ABSENT:

APPROVAL OF MINUTES

CITY COUNCIL - REGULAR MEETING - APR 13, 2015 7:30 PM – .

Minutes Stand Approved

APPROVAL OF AGENDA

Mr. Joseph: There are a number of changes to make to this, this evening. I would like to add under reports, one from the Auditor and from Councilman Skinner. On item 12.a. that should be listed, "Including emergency." The legislation does have it, it was just not on the agenda. And lastly, would like to add an Executive Session, to Discuss the Employment of a Public Employee. All in favor of those changes, "Aye". (All voted Aye by voice vote.) All opposed, "(silence)". The Executive Session will be item 6.a. That brings us to item 6.a., The Executive Session to Discuss the Employment of a Public Employee. Is there a motion to go to Executive Session?

Mr. Long: So moved.

Mr. Joseph: Councilman Long makes the motion. Seconded by Councilman Kelly. Would the Clerk please call the roll?

EXECUTIVE SESSION

The Clerk Called the Roll to adjourn to Executive Session:

Mr. Long, "Aye", Mr. Skinner, "Aye", Mr. Barrett, "Aye", Mrs. Kelly, "Aye", Mr. McGrady "Aye", Mr. Clemens, "Aye", Mr. Cotner, "Aye".

Council adjourned to Executive Session 7:32 PM.

Mr. Joseph: Ok. In the Executive Session will be the Mayor, the Development Director, Members of Council, and the Clerk of Council.

Mr. Joseph: I'll reconvene Council at 7:42 PM.

The Clerk Called the Roll to reconvene from Executive Session:

Mr. Long, "Here", Mr. Skinner, "Here", Mr. Barrett, "Here", Mrs. Kelly, "Here", Mr. McGrady, "Here", Mr. Clemens, "Here", Mr. Cotner, "Here".

COMMUNITY COMMENTS AND REQUESTS

Mr. Joseph: Moving on with the agenda. Item 7., Community Comments or Requests, I have one slip this evening. Would Katie Barrett and her party come up to the microphone and give your names and addresses for the record please?

Ms. Barrett: Members of City Council, my name is Katie Barrett, and with me are a few leaders from the Butterfly Project, good evening and thank you for your time. We are here to show out appreciation to Councilman McGrady for his participation in the Butterfly Project at the Livingston Campus High School. The Butterfly Project is to show young girls, they are beautiful, valuable, capable, and lovable. When girls have low self esteem, they often run to boys or men seeking value and acceptance. This leads to many girls becoming victims of human trafficking. On March 25th, we invited both the freshman and sophomore classes of Livingston Campus to participate in the project. With the help of our counselors, social workers, teachers, and over forty upper classman leaders, it was a success. A big part of the project is the speaker, which is typically a human trafficking survivor. At the last minute, our original speaker cancelled, putting us in a predicament. A week before the project was scheduled, Councilman McGrady provided us with Barbara Freeman, as a speaker. She not only educated the girls, but really put the importance of the project, into their minds.

Ms. Shalash: We would like to show our appreciation for Councilman McGrady, who recognizes contribution of both time and money to support or project. As well as his focus on bringing awareness of human trafficking to our school and community.

Mr. McGrady: Thank you.

(Applause)

REPORTS

Mr. Joseph: Thank you. All right, our second report is by Councilman Skinner from the West-Licking Joint Fire District.

Mr. Skinner: Two things to report that effect the city, but not much of an update. First, is the fire/emt station at the Taylor Road area. We've been working with a realty company to identify some property, and apparently that relationship with the realty company, no longer exists. I don't know the details behind it. We are going to look for somebody else to help us locate property. But, that is the identified location. Kinda in-between Main and Broad, and Taylor area. And then, the second is on the union contract. We did just receive the unions proposal back. We're gonna take a closer look at that next meeting. We should have more information down the road.

Mr. Joseph: Ok, any questions. Yes Councilman Clemens.

Mr. Clemens: It's my understanding, some years back, Glen Duggar, you should talk to him. There is ground set aside out close to where the new school is, high school is, out there.

Mr. Joseph: That's where most of the available land is right now.

Mr. Clemens: There was a discussion on, on that far station at that time. That it would be donated to the city. So that's something that we could check with.

Mr. Joseph: Any other questions, comments. All right, that brings us to legislation requiring one reading. Would the Clerk please read item 10.a. by the title?

REPORT ON HB 5 BY THE CITY AUDITOR

Mr. Harris: Thank you President Joseph, Members of Council. I just wanted to take a few minutes and talk to you about something that you will be looking at pretty substantially this fall. And that is, House Bill 5 that passed in December of last year and changed the Income Tax Laws. First on a lighter note, we finished the April 15th deadline, and this year here in the city, in City Hall, we completed three-hundred and fifty tax forms for local citizens at no charge to them. That was up from about thirty forms from last year. First thing in House Bill 5, we're going, another of things are being required by the State to change, and we'll be changing our Ordinances this Fall in order to comply with the State regulations. I just wanted to go over a couple of them here briefly. We'll obviously this Fall be talking about them in more depth. The first thing, and the big competitive thing, with this Bill is net operating loss is carried forward. This is something we have never recognized. House Bill 5 will require us to recognize it. It will begin in your tax year 2017. Anybody who has a net operating loss between 2017 and 2022, will be able to take half of it off. It will become 50%, rather than 100% the next year. Now there is some confusion where it says 50%. Let's say you have a \$1000 loss in year 2017, you could take half of that in 2018, which would be \$500.00. Now after that, it's very unclear whether the next year you could take the other \$500.00, or just half of that. Now I think that that will be cleared

Minutes Acceptance: Minutes of Apr 27, 2015 7:30 PM (Approval of Minutes)

MINUTES REGULAR MEETING
REYNOLDSBURG CITY COUNCIL

up in the budget document that they are preparing now. I think they are going to put this in as a fix for it, but as of this point, it does seem to be unclear. After 2023, they can take 100% of it. The other thing, it will not be permitted to be used in a pass through, if you have a pass through company, let's say you're at a subchapter S at your business, you are taking your business losses, you would take it in that. You can't take it in that and then turn around and take it on your individual income tax form. The big concern is how much this was going to cost a lot of cities. They say in 2017 they're gonna create a committee made up of members of the House and Senate, and some people from the municipalities, and they will send a report to the government. If there is some adjustment needed. They said they will put more money into the local government fund. If you look at the history of the legislature doing this, it's not good. And I will suspect this time, as in other times, it will probably never happen. The next item is what we call an occasional entrant. This is someone who would come into the city and work, to do something like the Brice Road project where they were here for a length of time, but not permanently scheduled here. Under current law, you're considered occasional, you don't have to pay any taxes for twelve days, of work here. When you get to day thirteen, they can go back to day one, and you have to pay city tax here for the entire time you are here. The change to that will be they will go to twenty days, you can work here with no tax liability to the city, and starting at day twenty-one, you have to pay from there forward, you don't go back. Small employee rule they created that you don't have to follow this at all if your annual revenue is under \$500,000. The next one is something we will occasionally, we may get into, we may not get into. Where you have a situation where you have companies here that have a number of subsidiary companies under one umbrella. They have the option whether to file those returns as an individual company, or in a consolidated return. The law up to this point is, if you file as a consolidated, and this just came in about 2005, prior to that you did not have to take a consolidated turn. So, this was on the last fix for this in 2005. And now, once you go to a consolidated return, you can't go back. With this, after five years, you can opt out and go back to the individual returns. With only letting the tax administrator know, with your tax return, that you are doing so. They've also set up several uniform thresholds. The first is on individual returns and net profit returns, where either the tax owed, or the tax return, is \$10.00 or less, you will not be doing either one of them. So, if someone owes us less than \$10.00 they don't have to pay it. If there is a refund less than \$10.00, we don't send it. Now here again, it's unclear from the language as it's currently written, whether it's a forgiven situation, or just gets put on next year's taxes. Is it carried forward? This is one of the things that I think will be clarified in the budget document. But, as of right now, they don't know quite how they are going to do it. Estimated payments, if you have estimated payments or quarterly payments, those need not be done if your tax liability will be under \$200.00 a year. You will just pay them with your April 15th deadline. Speaking of the April 15th deadline, everybody in the state will be required to go to the April 15th deadline. A lot of cities had March 31st for whatever reason. But, ours was always April 15th. And the quarterly returns will all be the 15th of the month after the ninety days from the April 15th day, for the next quarterly return. The um, right now, in order for you to get an extension on filing your return, if you file for federal extension, you automatically get a city extension. They are changing that to even if you don't get a federal extension, you can get a city extension. And you don't have to let them now. You can just file it as late as October 15th and send the extension in with your tax return if you want. The mailbox rule, which changed is, we have never allowed on

city income tax that if it was in the mail by April 15th, it had to be here by April 15th, or be to RITA, or whoever is collecting taxes, by April 15th. They will now be, everybody will be changing to the mailbox rule. So, if it's postmarked by midnight April 15th, you're in compliance. They've also standardizing penalties and interest. Penalty is 15% of the amount owed, is penalty. Interest on that is the short-term interest rate from the fed plus 5%. And that will be statewide. And the last thing they're changing, they're out with about eight different rules, all that you have to comply with to get residency. And, so we'll be following that too. So that's everything on the income tax. Is there any questions immediately? We'll be getting involved with this in the Fall. As we have to have this thing in place by December 31st of this year.

Mr. Joseph: Questions? Thank you very much.

Mr. Harris: One other thing, while I'm up here. Also they will be doing, changing Worker's Comp. Right now Worker's Comp, we pay in 2016 for 2015 for 2014. They're going to change that to go, you'll be paying the same year, respectively, rather than retroactively. So, when you see the 2016 Budget, there will be two payments to Worker's Comp, in that. So, there is something else to look forward to. Thank you very much.

WLFD REPORT BY COUNCILMAN SKINNER

Mr. Skinner: Two things to report that affect the City, but not much of an update. First is the Fire EMT station in the Taylor Road area. We'd been working with a realty company to identify some property and apparently that relationship with the realty company no longer exists, so I don't know the details so, we're going to look for somebody else to help us locate property. But that is the identified location between there and Broad and Taylor area. DATE: May 11, 2015

TO: City Council

RE: That Reynoldsburg City Council does hereby confirm Mayoral
appointment Sandra Boller as Human Resources Director.

See attached documentation.

MEMORANDUM

DATE: April 13, 2015
TO: City Council
CC: City Attorney Jed Hood; City Auditor Richard Harris
FROM: Mayor Brad McCloud
RE: HR Position

I am requesting City Council confirm the appointment of Sandra Boller as Human Resources Director.

Prior to 2011, there were two employees that handled the Human Resources functions that Sandra Boller now handles. There was a director who was a ¾ time employee making \$57,375 and an Administrative Assistant shared with Mayor's Office making \$49,900. Ms. Boller started at \$46,498 and has remained there. Based upon salaries alone the City has saved \$180,343.00 in 3 years. Ms. Boller has a Bachelor's Degree in Business Administration from Franklin University with an emphasis on Human Resources.

In 2013 we moved \$50,000 to miscellaneous contract services to fund a shared HR Director with the schools district. To date we have spent a total of \$424.58.

Since coming here in February 2011, she has handled all human resources functions with the exception of union negotiations and issues that required legal advice. She has also served as my assistant while doing all of those duties and will continue to do so.

Sandra Boller has appropriately demonstrated her ability to manage all aspects of Human Resources. Her qualifications exceed the minimums set forth and I am requesting that council confirm her appointment to Director of Human Resources. Please let me know if you have any questions or concerns.

Sandra O. Boller

MEMORANDUM

Date: 10 April 2015

To: Chief O'Neill/City Council

From: LT R. Wright #90 *RW*

Subject: Purchase of New Mobile Data Terminals

The Division of Police requests to replace the current lap top computers utilized in the patrol vehicles. Some of the laptop computers are 10 plus years in age and can no longer receive RAM upgrades to operate current/updated software. This inhibits the ability of the police department to function efficiently while utilizing digital records management systems.

A. Test/Evaluation and Recommendations: After testing and evaluating three different systems, the police department is requesting to replace the current laptop computers with actual mobile data terminals (MDT). We conducted testing and evaluation as stated with recommendations as follows:

1. OEM Micro TAC-412: This is an actual MDT designed by OEM Micro after consulting with police officers. The system is upgraded to current hardware specifics giving us the ability to run all modern software. This MDT is configured for police use with larger, easily located buttons to power the unit, control the brightness, control the volume, and blank out the screen when necessary. The MDT is rugged with a sealed, waterproof keyboard and does not create a "platform" to set drinks and food that could contaminate the system. The keyboard is detached from the main unit to where an officer can set the board in his lap to use; thus alleviates the officers from twisting their backs to type on the MDT. The size of the system does not restrict space in the front passenger seat. The system itself has seven USB ports offering complete flexibility to attach various other devices for the officer to use. Plus there is an extra port to plug the in car camera system into the MDT. This MDT offered the most officer/user-friendly specifications above the other devices that we considered/tested. I contacted three other Ohio Police Agencies who all highly recommended this unit. All three used the Panasonic Toughbook prior to installing the OEMs. All three agencies were most impressed by the support offered by OEM to upgrade and repair the units when required.

OEM shipped us a unit to test and evaluate with our officers, and I received very positive feedback from the officers who conducted the evaluation. I recommend purchasing this unit for future use with the Reynoldsburg Division of Police.

Attachment: MDT legislative request (1050 : Purchase of 15 OEM Mirco MDTs)

2. Panasonic Toughbooks: This is the device currently used by the police department. This device served the department well over the past ten years; however, it is not an actual MDT. It takes up a large amount of space inside the newly designed cruisers, sometimes inhibiting the ability to place an officer in the passenger seat. It clearly does not offer the same specifications as listed on the attached "MDT Tech Spec Comparison." The only positive comparison feature that is offered by the Toughbook and not with the OEM is the fact the Toughbook is portable given it is a laptop. The configurations of the buttons with the newer laptops on the market are similar to configuration of the buttons and keyboard on the older models we currently possess. Those buttons are sometimes hard for the officers/users to access in the cruisers. This laptop offers only four USB ports where all of them are currently used by various, necessary devices to where none are open. The keyboard is affixed to the unit to where the officers need to twist their backs to use.

I recommend not continuing use with this laptop.

3. GETAC: We received one of the GETAC laptop computers through the 1033 program offered by the Defense Logistics Agency; therefore, our department has conducted an extensive test and evaluation of the system. The GETAC is a laptop computer that is a slight step down to the Panasonic Toughbook. It does have a shock casing similar to the Toughbook to give the computer some durability, and the buttons to control the various functions are the same as the Toughbook. Additionally the keyboard is affixed causing the officers to twist their backs to use. This system only has 3 USB ports for use.

While the GETAC we are currently using is more modern than our Toughbooks and served a good purpose, I recommend not purchasing this laptop.

4. PatrolPC: Not much is known regarding the PatrolPC computer. The IT Director researched the company, which is based in the New England State area, and requested a quote with a test and evaluation unit. His attempts to work with the company were unsuccessful as they did not seem interested in conducting business with our city.

Given the companies lack of response regarding purchasing, I recommend not pursuing this company for their system.

B. Competitive Bidding and Recommendation: I request to waive competitive bidding and recommend purchase of 15 OEM Micro TAC-412 MDTs. I request the waiver based on the following:

- The items we are requesting to purchase are technology based.
- We conducted a thorough test and evaluation of three different systems before reaching a decision on which system we wanted to purchase (PatrolPC did not send us a unit for test and evaluation) – and the OEM Micro MDT is

the best system for the money (even though they were the highest cost of three of the systems tested).

- OEM Micro is a company based out of Michigan and has applied to be added to Ohio State bid.
- OEM Micro was highly recommended by the following Ohio agencies:
 - Willoughby Police Department
 - Wickliffe Police Department
 - Rocky River Police Department

C. Funding: The City has already received a State grant in the amount of \$10,336 to apply towards the purchase of new the new MDTs; this was received after applying for four grants and only receiving approval from one of the applications.

I request to use funds from the Special Law Enforcement Fund to purchase 15 OEM Micro TAC-412 MDTs in the amount of \$57,237.80. Cost break down as follows:

15 OEM Micro TAC-412 MDTs	\$61,275.00
STATE GRANT FUNDING	-\$10,166.86
MATCHING FUNDS	+\$1129.66
Unforeseen Issues during installment	+\$5000.00
TOTAL:	\$57,237.80

Subject: RE: MDT Comparison List

Ron,

I can say that all three candidates we've tested have performed very well (Toughbook, GETAC and OEM Micro), both from a technical standpoint as well as operational. With that being said, I'd have to say the OEM Micro TAC-4 computer is still my preferred choice for MDT.

The OEM Micro TAC-4 computers provide an ease of use with the combination of the touch-screen as well as hot buttons on the outer shell of the screen allowing the officers to quickly dim the screen, adjust the volume and even power off the unit, even while wearing gloves. It also provides more flexibility with the multiple USB ports, enabling us to attach various devices as we need. The dual-network ports allow us to attach the Kustom Signal camera system to these units without taking away the ability to still connect to a wired network for diagnostics or LPR unit if needed. The position of the monitor and keyboard help keep the officers from accidentally damaging the dash or spilling their drinks into the computer, as well as enabling a 2nd officer to easily access the MDT when riding in tandem. Since we've had the demo unit installed, Roger and I have not received any service tickets on the TAC-4 computer, even with the extreme cold we've had this past winter.

Overall, I feel the ruggedness of the OEM Micro TAC-4 computer, along with its flexibility and power, will help improve officer efficiency and lend itself to less downtime.

Ron,

I compiled a list of four (4) MDT systems and their specifications: OEM Micro, Panasonic Toughbook, GETAC and Patrol PC. The spreadsheet compares their hardware item to item and then gives a recent quoted price at the bottom of the list. Along with the spreadsheet, I've also attached copies of each of these quotes. RE: ORDINANCE AUTHORIZING CITY AUDITOR TO REMOVE
EQUIPMENT FROM THE CITY'S FIXED ASSET LIST. (Police cruisers
~ Second Reading 4/27/2015).

The Division of Police received 2015 budget approval to purchase three new cruisers. This ultimately rotates the three oldest cruisers from the fleet. We received a quote from the Lebanon Ford Dealership regarding trade in value for the following:

- 2009 Ford Crown Vic (245), 2FAHP71V69X101534 (118,870 miles): \$1200.00
- 2009 Ford Crown Vic (246), 2FAHP71V89X101535 (168,995 miles): \$1200.00
- 2009 Ford Crown Vic (247), 2FAHP71VX9X101536 (116,739 miles): \$1200.00

Therefore, we respectfully request the following:

1. Permission to receive the trade in value for each of the cruisers and apply the value towards the cost of the three new cruisers.
2. Permission to remove the above listed cruisers from the fixed asset list.
