Minutes stand approved.

Discussion

The Commission discussed ways in which potential changes would be broadcast to the public so that the public would be educated as to the reason why changes were presented. Ms. Wallace asked if there was a way to publish a synopsis for the public. Mr. King stated that the city was a member of a program called Everbridge that is a communications tool that Emergency services has access to but that he was unsure as to whether it was something that could be useful for this instance.

Mr. Bizjak asked if there were any presentations coming for future meetings.

Mrs. Beggerow stated she would remind folks that these meetings were occurring in hopes that folks will come forward with information.

The Commission membership looked at some edits that Mr. Johns shared and had a question about clarifying Section 4.11.

The Commission scheduled the next meeting for Tuesday, April 25th at 6p.m.
