ORDINANCE AUTHORIZING THE MAYOR TO ENTER INTO CONTRACT WITH TOTAL TENNIS, INC. FOR RECONDITIONING AND CRACK REPAIR OF THE JFK TENNIS COURTS --- Clemens. Development, Parks and Recreation Committee.

Mrs. Bauman: Thank you Chairman Clemens, members of Council. The Tennis courts were build in April of 2001. Nothing has been done to them since that time. A lot of cracks are developing they're pretty deep so we do need to have it resurfaced and resealed. I asked for quotes, I received information back from only 2 companies so I am asking that we waive competitive bidding and go with Total Tennis for the price not to exceed \$36,000. It is in my budget already.

Ms. Bryant: How many companies did you ask..

Mrs. Bauman: I called or emailed about 4, maybe 5 and I only heard back from 2. One was Total Tennis, and the other was Heimberger Paving.

Ms. Bryant: That wasn't part of our packet.

Mrs. Bauman: Oh, Heimberger didn't come in. Oh I can send that to you, I'm sorry I thought it was included in the attachment. Did you get the Total Tennis one?

Ms. Bryant: I did.

Mrs. Bauman: Ok I will include that one, I'm sorry. Their quote was \$39,284.00

Ms. Bryant: I noticed there looked like 3 different figures. So were looking at the guaranteed crack repair system?

Mrs. Bauman: We are looking at the Court reconditioning for \$25,701 and then if you add in the guaranteed repair system, that takes the price to \$33,590. I'm asking for it not to exceed \$36,000 because we did have some additional cracks over the winter and some of them are pretty deep so if that goes out of what they quoted, we would have to pay for those extra. That's why I'm asking for \$36,000. If we wanted to redo the tennis court, take it down, start all over, that's the \$98,159 but for the \$36,000 we should be able to get anywhere from 3-5 years.

***: Asked if we had a prior relationship with Total Tennis.

Mrs. Bauman: We do not.

** Inaudible question**

Mrs. Bauman: I did send it to Jed. He did receive it and review it and the only question was what was the warranty on it. The only thing that is under warranty is the crack repair for 2 years.

President Joseph: What was that cost again for rebuilding?

Mrs. Bauman: \$99,000..

President Joseph: What is the timeline on that? You said 3-5 if we did the lesser of the 2 what would our time be on the life if we did the whole kit and caboodle.

Mrs. Bauman: They don't give an estimated time. I think it all depends on the usage and the weather conditions. But I can research if you'd like.

**** inaudible

Mrs. Bauman: I don't think so and I think the courts being 17 years old and nothing having been done to them for the last 17 years, I think that is what is causing us to see all of these cracks. Because those cracks were there before pickleball started. They just got deeper and they said it's because of winter.

Ms. Bryant: In the quote from them, they talked about leveling and observing it after rain, has anyone done that?

Mrs. Bauman: We haven't and they'll come out and spray the court down and mark the areas because they have some pictures but they want to do it again because this was looked at towards the end of last year.

Ms. Bryant: The date of the quote says end of March.

Mrs. Bauman: Yes, they resubmitted that because they had some pricing increase so I asked them to re-submit the quote.

Ms. Bryant: So when did they actually do the evaluation?

Mrs. Bauman: They did it, they came out in September/October and then we met out there again in February and it just took them awhile to send a quote.
