The Hinkle Report was filed with the state by the February 28th deadline. A copy of that report was included in the packet.

## **ATTORNEY'S REPORT**

### **Report Regarding Developer Reimbursement**

Attorney McCarter explained that once he began working on preparing letters to send to developers regarding the issue of developer reimbursement, he realized that necessary research was needed to determine the parameters of each JEDD's reimbursement agreements. Developer reimbursement agreements were designed to reimburse developers for expenses, as designated in the agreement.

Each distribution compensation agreement was supposed to describe the process for reimbursement. The funds were to be reimbursed from each JEDD's BIA account. Funds could be reimbursed at various percentage levels - 50%, 75%, and 95% - over a specific number of years - 1 to 5 years, 6 to 10 years, and 11 to 15 years. Some reimbursement agreements were also tied to TIF or CRA

agreements.

JEDD #7 had one TPA for Scannell and FedEx.

Attorney McCarter advised that there was a DCA for \$2.5 million based on the perimeters that Scannell would widen Tollgate Road to three lanes, add a traffic signal, and add curbs and gutters. In order to receive reimbursement, the developer was required to provide an engineering estimate for this work that was never received. They also did not pursue any reimbursement.

Attorney McCarter suggested sending a letter stating that as reimbursement was never requested and the engineering information was never submitted, the developer now waived any right to file for reimbursement. The letter would allow for a response in thirty days.

Board member McKee moved to authorize Albers and Albers to proceed with sending out letters to the developers regarding developer reimbursement agreements. Second by Board member Kennard. Motion carried.
