Community Comments and Requests

John Seryak, 8322 Bedlington Dr: Good evening. I want to express my appreciation for the time to speak to the Council President, Council and Mayor. I'm here as a spokesperson for a loosely formed community neighborhood group in the City called Friends of Pine Quarry Park and I'm sporting our most recent T-Shirt. We're here to appreciate on behalf of over 230 people on our Facebook page thanks to Jan Hills, one of our members and we wanted to express our appreciation on the improvements to the park, the bridges, the parking lot, the security camera. I'm ignorant as to how many people here in the city were involved in getting this accomplished, but I'm here to just greatly say we're so appreciative. In the last month, I have met more people in this city than I knew in my neighborhood for ten years. So it's a great revitalization of Pine Quarry Park from children the ages of 10 to seniors in their 80s Pine Quarry Park is just a real gem in the city and I think neighbors for a long time have been afraid to go into the park for lots of various reasons, I've had parents that said they wouldn't let their children into the park and now I have parents going to the park grabbing their kids out because maybe they haven't called on time. Anyway, I want to thank Donna Bauman as well with the Parks & Rec Department, we're on new ground here as far as community neighborhood people working with the Departments in the City figuring out what relationships we're going to have but so far it's been an incredibly positive experience and I'm just thrilled to death about it and I wanted to let the Council know that there is a community of 220 people out there that are really enjoying the City park.

Mr. Spalding: When is the ribbon cutting John?

Mr. Seryak: Oh, sorry! I guess the ribbon cutting is tomorrow at 4:00 pm and I think Mr. Mayor is going to be there and obviously all of your are welcome to attend and I know Marshall picked up a T Shirt last night or the night before.

Mr. Spalding: We appreciate your persistence because this gentleman was one of the most persistent people and his wife, for some time pestering us to get the job done and get on top of it. It was

difficult to say we don't have the money, we don't have the money, we don't have the money, but you know what, you can't let it go you have to stay on it because that's what makes it work and I'm thrilled to wear that shirt and actually John designed that shirt and its a good looking shirt and I'll be very proud to wear it tomorrow. So thanks.

Mr. Seryak: We designed it with Creative Graphics out of Gahanna. But I also want to say, even though Marshall is giving me a lot of credit for this, I'm a newbie in town only 10 years and I know there are dozens of people, citizens that have been in that park for decades cleaning up and watching over the park and being concerned about it. So there's all those hidden people out there that are good citizens of this town of Reynoldsburg that have really kept the interest in the park going, so we're really just excited about it.

Communications

Motions

MOTION TO AMEND THE COUNCIL RULES OF PROCEDURE.

President Joseph: This item we added mainly because its a clean-up item. When we changed when we did our invocation and Pledge, we moved it outside of actual formal Council activity and we never modified the Council Rules to reflect that. It's not required but its cleaner and less confusing if we make the change to strike this from the rules of procedure once we get to Council.

I'd like to note that Councilwoman Bryant reminded me that we missed that so I give her credit for bringing that to the table, so thank you.
