termination of employment will be a last resort. If two employees marry, they will be subject to the same rules listed above as other relatives.

The provisions of O.R.C. §§ 102.03 and 2921.42 render it unlawful for a public official to use his influence to obtain a benefit, including a job for her relative. Any violation of these statutes may result in criminal prosecution and/or disciplinary action. For purposes of the Article, the term "relative" shall include spouse, children, grandchildren, parents, grandparents, siblings, brother-in-law, sister-in-law, daughter-in-law, son-in-law, father-in-law, mother-in-law, stepparents, stepchildren, stepsiblings, and a legal guardian or other person who stands in the place of a parent to the employee.

ETHICS/CONFLICTS OF INTEREST

The proper operation of a democratic government requires that actions of public officials and employees be impartial, that government decisions and policies be made through the proper channels of governmental structure, that public office not be used for personal gain, and that the public have confidence in the integrity of its government. Ohio Revised Code §§ 102.03 and 2921.42 prohibit public employees from using their influence to benefit themselves or their family members. In recognition of the above-listed requirements, the following Code of Ethics is established for all City officials and employees:

- A.** No employee shall use his official position for personal gain, or shall engage in any business or shall have a financial or other interest, direct or indirect, which is in conflict with the proper discharge of his official duties.
- B.** No employee shall, without proper legal authorization, disclose confidential information concerning the property, government or affairs of the City, nor shall he use such information to advance the financial or other private interest of himself or others.
- C.** No employee shall accept any valuable gift, whether in the form of service, loan, item or promise from any person, firm or corporation that is interested directly or indirectly in any manner whatsoever in business dealings with the City; nor shall an employee accept any gift, favor or item of value that may tend to influence the employee in the discharge of his duties or grant, in the discharge of the employee's duties any improper favor, service or item of value.
- D.** No employee shall represent private interests in any action or proceeding against the interest of the City in any matter wherein the City is a party.
- E.** No employee shall engage in or accept private employment or render services for private interests when such employment or service is incompatible with the proper discharge of his official duties or would tend to impair his independent judgment or action in the performance of his official duties. Neither shall other employment, private or public, interfere in any way with the employee's regular, punctual attendance and faithful performance of his assigned job duties.

Any employee having doubt as to the applicability of these provisions should consult the Human Resources Director. Any employee offered a gift or favor who is not sure whether acceptance is a violation of the Code of Ethics, should inform his supervisor of the gift offer. No employee will accept from any contractor or supplier doing business with the City, any material or service for the employee's private use.

State law prohibits City employees and officials from having a financial interest in companies that do business with the City, with minor exceptions. Employees who have any doubt concerning a possible violation of these statutes are advised to consult an attorney.

PERSONNEL FILES AND INFORMATION

The City shall maintain personnel files for all City employees. Such files may include individual employment data, payroll information, schedules, records of additions or deductions, application forms, and records pertaining to hiring, promotion, demotion, transfer, layoff and termination. Personnel files shall be available to members of the public in accordance with the law. An employee shall have a right of reasonable inspection of his official personnel file. No personnel records shall be removed from the official records unless in accordance with state or federal law or in accordance with the City's retention of records policy.

When a public records request is made for an employee's records, the City will endeavor to inform the employee of the request in advance of the release of records. The City will make reasonable efforts to redact personal information, and other non- public information, from the files before release. Notifying the employee of the release may not result in an unreasonable delay in releasing the records pursuant to an appropriate request. Employees are responsible for taking legal action in the event they wish to prohibit release of the requested documents to the requesting individual or entity.

Employees must timely advise the City of any change in name, address, marital status, telephone number, number of tax exemptions, citizenship, or association with any government military service organization.

OUTSIDE EMPLOYMENT

Employees are required to notify their supervisor of any outside employment. No employee shall have outside employment, which conflicts in any manner with the employee's ability to properly and efficiently perform his duties and responsibilities with the City. Employees are expected to be at work and fit for duty when scheduled.

Employees are prohibited from engaging in secondary employment while on sick leave, disability leave, or family medical leave. Employees are strictly prohibited from engaging in or conducting outside private business during scheduled working hours and are further prohibited from engaging in conduct which creates a potential or actual conflict of interest with their duties and responsibilities as a City employee.

RESIGNATION

Employees may voluntarily resign in good standing by submitting a written letter of resignation to their Appointing Authority at least two (2) weeks in advance of the effective date of resignation. Such resignation letter should be signed, dated and include the expected date of resignation. A failure to provide the appropriate notice may result in an individual being ineligible for re-employment with the City.

Employees voluntarily resigning from the City are expected to return all City equipment/property to their supervisor on, or before, the date of their voluntary resignation. A failure to timely return City equipment/property may result in a delayed delivery of their final paycheck.

An employee that is absent without leave for three (3) or more consecutive days may be considered to have constructively resigned their employment with the City.

POLITICAL ACTIVITY

Although the City encourages all employees to exercise their constitutional rights to vote, certain political activities are legally prohibited for classified employees of the City whether in active pay status or on leave of absence. The following activities are examples of conduct permitted by classified employees:

- a. Registration and voting.
- b. Expressing opinions, either orally or in writing.
- c. Voluntary financial contributions to political candidates or organizations.

 - 13. Participation in a political action committee that supports partisan activity.

Any employee having a question pertaining to whether specific conduct of a political nature is permissible should contact their immediate supervisor, or City Attorney, prior to engaging in such conduct.

PERFORMANCE EVALUATIONS

A written Performance Evaluation provides supervisors with an effective mechanism to measure and communicate levels of job performance to their employees. The City may conduct annual performance evaluations of employees. Evaluations, if conducted, will be based upon defined and specific criteria and will generally be reviewed with the employee by their supervisor or department head. The results will be discussed with the employee and the employee will be asked to sign the evaluation. An employee's signature will reflect their receipt of the evaluation, not their agreement with its contents. Should the employee refuse to sign, a notation will be made reflecting the date and time of the review along with the employee's refusal to sign. Employees may offer a written response to their performance evaluation. Such response, if given, will be maintained with the evaluation. Performance evaluations will be retained in the employee's personnel file.

Additional performance evaluations may be performed by the City at the City's discretion.

SOLICITATION

Individuals not employed by the City are prohibited from soliciting funds or signatures, conducting membership drives, distributing literature or gifts, offering to sell merchandise or services (except by representatives of suppliers or vendors given prior authority), or engaging in any other solicitation, distribution, or similar activity on the premises or at a worksite.

The City may authorize a limited number of fund drives by employees on behalf of charitable organizations or for employee gifts. Employees are encouraged to volunteer to assist these drives; however, participation is entirely voluntary.

The following restrictions apply when employees engage in permitted solicitation or distribution of literature for any group or organization, including charitable organizations:

- A. Distribution of literature, solicitation and the sale of merchandise or services is prohibited in public areas.
- B. Soliciting and distributing literature during the working time of either the employee making the solicitation or distribution, or the targeted employee, is prohibited. The term "working time" does not include an employee's authorized lunch or rest periods or other times when the employee is not required to be working.
- C. Distributing literature in a way that causes litter on City property is prohibited.

The City maintains various communications systems to communicate City-related information to employees and to disseminate or post notices required by law. The unauthorized use of the communications systems or the distribution or posting of notices, photographs, or other materials on any City property is prohibited.

Violations of this policy will be addressed on a case-by-case basis. Disciplinary measures will be determined by the severity of the violation, not the content of the solicitation or literature involved.

PAYCHECKS

The City requires that all payroll checks be issued by way of Direct Deposit. It is the employees responsibility to inform the City of any changes, pay will be issued on the Friday following the end of a pay period, except when a regular payday falls on a holiday. If payday falls on a holiday, paychecks will be distributed the day immediately preceding the holiday. Pay advances are not permitted.

REPORTING TO WORK AND TARDINESS

Employees are expected to report for and remain at work as scheduled and to be at their work stations at their starting time. Employees who call off work for personal reasons should call off in advance of their starting time in accordance with procedures established by their Supervisor. Employees who call off must make contact with their supervisor or designee each day of their absence unless they have made alternate arrangements. Calling off work in accordance with this procedure will not necessarily result in an employee receiving approved leave for their absence.

Tardiness may result in a reduction in the corresponding amount of pay for which the employee is late and/or discipline.

HOURS OF WORK AND OVERTIME

The City will establish the hours of work for all employees. Generally, the normal business hours will be 8:00 a.m. to 5:00 p.m. Work hours may vary by Department. Staff may be required to work days, evenings, nights and/or weekends due to operational needs. Additionally, each City Department may alter the work schedules, days off and shifts of employees based upon operational needs.

Due to federal regulations, employees who are not exempt from the overtime provisions of the Fair Labor Standards Act (“FLSA”) are prohibited from signing in or beginning work before their scheduled starting time, or signing out/stopping work past their scheduled quitting time except with supervisory approval or in emergency situations. Additionally, non-exempt employees who receive an unpaid lunch period are prohibited from working during their lunch period except with supervisory approval or in emergency situations. Non-exempt employees who work outside their regularly scheduled hours in contravention of this rule shall be paid for all hours actually worked, but may be disciplined accordingly.

Failure to properly sign-in or sign-out as required, misrepresenting time worked, altering any time record, or allowing a time record to be altered by others will result in disciplinary action. However, supervisors may make adjustments to an employee’s time sheet, as necessary.

Generally, employees not exempt from the overtime provisions of the FLSA shall be compensated for overtime for all hours worked in excess of forty (40) in any one work week, regardless of the employee’s regularly scheduled work day. Overtime shall be compensated at a rate of one and one-half times the employee’s regular rate of pay for overtime worked, including time spent in paid status, unless otherwise noted.

The City may require overtime as a condition of continued employment. An employee who refuses to work a mandatory overtime assignment may be considered insubordinate and disciplined accordingly. Additionally, the City may authorize or require employees to work a flexible schedule in a work week. For overtime-eligible employees, a flexible schedule must occur within a single forty-hour workweek.

Employees who are exempt from the overtime provisions of the FLSA are not eligible for overtime payment. Such exemptions may include employees whose job duties are executive, administrative or professional in nature. At the discretion of the appointing authority, exempt employees may be required to keep track of, and report, their hours without destroying their exempt status. However, generally, exempt employees will not have a reduction in pay for absences of less than an entire work period of five (5) days. Absences will first be deducted from the employee’s accumulated sick leave (if appropriate), vacation leave or other paid leave. The following positions have been determined to be exempt from the overtime provisions of the FLSA:

Safety Director	Service Director
Development Director	Parks & Recreation Director
Computer Systems Director	Tax Administrator
Human Resources Director	Superintendent of Streets
Chief Building Official	Clerk of Courts
Superintendent of Water/Wastewater	Planning and Zoning Administrator
Chief of Police	Director of Senior Center
Deputy Chief of Police	Assistant City Attorney

Finance Manager
Clerk of Council

Assistant City Prosecutors

COMPENSATORY TIME

Employees may choose to take compensatory time for overtime worked in lieu of compensation if such choice is indicated during the pay period in which the overtime is worked and the request is approved by the Appointing Authority or designee.

- a. Compensatory time shall be credited to employees who are eligible for overtime pay at the rate of one and one-half (1½) hour for each overtime hour worked.
 - b. Employee's compensatory time balance shall be limited to a maximum of 100 hours, therefore, they would have to use some of the compensatory time before they could accumulate more. Once an employee reaches 100 hours, they must take over-time pay until they drop below 100 hours.
 - c. Employees shall have the option of receiving a cash payment for any or all hours accrued but unused compensatory time in that calendar year. Request for payout of comp time must be submitted by the 15th of October. The payment will be made at the employee's current rate of pay and will be paid no later than mid-November of that year.
 - d. Any hours which are not paid out will be carried over to the next calendar year and will be subject to a 100 hour maximum refillable bank for the following year.
2. Any overtime pay earned as a result of this section must be within the limits appropriated by City Council.
 3. In case of death of an employee, any earned overtime hours worked credited to such employee shall be paid to the surviving spouse, or to the estate of the deceased, if there is no surviving spouse.
 4. Upon separation from employment with the City for any reason, the employee (or spouse or estate upon employee's death) shall be entitled to payment for any accrued but unpaid overtime hours, including compensatory time hours accrued but not used. Such payment shall be at the overtime rate applicable to the employee's current rate of pay at the time of separation.

CALL-IN PAY

When an employee is called back to work by his supervisor for hours not abutting their regular work hours, the employee shall receive a minimum of two (2) hours pay at the employee's overtime rate. If the employee is called-in and works more than two (2) hours, the employee shall be paid their overtime rate for all hours worked.

EMERGENCY HOLIDAY CALL IN PAY

Employees that are called in due to an emergency on any of the City recognized holidays will be paid two (2) times their rate of pay plus the holiday pay.

INCLEMENT WEATHER

The City recognizes that on certain days it may not be possible to report to duty due to inclement weather caused by excessive snow, ice or other weather conditions.

When snow, ice, or other weather conditions make travel to and from work difficult, but it is not severe enough to close the City, employees are encouraged to make reasonable efforts to report to work as scheduled. Employees will be compensated in the following manner for these types of weather conditions:

- A. Employees reporting for work as scheduled will be paid at their regular rate of pay for all hours actually worked.
- B. Employees not scheduled to work, but who are called-in, shall be paid consistent with the Call-In Pay Policy for all hours worked.
- C. Employees who are scheduled to work and who make a reasonable attempt to report to work, but are unable to due to weather conditions, shall notify their immediate supervisor as soon as possible. Employees unable to report to work may:
 - a. Request to use accrued vacation or personal leave for the period of absence, subject to the approval of their supervisor, or Department Head;
 - b. Request a personal leave of absence without pay for the period of absence, subject to the approval of their supervisor, or Department Head;
 - c. Employees failing to report during inclement weather without notifying their supervisor, or Department Head, may be subject to discipline for being absent without leave.

In cases when weather conditions are severe enough to cause the Sheriff of the County of the employee's residence to issue a Level III emergency, or for the Mayor to officially close the City and/or non-continuous operating City facilities, the following apply:

- A. Employees who were scheduled to work, but are unable to do so due to the closure, shall suffer no loss of pay;
- B. If the office or facility is closed due to a Level III emergency and the employee is required to leave early, the employee shall suffer no loss of pay for the remainder of their regularly scheduled shift;
- C. If the Level III emergency is lifted during the shift, after the employee has already been notified not to report, the employee will suffer no loss of pay for the entire shift.

Employees working in facilities that operate 24-hours per day on a continuous basis shall make every reasonable effort to report to work, even during Level III emergencies, so long as the employee can report in a safe manner. The following procedures apply to employees employed in continuous operating facilities and to other employees that may be required to report, such as building and grounds personnel:

- A. An employee reporting to work shall be paid their regular hourly rate for all hours worked, plus receive, hour-for-hour, an additional hour of pay or compensatory time for each non-overtime hours worked on their regular shift (double-time);
- B. Employees scheduled to work, but unable to report for their regular shift, shall suffer no loss of pay for their regularly scheduled shift;

The City may offer to transport essential employees during a weather emergency to adequately staff continuous and essential operations facilities. Such employees shall be required to accept the offer of transportation. An employee refusing transportation will be deemed to be absent without leave.

Employees attempting to arrive at work during inclement weather, or a weather emergency, will be given reasonable consideration in the event that they arrive late for work.

Employees already on approved leave during the day of inclement weather, or weather emergency, shall remain on leave and not be eligible for any benefits provided by this policy.

EDUCATIONAL ASSISTANCE INCENTIVE PROGRAM

All full-time employees are eligible to participate in the Educational Assistance Incentive Program of the City. Participation is voluntary and available to those who elect job-related self-development activities during non-working hours. All coursework must be taken in accordance with a Planned Program of Professional Improvement approved by the appointing authority in advance.

An employee who has received educational assistance must remain an employee for one (1) year following completion of the courses for which assistance was received. Should an employee separate from service with the City within the one (1) year period, except in the event of a disability retirement, that employee must repay any assistance received in the one (1) year period.

SICK LEAVE

Accumulation

Each employee shall be entitled for each completed eighty (80) hours of service to sick leave of four and six-tenths (4.6) hours of pay, and unused sick leave may be accumulated without limit. Previous accumulated sick leave of an employee who has separated from public service shall be re-credited if reemployment in public service takes place within ten (10) years of the last termination from public service and the employee provides proof of the prior leave balance. An employee who transfers from one public agency to another shall be credited with their balance of unused sick leave upon the showing of proof of sick leave from the employee's prior agency. Sick leave shall be at the employee's current rate of pay.

Use

Sick leave may be used by employees and upon approval of the City for absences due to the following:

1. Illness, injury, or pregnancy-related medical condition of the employee.
2. Exposure of an employee to a contagious disease which could be communicated to and jeopardize the health of other employees.
3. Examination of the employee, including medical, psychological, dental, or optical examination, by an appropriate licensed medical practitioner.
4. Death of a member of the employee's immediate family. Such usage shall be limited to reasonably necessary time, not to exceed three (3) days. The City may grant additional time off on a case-by-case basis.
5. Illness, injury, or pregnancy-related medical condition of a member of the employee's immediate family where the employee's presence is reasonably necessary for the health and welfare of the employee or affected family member.
6. Medical, dental or optical examinations or treatments of an employee or of a member of an employee's immediate family where the employee's care and attendance is reasonably required.

Elective cosmetic surgeries that are not medically necessary do not constitute an appropriate usage of sick leave. Other appropriate leaves of absence, such as vacation, may be requested for such purposes.

For purposes of sick leave, immediate family is defined as the following individuals that either live in your home or you are the primary person responsible for their care: grandparent; great-grandparents; brother; sister; brother-in-law; sister-in-law; daughter-in-law; son-in-law; father; mother; father-in-law; mother-in-law; spouse; child; step-child; step-parent; grandchild; legal guardian; or other person who stands in place of a parent.

Grandparent-in-law, aunts and uncles shall also be considered immediate family for bereavement leave purposes. Such usage shall be limited to reasonably required time, not to exceed one (1) day. The City may grant additional time off on a case-by-case basis not to exceed three (3) days.

Employee Notification

When an employee is unable to report to work due to illness or other acceptable sick leave reason, he shall notify his supervisor. An employee must continue such notification each succeeding day of absence except in cases of prolonged illness or absence where the employee has been granted a set period of leave. Failure of an employee to make proper notification may result in denial of sick leave and/or appropriate disciplinary action. The City reserves the right to investigate any employee request for sick leave.

Written Statement

The City may require the employee to furnish a satisfactory signed statement to justify the use of sick leave. Proof of illness, such as a doctor's excuse, may be required when the City believes absence to be excessive, chronic, patterned, or abusive. A satisfactory licensed medical practitioner's certificate may be required at any time, but will generally be required in each case when an employee has been absent more than three (3) consecutive days. When a licensed medical practitioner's certificate is required, it must be submitted to the Human Resources Director before an employee will be permitted to return to work from leave. The licensed medical practitioner's certificate must be signed personally by the treating practitioner, and must verify that the employee was unable to work during the period in question, not simply that the employee was "under the doctor's care." For absences where a licensed medical practitioner's certificate is not required, the employee must submit a written statement to the Human Resources Director explaining the nature of the illness.

Sick Leave Abuse

Application by an employee for sick leave through fraud or dishonesty will result in denial of such leave together with disciplinary action up to and including dismissal. Patterns of sick leave usage immediately prior or subsequent to holidays, vacation, days off and/or weekends or excessive sick leave usage may result in sick leave denial and appropriate disciplinary action. The City reserves the right to investigate allegations of sick leave abuse. The City reserves the right to question employees concerning their sick leave use. Whenever an employee is on sick leave, he/she must be at home during his/her scheduled work hours or obtaining treatment or medication.

Uses of Other Leave

Other accumulated unused leaves may be used for sick leave purposes, at the discretion of the City. An employee who becomes sick while on vacation may apply to use sick leave time instead of vacation days for the illness.

Sick Leave Conversion

An employee with at least ten (10) years of service to the City, upon actual retirement or resignation from the City, with at least two (2) weeks prior notice to the City or upon death, shall be paid for his or her accumulated but unused sick leave as follows:

- a. Employees who have completed at least ten (10) years of service to the City shall be entitled to 25% of their accumulated but unused sick leave, not to exceed 320 hours.
- b. Employees who have completed at least 15 years of service to the City shall be entitled to 30% of their accumulated but unused sick leave, not to exceed 540 hours.
- c. Employees who have completed at least 20 or more years of service to the City shall be entitled to 40% of their accumulated but unused sick leave, not to exceed 760 hours.
- d. Employees who have completed at least 25 years of service to the City shall be entitled to 50% of their accumulated but unused sick leave, not to exceed 880 hours.

Employees hired after January 1, 1998, shall not have sick leave earned with another entity other than the City counted for purposes of sick leave conversion. Moreover, sick leave used by an employee of the City will be charged first against any sick leave earned as an employee of City,

so that an employee may not first use up sick leave brought from another entity in order to save up the sick leave earned with City for cash-in.

In the case of an employee's death, the employee's spouse, or, secondarily, his or her estate, shall receive this payment.

If an employee is killed in the line of duty, the employee's spouse, or, secondarily, his or her estate, will be paid an amount equal to 100% of the deceased employee's accumulated but unused sick leave.

All payments under this section shall be based on the employee's rate of pay at the time of retirement or death, or other separation, and the documented hours of unused sick leave reflected in the records maintained by the City.

Payment under this policy shall be considered to eliminate all sick leave credit accrued by the employee at the time of payment.

Medical Information

The City will maintain employees' medical information in a separate medical file and will treat the information in a confidential manner. Employees who are concerned that their medical information is not being treated in a confidential manner should report such concerns to the Human Resources Director.

FAMILY MEDICAL LEAVE ACT ("FMLA")

Statement of Policy.

Eligible employees may request time off for family and/or medical leave of absence with job protection and no loss of accumulated service provided the employee meets the conditions outlined in this policy and returns to work in accordance with the Family and Medical Leave Act of 1993.

Definitions.

As used in this policy, the following terms and phrases shall be defined as follows:

1. "Family and/or medical leave of absence": An approved absence available to eligible employees for up to twelve (12) weeks of unpaid leave per year under particular circumstances. Such leave may be taken only for the following qualifying events:
 - a. Upon the birth of an employee's child and in order to care for the child.

- b. Upon the placement of a child with an employee for adoption or foster care.
 - c. When an employee is needed to care for a family member who has a serious health condition.
 - d. When an employee is unable to perform the functions of his position because of the employee's own serious health condition.
 - e. Qualifying service member leave.
2. **Service Member Leave:** The spouse, parent or child of a member of the U.S. military service is entitled to twelve (12) weeks of FMLA leave due to qualifying exigencies of the service member being on "covered active duty" or receiving a "call to covered active duty" In addition, a spouse, child, parent or next of kin (nearest blood relative) of a service member is entitled to up to twenty-six (26) weeks of leave within a "single twelve (12)-month period" to care for a service member with a "serious injury or illness" sustained or aggravated while in the line of duty on active duty. The "single twelve (12)-month period" for leave to care for a covered service member with a serious injury or illness begins on the first day the employee takes leave for this reason and ends twelve (12) months later, regardless of the twelve (12) month period established for other types of FMLA leave.
 3. **"Per year":** A rolling twelve (12) month period measured backward from the date an employee uses any leave under this policy. Each time an employee takes leave, the employer will compute the amount of leave the employee has taken under this policy, and subtract it from the twelve (12) weeks of available leave. The balance remaining is the amount the employee is entitled to take at the time of the request. For example, if an employee used four (4) weeks of FMLA leave beginning February 4, 2009, four weeks beginning June 1, 2009, and four weeks beginning December 1, 2009, the employee would not be entitled to any additional leave until February 4, 2010.
 4. **"Serious health condition":** Any illness, injury, impairment, or physical or mental condition that involves:
 - a. Inpatient care.

- b. Any period of incapacity of more than three consecutive calendar days that also involves:
 - i. Two or more treatments by a health care provider, the first of which must occur within seven (7) days of the first day of incapacity and both visits must be completed within thirty (30) days; or
 - ii. Treatment by a health care provider on one occasion that result in a regimen of continuing treatment under the supervision of a health care provider.
 - c. Any period of incapacity due to pregnancy or for prenatal care.
 - d. A chronic serious health condition which requires at least two “periodic” visits for treatment to a health care provider per year and continues over an extended period. The condition may be periodic rather than continuing.
 - e. Any period of incapacity which is permanent or long term and for which treatment may not be effective (i.e. terminal stages of a disease, Alzheimer’s disease, etc.).
 - f. Absence for restorative surgery after an accident/injury or for a condition that would likely result in an absence of more than three days absent medical intervention. (i.e. chemotherapy, dialysis for kidney disease, etc.).
- 5. “Licensed health care provider”: A doctor of medicine, a doctor of osteopathy, podiatrists, dentists, optometrists, psychiatrists, clinical psychologists, and others as specified by law.

- 8. “Outpatient Status”: The status of a member of the Armed Forces assigned to a military medical treatment facility as an outpatient or to a unit established for the purpose of providing command and control of members of the Armed Forces receiving outpatient medical care.

- 10. A “serious injury or illness”, for purposes for the 26 week military caregiver leave means either:
 - a. In the case of a current member of the Armed Forces, including a member of the National Guard or Reserves, means an injury or illness that was incurred by the covered service member in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces, and that may render the member medically unfit to perform the duties of the member's office, grade, rank or rating; and,
 - b. In the case of a covered veteran, means an injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and manifested itself before or after the member became a veteran, and is:

- i. Any qualifying exigency which arose out of the covered military member's covered active duty or call to covered active duty status.

A. Leave Entitlement.

To be eligible for leave under this policy, an employee must meet all of the following conditions:

- 1. Worked for the agency for at least twelve (12) non-consecutive months, or fifty-two (52) weeks.
- 2. Actually worked at least one thousand two hundred fifty (1,250) hours during the twelve (12) month period immediately prior to the date when the FMLA leave is scheduled to begin.
- 3. Work at a location where the Employer employs fifty (50) or more employees within a seventy-five (75) mile radius.
 - a. The entitlement to FMLA leave for the birth or placement for adoption or foster care expires at the end of the twelve (12) month period following such birth or placement.
 - b. Spouses who are both employed by the agency are jointly entitled to a combined leave total of twelve (12) weeks (rather than twelve (12) weeks each) for the birth of a child, upon the placement of a child with the employees for adoption or foster care, and for the care of certain family members with serious health conditions.

Use of Leave

The provisions of this policy shall apply to all family and medical leaves of absence as follows:

1. Generally: An employee is only entitled to take off a total of twelve (12) weeks of leave per year under the FMLA. As such, employees will be required to utilize their accumulated unused paid leave (sick, vacation, etc.) in conjunction with their accumulated unused unpaid Family Medical Leave. Employees will be required to use the type of accumulated paid leave that best fits the reason for taking leave and must comply with all procedures for requesting that type of leave as stated in the relevant policy. Any time off that may legally be counted against an employee's twelve (12) week FMLA entitlement will be counted against such time.
2. Birth of An Employee's Child: An employee who takes leave for the birth of his or her child must first use all available accrued paid vacation leave prior to using unpaid leave for the remainder of the twelve (12) week period. However, if the employee requests leave for the employee's own serious health condition as a result of the pregnancy or post-partum recovery period, the employee will be required to exhaust all of her sick leave prior to using unpaid leave for the remainder of the twelve (12) week period. *(Note: See section E below for information on disability leaves.)*
3. Placement of a Child for Adoption or Foster Care: An employee who takes leave for the placement of a child for adoption or foster care must first use all available accrued paid vacation leave prior to using unpaid leave for the remainder of the twelve (12) week period.
4. Employee's Serious Health Condition or Family Member's Serious Health Condition: An employee who takes leave because of his serious health condition or the serious health condition of his family member must use all available accrued paid sick and vacation leave prior to using unpaid leave for the remainder of the twelve (12) week period.

FMLA and Disability/Workers' Compensation

An employee who is eligible for FMLA leave because of his own serious health condition may also be eligible for workers' compensation if the condition is the result of workplace accident or injury. Regardless of whether the employee is using worker's compensation benefits, the Employer may designate the absence as FMLA leave, and count it against the employee's twelve (12) week FMLA entitlement if the injury or illness constitutes a serious health condition under the FMLA. In addition, as these may be compensated absences, if the employee participates in

the worker's compensation program, the employee is not eligible to use paid leave of any type (except as supplemental benefits, if applicable and requested by the employee), nor can the employer require him to do so, while the employee is receiving compensation from such a program.

Procedures For Requesting FMLA Leave

Requests for FMLA leave must be submitted in writing at least thirty (30) days prior to taking leave or as soon as practicable prior to the commencement of the leave. If the employee fails to provide thirty (30) days notice for foreseeable leave with no reasonable excuse for the delay, the leave may be denied until at least thirty (30) days from the date the employer receives notice. The employee must follow the regular reporting procedures for each absence.

FMLA requests must be submitted on a standard leave form prescribed by the Employer. The Employer will determine whether the leave qualifies as FMLA leave, designate any leave that counts against the employee's twelve (12) week entitlement, and notify the employee that the leave has been so designated.

When an employee needs foreseeable FMLA leave, the employee shall make a reasonable effort to schedule the treatment so as not to unreasonably interfere with the Employer's operations.

Certification of Need for FMLA Leave for Serious Health Condition

An employee requesting FMLA leave due to his family member's serious health condition must provide a doctor's certification of the serious health condition, which must designate that the employee's presence is reasonably necessary. Such certification shall be submitted at the time FMLA leave is requested, or if the need for leave is not foreseeable, as soon as practicable. An employee requesting FMLA leave due to the birth or placement of a child must submit appropriate documentation at the time FMLA leave is requested.

The Employer, at its discretion, may require the employee to sign a release of information so that a representative other than the employee's immediate supervisor can contact the medical provider. If the medical certification is incomplete or insufficient, the employee will be notified of the deficiency and will have seven (7) calendar days to cure the deficiency.

The Employer may require a second medical opinion prior to granting FMLA leave. Such opinion shall be rendered by a health care provider designated or approved by the Employer. If a second medical opinion is requested, the cost of obtaining such opinion shall be paid for by the Employer. If the first and second opinions differ, the Employer, at its own expense, may require the binding opinion of a third health care provider approved jointly by the Employer and the employee. Failure

or refusal of the employee to submit to or cooperate in obtaining either the second or third opinions, if requested, shall result in the denial of the FMLA leave request.

Employees who request and are granted FMLA leave due to serious health conditions may be required to provide the Employer periodic written reports assessing the continued qualification for FMLA leave. Further, the Employer may request additional reports if the circumstances described in the previous certification have changed significantly (duration or frequency of absences, the severity of the condition, complications, etc.), or if the employer receives information that casts doubt on the employee's stated reason for the absence. The employee must provide the requested additional reports to the Employer within fifteen (15) days.

Certification for leave taken because of a qualifying exigency

The Employer may request that an employee provide a copy of the military member's active duty orders to support the request for qualifying exigency leave. Such certification for qualifying exigency leave must be supported by a certification containing the following information: statement or description of appropriate facts regarding the qualifying exigency for which leave is needed; approximate date on which the qualifying exigency commenced or will commence; beginning and end dates for leave to be taken for a single continuous period of time; an estimate of the frequency and duration of the qualifying exigency if leave is needed on a reduced scheduled basis or intermittently; appropriate contact information for the third party if the qualifying exigency requires meeting with a third party and a description of the meeting; and, if the qualifying exigency involves Rest and Recuperation leave, a copy of the military member's Rest and Recuperation orders, or other documentation issued by the military which indicates the military member has been granted Rest and Recuperation leave, and the dates of the military member's Rest and Recuperation leave.

Intermittent/Reduced Schedule Leave

When medically necessary, an employee may take FMLA leave on an intermittent or reduced work schedule basis for a serious health condition. An employee may not take leave on an intermittent or reduced schedule basis for either the birth of the employee's child or upon the placement of a child for adoption or foster care with the employee unless specifically authorized in writing by the Appointing Authority. Requests for intermittent or reduced schedule FMLA leave must be submitted in writing at least thirty (30) days prior to taking leave, or, as soon as practicable.

To be entitled to intermittent leave, the employee must, at the time such leave is requested, submit additional certification as prescribed by the Employer establishing the medical necessity for such leave. This shall be in addition to the documentation certifying the condition as FMLA qualifying. The additional certification shall include the dates and the duration of treatment, if any, the expected duration of the intermittent or reduced schedule leave, and a statement from the health care provider describing the facts supporting the medical necessity for taking FMLA leave on an

intermittent or reduced schedule basis. In addition, an employee requesting foreseeable intermittent or reduced schedule FMLA leave may be required to meet with the Appointing Authority or designee to discuss the intermittent or reduced schedule leave.

An employee who requests and is granted FMLA leave on an intermittent or reduced schedule basis may be temporarily transferred to an available alternative position with equivalent class, pay, and benefits if the alternative position would better accommodate the intermittent or reduced schedule. An employee who requests intermittent or reduced schedule leave due to foreseeable medical treatment shall make a reasonable effort to schedule the treatment so as not to unduly disrupt the Employer's operations.

Employee Benefits

Except as provided below, while an employee is on FMLA leave, the Employer will continue to pay its portion of premiums for any life, medical, and dental insurance benefits under the same terms and conditions as if the employee had continued to work throughout the leave. The employee continues to be responsible for the payment of any contribution amounts he would have been required to pay had he not taken the leave, regardless of whether the employee is using paid or unpaid FMLA leave. Employee contributions are subject to any change in rates that occurs while the employee is on leave.

The Employer will not continue to pay the Employer portion of premiums for any life, medical, and dental insurance benefits if, while the employee is on FMLA leave, the employee fails to pay the employee's portion of such premiums or if the employee's payment for his portion of the premium is late by more than thirty (30) days. If the employee chooses not to continue health care coverage during FMLA leave, the employee will be entitled to reinstatement into the benefit plan upon return to work.

If the employee chooses not to return to work for reasons other than a continued serious health condition or circumstances beyond the employee's control, the Employer may seek reimbursement from the employee for any amounts paid by the Employer for insurance benefits the employee received through the Employer during any period of unpaid FMLA leave. Leave balances accrued by an employee prior to taking FMLA leave and not used by the employee as outlined in the section entitled "Use of Leave" will be retained by the employee.

FMLA leave, whether paid or unpaid, will not constitute a break in service. Upon the completion of unpaid FMLA leave and return to service, the employee will return to the same level of service credit as the employee held immediately prior to the commencement of FMLA leave. In addition, FMLA leave will be treated as continuous service for the purpose of calculating benefits, which

are based on length of service. However, specific leaves times (i.e. sick, vacation, and personal leave and holidays) will not accrue during any period of unpaid FMLA leave.

Reinstatement

An employee on FMLA leave must give the Employer at least two-business days notice of his intent to return to work, regardless of the employee's anticipated date of return. Employees who take leave under this policy will be reinstated to the same or a similar position upon return from leave except that if the position that the employee occupied prior to taking FMLA leave is not available, the employee will be placed in a position which entails substantially equivalent levels of skill, effort, responsibility, and authority and which carries equivalent status, pay, benefits, and other terms and conditions of employment as the position the employee occupied prior to taking FMLA leave. The determination as to whether a position is an "equivalent position" will be made by the Employer.

An employee will not be laid off as a result of exercising her right to FMLA leave. However, the Employer will not reinstate an employee who has taken FMLA leave if, as a result of a layoff within the agency, the employee would not otherwise be employed at the time reinstatement is requested. An employee on FMLA leave has no greater or lesser right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during her FMLA leave.

Prior to reinstatement, employees who take FMLA leave based on their own serious health condition shall provide certification from the employee's health care provider that the employee is able to perform the essential functions of his position, with or without reasonable accommodation.

Records

All records relative to FMLA leave will be maintained by the Employer as required by law. Any medical records accompanying FMLA leave requests will be kept separate from an employee's regular personnel file. To the extent permitted by law, medical records related to FMLA leave shall be kept confidential. Records and documents created for purposes of FMLA containing family medical history or genetic information as defined by the Genetic Information Nondiscrimination Act of 2008 (GINA) shall be maintained in accordance with the confidentiality requirements of Title II of GINA, which permit such information to be disclosed consistent with the requirements of FMLA.

INJURY LEAVE

There would be no waiting period for qualified part-time permanent employees who do not receive disability. The employee may NOT receive more than he or she would have earned in a normal pay period from disability and leave donation or based on the normal hours scheduled to work less applicable deductions.
- e. The Request for Leave Donation Form can be obtained in the Human Resources Department and must be returned there.

The leave donation program shall be administered on a pay-period-by-pay-period basis. Employees using donated leave shall be considered on active pay status, and shall accrue leave and be entitled to any benefits to which they would otherwise be entitled.

Leave accrued by an employee while using donated leave shall be used, if necessary, in the following pay period before additional donated leave may be received.

For the purpose of this policy, tobacco is defined as all tobacco, tobacco derived and/or substances mimicking tobacco containing products, including but not limited to: cigarettes, electronic cigarettes, vapor cigarettes, any artificial/faux cigarette, cigars, cigarillos, pipes, oral tobacco, or any other manner of using or consuming tobacco, tobacco derived substances and/or substances mimicking tobacco. The definition is intended to include all products that deliver nicotine for purposes other than cessation.

DRUG AND ALCOHOL POLICY

Drug-Free Workplace

Alcoholism and drug addiction are treatable diseases. Therefore, employees who believe that they may have an alcohol or drug addiction problem are encouraged to seek professional treatment and assistance. No employee who seeks such treatment or assistance prior to detection will have his job security, promotional opportunities, or other job conditions jeopardized by a request for treatment. The individual's right to confidentiality and privacy will be recognized in such cases. The City may take disciplinary action for any violations of work rules, regardless of the effect of alcohol or drug abuse. Nothing in this policy shall be construed to condone or exonerate employees from their misconduct or poor performance resulting from a drug or alcohol problem.

The City maintains a drug and alcohol free workplace. Employees are hereby notified that the manufacture, distribution, dispensing, possession, use or being under the influence of alcohol, drugs or other controlled substance is strictly prohibited during working hours at any location where employees are conducting City business. Also prohibited is the illegal use of legal substances.

In order to further the City's objective of maintaining a safe, healthful, and drug-free workplace, the City may require an employee to submit to a urine and/or blood test if there is reasonable suspicion to believe that an employee is under the influence of a controlled substance or alcohol. Refusal to submit to a drug or alcohol test and/or to release the results of the same shall be considered insubordination and will be construed as a positive test result.

Employees are put on notice that an employee who is under the influence of drugs or alcohol may forfeit their right to obtain workers compensation benefits. The law establishes a rebuttable presumption that if an injured worker tests positive for the use of drugs or alcohol, the worker will have to prove the use of drugs or alcohol did not cause the accident. A refusal to test for the use of drugs or alcohol will also establish the presumption. Employees who are involved with a workplace accident may be required to undergo drug and/or alcohol testing in accordance with this policy.

Drug Policy

Controlled Substance: Means any controlled substance contained in Schedules 1 through V of Section 202 of the Controlled Substance Act (21 U.S.C. § 812; or as defined in § 3719.01 O.R.C.).

Conviction: Means any finding of guilt, including a plea of *nolo contendere* (no contest) or the imposition of a sentence, or both, by any judicial body charged with the responsibility to determine violations of the federal or state criminal drug statutes.

Any employee who reports for duty in an altered or impaired condition which is the result of the illegal use of controlled substances and/or alcohol will be subject to disciplinary action up to and

including removal. Any decision to take disciplinary action may be held in abeyance pending the completion by the employee of a drug rehabilitation program.

The City has a zero tolerance policy for employees who are under the influence of drugs or alcohol while at work. Employees who are using medical marijuana as authorized by Ohio law are not exempt from this policy in any way. The use of marijuana in any form for any purpose, authorized for medicinal purposes or unauthorized, will be treated the same as the use of all other Schedule 1 controlled substances, illegal drugs, or the abuse of legal drugs. Employees using Schedule 1 controlled substances or illegal drugs, including medical marijuana authorized by and in accordance with Ohio law, are still subject to all provisions of this policy and may be subject to discipline including termination for such use.

Medical Marijuana

Medical Marijuana was legalized by the State of Ohio under House Bill 523 in 2016. However, medicinal use of marijuana has not been approved by the U.S. Food and Drug Administration (FDA). As such, the use of marijuana in any form for any purpose, authorized for medicinal purposes or unauthorized, is prohibited under the City's Drug Free Workplace Policy. Employees using Schedule 1 controlled substances or illegal drugs, including medical marijuana authorized by and in accordance with Ohio law, are still subject to all provisions of this policy and may be subject to discipline including termination for such use.

There is nothing within House Bill 523 that requires the City of Reynoldsburg as an employer to permit or accommodate an employee's use, possession, or distribution of medical marijuana. The use of medical marijuana will not be considered a reasonable accommodation for an alleged disability. In addition, the law does not prohibit an employer from taking any adverse employment action because of an employee's or prospective employee's use, possession or distribution of medical marijuana.

The City reserves the right to test any employee for reasonable suspicion and post-accident. Employees that have a Commercial Driver's License are subject to random drug testing.

While CBD oils and supplements are not unlawful under Ohio law, employees must recognize some use of CBD products can result in a positive drug test for marijuana depending on the THC content. An employee who tests positive as a result of using CBD products is still subject to the City's drug free workplace policy.

Drug and Alcohol Testing Policy

In order to maintain a safe and healthful work environment, the City reserves the right to set standards for employment and to require employees to submit to physical examinations including blood or urine tests for alcohol, illegal drugs, or the misuse of legal drugs where there is reasonable suspicion that an employee's work performance is, or could be, affected by the condition.

Where the City has a reasonable suspicion to believe that the employee is in violation of this policy, it may require the employee to go to a medical clinic, at the City's expense, to provide blood and/or urine specimens. Reasonable suspicion shall generally mean suspicion based on personal observation by a City representative, including descriptions of appearance, behavior, speech, breath, or inexplicable behavior.

If requested, the employee shall sign a consent form authorizing the clinic to withdraw a specimen of blood or urine and release the test results to the City. Refusal to sign a consent form or to provide a specimen will constitute insubordination and a presumption of impairment and may result in discharge.

Any employee who tests positive may request retesting of the original specimen at their own expense.

Employees who return to work after the successful rehabilitation will be subject to random drug tests for a period of two years from the date of their return.

Employees subject to random drug tests who refuse to participate in the drug/alcohol testing and/or rehabilitation program or who continue to test positive for substance abuse will face additional disciplinary actions, up to and including removal.

Any employee involved in an accident may be subject to post accident alcohol and drug/alcohol testing.

Employees who are required to hold a commercial driver's license (CDL) will be required to participate in the City's drug and alcohol testing program as required by federal law which includes pre-employment testing, post-accident testing, random testing, reasonable suspicion testing, and return-to-work testing. Policies and procedures for these programs will be consistent with federal law and will be made available to employees required to hold CDL's and their supervisors.

Warning Signs and Risk Factors

The following are examples of warning signs, symptoms and risk factors that may indicate an employee’s potential for violence. In all situations, if violence appears imminent, employees should take the precautions necessary to assure their own safety and the safety of others. An

employee should immediately notify management if they witness any violent behavior, including, but not limited to, the following: (1) hinting or bragging about a knowledge of firearms; (2) making intimidating statements such as: “You know what happened in Oklahoma City,” “I’ll get even,” or “You haven’t heard the last from me.”; (3) keeping records of other employees the individual believes to have violated departmental policy; (4) physical signs of anger, such as hard breathing, reddening of complexion, menacing stares, loudness, and profane speech; (5) acting out violently either verbally or physically; (6) excessive bitterness by a disgruntled employee or an ex-employee; (7) being a “loner,” avoiding all social contact with co-workers; (8) having a romantic obsession with a co-worker who does not share that interest; (9) history of interpersonal conflict; (10) domestic problems, unstable/dysfunctional family; and (11) brooding, depressed, strange behavior.

PERSONAL APPEARANCE

The Appointing Authority reserves the right to prescribe appropriate attire and grooming and to set standards which are deemed to be in the best interest of the City and ensure an appropriate image for the City.

The Appointing Authority requires that an employee's clothing, grooming, and overall appearance be appropriate, in good taste, present a favorable public image, and be in conformity with regulations established by the City due to the specialized nature of service provided or the employment position maintained.

Clothing shall be conducive to the safe and effective performance of required job duties.

Certain employees may be required to wear regulation uniforms while on duty. The applicable departments may establish policies and procedures governing uniforms. When employees are required to wear a regulation uniform, the City shall provide the uniforms and/or provide a uniform allowance as prescribed by the City ordinance or applicable collective bargaining agreement.

Employees are required to keep uniforms neat, clean, and in good repair. City-issued uniforms may only be worn by employees while conducting official City business.

The City shall provide standard work clothing and safety equipment for all maintenance employees of the Parks and Recreation, Service, Street, Vehicle Maintenance, Water/Waste Water, Storm

Water Utility and the Building Department employees. Each item of work clothing shall be suitably and permanently identified as belonging to the City. Any item unaccounted for shall be charged to the employee. Employees that are provided work wear will be required to wear it.

Non-Uniform Clothing

Employees not required to wear uniforms daily, may be provided shirts, sweaters, and jackets with the City of Reynoldsburg logo. The clothing may be worn for work at any time but are primarily to be worn for special events where it is desired the City of Reynoldsburg employees can be identified.

All clothing purchased must be approved colors and be branded with City of Reynoldsburg logo/name. Department directors are responsible approving clothing options with the City of Reynoldsburg logo.

While wearing city branded clothing, employees are to conduct themselves in a professional manner. This portion of the policy does negate the ability of the City of Reynoldsburg from providing protective clothing, boots, vests, gloves, aprons or other items deemed protective in nature and intended for specific purposes.

Uniforms or clothing purchased by the city and distributed to employees will be treated as a fringe benefit, included as wages to the employee and subject to withholding tax purposes unless not permit by law.

INVESTIGATIONS AND DISCIPLINE

The City has the right to investigate all alleged disciplinary violations. Employees are required to cooperate fully during investigations. Employees who are the subject of a formal investigation have the right to be accompanied, represented, and advised by an attorney. For all employees, the failure to respond, to respond truthfully, or to otherwise cooperate in an investigation, shall be considered insubordination and may result in termination. Employees involved in an investigation shall not discuss the facts of the investigation during the pendency of the investigation.

Classified employees may be placed on a paid “administrative” leave of absence with pay pending an investigation. A classified employee who has been charged with a violation of law that is punishable as a felony may be placed on unpaid “administrative” leave, for a period not to exceed two months, pending an investigation. However, a classified employee who is placed on unpaid leave and is later exonerated of a felony must be reimbursed for lost pay, plus interest, and lost benefits. Unclassified employees may be placed on paid or unpaid leave pending an investigation.

Employees who have completed their probationary period and who are in the classified civil services may only be disciplined for just cause. Disciplinary action will be commensurate with the offense. Discipline for minor infractions will normally be imposed in a progressive manner with consideration given to the nature of the offense, prior disciplinary action, length of service, the employee's position, the employee's record of performance and conduct along with all other relevant considerations. Nothing in the policy shall be construed to limit the City's discretion to impose a higher level of discipline under appropriate circumstances.

The following forms of misconduct constitute grounds for disciplinary action: incompetency, inefficiency, dishonesty, drunkenness, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, policy or work rule violations, conviction of a crime, failure of good behavior including a violation of ethics of public employment, failure to maintain licensing requirements, and any other acts of misfeasance, malfeasance, nonfeasance or any other reason set forth in O.R.C. § 124.34.

The property and image of the City is to be respected at all times; as such, an employee's off duty conduct that could reasonably negatively impact the City may form the basis for discipline. Any comments or questions concerning the standard of conduct expected should be directed toward the employee's immediate supervisor.

Employees have an obligation to immediately inform the City of any on-duty or off-duty arrests or convictions. An arrest or conviction may, or may not, result in discipline depending on the nature of the incident, the job performed, and other relevant considerations. Employees will not be granted vacation leave in order to serve jail time.

The filing or prosecution of criminal charges or other civil administrative investigations against an employee for alleged misconduct or criminal activity shall not be determinative as to appropriate disciplinary action, if any, under this policy. The City may investigate the employee's alleged misconduct or activities and determine the appropriate discipline, if any, without regard to pending administrative or criminal charges. The disposition of such administrative or charge is independent of a disciplinary investigation. Although the City may utilize information obtained during other investigations, the City's decision to take appropriate disciplinary action may or may not correspond with the filing, or non-filing, of criminal charges or civil actions. A felony conviction while employed with the City is just cause for termination.

Staff is responsible for reporting any incident or conduct they believe is inappropriate and/or in violation of City Policies and Procedures. This duty includes incidents actually observed, reported by residents, reported by staff, or suspected due to other facts.

When the City believes that discipline of a classified employee in the form of a paid or unpaid suspension, reduction or elimination of longevity pay, demotion or termination is possible, a pre-disciplinary conference shall be scheduled. Prior to the pre-disciplinary meeting, the employee

will be provided with written notice of the charges against him. At the pre-disciplinary conference, the employee may respond to the charges or have his chosen representative respond. Failure to attend the pre-disciplinary conference shall be deemed a waiver of the conference.

Unclassified employees are not entitled to a pre-disciplinary conference.

Classified employees may appeal suspensions of more than three (3) days, reductions in pay or position, or removals to the Civil Service Commission consistent with the City's civil service rules.

COMPLAINT PROCEDURE

Employees may have questions or concerns caused by misunderstandings in the application of policies, procedures and work rules. The City believes these questions and concerns heard promptly, and action taken to resolve or clarify a particular situation. Complaints regarding unlawful discrimination or harassment should be brought according to the unlawful discrimination and harassment policy contained in this manual.

All employees shall have the right to file a complaint without fear of retaliation. No employee shall be disciplined, harassed or treated unfairly in any manner as a result of filing a complaint. A complaint is defined as a disagreement between an employee and City as to the interpretation or application of official policies, departmental rules and regulations, or other disagreements perceived to be unfair or inequitable relating to treatment or other conditions of employment. The following is the procedure to be followed when an employee has a complaint as defined above:

Step 1: Immediate Supervisor

An employee having a complaint shall file it in writing with his Immediate Supervisor, as outlined in the procedure for his work unit. The employee's Immediate Supervisor will review the complaint and attempt to resolve the complaint within a reasonable time and will provide the employee with a written response. Step 1 may be bypassed by either the employee or Immediate Supervisor if the Immediate Supervisor lacks the authority to make a change and/or the Immediate Supervisor is the subject of the complaint.

Step 2: Department Head

Where the employee is not satisfied with Step 1 response of the Immediate Supervisor, the employee may submit the original complaint to the Department Head within seven (7) calendar days of the supervisor's written response. The Department Head will review all material provided and provide the employee with a written response in a timely manner.

Step 3: Mayor (or Designee)

Where the employee is not satisfied with the Step 2 response, the employee may submit the original complaint to the Mayor, or Designee, within seven (7) calendar days. The Mayor, or Designee, will review all material provided and will provide the employee with a written response in a timely manner.

Step 4: Civil Service Commission

1. If the complaint is not resolved, the aggrieved may file an appeal with the Appointing Authority within five (5) working days after receiving a reply from the Director as noted in Step 3. All decisions of the Appointing Authority are final, except those under the jurisdiction of the Reynoldsburg Civil Service Commission.
2. This grievance procedure will not apply to matters of reduction in pay, involuntary discharge, demotion, or suspension. There is a separate appeal process for classified employees under the Civil Service Commission to handle these problems.

Time limits as set forth in the procedure may be extended by mutual agreement of the parties in writing.

DURATION OF RECORDS

All actions of record will be maintained in each employee's personnel file throughout his period of employment, with the exception that any records of documented warnings will be removed from the file, upon the written request of the employee, one (1) year after such action was taken, provided no further corrective action of the same or similar nature has occurred. Written reprimands will be removed from the file upon the request of the employee, two (2) years after such action was taken, provided no further corrective action of the same or similar nature has occurred. Suspensions shall be removed from the file, upon the employee's request, four (4) years after such action was taken, provided that no further corrective action of the same or similar nature has occurred and further provided that the City can show no compelling need to retain such records beyond this time limit. All actions of record including warnings, written reprimands, and suspensions removed from an employee's personnel file shall be maintained in a separate sealed file. Reductions in pay or position shall be removed from a personnel file and shall be maintained in a sealed file upon the employee's request, four (4) years after such action was taken provided that the City can show no compelling need to retain such records beyond this time limit. Removed records, maintained in a sealed file, may only be accessed by the City in response to and defense of allegations filed against the City or its officials by the employee or by a third party, but shall not be utilized for any other purpose including discipline, promotions, or assignments, or pursuant to applicable law.

Removed records shall be destroyed in accordance with the City Records Commission.

LACTATION BREAKS

Employees who have recently given birth will be allowed a reasonable break time in order to nurse or express breast milk, for up to one year after the child's birth. The employee will be provided appropriate space, other than a bathroom, that is shielded from view and free from intrusion from workers and members of the public. Lactation breaks under this policy should, to the extent possible, run concurrently with any other break time available to the employee.

CONCEALED CARRY

Consistent with the Ohio Revised Code, no employee, contractor, client or other individual may carry, possess, convey or attempt to convey a deadly weapon or ordnance onto the property of the City. A valid concealed carry license does not authorize an individual to carry such a weapon onto these premises. Law enforcement officers specifically authorized to carry a firearm are exempted from this provision and may be permitted to carry a concealed weapon.

City employees are prohibited from carrying firearms any time they are working for the City or acting within the course and scope of employment. These situations include, but are not limited to attending training sessions or seminars, wearing a City identification badge, uniform, or other City issued paraphernalia that an employee is required to wear relative to their employment and working in resident's homes or other sites off City premises. Except for law enforcement officers, no employee or member of the public may carry, transport, or store a concealed weapon, firearm, or ammunition in a City owned vehicle.

This policy does not prohibit employees, possessing a valid license to carry a concealed handgun, from transporting and/or storing a firearm or ammunition in their personal vehicle at work locations where their personal vehicle is otherwise permitted to be (e.g. City Parking Lot). However, the employee must leave the firearm and ammunition in their personal vehicle. Employees are neither permitted to remove their firearm or ammunition from their personal vehicles while at work locations nor are they permitted to bring a concealed firearm or ammunition into a City owned building. The employee's firearm and ammunition must be stored in their personal vehicle in accordance with the storage provisions of the Concealed Carry statute. The

firearm and ammunition must be in a locked vehicle either in the glove compartment, a lock box or the trunk.

Employees shall immediately contact a supervisor if they suspect an employee or member of the public is carrying a concealed weapon, firearm, or ammunition on City premises. Employees are required to immediately contact a supervisor if they suspect an employee to be carrying a concealed weapon or firearm in violation of this policy at any time while they are working for the City, acting within the course and scope of employment, or acting as a representative of the City.

CONTACT WITH NEWS MEDIA/RESIDENTS

Any employee contacted by the news media or a citizen on a matter related to City operations should direct the caller to contact the Appointing Authority or designee. This policy is designed to avoid duplication, assure accuracy, and protect employees and the City from the dissemination of misstatements and misinformation.

This policy does not prohibit employees from making a public statement, in their off duty hours, on matters of public concern. However, this policy does prohibit employees from making unauthorized public statements during their working hours and from making public statements about matters of private concern that negatively impact the City.

EMPLOYEE INFORMATION AND RECORDS

Employee Information

The appropriate Appointing Authority shall establish and maintain a personnel file for each employee. The employee is responsible for providing the employer with the following information: the employee's legal name, address, telephone number, social security number, tax exemptions, affiliation with any branch of the armed services, the name and phone number of a person to contact in case of an emergency, loss of licensure or insurability, if applicable, and, any other requested information. In addition to providing this information, the employee is also responsible for promptly reporting any change in the information.

In the event the employer must send correspondence or other documentation to an employee who is on leave, the employer will mail the document to the last known address listed in the employee's personnel file. An employee will be considered to have constructive notice of any correspondence or documentation mailed to his last known address.

RELEASE OF RECORDS:

With the exception of certain law enforcement entities, the City, as well as, its employees is subject to the mandates of Chapter 1347 of the Ohio Revised Code regarding personal information systems. The City maintains records that are manually stored and records that are stored using electronic data processing equipment. Records maintained by the City include personal information (i.e. employee information required above).

The Human Resources Director is appointed to be directly responsible for the City's personal information systems. The City understands that it creates, receives, and maintains sensitive and private information, and will ensure that it collects, maintains, and uses only personal information that is necessary and relevant to the functions of the City. Personal information maintained by the City shall not be modified, destroyed, or disclosed without the approval of the Records Commission. The City will continually monitor the personal information system, and make necessary adjustments to ensure the system's accuracy. Employees will be trained on the use of personal information, including review of this policy. Employees who use personal information in an unauthorized manner shall be subject to the City's disciplinary policy.

Records maintained by the City that are not defined as "public records" in §149.43 of the Ohio Revised Code or other applicable provisions of law, shall not be released from an employee's personnel file unless specifically authorized by such employee in writing. Pursuant to applicable law, medical records are not public records and are maintained in a separate file. Records maintained by the City that are defined as public records shall be released in accordance with

law. The City will attempt to give employees at least twenty-four hours notice before releasing their personal information in response to a public records request.

REVIEW OF FILE:

Each employee shall have the right, with reasonable notice, to examine his personnel file. Such examination shall be made on non-work time or at some other mutually agreeable time. If an employee disputes the accuracy, timeliness, relevance, or completeness of documents in her file, he may submit a written request that the appointing authority investigate the current status of the information. The appointing authority will make a reasonable investigation to determine the accuracy, timeliness, relevance, and completeness of the file, and will notify the employee of the results of the investigation and any plans the appointing authority has to take action with respect to the disputed information.

Employees are not permitted to alter, add or remove documents or other information contained in their personnel files absent express authorization from the appropriate appointing authority. An employee who alters, adds or removes documents or information from his personnel file without prior approval may be subject to discipline. Employees may submit a statement to be attached to any disputed document.
